[image006.png](#)

---

Good afternoon all,  
School updates from this week are [here](#) and below.

## Emergency Management Update

- PPE orders will now be made through DHS.
- More information can be found on this [website](#).

## Data Update

### Cases

- 7-day average: 6.6 cases per day. Last week's briefing, it was 6.3.
  - Cases in children remain very low. Only 7 children under the age of 18 have tested positive in last week.
- 0.6% positivity (last week was 0.5%)
- In the past two weeks, 61% of our cases occurred within the city of Madison

### Testing

- Last week we were averaging 1,313 tests per day county-wide; this week it is 1,189.

### Hospitalizations

- We are about the same as last week for hospitalizations and ICU numbers: Averaging 16.6 people hospitalized with COVID (last week it was 21.7); for ICU: 6.9 in ICU with COVID (last week it was 6.7)

### Clusters

- In the past two weeks we've had just 2 new clusters identified, at a manufacturing facility and a restaurant. No current clusters in schools, childcare facilities, or long term care facilities.

### Comparisons

- Dane: 1.2 cases per 100,000 per day
- WI: 1.4 cases per 100,000 per day
- USA: 3.5 cases per 100,000 per day

### [Vaccination](#)

- Nearly 700,000 doses administered to Dane County residents
- 79% of our *eligible* (12+ population) now has at least one dose
- The [DHS vaccination page](#) now presents vaccination rates both by total population and by 18+ population. When looking specifically at people 18 and older, we see highest vaccination rates in Dane County among the American Indian (>99%) and Hispanic (77%) populations.
  - Speaks to the great outreach efforts by many partners in our community. Kudos to them.

- Unvaccinated people are experiencing more severe outcomes from COVID. 3 people who have tested positive over the past four weeks have been hospitalized for COVID, and all 3 of them were unvaccinated.

#### Variants

- There has been one case in Dane County with the Delta variant identified since last week's update. That said, the B.1.1.7 (Alpha) remains the most dominant strain.

For greater context about the Delta variant and the contradicting guidance on "re-masking" put out recently by the WHO:

- Here's an [article](#) that I found to be very clear and helpful.

A few additional points of context to consider:

- The CDC is sticking with the no-mask-for-vaccinated people recommendation in the context of the country being about half vaccinated with at least one dose.
  - The immunity landscape in Dane County is much, much better than the country—we're at nearly 70% of our overall population with at least one dose. That doesn't count immunity conferred by natural infection. We took a look at this and found that about half the people who have had COVID infection haven't gotten vaccinated. Since infection confers some level of immunity (again, much to learn as to how strongly natural immunity protects against Delta specifically), that means we have an additional group of people who aren't counted in the vaccination % who have immunity. Basically, our level of immunity here is really strong.
  - Not a ton of opportunities for COVID to take hold anymore. This is particularly showing up in the very young age groups who can't yet be vaccinated—case rates in the under-12 population have remained super low ever since vaccination rates started creeping upward. There are many possible explanations for this, of course, but one explanation is that herd immunity is protecting our unvaccinated kids.
- LA County opted to re-recommend masking for all due to equity concerns, as they have low vax rates for Latinx, Black, and essential worker populations. This is valid, and Dane County also has racial disparities in vax coverage. One data point that is giving me hope this week related to this topic is that among the 18+ group in Dane, Hispanic individuals have one of the best vaccination coverage of all racial and ethnic groups: 76.7% of Latinx individuals over 18 in Dane have at least one dose. Much work to be done around vaccine equity in the Black population—48.5% of 18+ have had at least one dose. We don't have data on vaccination coverage among essential workers, unfortunately.
- Delta also isn't dominant in Dane County (yet). It probably will be soon, but so far we've seen it only at very low levels.
- Also feeling very hopeful that we've seen such low rates of vaccine breakthroughs in Dane County (3.2% of Dane County COVID cases were among fully vaccinated individuals, and 0.06% of fully vaccinated people ultimately ended up getting COVID).

## Testing Update

Transitioned out of AEC on Saturday.

- South Madison test site
  - Tuesdays (8-4)
  - Thursdays (12-8)
  - Saturdays (8-4)
- Network of Testing Pilot Program (TPP) partners throughout the county, including independent pharmacies and UW Health

- We will be fiscal agent as pharmacies across Dane County set up testing efforts
- This is a more distal or regional model for testing that we hope will actually increase testing access for our more rural communities.

## **PHMDC Update**

Since last spring, PHMDC has been operating the medical respite center (MRC) program that has been assisting our neighbors experiencing homelessness with space to isolate or quarantine if they are infected with COVID-19 or are exposed to someone who is positive for COVID-19. This has been taking place at a hotel on the far east side of Madison. The last admissions for the program will be on July 31<sup>st</sup>. We're working on a plan to determine what's next for this population.

## **DPI Update**

DPI is going to be hosting meetings with various stakeholder groups to get feedback for DPI's ARPA ESSER III application to the federal government. Louise will be sending out an invitation on July 2 to school nurses to attend a zoom meeting to provide input to specific questions DPI will ask of all stakeholders. The ones of most interest to school nurses will be on resources needed or support needed for continued infection control and mitigation measures for the coming school year. There is a tight timeline to receive the feedback. There will also be opportunities to provide input via a DPI webpage.

## **DHS Update** (repeat information from last week)

### **LOTS of program-specific COVID testing available now!**

#### **SCHOOLS -- COVID-19 Testing Support for 2021-2022 School Year**

The Wisconsin Department of Health Services (DHS) is offering free school-based COVID-19 testing for teachers, staff, students and their families for the 2021-2022 school year. This testing program is intended to help K-12 public, private, and independent charter schools operate safely by supporting their efforts to adopt one of the CDC's recommended strategies for a comprehensive approach to COVID-19 prevention.

#### Program Participation

Convenient COVID-19 testing support is now available through approved vendors for the 2021-2022 school year. This support may include testing supplies, testing registration, specimen collection, result reporting to local and state health departments, and patient results notification.

Schools will not be charged any amount by program vendors.

Participation in the program is voluntary. DHS encourages participating schools and school districts to design their testing program in alignment with the [CDC's Operational Strategy for K-12 Schools through Phased Prevention](#). Testing programs can include any of the following elements using rapid, point of care antigen tests and/or highly accurate, laboratory-based tests:

- Testing for individuals with symptoms or those who have been in close contact with someone who tested positive for COVID-19
- Testing for people who attend or participate in school-based events or activities
- Testing on a routine basis for unvaccinated asymptomatic individuals
- Testing of large groups in the school after there has been a COVID-19 outbreak

To opt-in to this federally funded resource, schools and school districts should complete the [K-12 COVID-19 Testing Program Participation Survey](#) by July 9, 2021 at 5 p.m. A [PDF version of the survey](#) is attached for reference. Schools and districts will still be able to sign up for the program after this date, but those who complete the survey by July 9 are more likely to have testing services available

for their first day of school.

Learn more about this opportunity

DHS invites you to join a webinar on July 1, 2021, at 4 p.m. to learn more about the COVID-19 testing supports available for the 2021-2022 school year through this program.

Advanced registration is required to receive the Zoom link and call-in information. [Register for the webinar here](#). The webinar will be recorded, made available on the DHS website, and a link to the recording will be sent to all individuals who register.

If you have any questions about this initiative, please reference the information on the [DHS Testing Support for Wisconsin Schools page](#) or contact [dhs12covidtesting@dhs.wisconsin.gov](mailto:dhs12covidtesting@dhs.wisconsin.gov).

**CAMPS -- Free COVID-19 Testing for Day Camps and Recreational and Educational Camps through August 31st**

The Wisconsin Department of Health Services (DHS) COVID-19 Response Team is providing free COVID-19 testing to day camps and recreational and educational camps. This program will help to assure the safety of campers, volunteers and staff through August 31st. Camps may place an order [here](#).

DHS conducted and recorded a [webinar](#) to provide information about testing, supplies and how to use them, the CLIA certificate application process, test result reporting requirements, and other testing considerations. Camps have the option to order and use testing supplies that best meet their needs, including rapid point of care tests and highly accurate lab-based tests.

For more information, visit the DHS [COVID-19 Testing Support for Summer Camps website](#).

**CHILD CARE -- Free COVID-19 Testing for Licensed and Certified Child Care Programs**

The Wisconsin Department of Health Services (DHS) COVID-19 Response Team is pleased to announce support for COVID-19 testing for all licensed and certified child care programs in Wisconsin. This testing support is subject to the availability of testing supplies and is intended to complement other mitigation efforts.

Licensed and Certified Child Care Program Definitions:

- Licensed Family Child Care providers
  - Provide care for 4 or more children under age 7. This care is usually in the provider's home.
  - Licensed through the [Department Children and Families](#).
- Licensed Child Care Centers
  - Provide care for 9 or more children. These centers are usually located somewhere other than a residence and may be small or large in size.
  - Licensed through the [Department of Children and Families](#).
- Certified Family Child Care Providers
  - Provide care for up to three children under the age of seven unrelated to the provider with a group maximum of six children.

Testing Options

Licensed and certified child care programs will have the option to order and use testing supplies that best meet their needs, including rapid point of care tests and highly accurate lab-based tests.

Approved testing at child care programs aligns with [CDC Guidance for Operating Child Care Programs during COVID-19](#).

- Diagnostic testing for symptomatic individuals and close contacts
- Regular screening testing for asymptomatic individuals (such as weekly screenings)

Testing with point of care test requires that child care programs obtain a [Clinical Laboratory Improvement Amendment \(CLIA\) Certificate of Waiver](#). The CLIA certificate process is fast and easy.

#### Webinar Information

DHS invites you to join a webinar on Thursday, June 24th from 11:00 am to 12:00 pm. about how eligible child care programs may receive and safely use free COVID-19 testing supplies to help assure the safety of children and staff. Licensed and certified child care program administrators are highly encouraged to attend this webinar.

This webinar will provide information about:

- Testing supplies and how to use them
- CLIA Certificate application process
- Test result reporting requirements
- Other testing considerations

When: Thursday, June 24th from 11:00 a.m. - 12:00 p.m.

Advanced registration is required to receive the Zoom link and call-in information. Register [here](#). The webinar will be recorded, made available on the DHS website, and a link to the recording will be sent to all individuals who register.

Please email [WICovidTest@Wisconsin.gov](mailto:WICovidTest@Wisconsin.gov) with questions.

I hope you all enjoy a safe and happy 4<sup>th</sup> of July!

Dear Partners,

I hope this finds you and your loved ones safe, healthy and well, and that you have had a great start to your summer.

I am writing with a couple of updates, resources, and other information.

The first is regarding **district news and updates**.

### **Fall Update**

In case you missed the formal communication about the fall, MMSD's intention is to return students to in-person instruction, five days a week, for the start of 2021-2022 school year. In addition to a full return to in-person learning as the default instructional model this fall, MMSD will provide options for families who prefer virtual learning for their secondary students. The full communication may be found [here](#).

### **Bus Passes**

As part of Mayor Satya Rhode-Conway's *MetroForward* >> initiative to provide better transit access to the community, the City of Madison is partnering with MMSD to distribute free summer Metro Transit passes to all middle and high school students in the MMSD attendance area for the first time. Passes will be valid Wednesday, June 9 through Monday, September 7. This special summer program will provide free rides to incoming 6th grade students through outgoing 12th grade students to make it easier to get around to jobs, volunteer opportunities, camps and other opportunities. Passes were distributed prior to the end of the school year, but if students were unable to pick them up, they may go to [any middle or high school summer semester site](#) between June 21 and July 30 (closed July 5) to receive a pass.

### **Other news and resources:**

- The 2021-22 MMSD Academic calendar is [here](#).
- Summer Supports and resources are [here](#).
- A [video celebrating our Class of 2021 graduates](#), as well as [one](#) highlighting some of our seniors and their future plans.

### **Partner News and Updates**

### ***Healthy Dane Collaborative Survey***

The Healthy Dane Collaborative has issued a survey regarding our community. The deadline to complete it is **tomorrow, July 2**. If you have a moment, would you please fill it out as well as share it with your contacts? There are flyers attached in English, Spanish and Hmong. The links are here:

- [English](#)
- [Spanish](#)
- [Hmong](#)

More information is in the email below.

### ***Madison Community Foundation Dane County COVID Recovery Grant Program and Community Impact Grants***

Finally, here are two grant updates from the Madison Community Foundation (MCF).

