A. CONFERENCE AND NEGOTIATION

District"; and MADISON TEACHERS INCORPORATED, hereinafter referred to as "Madison Teachers", and also referred to as "MTI", or "the Union".

2. The Board of Education and Madison Teachers each recognize its legal obligation imposed by Section 111.70 of the Wisconsin Statutes to meet for the purposes of negotiating in good faith at reasonable times in a bona fide effort to arrive at a settlement on questions of wages, hours and conditions of employment. Without limiting this legal obligation, the parties to this agreement agree as follows:
 - a. All terms initially proposed to be negotiated for the contract period commencing July 1, 2014 shall be submitted to the duly authorized agent of the other party in writing and according to the timetable set forth in this Agreement. The limitation of initially proposed items for negotiation to those in written form and in accordance with the attached timetable shall not prevent the unilateral introduction of new items by either party from time to time during the period of negotiation.
 - b. Timetable - All items initially proposed for negotiations shall be presented as follows:
 - 1) The presentation of initial proposal for the succeeding Agreement shall be made on or about the forty-fifth (45th) day prior to the expiration of the Agreement and shall be open to the public. Subsequent sessions shall be closed unless the parties mutually agree otherwise.
 - 2) Ideally, agreement by the agents should be reached by June 15 preceding the expiration of the contract at which such time ratification by the principal parties will be considered. At such time as the Agreement is reached, the economic benefits agreed upon will be retroactively provided teachers to the beginning of the then current school year.
 - c. Each party to this agreement desiring to be represented by agents for negotiating agrees to furnish to the other party a list of its duly authorized agents for such purposes. Each party agrees to negotiate only with said agents and no others, including their principals, namely, the Board of Education or Madison Teachers, as the case may be, unless the latter as principals authorize negotiations with others or themselves.
 - d. If matters which are proper subjects of negotiations are brought, whether in the form of a grievance, petition or otherwise, to the attention of either of the parties to this agreement by any individual, group of individuals or organization other than the other party to this agreement or its duly authorized agents, such latter party shall be punctually informed of such action.
 - e. Each party to this agreement, at its own expense, may utilize the service of legal counsel, professional negotiators and other such expert persons, as well as clerical assistants, at negotiations.
 - f. The Board of Education agrees to furnish to Madison Teachers, upon reasonable request, all available public information concerning its financial resources.

- h. Madison Teachers recognize the legal obligation of the Board of Education to give to each teacher employed by it a written notice of renewal or refusal of his or her contract for the ensuing school year on or before May 15 of the school year during which said teacher holds a contract, pursuant to Section 118.22 of the Wisconsin Statutes. Preliminary notice shall be given at least fifteen (15) days prior should the Board be considering nonrenewal. Such teachers have five (5) days from the date of receipt of such notice to request a conference. In the event an agreement concerning wages, hours and conditions of employment has not been reached by the Board of Education and Madison Teachers by the date teacher contracts are given to said teachers, all such contracts shall be governed by the terms of any agreement concerning wages, hours and conditions of employment for said ensuing year subsequently reached by the parties to this agreement.

II - Procedure - B

B. GRIEVANCE PROCEDURE

1. The Board of Education and Madison Teachers each recognize the legal right of any individual employee or any minority group of employees at any time, within the following terms, to present grievances to their employer in person or through representatives of their own choosing and the corresponding legal duty of the employer to confer with them in relation thereto, provided that Madison Teachers has been afforded the opportunity to be present in conferences concerning grievances and that any adjustment resulting from such conferences is not inconsistent with the conditions of employment established in any procedures, policies or agreements then in effect between the parties to this Agreement. The District will send, on a timely basis, to the Executive Director of Madison Teachers, notice of any adjustment resulting from said conference. Without limiting the preceding legal right and duty, the parties to this Agreement agree as follows:
2. The following grievance procedure is designed to ensure prompt consideration and appropriate solution of grievances as hereafter defined at the lowest possible administrative level.
3. Definition:
 - a. A "Grievance" is defined to be a dispute concerning the interpretation or application of any of the terms of any "written" agreement establishing salaries, hours, or other conditions of employment for the employees of the Board of Education for whom Madison Teachers is the collective bargaining representative. Aggrieved parties may be Madison Teachers or any such employees.
 - b. "School Day" used herein shall mean weekdays during the summer months.
4. The time limits indicated at each level of the Grievance Procedure shall be considered maximum. However, the time limits may be extended or reduced in any case by mutual agreement, in writing, signed by the duly authorized representatives of the Board and Madison Teachers. If denied at a specific level, grievances not appealed to the next level within the prescribed time limits shall be considered withdrawn.

5. An aggrieved party must submit to the principal the alleged grievances within sixty (60) days after the aggrieved party knew of the act or condition on which the grievance is based, or the grievance will be deemed waived. If the act or condition reoccurs, the time limits will be renewed.
6. The procedural steps for Madison Teachers shall commence at Level 3. Organizational (Class) Grievance: Madison Teachers must submit the alleged grievance within sixty (60) days after Madison Teachers knew of the act or condition on which the grievance is based, or the grievance will be deemed waived. If the act or condition reoccurs the time limit will be renewed.

LEVEL 1:

- a. An aggrieved party shall identify the grievance and attempt to resolve same through discussion with the principal or supervisor either by himself/herself or with a representative of Madison Teachers or anyone else of his/her own choosing.

LEVEL 2:

- a. If the grievance is not settled, Madison Teachers Incorporated may then act on behalf of the aggrieved party or the teacher, acting on his/her own, shall submit a written grievance to the principal. The written grievance shall, to the extent possible, include the facts upon which the grievance is based, the Contract sections alleged to be violated, and the relief sought.
- b. Within ten (10) school days after receiving the written grievance the principal or supervisor shall deliver the written answer to the aggrieved and the Executive Director of Madison Teachers. The answer shall be reasonably clear and concise and shall contain the reasons therefore. Should the response not be made within the above period, the grievance will automatically proceed to the next level.

LEVEL 3:

- a. Should the matter remain unresolved at the conclusion of Level 2, then Madison Teachers and only Madison Teachers may present grievances in writing on behalf of an aggrieved party or itself to the Superintendent or his/her designee.
- b. The Superintendent or his/her designee shall meet with a representative of Madison Teachers within ten (10) school days from the date of receipt of the written grievance in an attempt to resolve same. The meeting shall be at a time and place mutually acceptable.
- c. The Superintendent or his designee shall respond in writing within ten (10) school days after the aforementioned meeting to the Executive Director of Madison Teachers and the aggrieved party. The answer shall be reasonably clear and concise and shall contain the reasons therefore. Should the response not be made within the above period, the grievance will automatically proceed to the next level.
- d. Any grievance not so referred to Level 3 within fifteen (15) school days after the receipt of the Level 2 answer shall be considered withdrawn.

- e. Grievances initiated by Madison Teachers on behalf of bargaining unit members as a class or in an organizational grievance are commenced at this level of the procedure. Grievances as a result of alleged action/inaction by a principal/immediate supervisor and affecting only one teacher will be filed at Level 1. Grievances as a result of alleged action/inaction by a principal and affecting only teachers in that principal's school building will also be filed at Level 1.

LEVEL 4:

- a. To the extent the grievance remains unresolved at the conclusion of Level 3, Madison Teachers may call for compulsory, final, and binding arbitration. Said call must be within thirty (30) school days after the receipt of the answer at Level 3.

If mutually agreeable between the parties to this contract, the Wisconsin Employment Relations Commission shall appoint an arbitrator from their staff upon receipt of the letter. If mutually agreeable between the parties to this contract, the Wisconsin Employment Relations Commission (WERC) will be requested to provide a panel of five (5) potential arbitrators from the WERC's staff. The panel of potential arbitrators shall be selected according to the arbitrator selection procedures set forth in section "b," below.

- b. If it is not mutually agreeable to utilize the Wisconsin Employment Relations Commission to arbitrate the matter, a copy of the letter calling for arbitration shall be forwarded by Madison Teachers to the Wisconsin Employment Relations Commission with a request for the names of five (5) private arbitrators from which the parties may select a mutually acceptable arbitrator to hear and decide the issue. A copy of this letter shall be sent at the same time to the Board of Education. Said arbitrator shall be selected within five (5) school days after receiving suggestions from the Wisconsin Employment Relations Commission. Each party shall have the right to alternately strike two names from the list with the aggrieved party striking first.
 - c. The parties agree to share equally the costs arising from the employment of the arbitrator mutually selected and all other costs of the arbitration proceedings.
 - d. The decision of the arbitrator shall be final and binding on all parties except as forbidden by law and shall be rendered within thirty (30) days following the final day of hearings or receipt of briefs, whichever is later. Any brief not postmarked on or before the date set by the parties at the conclusion of the arbitration hearing as the date for submission of briefs shall not be considered or accepted by the arbitrator and shall be returned to the party submitting same with a letter of transmittal. The other party shall receive a copy of the letter of transmittal.
7. Employment Complaint - An "Employment Complaint" is a complaint founded upon some incident of the employment relation not covered by any agreement between the parties to this Agreement but which involves a question of salaries, hours or other conditions of employment. Such complaints shall be processed through Level 3 only of the above grievance procedure upon presentation by an aggrieved party.

