School Board Ethics

The Board functions most effectively when individual Board Members adhere to acceptable professional behavior. To promote acceptable conduct of the Board, Board Members should:

1. Recognize that the Board of Education shall act in the best interests of the community and its students.

2. Attend all official meetings of the Board. If a Board Member is unable to attend a meeting, the Board Member will notify the Board President or Superintendent prior to the meeting.

3. Review relevant information prior to meetings and be appropriately prepared to positively contribute to the discussion regarding the agenda. Exercise judgment in requesting information from the Superintendent and staff by, for example, weighing in mind the potential benefit of the requested information against the likely burden imposed on staff to assemble it, and expressly indicating the priority/urgency of a request for information when submitting the request.

4. Act on behalf of the Board only in quorum with other board members and refrain from speaking or acting for the Board unless otherwise directed by a majority of the Board.

5. Base voting decisions on the board member’s independent judgment of the best interests of the district and its students, while giving open-minded and fair consideration to the views of other board members, and thereafter support the majority decision of the Board.

6. Recognize that authority rests with the Board of Education and neither board members nor individuals will make any personal promises nor take any private action that may compromise the Board.

7. Respect the division of responsibilities between the Board as a policy making and monitoring body and the superintendent and administration as those responsible for implementing the Board’s policies and for the district’s day-to-day operations.

8. Model the type of respectful, informed, and open-minded discussion and consideration of issues that board members would like to see reflected throughout all levels of the district and its schools.

9. Conduct themselves at all times in ways likely to engender public confidence in the prudence of the Board’s management of the district and the quality of the education available to the district’s students.

10. The Board shall be responsible for the Board’s performance and will monitor and regularly discuss the Board’s involvement in continuous improvement and adherence to the Board’s Code of Ethics.
School Board Ethics

The following is the manner in which the Madison Metropolitan School District Board of Education is expected to conduct itself.

WASB PUBLIC RESPONSIBILITIES FOR SCHOOL BOARD MEMBERS

As a representative of all the citizens in my District, I am responsible for serving the best interests of the community and its students, utilizing all available resources toward that end. My oath of office requires me to uphold the laws and Constitutions of the United States and State of Wisconsin; but, in addition to that, I shall keep in mind that:

1. I can act only when in official Board session; except, as an officer, I may take actions necessary to fulfill my duties.

2. I should attend all meetings and be prepared at those meetings to act on issues before the Board. I should be prepared to contribute to the discussion, while keeping an open mind during the deliberations. Once the decision is made, I should be willing to support and promote its implementation.

3. I must avoid all conflicts of interest, both pecuniary and nonpecuniary.

4. I must remember that responsibilities for overall management and control of the property and affairs, including the development of policies, belong to the School Board while the responsibilities for the day-to-day operation of the school belong to the administration. Together, the School Board and the administration must work to continually identify the needs, goals, and priorities of the District.

5. I must be responsive to the public, maintaining open communication lines with my fellow citizens in the community, informing them on the educational needs of the District, as well as on actions of the Board and accomplishments of the District’s educational program.

6. I am a local legislator, but I must work under state and federal laws. I should communicate with state and federal legislators concerning the problems and needs involved in providing a quality education.

7. I must consider the School Board’s role as the District’s employer, making sure the District has able and well-qualified employees who will serve in the best interest of the students. (This includes providing for staff development and evaluation.)
AS A MEMBER OF MY LOCAL BOARD OF EDUCATION, I WILL STRIVE TO IMPROVE PUBLIC EDUCATION, AND TO THAT END, I WILL:

1. Attend all regularly scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings;
2. Recognize that I should endeavor to make policy decisions only after full discussion at publicly held Board meetings;
3. Render all decisions based on the available facts and my independent judgment, and refuse to surrender that judgment to individuals or special-interest groups;
4. Encourage the free expression of opinion by all Board members, and seek systematic communications between the Board and students, staff, and all elements of the community;
5. Work with other Board members to establish effective Board Policies and to delegate authority for the administration of the schools to the Superintendent;
6. Communicate to other Board members and the Superintendent expressions of public reaction to Board Policies and school programs;
7. Inform myself about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by my state and national school boards associations;
8. Support the employment of those persons best qualified to serve as school staff, and insist on a regular and impartial evaluation of all staff;
9. Avoid being placed in a position of conflict of interest, and refrain from using my Board position for personal or partisan gain;
10. Take no private action that will compromise the Board or administration, and respect the confidentiality of information that is privileged under applicable law; and
11. Remember always that my first and greatest concern must be the educational welfare of the students attending the public schools.