#### *Dane County COVID Recovery Grant Program*

If you have not seen the announcement, the Madison Community Foundation is administering a \$5 million COVID Recover grant program for the County. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic. The application portal **went live June 25 and will close on July 19**. There is a website, FAQ sheet, and online application portal, which may be found here: [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). All Dane County public 501(c)(3) organizations are eligible to apply, and they anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

#### *MCF Community Impact Grants*

MCF made the announcement that they are returning to their traditional grantmaking process for 2021. Community Impact grants advance initiatives that have a long-term impact on lives and our community, and are available in five focus areas: arts, community development, environment, learning, and organizational capacity building. [Letters of Inquiry](#) are due Monday, August 2. More information may be found [here](#), and the full announcement is at the end of this email.

That is it from me. As always, please do not hesitate to contact me should you have any questions or need any support. If you would ever like me to share updates from you or your organization with our other colleagues and partners such as this, please let me know.

Hope you have a wonderful and restful long weekend.

Thank you and all the best,

Bree

\*\*\*

## Healthy Dane Collaborative Survey

*Where you live is an important part of your health. What are your thoughts about the health of your community?*

*The Healthy Dane Collaborative (a partnership of all of the health systems and public health in Dane County) wants to hear from you about what is going well in your community and what needs improvement. Your response to this survey will help us develop local solutions for health issues that you believe are important. The survey will take less than 10 minutes to complete. All responses will be confidential and anonymous. We will only share combined results from the survey.*

[English](#)

[Spanish](#)

[Hmong](#)

*The deadline to complete the survey is Friday, July 2. It takes under 10 minutes to complete.*

*The Healthy Dane Collaborative and the local health systems will follow up with the Madison and Dane County community to share our findings once the CHNA is completed in the fall of 2021.*

\*\*\*

*Funding available for Dane County nonprofits affected by the COVID-19 pandemic.*

June 17, 2021

[madisongives.org](https://www.madisongives.org)

## Announcing the Dane County COVID Recovery Grant Program

Dear Dane County Nonprofit Leaders:

Many nonprofits have faced reduced revenue and increased expenses related to the COVID-19 pandemic. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19

pandemic.

All Dane County public 501(c)(3) organizations are eligible to apply, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery).

The application portal will go live on June 25 and close July 19. The application itself is short (one page), primarily contrasting annual organization budget figures from 2019 and 2020 and asking about COVID-related expenditures.

We also will host an informational webinar for grant applicants on June 30 at 10:00 a.m. You can register [here](#).

Sincerely,

Tom Linfield  
Vice President, Community Impact

[Visit Our Website](#) | [Privacy Policy](#) | [Email Preferences](#)

**Madison Community Foundation**

111 N. Fairchild Street, Suite 260, Madison, WI 53703  
Phone: [608-232-1763](tel:608-232-1763) | Email: [frontdesk@madisongives.org](mailto:frontdesk@madisongives.org)

*Deadline for Letters of Inquiry is August 2nd at 4:30 p.m.*

June 29, 2021

[madisongives.org](https://madisongives.org)

**Apply for MCF Community Impact Grants**

Dear Dane County Nonprofit Leaders:

We are returning to our traditional grantmaking process for 2021, and wanted to update you on the timeline for Community Impact grant applications.

Madison Community Foundation's Community Impact grants advance initiatives that have a long-term impact on lives and our community. Grants are available in five focus areas: arts, community development, environment, learning, and organizational capacity building.

The grantmaking process begins with the submission of a [Letter of Inquiry](#). The deadline for Letters of Inquiry is August 2nd.

You can find full details of the requirements [on our website](#).

#### **Additional Grant Opportunity for Dane County Nonprofits**

You may be eligible to apply for a grant through the Dane County COVID Recovery Grant program. All Dane County public 501(c)(3) organizations are eligible, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020. This program is separate from our Community Impact Grant program.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). The application portal closes on July 19.

Sincerely,

Tom Linfield  
Vice President, Community Impact

As part of Mayor Satya Rhode-Conway's *MetroForward* >> initiative to provide better transit access to the community, the City of Madison is partnering with MMSD to distribute free summer Metro Transit passes to all middle and high school students in the MMSD attendance area for the first time. Passes will be valid Wednesday, June 9 through Monday, September 7. This special summer program will provide free rides to incoming 6th grade students through outgoing 12th grade students to make it easier to get around to jobs, volunteer opportunities, camps and other opportunities. Passes were distributed prior to the end of the school year, but if students were unable to pick them up, they may go to [any middle or high school summer semester site](#) between June 21 and July 30 (closed July 5) to receive a pass.

### **Other news and resources:**

### **Partner News and Updates**

### ***Healthy Dane Collaborative Survey***

The Healthy Dane Collaborative has issued a survey regarding our community. The deadline to complete it is **tomorrow, July 2**. If you have a moment, would you please fill it out as well as share it with your contacts? There are flyers attached in English, Spanish and Hmong. The links are here:

- [English](#)
- [Spanish](#)
- [Hmong](#)

More information is in the email below.

### ***Madison Community Foundation Dane County COVID Recovery Grant Program and Community Impact Grants***

Finally, here are two grant updates from the Madison Community Foundation (MCF).

#### *Dane County COVID Recovery Grant Program*

If you have not seen the announcement, the Madison Community Foundation is administering a \$5 million COVID Recover grant program for the County. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic. The application portal **went live June 25 and will close on July 19**. There is a website, FAQ sheet, and online application portal, which may be found here: [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). All Dane County public 501(c)(3) organizations are eligible to apply, and they anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

#### *MCF Community Impact Grants*

MCF made the announcement that they are returning to their traditional grantmaking process for 2021. Community Impact grants advance initiatives that have a long-term impact on lives and our community, and are available in five focus areas: arts, community development, environment, learning, and organizational capacity building. [Letters of Inquiry](#) are due Monday, August 2. More information may be found [here](#), and the full announcement is at the end of this email.

That is it from me. As always, please do not hesitate to contact me should you have any questions or need any support. If you would ever like me to share updates from you or your organization with our other colleagues and partners such as this, please let me know.

Hope you have a wonderful and restful long weekend.

Thank you and all the best,

Bree

## Healthy Dane Collaborative Survey

*Where you live is an important part of your health. What are your thoughts about the health of your community?*

*The Healthy Dane Collaborative (a partnership of all of the health systems and public health in Dane County) wants to hear from you about what is going well in your community and what needs improvement. Your response to this survey will help us develop local solutions for health issues that you believe are important. The survey will take less than 10 minutes to complete. All responses will be confidential and anonymous. We will only share combined results from the survey.*

[English](#)

[Spanish](#)

[Hmong](#)

*The deadline to complete the survey is Friday, July 2. It takes under 10 minutes to complete.*

*The Healthy Dane Collaborative and the local health systems will follow up with the Madison and Dane County community to share our findings once the CHNA is completed in the fall of 2021.*

\*\*\*

*Funding available for Dane County nonprofits affected by the COVID-19 pandemic.*

June 17, 2021

## Announcing the Dane County COVID Recovery Grant Program

Dear Dane County Nonprofit Leaders:

Many nonprofits have faced reduced revenue and increased expenses related to the COVID-19 pandemic. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19

pandemic.

All Dane County public 501(c)(3) organizations are eligible to apply, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery).

The application portal will go live on June 25 and close July 19. The application itself is short (one page), primarily contrasting annual organization budget figures from 2019 and 2020 and asking about COVID-related expenditures.

We also will host an informational webinar for grant applicants on June 30 at 10:00 a.m. You can register [here](#).

Sincerely,

Tom Linfield  
Vice President, Community Impact

**Madison Community Foundation**

111 N. Fairchild Street, Suite 260, Madison, WI 53703  
Phone: [608-232-1763](tel:608-232-1763) | Email: [frontdesk@madisongives.org](mailto:frontdesk@madisongives.org)

*Deadline for Letters of Inquiry is August 2nd at 4:30 p.m.*

June 29, 2021

[madisongives.org](https://madisongives.org)

**Apply for MCF Community Impact Grants**

Dear Dane County Nonprofit Leaders:

We are returning to our traditional grantmaking process for 2021, and wanted to update you on the timeline for Community Impact grant applications.

Madison Community Foundation's Community Impact grants advance initiatives that have a long-term impact on lives and our community. Grants are available in five focus areas: arts, community development, environment, learning, and organizational capacity building.

The grantmaking process begins with the submission of a [Letter of Inquiry](#). The deadline for Letters of Inquiry is August 2nd.

You can find full details of the requirements [on our website](#).

#### **Additional Grant Opportunity for Dane County Nonprofits**

You may be eligible to apply for a grant through the Dane County COVID Recovery Grant program. All Dane County public 501(c)(3) organizations are eligible, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020. This program is separate from our Community Impact Grant program.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). The application portal closes on July 19.

Sincerely,

Tom Linfield  
Vice President, Community Impact

**Subject:** Child Care Updates | 7.1.21  
**Date:** Thursday, July 1, 2021 1:30:44 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

---

Good afternoon child care providers,  
Updates from this week are below.

## Emergency Management Update

- PPE orders will now be made through DHS.
- More information can be found on this [website](#).

## Data Update

Cases

- 7-day average: 6.6 cases per day. Last week's briefing, it was 6.3.
  - Cases in children remain very low. Only 7 children under the age of 18 have tested positive in last week.
- 0.6% positivity (last week was 0.5%)
- In the past two weeks, 61% of our cases occurred within the city of Madison

Testing

- Last week we were averaging 1,313 tests per day county-wide; this week it is 1,189.

Hospitalizations

- We are about the same as last week for hospitalizations and ICU numbers: Averaging 16.6 people hospitalized with COVID (last week it was 21.7); for ICU: 6.9 in ICU with COVID (last week it was 6.7)

## Clusters

- In the past two weeks we've had just 2 new clusters identified, at a manufacturing facility and a restaurant. No current clusters in schools, childcare facilities, or long term care facilities.

## Comparisons

- Dane: 1.2 cases per 100,000 per day
- WI: 1.4 cases per 100,000 per day
- USA: 3.5 cases per 100,000 per day

## [Vaccination](#)

- Nearly 700,000 doses administered to Dane County residents
- 79% of our *eligible* (12+ population) now has at least one dose
- The [DHS vaccination page](#) now presents vaccination rates both by total population and by 18+ population. When looking specifically at people 18 and older, we see highest vaccination rates in Dane County among the American Indian (>99%) and Hispanic (77%) populations.
  - Speaks to the great outreach efforts by many partners in our community. Kudos to them.
- Unvaccinated people are experiencing more severe outcomes from COVID. 3 people who have tested positive over the past four weeks have been hospitalized for COVID, and all 3 of them were unvaccinated.

## Variants

- There has been one case in Dane County with the Delta variant identified since last week's update. That said, the B.1.1.7 (Alpha) remains the most dominant strain.

For greater context about the Delta variant and the contradicting guidance on "re-masking" put out recently by the WHO:

- Here's an [article](#) that I found to be very clear and helpful.

A few additional points of context to consider:

- The CDC is sticking with the no-mask-for-vaccinated people recommendation in the context of the country being about half vaccinated with at least one dose.
  - The immunity landscape in Dane County is much, much better than the country—we're at nearly 70% of our overall population with at least one dose. That doesn't count immunity conferred by natural infection. We took a look at this and found that about half the people who have had COVID infection haven't gotten vaccinated. Since infection confers some level of immunity (again, much to learn as to how strongly natural immunity protects against Delta specifically), that means we have an additional group of people who aren't counted in the vaccination % who have immunity. Basically, our level of immunity here is really strong.
  - Not a ton of opportunities for COVID to take hold anymore. This is particularly showing up in the very young age groups who can't yet be vaccinated—case rates in the under-12 population have remained super low ever since vaccination rates started creeping upward. There are many possible explanations for this, of course, but one explanation is that herd immunity is protecting our unvaccinated kids.
- LA County opted to re-recommend masking for all due to equity concerns, as they have low vax rates for Latinx, Black, and essential worker populations. This is valid, and Dane County also has racial disparities in vax coverage. One data point that is giving me hope this week related to this topic is that among the 18+ group in Dane, Hispanic individuals have one of the best

vaccination coverage of all racial and ethnic groups: 76.7% of Latinx individuals over 18 in Dane have at least one dose. Much work to be done around vaccine equity in the Black population—48.5% of 18+ have had at least one dose. We don't have data on vaccination coverage among essential workers, unfortunately.

- Delta also isn't dominant in Dane County (yet). It probably will be soon, but so far we've seen it only at very low levels.
- Also feeling very hopeful that we've seen such low rates of vaccine breakthroughs in Dane County (3.2% of Dane County COVID cases were among fully vaccinated individuals, and 0.06% of fully vaccinated people ultimately ended up getting COVID).

## Testing Update

Transitioned out of AEC on Saturday.