Such deductions shall be made by deducting such amounts as determined by Madison Teachers from the payroll checks of members who have authorized such deductions in writing. Changes in the amount of dues or Fair Share to be deducted shall be certified by Madison Teachers 45 days before same is to be effective.

4. Payroll Services may refer complaints to the Executive Director and shall notify Madison Teachers of names of teachers in case of long term illness or death. Any retroactive payments due teachers pursuant to this subsection (Section III-G-1) shall be paid in equal monthly installments on each of the remaining paychecks of the school year, commencing November 1 for the first semester adjustment and March 1 for the second semester adjustment.

(On the salary schedules, Improvement Level One will follow Step 8 and Improvement Level Two will follow Step 12).

 - a. An academic credit as evaluated by the University of Wisconsin, or
 - b. Such credit as is established by the Professional Advancement Study Committee.
3. Academic credits in addition to or in combination with professional advancement are accepted for vertical movement on the teachers' salary schedule. Either academic and/or professional advancement credits may be used for track transfer to Tracks 2, 3, 5, and 6.
4. Credits granted on initial employment because of proximity to improvement levels are:
 - a. 4th step schedule placement – six (6) credits (none required)
 - b. 3rd step schedule placement – four (4) credits (two (2) required)
 - c. 2nd step schedule placement – two (2) credits (four (4) required)
 - d. Procedures for advancement on the schedule are the same for between step placements as for the next highest step.

Should the teacher choose not to notify Madison Teachers a copy of his/her request will be sent to the Executive Director of Madison Teachers by the principal or supervisor involved.

- e. The Board of Education decision is limited to the crossing of the teacher to the next improvement level in question and is not construed as relating to the teacher's right to continued employment at the teacher's attained level.
 - f. When there is no recommendation that the teacher be denied advancement in accordance with the terms and conditions of this provision, she/he shall automatically be advanced.
6. No professional advancement credits or academic credits earned previous to the first day of teaching service in the Madison Metropolitan School District are accepted for improvement/incentive level purposes on the salary schedule with the exception of those required or approved by the District during the summer immediately preceding the employee's first day of service under a regular contract with the District.
 7. Academic credits earned prior to employment in the Madison Metropolitan School District may be accumulated for horizontal transfer placement (track transfer) purposes on the salary schedule.
 8. Credit to be acceptable for improvement/incentive level purposes must have a grade of "satisfactory" or "B" or better; a grade of "progress" is incomplete and not acceptable.
 9. Credits which a teacher earns during a period of nonemployment which follows a resignation are not consumed upon subsequent reemployment.
 10. All credits for improvement/incentive level purposes are consumed when an improvement/incentive level is crossed; however, all credits earned can be accumulated for horizontal track transfer where such credits can be applied. Effective first for individual contracts issued for the 2002-2003 school year: credits for improvement/incentive level purposes are consumed when an improvement/incentive level is crossed. Credits in excess of those required for crossing the improvement/incentive level may be banked. All credits earned can be accumulated for horizontal track transfer where such credits can be applied. Evidence of such credits must be received in the Office of the Department of Human Resources no later than 5:00 p.m., October 1 to effect a retroactive adjustment in the teacher's salary for the first semester and no later than 5:00 p.m., February 1 to effect a retroactive adjustment in the teacher's salary for the second semester. For those teachers having the necessary credits on file no later than 5:00 p.m., July 1, the salary adjustment will be reflected in the paycheck received on October 1. Any retroactive payments due teachers pursuant to this subsection (Section III-G-13) shall be paid in equal monthly installments on each of the remaining paychecks of the school year, commencing November 1 for the first semester adjustment and March 1 for the second semester adjustment.
 11. No additional time is allowed twelve (12)-month employees to earn improvement level credits.
 12. Upon reaching the top of the schedule (Level 15) a teacher on Tracks 1-3 shall be given a one and three-quarters percent (1.75%) increase in salary above the prior incentive level every two (2) years, thereafter providing he/she has a balance of at least three (3) Professional Advancement Credits and receives the recommendation of his/her principal or supervisor. Upon reaching the top of the schedule (Level 15) a teacher on Tracks 4-8 shall be given a two (2%) incentive increase in salary above the prior incentive level every two (2) years thereafter providing he/she

has a balance of three (3) Professional Advancement Credits accrued and receives the recommendation of his/her principal or supervisor.

13. A staff member inducted into or volunteering for military service is granted three (3) improvement/incentive level credits for each year of military service; they are consumed upon crossing an improvement/incentive level and can be used for improvement/incentive level purposes only. Effective first for individual contracts issued for the 2002-2003 school year: credits for improvement/incentive level purposes are consumed when an improvement/incentive level is crossed. Credits in excess of those required for crossing the improvement/incentive level may be banked. All credits earned can be accumulated for horizontal track transfer where such credits can be applied.
14. In totaling days taught for increment purposes, the same method of counting shall be employed as issued by the Business Services Office for State Teachers Retirement reporting.

Schedule increments (Salary schedule level advancements) shall reflect a teacher's year(s) of teaching experience as calculated below. Such shall be either full or half increments and are made annually. Teachers who are passed-over for the annual increment because of their failure to earn sufficient credits shall regain proper placement to reflect their years of service at such time as such credits earned are sufficient to warrant new placement. However, in such replacement the teacher shall have no claim to monies lost in the interim. One-half (.5) increment is earned by teaching three-tenths (.3) or more time, but less than seven-tenths (.7) for the full school term or by teaching full-time sixty (60) days or more but less than one hundred and twenty (120) days. Any combination of tenths and days must equal the limits stated above.

One-half (.5) increments are one-half (.5) the scheduled increment except at improvement levels where one-half (.5) increment becomes two and one-half percent (2.5%) less than the full increment scheduled.

15. Credits from other colleges, especially those on the quarterly basis, are accepted on their rated value as determined by policies of the University of Wisconsin. Credits not acceptable to the University are not acceptable to the Salary Committee, except in such instances as the Superintendent shall rule them especially applicable and, therefore, acceptable.
16. When the salary of a teacher falls between the stated salaries as listed in the schedule, the teacher shall advance at the regularly scheduled increment except that such scheduled increment shall not permit the passage of unwarranted improvement levels or exceed the final salary on the schedule.
17. Any teacher who shall be 1) assigned to teach an additional class beyond the full teaching load of twenty-five (25) hours of classroom instruction or any other combination of assigned regular teaching duties or 2) assigned to teach an additional Carnegie unit class beyond five (5) Carnegie unit classes, shall receive an additional fifteen percent (15%) of his/her regular contract salary for the school year. For classes in addition to the above noted standard but less than five (5) days per week, the extra compensation shall be prorated.
18. The location of improvement levels and incentive levels is shown in "Salary Schedule".

19. Annual written notification of the number of credits required to cross an improvement/incentive level shall be noted on each individual teacher's contract.

Low Incidence (VI, HI, OI) Itinerant Teachers	Speech and Language Therapists

4. IEP evaluations which exceed the maximums set out shall be completed as follows:
 - a. First, when requested, the classroom teacher may volunteer to complete evaluations over the maximum. Said teacher shall be compensated at the extended contract rate for actual hours worked. The teacher is not required to complete any IEP initial or reevaluation above the maximum.
 - b. Second, program support staff will complete IEP evaluations up to a maximum number as assigned by the District. IEP Team meetings shall be scheduled at the mutual agreement of all participants. IEP evaluations and re-evaluations will not be scheduled after the contract day unless all affected teachers so agree. Teachers who meet under such circumstances shall be compensated pursuant to Section III-J (Compensation Beyond the Regular School Year [Extended Contract Pay]). Meetings, not less than biweekly, will occur between each program support staff member and their respective administrator. Said meetings will be for the purpose of reviewing and monitoring the work load of the program support staff member to ensure that the work load is not unreasonable.
 - c. Third, current substitute and/or part-time qualified special education teachers will be hired at times determined by the District to work on IEP evaluations at the extended contract rate. Any additional time worked under this subsection shall not qualify an employee for any additional benefits.
 - d. Fourth, the District shall be permitted to temporarily hire qualified special education teachers for temporary periods of time during the school year to complete IEP evaluations. The daily rate of pay shall be Track 1, Level 4 of the Teachers Collective Bargaining Agreement divided by 192 days. They shall be included as members of the Substitute Teachers Unit except that they shall not be expected to be assigned to classroom substitute work under the provisions of the agreement. (The parties shall negotiate which sections of the Substitute Collective Bargaining Agreement are applicable to these employees.) Said individual shall be employed to supplement, not supplant regularly employed members of

the Teachers Bargaining Unit. No classroom teacher shall have supervisory responsibilities for these temporarily hired Special Education staff members.

