

# **Our Community CAN Make the Difference Between Successful and Failing Students**

Attend the Dane County  
“School-Funding Reform Community Forum”  
**January 12, 2005 • 7–9 PM**  
Monona Grove High School • 4400 Monona Drive

Students are being cheated out of what they need to succeed —

- ✗ Small class sizes
- ✗ Up-to-date textbooks and computers
- ✗ Music, art, athletics, and after-school activities
- ✗ Adequate funding for special education services, English language learners, and gifted education

**We need to let the Governor and Dane County state legislators  
know our schools need funding based on “real” costs.**