- South Madison test site
  - o Tuesdays (8-4)
  - o Thursdays (12-8)
  - o Saturdays (8-4)
- Network of Testing Pilot Program (TPP) partners throughout the county, including independent pharmacies and UW Health
  - o We will be fiscal agent as pharmacies across Dane County set up testing efforts
  - o This is a more distal or regional model for testing that we hope will actually increase testing access for our more rural communities.

## PHMDC Update

Since last spring, PHMDC has been operating the medical respite center (MRC) program that has been assisting our neighbors experiencing homelessness with space to isolate or quarantine if they are infected with COVID-19 or are exposed to someone who is positive for COVID-19. This has been taking place at a hotel on the far east side of Madison. The last admissions for the program will be on July 31<sup>st</sup>. We're working on a plan to determine what's next for this population.

## DCF Update (repeat information)

### Reminder: Updated Guidance on Mask Wearing & Social Distancing

As vaccination eligibility expands, public health guidance around mask wearing and social distancing has been relaxed for the general public who are vaccinated. However, the next several months will be a transitional period where younger children (ages 11 and under) are not yet approved for vaccination, so prevention strategies remain important to mitigate the spread of COVID-19 and protect the health of younger children.

Please see complete details in previous emails located at the [Child Care Provider Listserv archive](#).

For the latest COVID-19 information and resources, please visit the [Department of Health Services' \(DHS\) website](#). Thank you for your continued leadership and dedication to keeping Wisconsin children, educators, and care providers safe during this unprecedented time.

## DHS Update (repeat information from last week)

**LOTS of program-specific COVID testing available now!**

**SCHOOLS** -- COVID-19 Testing Support for 2021-2022 School Year

The Wisconsin Department of Health Services (DHS) is offering free school-based COVID-19 testing for teachers, staff, students and their families for the 2021-2022 school year. This testing program is intended to help K-12 public, private, and independent charter schools operate safely by supporting their efforts to adopt one of the CDC's recommended strategies for a comprehensive approach to COVID-19 prevention.

#### Program Participation

Convenient COVID-19 testing support is now available through approved vendors for the 2021-2022 school year. This support may include testing supplies, testing registration, specimen collection, result reporting to local and state health departments, and patient results notification.

Schools will not be charged any amount by program vendors.

Participation in the program is voluntary. DHS encourages participating schools and school districts to design their testing program in alignment with the [CDC's Operational Strategy for K-12 Schools through Phased Prevention](#). Testing programs can include any of the following elements using rapid, point of care antigen tests and/or highly accurate, laboratory-based tests:

- Testing for individuals with symptoms or those who have been in close contact with someone who tested positive for COVID-19
- Testing for people who attend or participate in school-based events or activities
- Testing on a routine basis for unvaccinated asymptomatic individuals
- Testing of large groups in the school after there has been a COVID-19 outbreak

To opt-in to this federally funded resource, schools and school districts should complete the [K-12 COVID-19 Testing Program Participation Survey](#) by July 9, 2021 at 5 p.m. A [PDF version of the survey](#) is attached for reference. Schools and districts will still be able to sign up for the program after this date, but those who complete the survey by July 9 are more likely to have testing services available for their first day of school.

Learn more about this opportunity

DHS invites you to join a webinar on July 1, 2021, at 4 p.m. to learn more about the COVID-19 testing supports available for the 2021-2022 school year through this program. Advanced registration is required to receive the Zoom link and call-in information. [Register for the webinar here](#). The webinar will be recorded, made available on the DHS website, and a link to the recording will be sent to all individuals who register.

If you have any questions about this initiative, please reference the information on the [DHS Testing Support for Wisconsin Schools page](#) or contact [dhsk12covidtesting@dhs.wisconsin.gov](mailto:dhsk12covidtesting@dhs.wisconsin.gov).

#### **CAMPS -- Free COVID-19 Testing for Day Camps and Recreational and Educational Camps through August 31st**

The Wisconsin Department of Health Services (DHS) COVID-19 Response Team is providing free COVID-19 testing to day camps and recreational and educational camps. This program will help to assure the safety of campers, volunteers and staff through August 31st. Camps may place an order [here](#).

DHS conducted and recorded a [webinar](#) to provide information about testing, supplies and how to use them, the CLIA certificate application process, test result reporting requirements, and other testing considerations. Camps have the option to order and use testing supplies that best meet their needs, including rapid point of care tests and highly accurate lab-based tests.

For more information, visit the DHS [COVID-19 Testing Support for Summer Camps website](#).

#### **CHILD CARE -- Free COVID-19 Testing for Licensed and Certified Child Care Programs**

The Wisconsin Department of Health Services (DHS) COVID-19 Response Team is pleased to announce support for COVID-19 testing for all licensed and certified child care programs in Wisconsin. This testing support is subject to the availability of testing supplies and is intended to complement other mitigation efforts.

Licensed and Certified Child Care Program Definitions:

- Licensed Family Child Care providers
  - Provide care for 4 or more children under age 7. This care is usually in the provider's home.
  - Licensed through the [Department Children and Families](#).
- Licensed Child Care Centers
  - Provide care for 9 or more children. These centers are usually located somewhere other than a residence and may be small or large in size.
  - Licensed through the [Department of Children and Families](#).
- Certified Family Child Care Providers
  - Provide care for up to three children under the age of seven unrelated to the provider with a group maximum of six children.

#### Testing Options

Licensed and certified child care programs will have the option to order and use testing supplies that best meet their needs, including rapid point of care tests and highly accurate lab-based tests.

Approved testing at child care programs aligns with [CDC Guidance for Operating Child Care Programs during COVID-19](#).

- Diagnostic testing for symptomatic individuals and close contacts
- Regular screening testing for asymptomatic individuals (such as weekly screenings)

Testing with point of care test requires that child care programs obtain a [Clinical Laboratory Improvement Amendment \(CLIA\) Certificate of Waiver](#). The CLIA certificate process is fast and easy.

#### Webinar Information

DHS invites you to join a webinar on Thursday, June 24th from 11:00 am to 12:00 pm. about how eligible child care programs may receive and safely use free COVID-19 testing supplies to help assure the safety of children and staff. Licensed and certified child care program administrators are highly encouraged to attend this webinar.

This webinar will provide information about:

- Testing supplies and how to use them
- CLIA Certificate application process
- Test result reporting requirements
- Other testing considerations

When: Thursday, June 24th from 11:00 a.m. - 12:00 p.m.

Advanced registration is required to receive the Zoom link and call-in information. Register [here](#). The webinar will be recorded, made available on the DHS website, and a link to the recording will be sent to all individuals who register.

Please email [WICovidTest@Wisconsin.gov](mailto:WICovidTest@Wisconsin.gov) with questions.

I hope you all enjoy a safe and happy 4<sup>th</sup> of July!

Hello all,

After talking to Josh and seeing some chatter online about the recent homicide, I think we need to activate CSIT and meet tomorrow. Are folks available for a zoom meeting?

**Subject:** Recent Homicide

Hello all,

After talking to Josh and seeing some chatter online about the recent homicide, I think we need to activate CSIT and meet tomorrow. Are folks available for a zoom meeting?

**Randy Molina (pronouns: he/him/his) | Violence Prevention Response & Engagement Coordinator |**

**Subject:** Updates, resources, and other information

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Partners,

I hope this finds you and your loved ones safe, healthy and well, and that you have had a great start to your summer.

I am writing with a couple of updates, resources, and other information.

The first is regarding **district news and updates**.

### **Fall Update**

In case you missed the formal communication about the fall, MMSD's intention is to return students to in-person instruction, five days a week, for the start of 2021-2022 school year. In addition to a full return to in-person learning as the default instructional model this fall, MMSD will provide options for families who prefer virtual learning for their secondary students. The full communication may be found [here](#).

### **Bus Passes**

As part of Mayor Satya Rhode-Conway's *MetroForward* >> initiative to provide better transit access to the community, the City of Madison is partnering with MMSD to distribute free summer Metro Transit passes to all middle and high school students in the

MMSD attendance area for the first time. Passes will be valid Wednesday, June 9 through Monday, September 7. This special summer program will provide free rides to incoming 6th grade students through outgoing 12th grade students to make it easier to get around to jobs, volunteer opportunities, camps and other opportunities. Passes were distributed prior to the end of the school year, but if students were unable to pick them up, they may go to [any middle or high school summer semester site](#) between June 21 and July 30 (closed July 5) to receive a pass.

#### **Other news and resources:**

- The 2021-22 MMSD Academic calendar is [here](#).
- Summer Supports and resources are [here](#).
- A [video celebrating our Class of 2021 graduates](#), as well as [one](#) highlighting some of our seniors and their future plans.

#### **Partner News and Updates**

##### ***Healthy Dane Collaborative Survey***

The Healthy Dane Collaborative has issued a survey regarding our community. The deadline to complete it is **tomorrow, July 2**. If you have a moment, would you please fill it out as well as share it with your contacts? There are flyers attached in English, Spanish and Hmong. The links are here:

- [English](#)
- [Spanish](#)
- [Hmong](#)

More information is in the email below.

##### ***Madison Community Foundation Dane County COVID Recovery Grant Program and Community Impact Grants***

Finally, here are two grant updates from the Madison Community Foundation (MCF).  
*Dane County COVID Recovery Grant Program*

If you have not seen the announcement, the Madison Community Foundation is administering a \$5 million COVID Recover grant program for the County. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic. The application portal **went live June 25 and will close on July 19**. There is a website, FAQ sheet, and online application portal, which may be found here: [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). All Dane County public 501(c)(3) organizations are eligible to apply, and they anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

##### *MCF Community Impact Grants*

MCF made the announcement that they are returning to their traditional grantmaking process for 2021. Community Impact grants advance initiatives that have a long-term impact on lives and our community, and are available in five focus areas: arts, community development, environment, learning, and organizational capacity building. [Letters of Inquiry](#) are due Monday, August 2. More information may be found [here](#), and the full announcement is at the end of this email.

That is it from me. As always, please do not hesitate to contact me should you have any questions or need any support. If you would ever like me to share updates from you or your organization with our other colleagues and partners such as this, please let me know.

Hope you have a wonderful and restful long weekend.  
Thank you and all the best,  
Bree

### **Healthy Dane Collaborative Survey**

*Where you live is an important part of your health. What are your thoughts about the health of your community?*

*The Healthy Dane Collaborative (a partnership of all of the health systems and public health in Dane County) wants to hear from you about what is going well in your community and what needs improvement. Your response to this survey will help us develop local solutions for health issues that you believe are important. The survey will take less than 10 minutes to complete. All responses will be confidential and anonymous. We will only share combined results from the survey.*

[English](#)

[Spanish](#)

[Hmong](#)

*The deadline to complete the survey is Friday, July 2. It takes under 10 minutes to complete. The Healthy Dane Collaborative and the local health systems will follow up with the Madison and Dane County community to share our findings once the CHNA is completed in the fall of 2021.*

\*\*\*

*Funding available for Dane County nonprofits affected by the COVID-19 pandemic.*

June 17, 2021

## **Announcing the Dane County COVID Recovery Grant Program**

Dear Dane County Nonprofit Leaders:

Many nonprofits have faced reduced revenue and increased expenses related to the COVID-19 pandemic. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic.

All Dane County public 501(c)(3) organizations are eligible to apply, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery).

The application portal will go live on June 25 and close July 19. The application itself is short (one page), primarily contrasting annual organization budget figures from 2019 and 2020 and asking about COVID-related expenditures.

We also will host an informational webinar for grant applicants on June 30 at 10:00 a.m. You can register [here](#).

Sincerely,

[Signature]

Tom Linfield  
Vice President, Community Impact

Phone: [608-232-1763](tel:608-232-1763) | Email: [frontdesk@madisongives.org](mailto:frontdesk@madisongives.org)

*Deadline for Letters of Inquiry is August 2nd at 4:30 p.m.*

June 29, 2021

[madisongives.org](http://madisongives.org)

## Apply for MCF Community Impact Grants

Dear Dane County Nonprofit Leaders:

We are returning to our traditional grantmaking process for 2021, and wanted to update you on the timeline for Community Impact grant applications.

Madison Community Foundation's Community Impact grants advance initiatives that have a long-term impact on lives and our community. Grants are available in five focus areas: arts, community development, environment, learning, and organizational capacity building.

The grantmaking process begins with the submission of a [Letter of Inquiry](#). The deadline for Letters of Inquiry is August 2nd.

You can find full details of the requirements [on our website](#).

### **Additional Grant Opportunity for Dane County Nonprofits**

You may be eligible to apply for a grant through the Dane County COVID Recovery Grant program. All Dane County public 501(c)(3) organizations are eligible, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID

expenses in 2020. This program is separate from our Community Impact Grant program.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). The application portal closes on July 19.