5. Teachers referenced in Section III-P-3, who are appointed by an administrator as a member of an IEP Team, shall be compensated via Section III-J (Compensation Beyond Regular School Year on Regular Assignment [Extended Contract Pay]) for participation in an official IEP Team meeting which extends beyond or occurs after the workday to accommodate a parent's schedule. IEP meetings shall be held at a time mutually agreeable to all participants.

For time worked by a PST beyond the workday specified in V-I-1, the PST shall be compensated pursuant to Section III-J or, by mutual agreement between the PST and his/her supervisor, the PST may work a flexible schedule to accommodate an IEP meeting that extends beyond the workday specified in V-I-1, to avoid working additional hours. If such flexible schedule results in no additional hours worked that week due to the IEP meeting, no additional compensation shall be paid. This flexible scheduling shall not result in adjusted time off beyond the week in which the "after-hours" IEP meeting took place. (For example: The IEP meeting lasts from 4:00 p.m. to 6:00 p.m. on Tuesday. If the PST flexes his/her schedule, he/she will adjust his/her work schedule with his/her supervisor to provide for two (2) hours of time off during that same week.)

- a. Should the participants agree to schedule IEP meetings during instructional time, teachers who are appointed by an administrator as a member of the IEP Team shall be accorded release time.
- b. Should the teacher agree to hold such meeting during their contractual planning time, said teacher shall be additionally compensated for the time met at the class coverage rate set forth in Section III-R.
- c. Should the teacher agree to hold such meeting during their contractual lunch as provided for in Section V-J, said teacher shall be additionally compensated for the time met during their contractual lunch in accordance with the rate set forth in Section III-J of the Collective Bargaining Agreement.

6. Special Education Policies and Procedures

- a. It shall be the policy of the District to adhere to all IDEA rules and regulations. All IEP requirements including timeline provisions must be met by staff and the District will provide staff with updates relative to IDEA changes.
- b. Referral: Any teacher may act as the referent for an IEP evaluation. Teachers are encouraged to use the existing Student Support and Intervention Team (SSIT) and/or the principal for consultation and advice when completing the needed forms [Referral Form - Special Education and Related Services (R-1)] and Notice of Receipt of Referral and Consent for Initial Evaluation (R-11 and 12).

Teachers maintain the authority to refer students to an IEP evaluation, with or without the approval or consultation with the SSIT.

- c. The District may appoint school-based staff to chair initial IEP Evaluations (Referral through placement) for Speech and Language Only and Early Childhood referrals. Initial IEP Evaluations (Referral through placement), except for Speech and Language Only and Early Childhood referrals, will be chaired by non-building based staff unless the rate for initial referrals received by central office exceeds the ability of non-school based staff to complete them within the legally required timelines. School-based staff may be appointed to chair initial IEP Evaluations (Referral through placement) under such circumstances. However, prior to the appointment, the District will consult with said staff for the purpose of reviewing and monitoring the workload to ensure that the workload is not unreasonable.
- d. IEP Chairperson
 - 1) Each school staff, including the principal, the special education coordinator, and building staff normally assigned to IEPs will devise a plan within the first six (6) weeks from the commencement of each school year in an attempt to make chair assignments as equitable as possible.
 - a) When requested by the IEP Chairperson and according to the schedule of available clerical help, the District will provide the IEP Chairperson with said help in cases where the District knows in advance that the IEP team contains more than five (5) participants (excluding the LEA representative). Clerical support may be requested by contacting the Educational Services Department in advance of the meeting.
 - b) Members of the bargaining unit (excluding PSTs) who serve as IEP (re-evaluation and initial) chairperson shall be additionally compensated at the rate of seventy-five (\$75) dollars per IEP appointment.
 - 2) Members of the bargaining unit, including IEP chairs who are members of the bargaining unit, will not serve in a supervisory and/or evaluatory capacity.
 - 3) IEP initial and re-evaluation meetings for individual schools will be scheduled and confirmed by a master calendar prepared by clerical staff assigned to the District Educational Service Office after first consulting with members of the bargaining unit who are requested to attend such meetings about their date/time availability.
 - 4) Clerical assistance will be provided by clerical staff assigned to the Division of Educational Service Office for the purpose of copying and distribution of IEP documents.
 - 5) IEP Team Document - Following the IEP meeting, IEP chairs will be responsible for synthesizing the proposed IEP Document, by using statements prepared by IEP Team members.
 - 6) IEP Meetings - An IEP meeting occurs if the child's parent (or designee), LEA Representative, regular education teacher, and special education teacher are present. It shall be the responsibility of the building principal to assign and notify bargaining unit members of their assignment to an IEP Team. Per IDEA when the parent and the

District agree in writing, the regular education teacher may be excused from attending part or all of the IEP meeting. The extent to which it is appropriate for the regular education teacher member of the IEP team to participate in IEP meetings must be decided on a case-by-case basis.

- e. Bargaining unit members will not appoint participants to any IEP team.

 - b. If the administration requests such temporary absence from assignment, the administration may arrange for such staff coverage as may be necessitated as a result of the temporary absence with no time loss to the teacher excused.
2. When it is desirable to have a teacher cover a class assignment in the event another teacher is absent, and the District is unable to obtain a substitute teacher, arrangements shall be made as follows:

 - b. If no teacher volunteers, the principal may assign a teacher to cover the class period.
3. When it is desirable to have a special education teacher cover special education student responsibilities during the special education teacher's regularly scheduled planning time due to the fact that the special education assistant (SEA) is absent, if no teacher volunteers, and the District is unable to obtain a substitute SEA, the principal may assign a special education

teacher to cover the special education student responsibilities normally performed by the absent SEA. Special education teachers covering for an absent SEA in these circumstances shall be paid \$22 for each hour of lost planning time, in addition to the teacher's regular salary.

4. Teachers substituting pursuant to paragraph (1) or (2) or (3) shall be paid \$22 for each hour of such service. No additional compensation, except for the teacher's regular salary, shall be claimed by or on behalf of any teacher receiving compensation pursuant to this provision.

 - g. No additional compensation is due when a teacher teaches his/her regular class and the team teacher is absent, except if the teacher loses planning time.
 - h. All "teachers" as defined in Section I-B of the Collective Bargaining Agreement are eligible for class coverage pay when covering the class of another teacher as set forth herein except individuals in the following positions: learning coordinator, instructional resource teacher, PBS coaches, literacy coaches or dean of students.

S. PACKING AND UNPACKING OF TEACHING MATERIALS

1. Teachers will not be required to pack, and/or unpack, teaching materials either during the school year or during a school recess period due to major* cleaning, construction projects, repairs, electrical upgrades, etc. due to their classroom being moved at management's request or when the District deems it is necessary to utilize the teacher's classroom for classes or other activities during a school recess period. The District will arrange for the teacher's materials to be moved to his/her new assigned location by a person not represented by MTI. If materials are relocated during a period when school is in recess, they will be returned by the District for the resumption of school.
2. Other than to accommodate an employee under the Americans with Disability Act [ADA] or Wisconsin Fair Employment Act [WFEA] where his/her disability prohibits him/her from packing, unpacking and moving his/her materials, a teacher who requests to move from one classroom to another in the same school may be required to move his/her own teaching materials. As regards an accommodation required under the ADA and WFEA associated with

the movement of the teacher's classroom location, the District will pack and unpack the individual's teaching materials as set forth in paragraph one (1) above.

3. A teacher who is asked by her/his principal to pack, and/or unpack, teaching materials as set forth in paragraph 1 shall complete a form provided by the principal to be submitted to and approved by the District Director of Human Resources (or his/her designee) prior to commencing said packing or unpacking. The District will, upon receipt of such form and verification of said work falling within the parameters of paragraph 1, inform the teacher that he/she will not be required to perform the work.

* Major cleaning shall include all cleaning not regularly associated with annual and/or routine classroom cleaning. Major cleaning includes, but is not limited to, cleaning required due to construction, fires or natural disasters. Teachers may, at their option, use contract time to complete packing, and/or unpacking, related to routine classroom cleaning.

IV - Factors Relating to Employment - A (Individual Contract)

A. NOTICE OF BOARD AGENDAS/NEW HIRES

1. The Madison Metropolitan School District shall send on a timely basis, prior to the meeting, to the Executive Director of MTI copies of the Board minutes and Board agendas, with Human Resources transactions attached, for each School Board meeting held in open session by placing them in the MTI mail box located in the Central Administration Office.
2. The District shall send to MTI, on or before October 1 of each school year, an alphabetical list of all members of the teacher collective bargaining unit noting each individual's work location, assignment and percentage of contract. Said notice shall be updated by the District on or before the first of each month and forwarded to MTI on a timely basis.

IV - Individual Contract - B

B. SUBSTITUTES, NEW HIRES (TEACHERS) AND REPLACEMENT TEACHERS

1. Temporary Vacancies

- a. Temporary vacancies of a semester or less.

The employer may fill a vacancy, created by either (1) an employee temporarily vacating his/her position for a semester or less or (2) the creation of a temporary position which is expected to exist for a semester or less, with a substitute.