Sincerely,

[Redacted Signature]

Tom Linfield

Hello Team,

I wanted to check in on the group and see if there have been any new developments or if folks have made any headway with prevention outreach. If there are any comments or concerns just reply all to this email or use the Whats App. We need to stay on top of this situation and ahead of any potential violence.

Update:

Juvenile Court Administrator John Bauman will be joining the group. John is a part of many prevention and intervention efforts throughout Dane county and knows many of the youth we encounter in the CSIT discussions. Welcome John!

**Subject:** School Call Updates | 7.8.21  
**Date:** Thursday, July 8, 2021 11:47:36 AM  
**Attachments:** [image005.png](#)  
[image006.png](#)

---

Good morning,  
School updates for the week are [here](#) and below.

## Data Update

### Cases

- 7-day average: 8.3 cases per day. Last week's briefing, it was 6.6.
- 0.8% positivity (last week was 0.6%).
- In the past two weeks, 55% of cases occurred outside the city of Madison.

### Testing

- Last week we were averaging 1,189 tests per day county-wide; this week it is 998.

### Hospitalizations

- We are about the same as last week for hospitalizations and ICU: Averaging 15.7 people hospitalized with COVID (last week it was 16.6); for ICU: 6.7 in ICU with COVID (last week it was 6.9).

### Clusters

- Nothing of note

### Trends

- The last time we saw case numbers so low was early May 2020.
- In past month, saw decreases among ages 60-69; stability in all other age groups.
- Cases in children remain very low: there have only been 5 total cases among ages 0-17 in the past week (6/27-7/3).
- It has been more than 5 weeks since we've had a death due to COVID.

### Comparisons

- Dane: 1.5 cases per 100,000 per day
- WI: 1.5 cases per 100,000 per day
- USA: 3.3 cases per 100,000 per day

### Vaccination

- 697,916 doses administered to Dane County residents.
- 69% of our county population now has at least one dose.
- 79% of our *eligible* (12+ population) now has at least one dose.
- The [DHS vaccination page](#) now presents vaccination rates both by total population and by 18+ population. When looking specifically at people 18 and older, we see highest vaccination rates in Dane County among the American Indian (>99%) and Hispanic (77.3%) populations.

## Variants

- There were 3 cases in Dane County with the Delta variant identified in June.

## Testing Update

See DHS update below...

## PHMDC Updates

7/2 Blog Post: [Where Can I Get Tested for COVID-19?](#)

7/6 Blog Post: [We've Come So Far: A Look Back at the COVID Pandemic Compared to Today](#)

7/8 Blog Post: [Where Can I Get A COVID-19 Vaccine?](#)

## DHS Update

The [K12 COVID-19 Testing Program Participation Survey](#) to opt-in for fall testing has been extended to July 12.

### **SCHOOLS** -- *COVID-19 Testing Support for 2021-2022 School Year*

The Wisconsin Department of Health Services (DHS) is offering free school-based COVID-19 testing for teachers, staff, students and their families for the 2021-2022 school year. This testing program is intended to help K-12 public, private, and independent charter schools operate safely by supporting their efforts to adopt one of the CDC's recommended strategies for a comprehensive approach to COVID-19 prevention.

#### Program Participation

Convenient COVID-19 testing support is now available through approved vendors for the 2021-2022 school year. This support may include testing supplies, testing registration, specimen collection, result reporting to local and state health departments, and patient results notification.

Schools will not be charged any amount by program vendors.

Participation in the program is voluntary. DHS encourages participating schools and school districts to design their testing program in alignment with the [CDC's Operational Strategy for K-12 Schools through Phased Prevention](#). Testing programs can include any of the following elements using rapid, point of care antigen tests and/or highly accurate, laboratory-based tests:

- Testing for individuals with symptoms or those who have been in close contact with someone who tested positive for COVID-19
- Testing for people who attend or participate in school-based events or activities
- Testing on a routine basis for unvaccinated asymptomatic individuals
- Testing of large groups in the school after there has been a COVID-19 outbreak

To opt-in to this federally funded resource, schools and school districts should complete the [K-12 COVID-19 Testing Program Participation Survey](#) by July 12, 2021 at 5 p.m. A [PDF version of the survey](#) is attached for reference. Schools and districts will still be able to sign up for the program after this date, but those who complete the survey by July 9 are more likely to have testing services available for their first day of school.

Enjoy the day!

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Child Care Updates | 7.8.21  
**Date:** Thursday, July 8, 2021 12:05:09 PM  
**Attachments:** [image005.png](#)  
[image006.png](#)

---

Good afternoon,  
Child care updates for the week are below.

## Data Update

### Cases

- 7-day average: 8.3 cases per day. Last week's briefing, it was 6.6.
- 0.8% positivity (last week was 0.6%).
- In the past two weeks, 55% of cases occurred outside the city of Madison.

### Testing

- Last week we were averaging 1,189 tests per day county-wide; this week it is 998.

### Hospitalizations

- We are about the same as last week for hospitalizations and ICU: Averaging 15.7 people hospitalized with COVID (last week it was 16.6); for ICU: 6.7 in ICU with COVID (last week it was 6.9).

### Clusters

- Nothing of note

### Trends

- The last time we saw case numbers so low was early May 2020.
- In past month, saw decreases among ages 60-69; stability in all other age groups.

- Cases in children remain very low: there have only been 5 total cases among ages 0-17 in the past week (6/27-7/3).
- It has been more than 5 weeks since we've had a death due to COVID.

#### Comparisons

- Dane: 1.5 cases per 100,000 per day
- WI: 1.5 cases per 100,000 per day
- USA: 3.3 cases per 100,000 per day

#### [Vaccination](#)

- 697,916 doses administered to Dane County residents.
- 69% of our county population now has at least one dose.
- 79% of our *eligible* (12+ population) now has at least one dose.
- The [DHS vaccination page](#) now presents vaccination rates both by total population and by 18+ population. When looking specifically at people 18 and older, we see highest vaccination rates in Dane County among the American Indian (>99%) and Hispanic (77.3%) populations.

#### Variants

- There were 3 cases in Dane County with the Delta variant identified in June.

### PHMDC Updates

7/2 Blog Post: [Where Can I Get Tested for COVID-19?](#)

### DHS Update (repeat information)

#### **CHILD CARE** -- *Free COVID-19 Testing for Licensed and Certified Child Care Programs*

The Wisconsin Department of Health Services (DHS) COVID-19 Response Team is pleased to announce support for COVID-19 testing for all licensed and certified child care programs in Wisconsin. This testing support is subject to the availability of testing supplies and is intended to complement other mitigation efforts.

#### Licensed and Certified Child Care Program Definitions:

- Licensed Family Child Care providers
  - Provide care for 4 or more children under age 7. This care is usually in the provider's home.
  - Licensed through the [Department Children and Families](#).
- Licensed Child Care Centers
  - Provide care for 9 or more children. These centers are usually located somewhere other than a residence and may be small or large in size.
  - Licensed through the [Department of Children and Families](#).
- Certified Family Child Care Providers
  - Provide care for up to three children under the age of seven unrelated to the provider with a group maximum of six children.

#### Testing Options

Licensed and certified child care programs will have the option to order and use testing supplies that best meet their needs, including rapid point of care tests and highly accurate lab-based tests.

Approved testing at child care programs aligns with [CDC Guidance for Operating Child Care Programs during COVID-19](#).

- Diagnostic testing for symptomatic individuals and close contacts

Regular screening testing for asymptomatic individuals (such as weekly screenings)

Testing with point of care test requires that child care programs obtain a [Clinical Laboratory Improvement Amendment \(CLIA\) Certificate of Waiver](#). The CLIA certificate process is fast and easy.

Enjoy the day!

Hi All,  
I hope you are all doing well!

Prior to Sally's last day, she had asked that Kari and I continue meeting with you around COVID testing. Unfortunately, I did not set up a new invite right away thus we missed this week. I am happy to send a new invite for every other Wednesday starting either July 14th or July 21st. Just wondering what everyone's availability is for starting at 3 or 3:30 pm instead of 4 pm for the summer?

Looking forward to hearing from you soon.  
Dawn

**Subject:** Updates, resources, and other information

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Partners,

I hope this finds you and your loved ones safe, healthy and well, and that you have had a great start to your summer.

I am writing with a couple of updates, resources, and other information.

The first is regarding **district news and updates**.

### **Fall Update**

In case you missed the formal communication about the fall, MMSD's intention is to return students to in-person instruction, five days a week, for the start of 2021-2022 school year. In addition to a full return to in-person learning as the default instructional model this fall, MMSD will provide options for families who prefer virtual learning for their secondary students. The full communication may be found [here](#).

### **Bus Passes**

As part of Mayor Satya Rhode-Conway's *MetroForward* >> initiative to provide better transit access to the community, the City of Madison is partnering with MMSD to distribute free summer Metro Transit passes to all middle and high school students in the MMSD attendance area for the first time. Passes will be valid Wednesday, June 9 through Monday, September 7. This special summer program will provide free rides to incoming 6th grade students through outgoing 12th grade students to make it easier to get around to jobs, volunteer opportunities, camps and other opportunities. Passes were distributed prior to the end of the school year, but if students were unable to pick them up, they may go to [any middle or high school summer semester site](#) between June 21 and July 30 (closed July 5) to receive a pass.

### **Other news and resources:**

- The 2021-22 MMSD Academic calendar is [here](#).
- Summer Supports and resources are [here](#).
- A [video celebrating our Class of 2021 graduates](#), as well as [one](#) highlighting some of our seniors and their future plans.

### **Partner News and Updates**

#### ***Healthy Dane Collaborative Survey***

The Healthy Dane Collaborative has issued a survey regarding our community. The deadline to complete it is **tomorrow, July 2**. If you have a moment, would you please fill it out as well as share it with your contacts? There are flyers attached in English, Spanish and Hmong. The links are here:

- [English](#)
- [Spanish](#)
- [Hmong](#)

More information is in the email below.

### ***Madison Community Foundation Dane County COVID Recovery Grant Program and Community Impact Grants***

Finally, here are two grant updates from the Madison Community Foundation (MCF).

#### *Dane County COVID Recovery Grant Program*

If you have not seen the announcement, the Madison Community Foundation is administering a \$5 million COVID Recover grant program for the County. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic. The application portal **went live June 25 and will close on July 19**. There is a website, FAQ sheet, and online application portal, which may be found here: [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). All Dane County public 501(c)(3) organizations are eligible to apply, and they anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

#### *MCF Community Impact Grants*

MCF made the announcement that they are returning to their traditional grantmaking process for 2021. Community Impact grants advance initiatives that have a long-term impact on lives and our community, and are available in five focus areas: arts, community development, environment, learning, and organizational capacity building. [Letters of Inquiry](#) are due Monday, August 2. More information may be found [here](#), and the full announcement is at the end of this email.

That is it from me. As always, please do not hesitate to contact me should you have any questions or need any support. If you would ever like me to share updates from you or your organization with our other colleagues and partners such as this, please let me know.

Hope you have a wonderful and restful long weekend.

Thank you and all the best,

Bree

## Healthy Dane Collaborative Survey

*Where you live is an important part of your health. What are your thoughts about the health of your community?*

*The Healthy Dane Collaborative (a partnership of all of the health systems and public health in Dane County) wants to hear from you about what is going well in your community and what needs improvement. Your response to this survey will help us develop local solutions for health issues that you believe are important. The survey will take less than 10 minutes to complete. All responses will be confidential and anonymous. We will only share combined results from the survey.*

[English](#)

[Spanish](#)

[Hmong](#)

*The deadline to complete the survey is Friday, July 2. It takes under 10 minutes to complete.*

*The Healthy Dane Collaborative and the local health systems will follow up with the Madison and Dane County community to share our findings once the CHNA is completed in the fall of 2021.*

\*\*\*

*Funding available for Dane County nonprofits affected by the COVID-19 pandemic.*

June 17, 2021

## Announcing the Dane County COVID Recovery Grant Program

Dear Dane County Nonprofit Leaders:

Many nonprofits have faced reduced revenue and increased expenses related to the COVID-19 pandemic. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic.

All Dane County public 501(c)(3) organizations are eligible to apply, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://www.madisongives.org/DaneCountyRecovery).

The application portal will go live on June 25 and close July 19. The application itself is short (one page), primarily contrasting annual organization budget figures from 2019 and 2020 and asking about COVID-related expenditures.

We also will host an informational webinar for grant applicants on June 30 at 10:00 a.m. You can register [here](#).

Sincerely,

\_\_\_\_\_

Tom Linfield  
Vice President, Community Impact

## Apply for MCF Community Impact Grants

Dear Dane County Nonprofit Leaders:

We are returning to our traditional grantmaking process for 2021, and wanted to update you on the timeline for Community Impact grant applications.

Madison Community Foundation's Community Impact grants advance initiatives that have a long-term impact on lives and our community. Grants are available in five focus areas: arts, community development, environment, learning, and organizational capacity building.

The grantmaking process begins with the submission of a [Letter of Inquiry](#). The deadline for Letters of Inquiry is August 2nd.

You can find full details of the requirements [on our website](#).

### **Additional Grant Opportunity for Dane County Nonprofits**

You may be eligible to apply for a grant through the Dane County COVID Recovery Grant program. All Dane County public 501(c)(3) organizations are eligible, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020. This program is separate from our Community Impact Grant program.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://www.madisongives.org/DaneCountyRecovery). The application portal closes on July 19.

Sincerely,

\_\_\_\_\_

Hi Dawn —

As I mentioned — I'm still happy to meet. I just realized that Dave put something on my calendar for 4pm on the 14th. So, when Ellen said 'next week', did she mean the 21st? That would be better for us.

Shelby

**NORTH/EAST SIDE RESIDENTS**  
**Aug 2–Aug 20, 2021**

**FREE PROGRAM**  
Space is limited!

**DEARDIARYOFMADISON.ORG**

### Seein' is Believin

Greetings Friends & Colleagues!

I am reaching out to you [today](#) to invite your participation and support this summer. My organization, [Seein' is Believin'](#), is partnering with [EOTO Culturally Rooted'](#) to host a summer series of community events to introduce our **BYAYA! (Black Youth & Young Adults)** program. These events are designed to be Life Readiness & Social Re-integration support spaces that welcome families, youth, and young adults.

What I am asking of you [today](#)?

Please take a moment to review the dates & locations of each event (listed at the link below). We would like you to join our efforts by signing up for one (or a few slots) to come out and staff our youth employment tent.

This would include but is not limited to, providing application/resume support, mock

interviews, and employment/training opportunities to attendees.

[Click here for event details and partner registration](#)

I have attached event flyers and some information on EOTO Culturally Rooted to this message.

I look forward to this chance to work together to support our community!

Tara

PS - Also, please pass this along to any organizations/programs that you think would be a good fit for these events.

Sincerely,  
Prencia Clifton

Hi everyone,

Happy Friday!

Please see below two updates from our community colleagues, Dear Diary and Seein' is Believin.'

If you have news or updates that you would like me to share to the group, please let me know.

Have a great weekend all!

Best,

Bree

**Subject:** Updated CDC guidance for schools released today  
**Date:** Friday, July 9, 2021 2:04:19 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

---

Hi all,

CDC released two relevant documents for schools today!

- New guidance: <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/k-12-guidance.html>
- Updated science brief: [https://www.cdc.gov/coronavirus/2019-ncov/science/science-briefs/transmission\\_k\\_12\\_schools.html](https://www.cdc.gov/coronavirus/2019-ncov/science/science-briefs/transmission_k_12_schools.html)

We will be reviewing these documents and will provide updated recommendations for the fall in the coming month.

Let me know if you have any questions.

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Updated CDC guidance for schools and ECE science brief

**Date:** Friday, July 9, 2021 2:34:04 PM

**Attachments:** [image001.png](#)  
[image002.png](#)

---

Hi all,

CDC released two school guidance documents that also somewhat relate to child care. The science brief in particular added a section on early childhood education, which I've highlighted below.

- New guidance: <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/k-12-guidance.html>
- Updated science brief: [https://www.cdc.gov/coronavirus/2019-ncov/science/science-briefs/transmission\\_k\\_12\\_schools.html](https://www.cdc.gov/coronavirus/2019-ncov/science/science-briefs/transmission_k_12_schools.html)

### Transmission in the ECE setting

Although the data are more limited in ECE settings,<sup>58, 64-69</sup> several findings are noteworthy. First, higher numbers of cases are observed when community rates are higher.<sup>66, 67</sup> Second, children can acquire SARS-CoV-2 in ECE settings<sup>65, 70</sup> and transmit it to household and non-household members.<sup>70</sup> Third, when prevention strategies are in place, secondary transmission appears uncommon.<sup>66, 67</sup> Findings from some of these studies include:

- In a study of Rhode Island child care centers shortly after reopening between June 1, 2020 and July 31, 2020, 29 of 666 programs had one or more cases of COVID-19 among children or staff. However, only four had possible secondary

transmission. During this time period, licensed child care facilities were required to follow multiple prevention strategies including reduced enrollment, cohorting in the same group, masks for adults, and enhanced cleaning. Data from periodic inspections demonstrated high compliance with the strategies.

- In a study of licensed childcare centers in Washington, D.C., between July and December of 2020 that had multiple prevention strategies in place, a quarter of facilities reported at least one case. However, facility-associated outbreaks only occurred in 5.8% of facilities.<sup>67</sup> Risk factors for an outbreak in a facility included having been in operation less than three years, having people who are symptomatic in the facility who first sought testing three or more days after illness onset, or having people with asymptomatic infection present in the facility.
- Another study found that child care providers who worked in ECE facilities open during April and May 2020 were not more likely to get COVID-19 than those who did not work in ECE facilities during those two months, a finding suggesting that working in the ECE facilities did not increase their risk of infection.<sup>68</sup>

Additional information on ECE programs can be found in CDC's COVID-19 Guidance for Operating Early Care and Education/Child Care Programs.

Let me know if you have any questions.

Thanks, and have a great weekend!

LWVWI State Office Update

**VIRTUAL EVENT**

**Ensuring Eligible Wisconsinites in Jail Have Equal Access to Voting**

**Tuesday, July 13 at noon CST / 1 p.m. EST**

Hosted by:

**ALL VOTING IS LOCAL** Wisconsin  **AGLU** WI

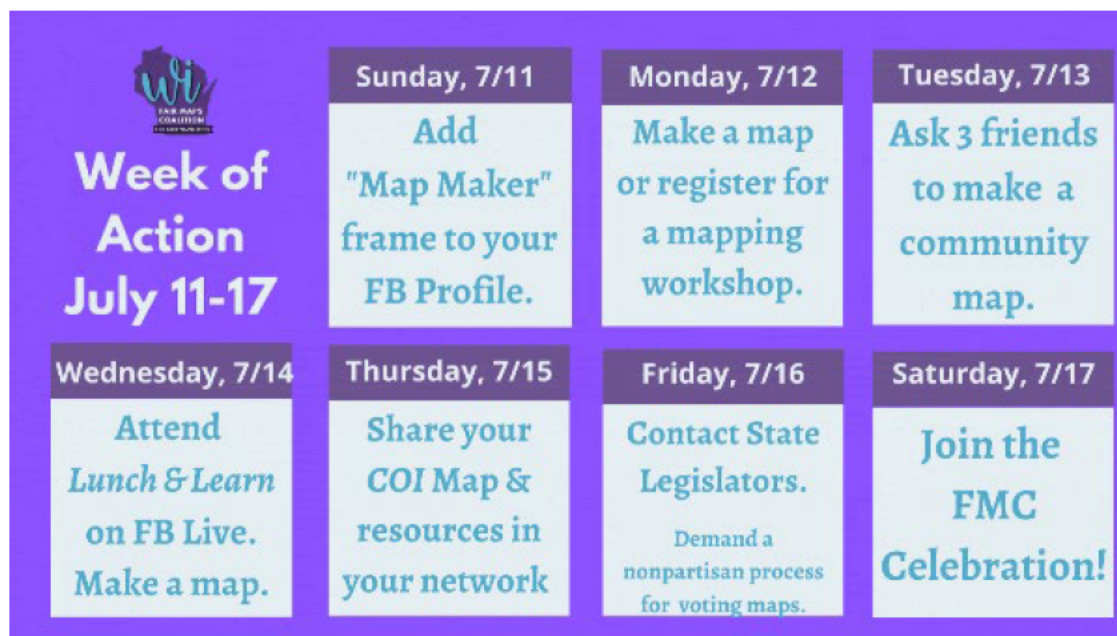

**Ballots for All: Ensuring Eligible Wisconsinites in Jail Have Equal**

## Access to Voting

The League of Women Voters of Wisconsin, All Voting is Local, and the ACLU of Wisconsin recently released [Ballots for All: Ensuring Eligible Wisconsinites in Jail Have Equal Access to Voting](#), an update to a similar report released last year. This new report details how many jail administrators have taken small but important steps to increase ballot access for eligible voters in jails. However, troubling voting barriers persist for the approximately 13,000 people incarcerated in Wisconsin's jails at any given time.

The [report](#) makes substantial recommendations outlining steps jails can take to more sufficiently address the many barriers to the ballot for eligible Wisconsinites in county jails. It also outlines what Wisconsin legislators can do to extend voting infrastructure to serve voters in jail and it provides recommendations on what the Wisconsin Elections Commission can provide to jail administrators and elections officials on how they can support jail-based voting.

We will be holding a virtual event for the public to discuss the report's findings on Wednesday, July 13 at 12 p.m. CST. You can sign up [here](#).

  
**Week of Action  
July 11-17**

<b>Sunday, 7/11</b> Add "Map Maker" frame to your FB Profile.	<b>Monday, 7/12</b> Make a map or register for a mapping workshop.	<b>Tuesday, 7/13</b> Ask 3 friends to make a community map.	
<b>Wednesday, 7/14</b> Attend Lunch & Learn on FB Live. Make a map.	<b>Thursday, 7/15</b> Share your COI Map & resources in your network	<b>Friday, 7/16</b> Contact State Legislators. Demand a nonpartisan process for voting maps.	<b>Saturday, 7/17</b> Join the FMC Celebration!

### You're Invited: Wisconsin Mapmaking Week of Action July 11-17

The Wisconsin Fair Maps Coalition is hosting a Map Making Week of Action next week, from July 11 to 17. July marks your last chance to [submit maps and written comments to](#)

the [People's Maps Commission \(PMC\)](#) before the portal closes. Right now, there is no better way to have your voice heard in the redistricting process than to submit a community map of your own!

Register [here](#) to receive daily updates and alerts for the week of events.

A graphic with a dark blue background and yellow text. At the top, it says "Special Election" in white and "JULY 13" in yellow. Below that, "ASSEMBLY DISTRICT 37" is written in large yellow letters. To the right is a map of Wisconsin with Assembly District 37 highlighted in orange. At the bottom, a white speech bubble contains the text "VOTE 411" in blue.

### Assembly District 37 Special Election

The Special Election for State Assembly Representative for District 37 is on Tuesday. To help voters get prepared to cast their ballots, the League of Women Voters of Wisconsin has published our special election voter guide on [VOTE411.org/ballot](https://VOTE411.org/ballot). Visit the site to learn more about the candidates and compare their answers side by side.

If you are unsure if you live in Assembly District 37, you can find out by viewing your voter information [here](#).

## **2021 LWVWI Issues Briefing Saturday, October 30**

The League of Women Voters of Wisconsin is very excited to announce the date of our **2021 Issues Briefing on Saturday, October 30.**

Please save the date and join us for a full day of inspirational and informative presentations on prominent issues. The 2021 Issues Briefing venue, registration and lodging information and program agenda are under development and planning will take into account concerns for masking and social distancing as well as providing an option for virtual attendance via online streaming, making this our first hybrid event. It will be great to see everyone and benefit once again from in-person networking.

---

### **Volunteers Needed: 4 Year List Maintenance Voter Outreach**

The League of Women Voters of Wisconsin is looking for volunteers to reach out to voters at risk of being removed from the rolls during the 4 year list maintenance process. Our goal is to let them know the mailing from the WEC is legitimate and to encourage them to respond to the mailing by July 15 to stay registered to vote. In phase two of our outreach we will be reaching out to the voters who have been removed and encouraging them to re-register. Learn more about the 4 year list maintenance mailing and process [here](#).

There are multiple opportunities to volunteer for this effort. Please click the links below to sign up for a text bank or a phone bank. Please note that the text banking opportunity is for people who are comfortable with using apps on cell phones.

- [Sign up to text bank](#)
  - [Sign up for phone banking](#)

# We're Hiring!

## Join Our Team as a Communications Manager

The League of Women Voters of Wisconsin is looking for someone to join our team as a Communications Manager! This individual directly contributes to the vitality and sustainability of the League of Women Voters of Wisconsin by developing and managing internal and external communications with local Leagues, partners and press contacts in Wisconsin and nationally. The person chosen will work closely with the Board and other staff to coordinate internal and external messaging in alignment with our strategic plan and overall organizational priorities including mission, strategic planning, and programming.