- b. Temporary vacancies of more than a semester including a full school year.

If the employer determines to fill a vacancy created either: (1) by an employee temporarily vacating his/her position for a period of more than one semester including a full school year but not more than one school year; or (2) the creation of a temporary position which is expected to exist for more than one semester including a full school year, but not more than

one school year, it shall, provided that such position remains vacant after the surplus reassignment and recall procedures (Sec. IV-O) have been exhausted, do so with an extended long-term substitute.

c. Temporary vacancies created by medical disability.

If the employer determines to fill a vacancy created by an employee who is medically not capable of returning to work for an indefinite period of time, said vacancy will be filled as follows:

- 1) The employee's physician will provide notice to the Department of Human Resources as to the projected duration or continuation of the absence.
 - a) If the remaining portion of the teacher's absence is anticipated to be forty-five (45) school days or less, the position will be filled by a substitute teacher. However, should the total duration be ninety (90) school days or more, the substitute teacher shall be paid salary as if they had been an extended long-term substitute from the date he/she was initially placed in that assignment. All monies already paid to the teacher as a substitute will be offset against any additional salary owed.
 - b) If the remaining portion of the absence is forty-six (46) school days or more and the total duration is ninety (90) school days or more, the substitute teacher will continue in the position as an extended long-term substitute in accordance with Section IV-B-2 of this Agreement, with such contract commencing on the date notice, defining the duration of the absence, was received by Department of Human Resources from the attending physician, provided such substitute teacher is in, or is qualified by the District to be in, the teacher employment pool. Once eligibility for an extended long-term position is established, for one replacing a teacher who is absent due to medical reasons, the substitute teacher's salary shall be adjusted and he/she shall receive such salary back to the date he/she was initially placed in the assignment, as if he/she had been an extended long-term substitute. Eligibility for benefits shall be communicated to the substitute teacher within seven (7) calendar days from the date the Department of Human Resources receives notice from the physician. Benefits shall commence the first of the month following one month from the date the completed application is submitted to the Department of Human Resources provided said application is submitted in accordance with application procedures.

d. Temporary vacancies of more than one school year.

- 1) If the employer determines to fill a vacancy created by an employee temporarily vacating his/her position for a period of more than one school year, it shall, provided that such position remains vacant after the surplus reassignment and recall procedures (Sec. IV-O) have been exhausted, do so with a teacher employed under a regular teacher contract.

- 2) This subsection shall not be applicable, however, in situations in which the temporary vacancy of more than one school year is created as a result of an employee who is granted a medical or maternity leave of absence for less than one semester and later extends a non-medical leave into the following school year - e.g., an employee commences a pregnancy leave during second semester and extends a child rearing leave into the next school year. In this case, if the District determines to fill the position for the full school year, the District shall do so with an extended long-term substitute. If the teacher on leave does not return from leave after the full school year, the position shall be filled pursuant to Section IV-B-1-d-1. The partial previous semester may be filled with a substitute teacher pursuant to Section IV-B-1-a.

2. Permanent Vacancies

a. Permanent vacancies of less than one semester.

If the employer determines to fill a permanent vacancy of less than one semester created by the resignation, dismissal, death, a new allocation or other permanent action of a contracted employee, it shall, provided that such position remains vacant after the surplus reassignment and recall procedures (Sec. IV-O) have been exhausted, do so with an extended long-term substitute.

b. Permanent vacancies of one semester or more.

If the employer determines to fill a permanent vacancy of one semester or more created by the resignation, dismissal, death, or other permanent action of a contracted employee, it shall, provided that such position remains vacant after the surplus reassignment and recall procedures (Sec. IV-O) have been exhausted, do so with a teacher employed under a regular contract.

- 1) Teachers hired to work in permanent vacancies of one semester or more pursuant to Section IV-B-2 may be employed as extended long-term substitutes provided that:
 - a) The teacher to be employed holds a valid one-year Department of Public Instruction (DPI) license classified as a Special License and Permit (emergency license), and
 - b) The District, within three (3) work days of the referenced hiring notifies the Executive Director of MTI of the hiring.
- 2) Teachers hired who possess a "Minor Deficiencies License" or a "One-Year License" (license renewal deficiency), issued by the DPI, shall be employed under regular contract with all rights, privileges, and benefits thereto appertaining.

IV - Individual Contract - C

C. NONDISCRIMINATION

The nationality, race, color, creed, sex, age, or handicap shall neither restrict nor prevent the employment of an applicant by the Board of Education.

IV - Individual Contract - D

D. PHYSICAL EXAMINATION

The Board of Education shall pay in full for employment physical examinations, X-rays and tuberculin tests required of teachers at the time of hiring, as provided in Section 118.25 Wis. Stats. Such examinations and services shall be administered by the clinics or health providers with whom the District has a financial agreement.

IV - Individual Contract - E

E. ASSIGNMENT, REASSIGNMENT AND INVOLUNTARY TRANSFER

1. A teacher beginning employment in the Madison Metropolitan School District shall be given a preliminary notification of building and/or position assignment upon employment.
2. The Department of Human Resources shall confirm the beginning teacher's assignment and shall notify the teacher of the same in writing by August 1. (Where deviation is necessary, it shall be as per No. 3 below.)
3. There may be a number of beginning teachers each year who will be assigned to a teaching pool. These teachers shall be accorded the wages, hours and conditions of employment to which they would be entitled under the Collective Bargaining Agreement then in force if they had been assigned to a teaching position during the time they are assigned to such teaching pool.
4. The contract for continuing teachers shall have the location of the teaching position they are being offered when it is issued on May 15. This assignment is contingent upon the school population and instructional program remaining substantially unchanged. Additionally, when practical, to provide greater preparation time designed to accommodate the individual needs of the pupil, teachers will be advised as to the pupils assigned to their classes by June 1 of the preceding school year.
5. The Superintendent may, within the first twenty-five (25) school days of the then current semester, unilaterally transfer a teacher because of substantial change in the school's enrollment or substantial program change. Transfers made for any other reason shall be made only for just cause (the best interest of the District shall constitute just cause for such a transfer). Prior to transfers being made within the first twenty-five (25) school days as set forth herein, volunteers shall first be solicited. If the employee volunteering does not meet the percentage of contract necessary for reduction from the grade level (i.e., unit, grade or grade combination e.g.: 1-2) and/or Department or subject (whichever is appropriate) from which the transfer must be made, the District shall transfer the least senior teacher (per Section IV-O-1) in the grade level (i.e., unit, grade or grade combination e.g.: 1-2) and/or Department or subject (whichever is appropriate) from which the transfer must be made. Any teacher so transferred shall, when reasonably possible, be provided five (5) school day's notice of the transfer unless the teacher waives the notice, or a portion thereof, in writing, and shall be afforded at least two (2) school days in the school to which he/she is transferred to prepare lesson plans prior to assuming the new assignment. The Superintendent or his/her designee shall advise the Executive Director of MTI of such transfers and the reasons therefore when the transfer is made.

6. School Nurses: The location assignment (not hours) of School Nurses will be done in accordance with pupil demographics at the applicable work site(s) and the proximity of the work site(s), unless said assignment is revised pursuant to Section IV-E, F or O.
7. Cluster Assignment. Occupational Therapists, Physical Therapists and Therapy Assistants will be assigned by cluster. Transfer will be in accordance with the terms and conditions of the Collective Bargaining Agreement. A cluster is defined as the schools in each of the high school attendance areas.

Those assigned to a cluster will be assigned as a team. A team, when feasible, will only be assigned to one (1) cluster.

- 1) When assigning sites and caseloads to therapists and therapy teams, the following standards should be met:
 - a) Whenever feasible a full-time therapist will have no more than forty (40) students on his/her caseload. The caseload of part-time therapists will be prorated.
 - b) Any team may be assigned IEP evaluations for students in private or parochial schools.
 - c) The Administrator assigned to coordinate Occupational Therapy and Physical Therapy will determine the work assignment for each cluster in consultation with therapy staff.

Any reassignment or involuntary transfer will be of the individual, in the cluster, who is the least senior in each discipline (OT, PT or TA).

8. a. Speech and language clinicians will, unless transferred in accordance with the terms and conditions of the Collective Bargaining Agreement, be assigned to a "cluster" consisting of the high school attendance area.
 - 1) For those assigned to the cluster, declaration of surplus, or involuntary transfer will be in accordance with the terms of the Collective Bargaining Agreement with the least senior speech and language clinician within the cluster being the first so designated.
- b. Vacancies of less than one-half (.5) time will not be posted unless there is insufficient staff allocated to the cluster to fill the vacancy. If additional staff is needed, vacancies will be posted and filled pursuant to the Collective Bargaining Agreement.
- c. The clinicians within the cluster will design a plan for delivery of service. Said clinicians, however, may request the District to design a plan for the cluster which, thereafter, will be presented to the clinicians for modification and/or acceptance. The District retains the right to veto any plan unilaterally developed by the clinicians. If such a plan is vetoed, the District will provide the rationale in writing, on or before August 1, to the clinicians within the cluster.