The Communications Manager will also be key in our advocacy for election protection, voter education, redistricting, judicial independence and infrastructure.

The full position description is available on our [website](#). Anyone interested can submit a cover letter and resume to [lwwisconsin@lwwvi.org](mailto:lwwisconsin@lwwvi.org).

---

# Invest in Wisconsin's Infrastructure

Join the League's advocacy and find more information at [lwvwi.org/study-on-wisconsins-infrastructure](http://lwvwi.org/study-on-wisconsins-infrastructure)

## ASCE-WI Section Receives Advocate Award

The American Society of Civil Engineers - Wisconsin Section has been awarded ASCE's 2021 Outstanding Civil Engineer Advocate of the Year award for a team or group. This award recognizes the extensive efforts of the 2020 ASCE Wisconsin Infrastructure Report Card Committee. Members of this committee have worked relentlessly over the past two years to publish the Infrastructure Report Card in 2020 and then immediately begin advocating around the State of Wisconsin to bring about the necessary infrastructure changes the report identified.

Are you interested in learning more about the state of Wisconsin's infrastructure? The League of Women Voters of Wisconsin is hosting the next category meeting on **Stormwater and Dams on July 29**, from 3 to 5 p.m. You can register for the event [here](#).

**Empowering Voters. Defending Democracy.**

Hi All,

I set up the next meeting for Wednesday, July 21st at 3:30 pm.

Windy Smith, Assistant Director of Health Services (Sally's position), begins on July 19th. I will add Windy to the group when she receives her email address.

In the meantime, I have one update, all summer school nurses and nurse assistants have been trained this past week along with Kari and Stephanie in collecting PCR specimens (nasal swabs). Exact Sciences is performing the laboratory test.

Looking forward to seeing everyone next week (July 21st).

Thank you,

Dawn

Hi Dawn —

As I mentioned — I'm still happy to meet. I just realized that Dave put something on my calendar for 4pm on the 14th. So, when Ellen said 'next week', did she mean the 21st? That would be better for us.

Shelby

**Subject:** COVID Testing Meetings with MMSD

Hi All,

I hope you are all doing well!

Prior to Sally's last day, she had asked that Kari and I continue meeting with you around COVID testing. Unfortunately, I did not set up a new invite right away thus we missed this week. I am happy to send a new invite for every other Wednesday starting either July 14th or July 21st. Just wondering what everyone's availability is for starting at 3 or 3:30 pm instead of 4 pm for the summer?

Looking forward to hearing from you soon.

Dawn

**Subject:** Updates, resources, and other information

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Partners,

I hope this finds you and your loved ones safe, healthy and well, and that you have had a great start to your summer.

I am writing with a couple of updates, resources, and other information.

The first is regarding **district news and updates**.

### **Fall Update**

In case you missed the formal communication about the fall, MMSD's intention is to return students to in-person instruction, five days a week, for the start of 2021-2022 school year. In addition to a full return to in-person learning as the default instructional model this fall, MMSD will provide options for families who prefer virtual learning for their secondary students. The full communication may be found [here](#).

### **Bus Passes**

As part of Mayor Satya Rhode-Conway's *MetroForward* >> initiative to provide better transit access to the community, the City of Madison is partnering with MMSD to distribute free summer Metro Transit passes to all middle and high school students in the MMSD attendance area for the first time. Passes will be valid Wednesday, June 9 through Monday, September 7. This special summer program will provide free rides to incoming 6th grade students through outgoing 12th grade students to make it easier to get around to jobs, volunteer opportunities, camps and other opportunities. Passes were distributed prior to the end of the school year, but if students were unable to pick them up, they may go to [any middle or high school summer semester site](#) between June 21 and July 30 (closed July 5) to receive a pass.

### **Other news and resources:**

- The 2021-22 MMSD Academic calendar is [here](#).
- Summer Supports and resources are [here](#).
- A [video celebrating our Class of 2021 graduates](#), as well as [one](#) highlighting some of our seniors and their future plans.

### **Partner News and Updates**

## ***Healthy Dane Collaborative Survey***

The Healthy Dane Collaborative has issued a survey regarding our community. The deadline to complete it is **tomorrow, July 2**. If you have a moment, would you please fill it out as well as share it with your contacts? There are flyers attached in English, Spanish and Hmong. The links are here:

- [English](#)
- [Spanish](#)
- [Hmong](#)

More information is in the email below.

## ***Madison Community Foundation Dane County COVID Recovery Grant Program and Community Impact Grants***

Finally, here are two grant updates from the Madison Community Foundation (MCF).

### *Dane County COVID Recovery Grant Program*

If you have not seen the announcement, the Madison Community Foundation is administering a \$5 million COVID Recover grant program for the County. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic. The application portal **went live June 25 and will close on July 19**. There is a website, FAQ sheet, and online application portal, which may be found here: [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). All Dane County public 501(c)(3) organizations are eligible to apply, and they anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

### *MCF Community Impact Grants*

MCF made the announcement that they are returning to their traditional grantmaking process for 2021. Community Impact grants advance initiatives that have a long-term impact on lives and our community, and are available in five focus areas: arts, community development, environment, learning, and organizational capacity building. [Letters of Inquiry](#) are due Monday, August 2. More information may be found [here](#), and the full announcement is at the end of this email.

That is it from me. As always, please do not hesitate to contact me should you have any questions or need any support. If you would ever like me to share updates from you or your organization with our other colleagues and partners such as this, please let me know.

Hope you have a wonderful and restful long weekend.

Thank you and all the best,

Bree

## Healthy Dane Collaborative Survey

*Where you live is an important part of your health. What are your thoughts about the health of your community?*

*The Healthy Dane Collaborative (a partnership of all of the health systems and public health in Dane County) wants to hear from you about what is going well in your community and what needs improvement. Your response to this survey will help us develop local solutions for health issues that you believe are important. The survey will take less than 10 minutes to complete. All responses will be confidential and anonymous. We will only share combined results from the survey.*

[English](#)

[Spanish](#)

[Hmong](#)

*The deadline to complete the survey is Friday, July 2. It takes under 10 minutes to complete.*

*The Healthy Dane Collaborative and the local health systems will follow up with the Madison and Dane County community to share our findings once the CHNA is completed in the fall of 2021.*

\*\*\*

*Funding available for Dane County nonprofits affected by the COVID-19 pandemic.*

June 17, 2021

## Announcing the Dane County COVID Recovery Grant Program

Dear Dane County Nonprofit Leaders:

Many nonprofits have faced reduced revenue and increased expenses related to the COVID-19 pandemic. Dane County has been allocated federal grant funds under the State and Local Government Assistance Program included in the American Rescue Plan Act of 2021 to help address this. Dane County has selected Madison Community Foundation to develop a \$5 million grant program for local nonprofits who have experienced a financial impact from the COVID-19 pandemic.

All Dane County public 501(c)(3) organizations are eligible to apply, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://www.madisongives.org/DaneCountyRecovery).

The application portal will go live on June 25 and close July 19. The application itself is short (one page), primarily contrasting annual organization budget figures from 2019 and 2020 and asking about COVID-related expenditures.

We also will host an informational webinar for grant applicants on June 30 at 10:00 a.m. You can register [here](#).

Sincerely,

\_\_\_\_\_

Tom Linfield  
Vice President, Community Impact

## Apply for MCF Community Impact Grants

Dear Dane County Nonprofit Leaders:

We are returning to our traditional grantmaking process for 2021, and wanted to update you on the timeline for Community Impact grant applications.

Madison Community Foundation's Community Impact grants advance initiatives that have a long-term impact on lives and our community. Grants are available in five focus areas: arts, community development, environment, learning, and organizational capacity building.

The grantmaking process begins with the submission of a [Letter of Inquiry](#). The deadline for Letters of Inquiry is August 2nd.

You can find full details of the requirements [on our website](#).

## **Additional Grant Opportunity for Dane County Nonprofits**

You may be eligible to apply for a grant through the Dane County COVID Recovery Grant program. All Dane County public 501(c)(3) organizations are eligible, and we anticipate that grants will range from \$2,500 to \$50,000 for unrestricted use, depending on revenue losses and COVID expenses in 2020. This program is separate from our Community Impact Grant program.

We have created a web site, FAQ sheet and online application portal, which you can find at [madisongives.org/DaneCountyRecovery](https://madisongives.org/DaneCountyRecovery). The application portal closes on July 19.

Sincerely,

\_\_\_\_\_

**Subject:** School Updates for the week  
**Date:** Tuesday, July 13, 2021 4:17:12 PM  
**Attachments:** [image005.png](#)  
[image006.png](#)

---

Hi all,

Just a quick note to say that I'll be out of town for the remainder of the week, so won't be sending an update email like I usually do. My colleague Brittany will provide updates on the Thursday morning school call. As mentioned, we are working on a guidance document in light of the recently released [CDC guidance for schools](#), and will share widely once it is finalized.

In the meantime, passing along some relevant information from DHS and CDC that came out this week:

## DHS Update

- DHS has reviewed the updated CDC guidance for COVID-19 prevention in K-12 schools and is supportive of the guidance. DHS is in the process of reviewing and updating the [DHS school outbreak guidance](#) to be in alignment with [CDC's current recommendations](#). We will alert you when the DHS guidance is updated.
  - [Partner talking points](#) from CDC are available
- A [list of K-12 schools](#) that responded to the DHS K-12 Testing Program participation survey has been posted to [PCA portal COVID-19 dashboard](#) under the Local and Tribal Health Department Resources topic. Please note this list reflects schools/districts who completed the survey as of noon on 7/12/21 and reflects initial testing preferences which may change as they are paired with vendors. The survey remains open and schools/districts may continue to opt-in to the program.

## CDC Update (please note: this exception is the same as the "modified quarantine" option from our most recent [guidance for summer school operations](#))

What update did the CDC make to the close contact definition?

In general, the standard close contact definition remains the same. Close Contact through [Proximity and Duration of Exposure](#): Someone who was within [6 feet of an infected person](#) (laboratory-confirmed or a [clinically compatible illness](#)) for a cumulative total of 15 minutes or more over a 24-hour period (for example, *three individual 5-minute exposures for a total of 15 minutes*). An infected person can spread SARS-CoV-2 starting from 2 days before they have any symptoms (or, for asymptomatic patients, 2 days before the positive specimen collection date), until they meet criteria for [discontinuing home isolation](#).

The change made by the CDC was the recent announcement of this exception:

- **Exception:** In the **K–12 indoor classroom** setting, the standard close contact definition **excludes students** who were within **3 to 6 feet of an infected student** (laboratory-confirmed or a [clinically compatible illness](#)) where
  - both students were engaged in **consistent and correct use of well-fitting face masks; and**
  - other [K–12 school prevention strategies](#) (such as universal and correct mask use, physical distancing, increased ventilation) were in place in the **K–12 school setting**.

This exception does not apply to teachers, staff, or other adults in the indoor classroom setting.  
Further details are available on the [CDC Contact Tracing Appendices webpage](#).

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Child care updates for the week  
**Date:** Tuesday, July 13, 2021 4:23:24 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

Hi all,

Just a quick note to let you know that I'll be out of town for the remainder of the week, so won't be sending child care updates like I usually do.

Here is the DCF update regarding CDC guidance for ECE that just came out:

## Updated Back to School Guidance for Child Care Providers

We're halfway through summer and the 21-22 school year is right around the corner! Many programs are starting to think about what their programs will look like once the school year starts again and what, if any, changes they will need to make. To ensure you are receiving the most updated guidance from the department, we recently updated the [Fall 2021 School Year Guidance for the ECE Community](#) and the [Child Care Information for Providers FAQs](#) webpages.

Additionally, the Centers for Disease Control (CDC) also recently updated their [COVID-19 Guidance for Operating Early Care and Education/Child Care Programs](#). **Please take some time to review the updated guidance to make the best choices for your program and the children you serve.**

If you have any questions, please contact your [licensing specialist](#) or [certification agency](#).

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Specialist** | [Public Health Madison & Dane County](#)

210 Martin Luther King Jr. Blvd, Room 507, Madison, WI 53703

## How to Draw a Map: Representative Training Event

Learn how to draw a map for the upcoming redistricting process. There is a training session for the public on Thursday, July 15 at 5:30 pm. You can register and attend by clicking on this [link](#).

During the meeting, attendees will be learning more about how to draw a map using the software Representable. Learn more about the software in advance of the meeting by following this [link](#).

**Can't attend live?** People interested in drawing a map for the People's Maps Commission can also use another application called DistrictR. Learn how to use DistrictR to draw community maps and successfully submit them to the People's Maps Commission for consideration in this [webinar](#).

Hi Dawn,

I'm not sure who best to ask to put something on the agenda for next week's MMSD meeting, so I'll run it through you. Yesterday Shelby and I met with ThermoFisher. They make the AerosolSense air sampler that I've mentioned previously. We have purchased 10 of these to put in transit hubs through the midwest (thanks Rachel for the connection!) as part of our Rockefeller Foundation project. We saw more impressive preliminary data from them yesterday, which I've included in the attached PDF that Thermo shared with us. In particular, slide 11 is striking. It shows how a sampler placed in a lobby was able to detect SARS-CoV-2 genetic material just as people walked through the lobby. We also saw data this week from the Mayo Clinic that did a small scale pilot in schools in the spring and identified a classroom (singular) that consistently had detectable genetic material.

Taken together, this makes us think that there could be a role for these in providing additional safeguards in schools. One idea would be to run them in lunch rooms before, during, and after the lunch periods and then perform PCR to determine if any viral genetic material is present and, if so, at what level. If there is genetic material, that could be used as an indicator for intensifying testing access and/or other mitigation strategies.

As with last summer, because apparently we are very routine people, we are working on our very early prototyping with the UW Athletic Department (in fact, we are going over there today with an instrument) and I'm hoping that EAGLE and OCS would also be interested in timing a prototype program with the start of the school year. It would be fantastic if MMSD was interested in doing something similar, and I'm also hoping to reach out to DHS to see what, if any, support they might be able to offer.

It would be important to manage expectations (e.g., these systems are almost certainly not foolproof and could absolutely miss people in schools who are infected for a variety of reasons), but they may provide a very easy and low-touch additional strategy that provides data that would not exist otherwise.

Cheers,

dave

Hi Rebecca,

I hope you are having a good summer. I would love to regroup with you regarding sexual health services at West. Our new Assistant Director of Health Services has been hired and starts on Monday. Obviously she is going to have a lot of matters that are going to take priority in the near future, but I know that Sally still was a proponent of this when she left, so hopefully this was passed on to her successor. Would you like to meet soon to touch bases and share with each other what has happened in our organizations since we last spoke and hopefully plan for the future?

Thank you,  
Stephanie

Hi Stephanie,

Well a lot of things have happened in the last year, and I'm wondering how you would feel about regrouping to discuss the possibility of beginning to offer SRH adolescent health services at West. I know that Sally has retired- has a new Director been chosen? Would you be open to scheduling a phone call or zoom to open back up the door to exploring this project? Let me know your thoughts. Thanks!

Becca

Hi Dawn—

Hope you had a good weekend. I saw your weekly testing update. I'll respond to that separately.

Anyways, Dave and I have been talking about lots of testing related stuff this past week. So, I thought it would be good to write a single message with all of the topics we would like to discuss on Wednesday this week. I'm including Rachel here too, and I hope she will be there.

1. We would like to discuss the possibility of putting Thermo air samplers in some MMSD cafeteria's this fall. Dave and I are planning to pilot these at some UW-Athletics facilities in late July/early August. We can discuss the details of the instrument on Wednesday, and explain where we would like to go.
2. Ellen and I received the WPP funding approval letter late last week. Yay! We should probably discuss this project a bit so we can start identifying the best path forward. Ellen and I are planning to hire someone to work with MMSD on this project so that MMSD nurses will not be solely responsible.
3. Today, Dave saw a pre-print (attached) where they were able to sequencing virus from completed BinaxNOW

antigen tests. This approach would have various pros and cons for us, but we think it would be interesting to try to sequence out of positive BinaxNOW tests.

So, we would really like to be able to discuss all three of these topics on Wednesday, if possible. I'm sure you guys probably have other items on your agenda too.

Thanks,

Shelby

Hi Alicia,

I am getting asked many questions about school testing procedures for the fall, and have no answers! Do you know what the next steps are for schools who are eager to solidify their plans? There are specific questions about symptomatic students who receive a negative BinaxNOW result, and even more specifically, we have a UW research group here in Dane County who is working on a study related to serial BinaxNOW testing. I'm unclear about how their plans will overlap with changing DHS protocols.

Are you the correct person to field questions like this?

Hi Alicia,

I am getting asked many questions about school testing procedures for the fall, and have no answers! Do you know what the next steps are for schools who are eager to solidify their plans?

There are specific questions about symptomatic students who receive a negative BinaxNOW result, and even more specifically, we have a UW research group here in Dane County who is working on a study related to serial BinaxNOW testing. I'm unclear about how their plans will overlap with changing DHS protocols.

Are you the correct person to field questions like this?

Good afternoon all,

Attached is the Fall 2021 Guidance for Dane County K-12 Schools. We haven't released this document publicly yet, so please hold off on doing so until further notice. I am sending this to you today so you have time to review before our conversation tomorrow. As the document states, this was created in partnership with The UW Pediatric Medical Advisory Group and reflects the CDC's current recommendations for schools.

Thanks much!

**Subject:** School Updates | 7.23.21  
**Date:** Friday, July 23, 2021 9:39:17 AM  
**Attachments:** [BacktoSchoolBacktoVaping\\_Webinar\\_8.20.21.pdf](#)  
[image003.png](#)  
[image006.png](#)  
[image005.png](#)  
[image006.png](#)

Good morning all,

School updates are below.

First, an announcement about an upcoming webinar co-hosted by PHMDC. Promotional flyer attached.

[Dane County Alliance Against Commercial Tobacco](#), in partnership with the Dane County Prevention Alliance, is hosting a webinar titled Back to School, Back to Vaping? on August 20<sup>th</sup>, 2021 from 11am-12:30pm.

Join leading experts as they discuss the continued impact of vaping on our youth. This webinar will offer an overview of the different tobacco and nicotine products as well as local, current vaping use trends, school enforcement opportunities, intervention programs, youth cessation tools, and other helpful resources.

Attendance is free. Intended audience is school staff (administration, teachers, nurses, etc.), law enforcement (school resource officers), public health professionals, youth-serving organizations, and others working in substance use prevention.

Registration Link: <https://bit.ly/BackToVaping>

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are Missouri and Arkansas.
- 7-day average: 16 cases per day. Last week's briefing, it was 9.4.
- 1.3% positivity (last week was 0.9%)
- In the past two weeks, 50% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 1,073 tests per day county-wide; this week it is 1,217.

### Hospitalizations

- Hospitalizations are stable. Today there were 23 hospitalizations and 7 in the ICU with COVID. We've heard from Meriter recently that the majority of their patients in the hospital were not Dane residents. Still awaiting a response from UW hospital on this.
- Averaging people hospitalized with COVID: 23.7 (last week it was 21.7); for ICU: 8.6 in ICU with COVID (last week it was 8.4)

### Trends

- Cases in children remain very low: average of less than one case per day in 0-4, 5-7, 8-11, and 12-17 age groups.

#### Comparisons

- Dane: 2.9 cases per 100,000 per day
- WI: 3.2 cases per 100,000 per day
- USA: 10.7 cases per 100,000 per day

#### [Vaccination](#)

- 707,516 doses administered to Dane County residents
- 69.6% of our county population now has at least one dose
- 80.2% of our *eligible* (12+ population) now has at least one dose
- 78.5% of adults 18+ have a completed series

#### Variants

- Delta variant prevalence is on the rise, in [Dane County](#) and [Wisconsin](#).

## PHMDC Updates

New this week: Delta Variant [Blog Post](#)

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Friday 7/23: WisCares Vet Clinic, 9 am-12 pm
- Friday 7/23: Cambridge Concerts in the Park, 4-8 pm
- Friday 7/23: Second Harvest Food Pantry in Marshall, 2-5 pm
- Saturday 7/24: First Congregational Church of Christ, 10 am-2 pm
- Sunday 7/25: Mt Zion Baptist Church, 11 am-1 pm
- Monday 7/26: Mercado Marimar, 11 am-1 pm
- Tuesday 7/27: Sun Prairie Library, 11 am-6 pm
- Tuesday 7/27: Luke House, 11 am-1 pm
- Wednesday 7/28: Catholic Multicultural Center, 5-7 pm
- Thursday 7/29: Catholic Multicultural Center, 5-7 pm
- Vaccination appointments and walk-ins are also available at multiple public health clinic locations. [Please see our website](#) for details.

You can find details and see a map of all upcoming public clinics on the [Public Health website](#).

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

## DHS/DPI Update

- The Department of Public Instruction is awaiting revision of the Department of Health Services guidance before publishing new infection control and mitigation recommendations for the 2021/2022 school year.
- The DPI's [COVID Testing Basics in Wisconsin Schools](#) has been updated (7/19/2021) and posted using the same URL.
- The Department of Health Services is in the process of reviewing and updating the DHS school outbreak guidance to be in alignment with CDC's [current](#) recommendations. A webinar to discuss the DHS guidance once it is updated and published is in the planning stages. Such a webinar is tentative for the first week in August. More information will be shared once

guidance is published.

## American Academy of Pediatrics Update

- The American Academy of Pediatrics (AAP) has released updated interim guidance for [COVID-19 Guidance for Safe Schools](#). The AAP has also released revised [camp guidance](#). As you may have heard discussed in the media the AAP guidance differs from that of the CDC. In addition to vaccinations, the AAP recommends a layered approach to make school safe for all students, teachers and staff in the guidance [here](#). That includes a recommendation that everyone older than age 2 wear masks, regardless of vaccination status. The AAP also amplifies the Centers for Disease Control and Prevention's [recommendations](#) for building ventilation, testing, quarantining, cleaning and disinfection in the updated guidance.

Have a great weekend!

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

---

Good morning all,  
Child care updates for the week are below.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are Missouri and Arkansas.
- 7-day average: 16 cases per day. Last week's briefing, it was 9.4.
- 1.3% positivity (last week was 0.9%)
- In the past two weeks, 50% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 1,073 tests per day county-wide; this week it is 1,217.

### Hospitalizations

- Hospitalizations are stable. Today there were 23 hospitalizations and 7 in the ICU with COVID. We've heard from Meriter recently that the majority of their patients in the hospital were not Dane residents. Still awaiting a response from UW hospital on this.
- Averaging people hospitalized with COVID: 23.7 (last week it was 21.7); for ICU: 8.6 in ICU with COVID (last week it was 8.4)

### Trends

- Cases in children remain very low: average of less than one case per day in 0-4, 5-7, 8-11, and 12-17 age groups.

#### Comparisons

- Dane: 2.9 cases per 100,000 per day
- WI: 3.2 cases per 100,000 per day
- USA: 10.7 cases per 100,000 per day

#### [Vaccination](#)

- 707,516 doses administered to Dane County residents
- 69.6% of our county population now has at least one dose
- 80.2% of our *eligible* (12+ population) now has at least one dose
- 78.5% of adults 18+ have a completed series

#### Variants

- Delta variant prevalence is on the rise, in [Dane County](#) and [Wisconsin](#).

### PHMDC Updates

New this week: Delta Variant [Blog Post](#)

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Friday 7/23: WisCares Vet Clinic, 9 am-12 pm
- Friday 7/23: Cambridge Concerts in the Park, 4-8 pm
- Friday 7/23: Second Harvest Food Pantry in Marshall, 2-5 pm
- Saturday 7/24: First Congregational Church of Christ, 10 am-2 pm
- Sunday 7/25: Mt Zion Baptist Church, 11 am-1 pm
- Monday 7/26: Mercado Marimar, 11 am-1 pm
- Tuesday 7/27: Sun Prairie Library, 11 am-6 pm
- Tuesday 7/27: Luke House, 11 am-1 pm
- Wednesday 7/28: Catholic Multicultural Center, 5-7 pm
- Thursday 7/29: Catholic Multicultural Center, 5-7 pm
- Vaccination appointments and walk-ins are also available at multiple public health clinic locations. [Please see our website](#) for details.

You can find details and see a map of all upcoming public clinics on the [Public Health website](#).

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

### DHS/DPI Update

- The Department of Public Instruction is awaiting revision of the Department of Health Services guidance before publishing new infection control and mitigation recommendations for the 2021/2022 school year.
- The Department of Health Services is in the process of reviewing and updating the DHS school outbreak guidance to be in alignment with CDC's [current](#) recommendations. A webinar to discuss the DHS guidance once it is updated and published is in the planning stages. Such a webinar is tentative for the first week in August. More information will be shared once guidance is published.

### American Academy of Pediatrics Update

- The American Academy of Pediatrics (AAP) has released updated interim guidance for [COVID-19 Guidance for Safe Schools](#). The AAP has also released revised [camp guidance](#). As you may have heard discussed in the media the AAP guidance differs from that of the CDC. In addition to vaccinations, the AAP recommends a layered approach to make school safe for all students, teachers and staff in the guidance [here](#). That includes a recommendation that everyone older than age 2 wear masks, regardless of vaccination status. The AAP also amplifies the Centers for Disease Control and Prevention's [recommendations](#) for building ventilation, testing, quarantining, cleaning and disinfection in the updated guidance.