F. TEACHER ASSIGNMENTS, SURPLUS, VACANCIES AND TRANSFERS

1. Assignment to Surplus Pool
 - a. A “surplus teacher” is defined as any teacher presently teaching on a regular full time or regular part time contract who has been declared by their principal to be above staff requirements. Surplus declarations shall be made on the following basis:
 - 1) Elementary and Middle Schools
Teachers shall be declared surplus in the inverse order of seniority, as defined above, except where the instructional requirements of the school are disrupted. It is understood that in making the necessary adjustment in assignments within a school after declarations of surplus that prior experience, certification, seniority and qualifications of the remaining school staff will be duly considered.
 - 2) High Schools
Teachers, within a department, shall be declared surplus based upon inverse seniority as defined above, and certification
 - 3) Tie in Seniority
When it becomes necessary for a teacher to be declared surplus and those eligible for such declaration have equal seniority, teachers shall be selected for surplus based upon qualifications as determined by the District.
 - b. When it becomes necessary to declare a teacher(s) surplus, volunteers shall first be requested. If no volunteers are available or if there is an insufficient number of volunteers, then the principal shall declare teacher(s) to be Surplus Teachers in the manner as set forth above. Should a person volunteering to be surplus result in the remaining teachers being uncertified to teach the remaining assignments or in a partial reduction in assignment, the principal shall not be bound to accept the volunteer as surplus.
 - c. Declarations of surplus must be made by July 1 for the ensuing school year or the fall semester of the ensuing school year and by December 1 for the spring semester of the school year.
 - d. Any teacher(s) declared surplus under the provisions herein shall be provided written notice of same by the date set forth in (c) above.
 - e. In the event of a school building being closed, all teachers assigned to the school shall be declared surplus and placed in other positions pursuant to the reassignment process set forth below.
2. Reassignment From Surplus Pool
Teachers who have been declared surplus shall declare their preference(s) for reassignment to position(s) for which they are certificated by listing same with as much specificity as the teacher desires, i.e., instructional level, attendance area, school, grade or grade combination,

subject area. The District shall review the available vacancies, review the surplus teachers' preferences, seek input from the appropriate hiring authorities and place all surplus teachers. The District shall attempt to assign surplus teachers to vacant positions in accordance with their preference(s).

3. Job Posting

Once all surplus teachers have been placed, but no later than May 1 of each year, the District will post a vacancy notice for any position that becomes vacant or is newly created that the District intends to fill. Vacancies known as of June 14 will be posted for internal transfer. The District will not post positions it intends to fill by involuntary transfer. Notice of such available positions shall be posted on the District's website and will advise of the date requests for transfers are due. The employer retains the right to temporarily fill vacant positions at its discretion during the posting and selection period. Vacancies occurring after June 15 through the first four (4) weeks of school will not be posted. Teachers shall not be permitted to voluntarily transfer during this time.

4. Process for Filling Vacancies

Vacancies shall first be filled by teachers who are in the surplus pool. Teachers employed under a provisional DPI teaching license will not be eligible to apply for transfer until they have fulfilled the requirements to have their provisional license converted to a regular Wisconsin teaching license.

Once all surplus teachers have been placed, but beginning no later than May 1, vacant positions shall whenever practical be filled by the voluntary transfer of "teachers," except involuntary transfers made pursuant to Section IV-E.

A teacher applies to transfer. Upon request of said principal or other appropriate individual, such transfer shall be made. When granting such transfer request causes the District to have an insufficient number of vacancies to which to assign staff who are in surplus, the District may deny a teacher's request to transfer.

Minimum qualifications shall be established by the "Employer" and equally applied to all persons. Posted positions will be filled on the basis of qualifications as determined by the Employer. When same are relatively equal between "teachers", the senior teacher making the transfer request for the position shall be transferred.

IV – Individual Contract - G

G. PROBATIONARY PERIOD

1. A teacher employed under regular contract will serve a three (3) year probationary period. Service under a regular contract while holding a provisional DPI teaching license does not satisfy the probationary period.

At the conclusion of the probationary period, if the teacher's service is satisfactory, the teacher will have completed probationary status and will be awarded a regular annual contract. Such teachers will then hold nonprobationary status.

- a. A contract of less than two-tenths (.2) shall not count as service of the probationary time required to be served under this section (Section IV-G).
 - b. A contract of two-tenths (.2) to four-tenths (.4) shall count as one-half (1/2) year of service as a probationary employee. This provision is not retroactive. Teachers hired under this provision who are on a contract of two-tenths (.2) to four-tenths (.4) shall not be subject to the evaluation timetable set forth in Section IV-H-3-a, but rather shall be evaluated one (1) time each year on or before February 1. This evaluation shall be the final evaluation for the school year unless the evaluator has recommended nonrenewal.
 - c. The probationary period for a teacher employed under a contract of two-tenths (.2) to four-tenths (.4) at any time prior to completion of their probationary period shall end on the last day of the school year following accumulation of a total of three (3) years of service.
2. A teacher who leaves District employment for three (3) school years or more, and is re-employed by the District as a teacher, must again serve the above-referenced three (3)-year probationary period. A teacher who leaves District employment for less than three (3) years, and is re-employed by the District as a teacher, must serve a one (1) year probationary period.
 3. A probationary teacher, who has been identified by his/her administrator as having a performance problem(s), may be denied requests for voluntary transfer during probation. A description of any performance problem will be reduced to writing by the administration and furnished, on a timely basis, to the teacher and the Executive Director of MTI.

IV - Individual Contract - H

2. Any written response by the teacher shall be made a part of the original evaluation report and shall remain in the teacher's evaluation file in the Department of Human Resources. Staff members will be requested to sign the evaluation as completed by the administrator and they may retain a copy for their records. The teacher's signature does not indicate approval, but merely that it has been reviewed as set forth above. The administrator and the staff member shall jointly review the evaluation.
3. Evaluation Timetable:
 - a. Probationary Teachers on a contract of more than four-tenths (.4) shall be evaluated each contract year at least twice; on or before December 15 and on or before April 15. Teachers who are on a contract of two-tenths (.2) to four-tenths (.4) shall be evaluated one (1) time each year on or before April 15.

During a school year in which an issue of an employee's continuing employment status is raised by the commencement of nonrenewal proceedings pursuant to Section IV-J, the evaluation shall be completed no later than April 15 of the then current school year.
 - c. The evaluator(s) may file, and the teacher may request, a special evaluation at a time other than the specified times for evaluations.
 4. All assessments and evaluations become part of the staff member's permanent file in the Department of Human Resources.
 5. In completing the evaluations referenced above, the evaluator shall make:
 - a. An analysis of points of strength and weakness, with specific examples;
 - b. Definite suggestions for ways in which improvements may be made, if such be necessary; and

IV - Individual Contract - L

L. ADMINISTRATIVE LEAVE WITH PAY

1. The Superintendent of Schools, or the designated Acting Superintendent in his/her absence, may place a teacher on leave with pay, if and when, in the judgment of the Superintendent, or the designated Acting Superintendent in his/her absence, a grave condition or situation warrants such emergency action. Notice of the leave with pay and the alleged reasons therefore, shall be delivered in writing by the District to the teacher at the time the leave with pay commences. A copy shall be sent, by the District, to the Executive Director of Madison Teachers immediately thereafter.
2. If a teacher has any reason to believe that he/she may be placed on leave with pay under this section, or if the District agent has any reason to believe that the teacher may be placed on leave with pay, the teacher shall be entitled to representation by MTI, during any discussion, investigatory conference, meeting or interview with the District, or its representatives, in which the above-referenced condition or situation is a subject. Information obtained by the District from any discussion, investigatory conference, meeting or interview with the teacher in which the above-referenced condition or situation is a subject and which the District has any reason to believe involves the teacher, during which the teacher did not have representation by MTI, shall not be used against said teacher in any disciplinary action or proceeding, unless said teacher knowingly waived his/her right to such representation.
3. If the Superintendent elects not to issue formal charges, within thirty (30) school days, the teacher shall be returned to his/her position. Such time limit may be extended by mutual agreement between MTI and the District. Any such extension shall be placed in writing and

signed by both parties. If no charges are issued, the personnel records of the teacher and all District records shall be expunged of any and all reference to the leave with pay.

4. Should the Superintendent issue written charges such shall be provided to the teacher within the above-referenced timeline, or any agreed upon extension. A copy of same shall be sent, by the District, immediately thereafter, to the Executive Director of Madison Teachers, unless the teacher requests in writing that such action not be taken. Should the teacher elect not to notify Madison Teachers, a copy of said request shall be sent immediately by the District, to the Executive Director of Madison Teachers. Following the filing of charges, the Superintendent may impose discipline pursuant to Section IV-M. Should written charges be issued, by the Superintendent, which include a recommendation for dismissal, the teacher shall have the right to request a hearing before the Board of Education pursuant to the terms of Section IV-N of this Agreement. The teacher shall remain on leave with pay until the Board has rendered its decision.

IV - Individual Contract - M

M. DISCIPLINE

 - b. The Superintendent, or the Acting Superintendent in his/her absence, may suspend the teacher for a period of up to five (5) days without pay.
 - c. The Superintendent, or the Acting Superintendent in his/her absence, may recommend to the Board of Education that the teacher be suspended without pay, for more than five (5) days.

3. Madison Teachers may appeal, on behalf of the teacher, actions referenced above to arbitration, via the Grievance Procedure. A copy of the issue to be arbitrated shall be filed by MTI with the District Director of Labor Relations, with the call for arbitration. Said call for arbitration must be made within twenty (20) days after receipt of notice of the action.

N. DISMISSAL OF TEACHER DURING CONTRACT YEAR

1. No teacher holding a regular annual contract may be dismissed, except for just cause.
2. If a teacher is recommended, by his/her principal and/or supervisor, for discharge or dismissal prior to the end of the contract year, the teacher shall immediately be notified, in writing, of this action. A copy of the notice shall be forwarded to the Executive Director of Madison Teachers, unless the teacher requests, in writing, that such action not be taken. Should the teacher request that Madison Teachers not be notified, a copy of this request will be sent, on a timely basis, to the Executive Director of Madison Teachers by an agent of the Board of Education.
3. The Superintendent shall investigate the recommendation and either quash the recommendation or prepare written charges. Said charges, including the reason for the recommendation, will be provided to the teacher with a copy sent, on a timely basis, by the District, to the Executive Director of Madison Teachers, unless the teacher requests in writing that such action not be taken. Should the teacher elect not to notify Madison Teachers, a copy of said request shall be sent by the District, on a timely basis, to the Executive Director of Madison Teachers.
4. The teacher shall have the right to request a hearing before the Board of Education. The request for hearing shall be filed no later than ten (10) days following receipt of charges from the District. The matter shall then be heard by the Board of Education within twenty-one (21) days of the teacher's request for hearing. This time requirement may be extended in writing by mutual agreement between the parties.
5. The teacher shall have the right to be represented by Madison Teachers or by private counsel, to confront and cross-examine all witnesses against him/her and the right to present witnesses and evidence in his/her own behalf at the hearing. Madison Teachers may attend as a party to the proceedings on their own volition.
6. The hearing before the Board of Education shall be closed unless a request for an open hearing is made by the teacher. The Board of Education, may, after the hearing, reinstate the staff member or quash the charges against the staff member or for just cause, either immediately dismiss, discipline, transfer, reprimand, or suspend the staff member without pay. Action by the Board of Education and/or Superintendent does not limit their liability as may be determined by a court of law.
7. Madison Teachers may appeal, on behalf of the teacher, the above-referenced actions by the Board of Education to arbitration, on the same terms as provided in the Grievance Procedure. A copy of the issue to be arbitrated shall be filed by MTI with the District Director of Labor Relations, with the call for arbitration. Said call for arbitration must be made within twenty (20) days after receipt of notice of the action by the Board of Education.

O. REDUCTION IN STAFF

1. Seniority

a. Regular Contract Teacher

- 1) Seniority except as noted below, within the Madison Metropolitan School District is established by the total years of continuous service as a teacher in the District under regular contract with such calculation commencing with the first day for which compensation was paid to the teacher by the District followed by continuous service. An approved leave of absence, for up to two (2) years, shall not constitute a break in seniority.

A layoff for up to three (3) years shall not constitute a break in seniority. When a teacher notifies the District, pursuant to Section IV-O-4-e that he/she wishes to remain on the recall list and is thereafter recalled, he/she shall retain his/her original seniority date.

- 2) For teachers employed prior to 5/24/77, seniority shall be established by the total years of continuous service as a teacher in the District with such calculation commencing as of the first (1st) day taught followed by continuous service. An approved leave of absence, for up to two (2) years, shall not constitute a break in seniority. A layoff for up to three (3) years shall not constitute a break in seniority.
- 3) For teachers employed prior to 8/1/76, seniority shall be established as of the first (1st) day taught while employed by the District. A teacher, who was initially employed prior to 8/1/76 and who resigned his/her employment with the District, but who is subsequently reemployed after 10/16/78, shall have his/her seniority commence with the first day for which compensation was paid to said teacher by the District followed by continuous service. An approved leave of absence, for up to two (2) years, shall not constitute a break in seniority. A layoff for up to three (3) years shall not constitute a break in seniority. If a teacher is reemployed before 10/16/78 his/her seniority shall be established as of the first (1st) day taught while employed by the District.

- b. Seniority for school nurses shall be established as of the first day worked while employed by the District, followed by continuous service. An approved leave of absence for up to two (2) years shall not constitute a break in seniority. A layoff for up to three (3) years shall not constitute a break in seniority. The seniority date for any school nurse who was previously employed as a nurse by the City of Madison and was assigned to work within the Madison Metropolitan School District shall have his/her seniority established within the District as the first day worked for the City, with all other criteria contained in subsection IV-O-1(d) above applicable.

2. Layoff

- a. If the District determines to reduce the number of "teachers" employed by the District for the ensuing school year, such reduction shall occur as follows: The Board may release the necessary number of teachers, by providing them with notice of layoff on or before ten (10) school days before the last day of school. However, such action can only be taken via the inverse order of seniority, as defined above, within the instructional level, grade level or subject area. A teacher, who is identified for layoff as herein set forth shall be permitted to replace (bump) the teacher with the least seniority in a position for which she/he is certificated. A teacher who replaced (bumped) another teacher shall be actually assigned to the position into which the teacher bumped; however, the teacher who bumps in the position shall retain rights to transfer under the terms and conditions of the Collective Bargaining Agreement. In lieu of permitting teachers identified for layoff to replace (bump) the least senior teacher as set forth above, the District shall reassign teachers with multiple certification to an existing vacancy or vacancies of the same type of full-time equivalency (i.e., full-time to full-time or part-time to part-time). Such reassignment shall count toward the full-time equivalency reduction in that grade level or subject area. Also, where multiple vacancies exist, such teachers shall be permitted to declare their preferences for reassignment and be treated as surplus teachers. Twenty percent (20%) of the positions subject to layoff may be excluded from the layoff procedure in order to accommodate the District's Affirmative Action Program. Such twenty percent (20%) shall not be less than five (5) persons. The latter provision may be implemented at any time the minority population of this Collective Bargaining Unit falls below the community norm./Footnote 1
- b. When teachers with appropriate certification have identical seniority dates, teachers shall be selected for layoff by a random drawing of numbers via a procedure mutually agreed upon between MTI and the District.
- c. The District shall provide in writing to MTI the information it used in making layoffs pursuant to this subsection 4(a) at the same time the teachers are provided with notice of layoff. Within fifteen (15) days of receipt by MTI of said information, the District and MTI shall meet for the purpose of reviewing the information and procedures used by the District in making the layoffs, if such a meeting is requested by MTI. Alleged violations of this subsection 4(a) may be processed through Section II-B (Grievance Procedure), with such grievances commencing at Level 3 of the procedure.
- d. Recall - Any additional employment by the District following the layoff will be first offered to those previously laid-off in the order of seniority of those on layoff status, should they still wish to resume employment in the Madison Metropolitan School District provided they hold proper certification for the position. When teachers with the same seniority are laid off as referenced in Section IV-O-4-c, recall shall then be in the reverse order. A laid-off teacher shall be entitled to recall for a period of three (3) years from the date of the notification of layoff, unless said teacher thereafter affirmatively notifies the District annually by May 1 that he/she wishes to remain on the recall list.
 - 1) An academic "overload" assignment must first be offered, on the basis of seniority, to those teachers on layoff who hold certification appropriate to teach classes contractually provided for as "overloads". The acceptance of such a position, if less than full-time will not negate the individual's right to recall to a full-time position. Overloads as a result of study hall assignment will not be offered to persons on layoff

unless there are more than two (2) such study hall assignments (.40 FTE) in any high school.

- 2) The District shall have the option, based upon the needs of the District, to increase the percentage of contract of those currently employed under part-time contract or to assign teachers on layoff under such circumstances.
- 3) Of those teachers on layoff status, a full-time teacher may refuse any offer of employment as a teacher with the District at less than a full-time contract and still retain recall rights for future offers of employment. If a full-time teacher accepts an offer for a part-time position, said acceptance does not negate that individual's right to recall to subsequent full-time positions. A part-time teacher on layoff may refuse any offer of employment as a teacher with the District on a full-time contract basis and still retain recall rights for future offers of employment. However, a part-time teacher on layoff who refuses any offer of any part-time employment as a teacher with the District forfeits all recall rights for future offers of employment. A full-time teacher on layoff who refuses any offer of any full-time employment as a teacher with the District forfeits all recall rights for future offers of employment. However, a full-time teacher on layoff may refuse any offer of employment for teaching positions in certification areas in which he/she has not taught during the last three years and still retain, via this Recall Procedure, rights for future offers of employment.

Any summer school/night school position occupied by a laid off teacher shall not in any way affect that teacher's right to recall under Section IV-O(4) of the Teachers' Collective Bargaining Agreement.

- 4) Teachers who get recalled to positions which were formerly held by teachers on sabbatical leave or medical leave of absence will be placed in the surplus pool for reassignment should the teacher on such a leave return to teaching after the expiration of his/her leave. Should the teacher temporarily vacating the position not return to his/her former assignment, the teacher reemployed from the layoff list who fills such assignment shall continue in that assignment.
- e. A teacher, while on layoff, may, at his/her option, be placed in the substitute pool.
 - f. Health Insurance Benefits during Layoff: An employee on layoff may continue group health insurance coverage available through the Collective Bargaining Agreement during the recall period, but not to exceed thirty-six (36) months from the effective date of layoff, by reimbursing the District for premium costs. The thirty-six (36) month period set forth above runs concurrently with any rights provided for under state law and federal COBRA benefit provisions.
- 1/ The District agrees not to invoke the last three (3) sentences of this subsection until or unless the Wisconsin Employment Relations Commission, and, the Courts on appeal, make a final determination that this provision is lawful. Either party reserves the right to raise the issue of legality.

P. RETIREMENT

Employees who plan to retire shall file written notice of same with the Department of Human Resources on or before February 15 of the school year in which their retirement will occur, unless another date is mutually agreed upon by the employee, MTI and the District.

1. Teachers, upon retirement from the District, may be rehired into the substitute unit at the discretion of the District.
2. With the effective date of retirement, a teacher forfeits all rights to, or expectation of, re-employment with the District. A retired teacher who is reemployed under a temporary or regular contract is compensated at his/her achieved salary level and track. Said teacher will be subject to all applicable terms and conditions of the Collective Bargaining Agreement.
 - a. Teachers returning to the Madison Metropolitan School District under a contract of fifty percent (50%) or greater within six (6) months of retirement shall, at their option, have all of their accumulated personal illness leave accounts and retirement insurance accounts reinstated and shall continue to accrue such days in accordance with the Collective Bargaining Agreement. Should said teacher opt to retire, the value of such accounts shall be calculated pursuant to the collective bargaining agreement language then in effect.
 - b. Teachers returning to the Madison Metropolitan School District under a contract of less than fifty percent (50%) shall have all of their accumulated personal illness leave in excess of the maximums allowed pursuant to Section VII-G reinstated.
 - c. Should a retired teacher return to the Madison Metropolitan School District under a contract of less than fifty percent (50%), but subsequently have their contract increased to fifty percent (50%) or greater, their PSLA and RIA shall be reinstated pursuant to "a" above.

3. The individual contracts of regular part-time and temporary part-time teachers may be adjusted by the Board within the first twenty-five (25) school days of the school year as the need for their services is determined by the Board of Education. Any such reduction at a given school will be first of teachers employed under temporary part-time contract as a result of not holding a license for the position to which he/she is assigned, if they are assigned to the grade/department in which the reduction must occur. If the contract of a part-time teacher under regular contract must be reduced, such action shall be of the least senior, based upon the seniority provision of this Contract. Should circumstances necessitate the designee, if a classroom teacher, to act for the principal, staff will be designated to cover the class to enable contact with the principal, contact with central office or to take other appropriate action.
3. A teacher so appointed shall not, as regards other staff members, evaluate, discipline, or effectively recommend same.

IV - Individual Contract - V

V. JOB SHARING

Teachers, on a full time regular contract, may elect, based on the District's determination of positions available for job sharing, to participate in such program. Such participation shall be dependent upon the principal and/or supervisor and Director of Department of Human Resources or his/her designee approval.

Teachers, who participate in this program as outlined above, may return to a full time contract when a full time contract vacancy occurs providing there are no teachers on layoff or surplus and the principal/supervisor so approves.

Teachers requesting to participate in job sharing or teachers requesting to temporarily reduce their contract pursuant to Section IV-W when such reduction results in a job share, will have the District's contribution toward health insurance, dental insurance, and life insurance, as set forth in the Agreement, divided between them, as they decide, provided the teacher is eligible for District contribution toward health, dental, and/or life insurance. It is understood that the aforementioned does not apply to individuals who are employed under part-time contracts other than via the referenced contract sections.

1. A teacher (A) who is in a job share assignment where the teacher also holds another position resulting in the teacher being employed under a full-time contract qualifies for benefits due full-time employees. In the circumstances described above, the individual (B) job sharing with the person described above, if said person holds a contract of 0.5 or greater, qualifies for full-time benefits available via the terms of the Collective Bargaining Agreement, given that individual (A) qualifies for benefits in a position other than via the job share.
2. A teacher working part-time due to medical reasons is not considered job sharing, provided the teacher submits to the District Benefits Manager rationale for same from his/her physician, and is approved by the District.

Teachers covered by this shall receive a letter explaining the benefit options available to them, and an election form to designate their choice. Said teachers may divide the District contribution between them, e.g., 50%/50%, 75%/25%, 100%/0%. A copy of the letter explaining the benefit options available to the teachers covered by the job share will be sent to the MTI Executive Director.

A copy of the letter confirming each job sharer's benefit election shall be sent to the MTI Executive Director.

IV - Individual Contract - W

W. TEMPORARY REDUCTION OF CONTRACT TO PART-TIME WITH THE RIGHT TO RETURN TO FULL-TIME

To be eligible to apply for contract reduction under this Section, a teacher must have completed five (5) years of service with the District as a teacher by the time the contract reduction will become effective.

Full-time teachers who wish to work part-time may request to do so for a period of one (1) year, and shall have the right to full-time regular contracts at the end of such period. Requests for part-time contracts must be made in writing to Human Resources on or before March 1 of the preceding school year.

The percentage of part-time contract requested shall be specified by the teacher at the time of the request. If the District is not able to accommodate the teacher's request, or should said request result in a job share involving the sharing of benefits pursuant to Section IV-V, the District will so advise the teacher by August 15. The teacher may then adjust the percentage specified in his/her request to that which the District has available, or withdraw the request. The District shall consult with the teacher prior to any action to increase the teacher's contract percentage. The teacher's contract cannot thereafter be decreased for the year without the teacher's consent. Any request which would involve job sharing shall be governed by the provisions of Section IV-V of the Collective Bargaining Agreement.

Upon return to a full-time contract, the percentage of contract which had been reduced shall be reinstated for the ensuing school year at the school to which the teacher had been assigned full-time, if such is available. If it is not available, then that percentage of contract will be placed in the surplus pool and the teacher reassigned according to Section IV-O-3 of the Collective Bargaining

4. RESOLUTIONS OF THE JOINT DISTRICT-MTI SPECIAL EDUCATION COMMITTEE

a. Education of Students with Disabilities

Consistent with the provisions of IDEA students with disabilities shall be educated in general education classes unless as determined by the student's Individualized Education Program (IEP) Team, such students would be restricted from the general education program. When making programming and placement decisions, IEP Teams will adhere to the provisions of IDEA and be mindful of the long-standing commitment to educating students with disabilities in the least restrictive environment.

In determining the least restrictive environment for a student with disabilities, the following may be considered:

- 1) The educational benefits available to the student in a general education classroom, supplemented with appropriate aids and services.
- 2) The benefits of interaction and modeling with students who are non-disabled.
- 3) Other factors as deemed appropriate by the IEP Committee.

The aforementioned factors shall not replace the standards and criteria set forth by the least restrictive environment elements in the IDEA and its implementing regulations. The IEP Team shall, in all cases, make least restrictive environment determinations using the criteria established by the IDEA and its implementing regulations.

The District shall not prohibit a student with disabilities from enrolling in school. The new IEP of an incoming student with disabilities will not be implemented until one work day after the affected teachers have been provided with a copy of the individualized education program of the incoming student by the principal or his/her designee. IEP Team meetings shall be scheduled at the mutual agreement of all participants. In order to accommodate parent/guardian needs for flexible scheduling, formally appointed participants on an IEP Team will, from time to time, need to meet beyond the work day. In scheduling such meetings, teachers will seek prior approval from their building principal. Confirmation of the decision will be communicated to the teacher within one (1) work day. Teachers who participate in such meetings will be compensated through extended contract pay (Section III-J of the Teacher Collective Bargaining Agreement) for meeting time beyond the work day.

b. Significant Concerns Regarding Behavior or Learning

- 1) If a teacher(s) to whom the student is assigned for instruction is of the opinion that the behavior or learning of a student with disabilities results in a significant concern, the teacher(s) to whom the student is assigned for instruction may request, in writing, assistance from the principal. If feasible, by the end of the contractually defined workday, following the day on which the request was made, the circumstances of the concern will be examined by the student's IEP Implementation Team and the teacher who initiated the request. This Team may also include the student's parent(s). They will determine the procedures to remedy the situation, which may include addressing the concern informally with the IEP Implementation Team or convening a formal IEP Team meeting.
- 2) If any teacher referenced in b-1 (above) disagrees with the outcome of this process, he/she may request conflict resolution from the MMSD Department of Educational Services.

c. Disciplining Students with Disabilities

- 1) If an identified student with disabilities engages in misconduct which could result in suspension or expulsion as referenced in the District's discipline policy, the following process shall be used to immediately address the situation:
 - a) The District shall immediately respond to the student's misconduct pursuant to the District's discipline policy, the student's IEP, state law, and the IDEA rules and regulations.
 - b) All decisions of the IEP Team shall be recorded in writing, and distributed to Team members and preserved. IEP Team members shall be released, without loss in either compensation or contractually guaranteed planning time, from their regular duties to serve on the IEP Team.
- 2) If, after following the provisions of IDEA the IEP Team determines that the conduct in question was not a manifestation of the student's disability, the following options may be considered:
 - a) The IEP Team may determine whether the misconduct should be dealt with by changing the IEP (if the IEP is not appropriate) and/or by disciplinary action sanctioned and imposed by a District administrator in accordance with MMSD Board Policy.
 - b) If the IEP Team elects to address the misconduct through a change in educational placement, it may decide that an alternative appropriate education program be provided to the student in lieu of expulsion. The IEP Team must comply with IDEA when changing a student's placement. Said placement change shall be implemented as soon as possible, and within a reasonable period of time as defined by current law.

- 3) If, after following the provisions of IDEA the IEP Team determines the misconduct was a manifestation of the student's disability, the following options may be considered:
 - a) The IEP Team may determine whether the student's IEP should be modified. Any modification of the IEP shall result in new placement notice to be implemented immediately.
 - b) If the IEP Team determines that the student's educational placement should be changed, it shall decide upon an alternative appropriate education program to be provided to the student. Said placement change shall be implemented as soon as possible, and within a reasonable period of time as defined by current law.

d. Special Education Training and Inservice

Thereafter, all staff will be informed verbally or in writing, on a timely basis, of any changes.

All new special education and support services staff (teachers), within the first sixty (60) days of employment, will be provided orientation regarding District special education policies and procedures and current law. For all other new teachers said orientation will be held within the first sixty (60) days of each semester. Staff will be released from their regular duties to attend such orientation or be compensated through extended employment (Section III-I) or Professional Advancement Credit (Section III-H), at the option of the teacher. The inservice program shall be designed by a committee which includes half District and half MTI appointed representatives. Criteria for membership on the Committee will be established by MTI and the District. Bargaining unit members designated to design special education inservice programs shall be released from their regular duties for said purpose without loss of compensation.

The Plan will assume any liability a court determines was due from the participant to the physician solely because of the charges. But the liability The Plan assumes does not include any part of the total charges due to either (1) a participant's intentional disregard of a physician's instructions in the course of treatment; or (2) neglect in paying charges for professional services, resulting in interest, collection costs, attorneys' fees and similar charges. Also, any liability The Plan assumes in this way will be limited to what is legally determined to be the reasonable value of the services performed, even if the participant contracted for a specific higher amount. II. Mentoring for Teachers After the First Three (3) Weeks of the Teacher's Employment

For teachers, both probationary and non-probationary, who have completed at least three (3) weeks of employment, the following teacher mentoring provision shall apply:

1. A joint committee consisting of three (3) District appointees and three (3) MTI appointees will be responsible for the establishment of and the rules for a mentor program, under which current or former members of MTI's "teacher" collective bargaining unit may assist teachers. Decisions of the Committee will be by consensus. If there is opposition by any Committee member, then four (4) votes shall be necessary for a matter to be approved. Such mentor assistance will commence at the request of a District administrator. If such is to assist with overcoming a performance problem or in an area in which the administrator wishes the mentee to benefit from an area of expertise of the mentor, the administrator will outline in writing the matters with which the mentor's assistance is requested. A copy shall be timely provided, by the administrator, to the Executive Director of MTI.

Mileage will be reimbursed pursuant to the terms and conditions of the Collective Bargaining Agreement.
4. Mentors who, at the time of selection, are teachers who have retired from the District will be placed in the teacher collective bargaining unit for the period they serve as a mentor. Except as set out in Section I above, the retired teacher mentor will be compensated at the rate of pay per hour which is generated by the track and level, when they were last

employed as a teacher in the District, using the salary schedule in effect at the time of service as the base for the calculation (annual \div 192 \div 8).

5. The duration of the mentor's assignment shall be established by the Joint Committee in consultation with the administrator of the building/program in which the mentee is assigned.

Vacant Bilingual Resource Specialists positions shall be filled when practical, by the voluntary transfer of employees, as determined by the District.

- 2) Employees shall not be granted vacation credits until satisfactory completion of their first six (6) months of employment. Upon completion of six (6) months of satisfactory employment, employees shall be entitled to use vacation during the calendar year in which the vacation is earned, plus any earned but unused vacation credit from the probationary period which was earned during the previous year.
- 3) The Employer shall designate vacation periods by job title or work location during which employees may select their vacations. The designated periods shall provide each employee the opportunity to use his/her vacation. Employees shall be entitled to select their vacations during periods so designated in a manner which shall allow those with the greatest seniority first choice. Vacations will be permitted during the school year in accordance with this provision and the requirements of the school functions.
- 4)
 - a) The Employer agrees to provide each employee an opportunity to use all earned vacation credits annually, and employees are encouraged to use vacation in extended periods of several days. This provision shall not, however, preclude variations in the use of vacation credits according to peculiar individual circumstances provided such variations shall be agreed to by the Employer.
 - b) Vacation days are earned and used on a calendar year basis, and unused days are not carried over from one employee's calendar year to another, except by recommendation of the employee's supervisor and approval of Human Resources, or per paragraph c) below.
 - c) In cases where carryover is approved, it shall be limited to five (5) days and carryover must be used prior to May 31 of the next year. In addition to the five (5) carryover days, an employee may request to deposit a maximum of five (5) unused vacation days in his/her sick leave account.

A request to carryover or deposit in an employee's sick leave account must be made not later than 5:00 p.m. on December 10.

ADDENDUM G
COMPENSATION FOR NON-CONTRACT WORK/OVERNIGHTS
AND SUMMER STAFF DEVELOPMENT OPPORTUNITIES

1. The District agrees that when opportunities to participate in voluntary activities or staff development opportunities during the summer recess are presented to teachers, it shall be done in a manner which clearly conveys the fact that teachers will not be penalized or suffer harm for choosing not to volunteer.
2. Unless modified by the parties, notice, as agreed for the 2013-14 Contract, shall be sent with the Professional Advancement Newsletter, when such is distributed, as well as included on the MMSD Staff Development web page. In either case, a copy of the notice will be simultaneously sent to the MTI Executive Director by the District's Director of Human Resources.
3. Teachers who volunteer to participate in non-contract time activity offered by the District during the school year shall, at their option, be entitled to receive one (1) of the following forms of compensation:
 - a. Professional advancement credits as are available under the Collective Bargaining Agreement Section III-H, if such are requested and approved by the Joint MTI/MMSD Professional Advancement Credit Committee.
 - b. Extended employment salary per Collective Bargaining Agreement Section III-I-1, if such is offered by the District to bargaining unit personnel.
 - c. Payment for graduate credits, if such is offered by the District to bargaining unit personnel.
 - d. Professional advancement credit or extended employment salary or UW-Madison graduate credits or any combination thereof.
4. Teachers who are invited or requested by the District to attend staff development opportunities during the summer recess will, in addition to having the options set forth in Item #3 above, be accommodated by the District paying any costs for registration, texts and other required learning materials, housing, transportation and meals, if funds are available. There will be no other form of compensation associated with these staff development opportunities. There will be no retribution toward the employee if the employee declines to participate.
5. Teachers who wish to volunteer to participate in non-contract time activities for no compensation of any kind, may do so.
6. If the activity is a District sponsored field trip/retreat which includes overnight activity, participants and their supervisor may mutually agree to the provision of meals, lodging, time off the following day, and/or substitutes at no cost to the participants.

7. Recognizing that such is a mandatory subject of bargaining, the District or its agents, will not grant compensatory time off to members of the collective bargaining unit, for service other than that specified in agreement(s) between MTI and the District without first bargaining with MTI.

Section V-M Parent-Teacher Conferences

It has been agreed between MTI and the MMSD that:

Section V-M will be implemented by evening conferences being scheduled on two evenings after the regular school day (November 12 and 14 for 2013). No school will be scheduled for Friday of the week of evening conferences. Teachers can hold conferences for parents wishing conferences, but who could not make one of the two evenings, or teachers can agree to conference with the parent(s) at another mutually agreeable time/date. Teachers who complete all conferences during the two evenings or agree to hold conferences at times other than on Friday, for those parents who could not make the evening conferences need not report to school on Friday. Teachers will not be required to be present during the parent teacher conference day once their parent teacher conferences are complete, or are scheduled to be completed.