Have a great weekend!

---

Hi all,

We are going to put out a news release on Monday that showcases our back to school guidance for the fall. We are looking for one or two of you who might be willing to field questions from the media should we get requests.

Any takers?

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

July 24, 2021  
LWWWI State Office Update

**LWV Door County Takes Local Study to**

## Next Level - Action & Public Policy Advocacy

[LWV DOOR COUNTY](#) recently completed a robust, 2 ½ year local study assessing Door County mental health and substance abuse resources. They wanted to learn how Door County addressed mental health and substance use and how their League could help citizens by improving upon available resources and through community education. To view an informative video on how they organized their study and to read the completed report, [click here](#) (scroll down near bottom of page).

They've since formed a Mental Health & Substance Use Advocacy Group with the goal of leveraging what they've learned to support and improve existing resources in Door County through public policy advocacy.

“This work is the flip side of the coin of democracy,” said study committee member Susan Kohout. “The election is only the first half of the story. If citizens ignore the second half of the process - advocating for issues and communicating with their elected representatives - they will not get the results they desire for their communities. It really is as simple as that.”

The Advocacy group is organized into a 14 member steering committee, subcommittees focused on specific types of action and a larger group of members and citizens interested in following the process while advising and participating as needed. The group's first work was to lobby state legislators with regard to the 2021-2023 Biennial state budget and monitoring activity at all levels of government. It is currently developing community presentations on various services available including Door County's new treatment court.

## **Wisconsin Public Education Network's Summer Summit on August 2, 2021**

Register now for the Wisconsin Public Education Network's 7th Annual Summer Summit at Sun Prairie High School on August 2, 2021. The theme of this year's Summer Summit is "Closing the Gaps" for Wisconsin students and their public schools. Special guests include Governor Tony Evers, State Superintendent of Public Instruction Jill Underly, Senator Tammy Baldwin, Dr. Gloria Ladson-Billings, and keynote speaker Keron Blair of the Alliance to Reclaim Our Schools, as well as over 40 other speakers representing an array of local, statewide, and national advocates and experts! All are welcome! [Click here to see the full schedule of sessions.](#)

To learn more and register: visit [WisconsinNetwork.org/Summit](https://WisconsinNetwork.org/Summit) and fill out the registration form on that page.

---

### **2021 LWVWI Issues Briefing Venue Announcement**

Please join us for the LWVWI's 2021 Issues Briefing on Saturday, October 30th! We'll be gathering in-person for the day-long, educational event at the [Hilton Garden Inn Madison/Sun Prairie](#), located off Hwy 151, between Madison and Sun Prairie (east of I90).

Program planning is underway, including an option for virtual attendance via online streaming. Please save the date and join us for our first hybrid event. Registration and lodging information will be available soon.

---

## 2021-22 LWVWI Board, Staff

### **2021 Strategic Planning Meeting**

The LWVWI Board and staff engaged in a productive, hybrid strategic planning session last weekend, July 16/17, at the cozy Rhinelander home of new state board president, Dorothy Skye of LWV Northwoods. The group completed a visioning exercise and then aligned strategic goals to fit the vision. Members of LWV Northwoods joined in for a social gathering Friday evening and everyone regained a sense of connectivity so missed during all of last year.

# END GERRYMANDERING

EVERY VOTE MUST COUNT

## Fair Maps Work Needed

Benjamin DePasquale, junior at Lawrence University has created a new podcast: The Gerrymandered State.

- [Episode 1: The History of Gerrymandering in Wisconsin](#) features Matt Rothschild, Exec Director at the Wisconsin Democracy Campaign.
- [Episode 2: The Ramifications of Gerrymandering in Wisconsin](#) - Ben talks with Outagamie County Board Supervisor Jerry Iverson, and Board Chair Jeff Nooyan.
- [Episode 3: What Citizens Can Do](#) Penny Bernard Schaber, 8th CD Fair Maps Team Leader and retired State Legislator, and Carlene Bechen, Organizing Director for the Fair Maps Coalition.

Listen and share!

The [People's Maps Commission Portal](#) is still open to submit maps through July 31st. Make sure your community of interest is represented.

---

# We're Hiring!

## Join Our Team as a Communications Manager

The League of Women Voters of Wisconsin is looking for someone to join our team as a Communications Manager! This individual directly contributes to the vitality and sustainability of the League of Women Voters of Wisconsin by developing and managing internal and external communications with local Leagues, partners and press contacts in Wisconsin and nationally. The person chosen will work closely with the Board and other staff to coordinate internal and external messaging in alignment with our strategic plan and overall organizational priorities including mission, strategic planning, and programming.

The Communications Manager will also be key in our advocacy for election protection, voter education, redistricting, judicial independence and infrastructure.

The full position description is available on our [website](#). Anyone interested can submit a cover letter and resume to [lwwwisconsin@lwwwi.org](mailto:lwwwisconsin@lwwwi.org).

---

# Invest in Wisconsin's Infrastructure

Join the League's advocacy and find more information at [lwvwi.org/study-on-wisconsins-infrastructure](http://lwvwi.org/study-on-wisconsins-infrastructure)

## Three Infrastructure Meetings Remaining - Register Now

Are you interested in learning more about the state of Wisconsin's infrastructure? The League of Women Voters of Wisconsin is hosting the next category meeting on **Stormwater and Dams on July 29**, from 3 to 5 p.m. You can register for the event [here](#).

A recording of our July 8 Inland Waterways and Ports Meeting has been uploaded to our [website](#) and to our [YouTube channel](#). Please view the webinar and share with your networks.

Both the League of Women Voters of Wisconsin and the ASCE - WI Section agree on the importance of a fully functioning and well-maintained Wisconsin infrastructure. Please call, write, email, text or visit our public officials and urge them to listen to this program and invest in Wisconsin's infrastructure. With additional investment, we can raise the grades for Wisconsin's infrastructure.

**There are three more category meetings scheduled in July and August. Visit our [website](#) to register and find more information on these upcoming webinars.**

Hello all,

Wanted to put the weekly meeting on everyone's schedules.

Randy Molina is inviting you to a scheduled Zoom meeting.

Topic: My Meeting

Time: Sep 10, 2020 12:00 PM Central Time (US and Canada)

Every week on Thu, until Dec 17, 2020, 15 occurrence(s)

Sep 10, 2020 12:00 PM

Sep 17, 2020 12:00 PM

Sep 24, 2020 12:00 PM

Oct 1, 2020 12:00 PM

Oct 8, 2020 12:00 PM

Oct 15, 2020 12:00 PM

Oct 22, 2020 12:00 PM

Oct 29, 2020 12:00 PM

Nov 5, 2020 12:00 PM

Nov 12, 2020 12:00 PM

Nov 19, 2020 12:00 PM

Nov 26, 2020 12:00 PM

Dec 3, 2020 12:00 PM

Dec 10, 2020 12:00 PM

Dec 17, 2020 12:00 PM

Please download and import the following iCalendar (.ics) files to your calendar system.

**Subject:** Fall 2021 Guidance for Dane County K-12 Schools  
**Date:** Monday, July 26, 2021 2:12:02 PM  
**Attachments:** [Fall 2021 Guidance for Dane County K-12 Schools .pdf](#)  
[image002.png](#)  
[image004.png](#)

Good afternoon all,  
I am excited to share with you the newly created Fall 2021 Guidance for Dane County K-12 Schools. We will be presenting this in a news release later this week, and will add this document to our website at that time.

Let me know if you have any questions.  
Thanks,  
**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)  
**Public Health Specialist | [Public Health Madison & Dane County](#)**

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Nutrition Data on Student Performance  
**Date:** Monday, July 26, 2021 2:27:21 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Julia, Shawn, and Rachel

Cedric Hodo- MMSD's Executive Director for Building Services reached out to Kaylee (C&I) to see if we had any data around the impact of nutrition on instruction/learning. I wanted to reach out to you all to see if you have any specific data.

I am going to explore Alliance for a Healthier Generation, Childrens of WI, and other resources, but wanted to see what information you all had as well.

Thank you for any small or larger piece of data you can provide!

Best,  
Ashley

---

Good afternoon child care partners,  
I am sharing with you the recently created Fall 2021 Guidance for Dane County K-12 Schools. We will be doing a news release later this week. Just sharing with you for reference.  
We don't plan to create a document like this for child care as we support the [CDC's Guidance for Operating Child Care](#).

Let me know if you have any questions.

**Subject:** Air samplers at MMSD

Hi everyone—

First, a big thank you to Siqi and Andrew for meeting with us a couple of weeks ago to discuss ways to use the TF air samplers in different settings to detect SARS-CoV-2. One topic that came up at that meeting was to possibly work with the local Madison Metropolitan School District (MMSD) to test out the samplers in school cafeterias. MMSD is the second largest school district in Wisconsin, with 52 schools. I spoke with MMSD staff and public health Madison last week, and they were all interested in learning more about the samplers and how they could be used. I am hoping to set up a meeting between Thermo, MMSD, and us to discuss the feasibility of such a project. Can you please let me know which of the following times in CST will work?

Wed, 28th — 10am to 3pm

Mon, 2nd — 10am to 2pm or 3pm

Tue, 3rd — 12 to 4pm

Wed, Aug 4 — 1 to 5pm

Please let me know.

Thanks,

Shelby

p.s. Andrew - could you please send this to your colleague Anjali? I think you wanted me to invite her, but I didn't have her contact info.

**Subject:** Partnership Update - Community Volunteers in MMSD buildings  
**Date:** Monday, July 26, 2021 4:24:51 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear partners,

I hope you are enjoying your summer and had a lovely weekend.

On July 22 MMSD released its [MMSD COVID-19 Safety Plan](#) for this upcoming school year. I have inserted below the press release for your reference. I know many of you have wondered about what this means for programming, and in particular whether partner staff and community volunteers are allowed in buildings.

For the start of the 2021-22 school year, community volunteers will not be allowed in MMSD buildings other than for health and safety purposes, and must follow our health and safety mitigation strategies. This means that for the majority of your programs no community volunteers are allowed; it will only be in exceptional circumstances.

For partner staff, only school based staff with ZZ numbers such as Elementary Schools of Hope Coordinators, Centro Hispano Coordinators, AVID Tutors, Achievement Connections Tutors, mental and behavioral health clinicians, those in intensive support roles, etc., may be allowed in school buildings, adhering to school and district policies, plans, requirements, and guidelines. If you have any questions as to where your programming falls, please do not hesitate to contact me or a member of my team.

MMSD leadership is still determining how long this will be the case, but for planning purposes, assume that you and your community volunteers must remain virtual until at least the middle of Semester One. Of course, if you want to determine that remaining virtual is best for your program staff and volunteers even if MMSD decides that external individuals are allowed in buildings, that is more than fine. We will continue to work with you to facilitate this potential arrangement. As our safety and security policies, processes and procedures are reviewed and updated, we will share them with you ASAP. As a reminder, all community volunteers that will be serving students must have a current and valid background check.

Student teachers and practicum students and any supervising staff are allowed in buildings as long as they follow our health and safety mitigation strategies.

Please do not hesitate to contact me should you have any questions.

Again, thank you for your partnership and support of our students.

All the best,

Bree

## **MMSD Releases COVID-19 Safety Plan for the Start of New School Year**

*Masks will be required inside buildings and not required for outdoor activities*

Madison — Today, the Madison Metropolitan School District shared with families its COVID-19 safety plan for the start of the 2021-2022 school year. The [MMSD COVID-19 Safety Plan](#) was developed in collaboration with Public Health Madison & Dane County, local and state health experts, and in alignment with Centers for Disease Control (CDC) guidelines.

Key universal practices in the [MMSD COVID-19 Safety Plan](#) include:

- Masks will be required for students and staff while inside school buildings and traveling on buses
- No masks required during outdoor activities or while eating or drinking
- Maintaining a minimum three feet of physical distancing (when possible) for all individuals
- Scheduled cleaning of district buildings throughout the day
- Following practices of proper [handwashing](#), [respiratory etiquette](#) and [monitoring symptoms](#)

“During in-person learning last spring, we followed the science (and the guidance) to ensure we kept students safe as they connected with friends, teachers, and staff,” said Superintendent Carlton D. Jenkins. “Together, we have made great progress, nevertheless now is not a time for complacency. We must continue to be diligent in following the guidance of health experts and practicing safety protocols in order to provide safe, healthy in-person learning environments.”

Madison Teachers Inc President Michael Jones added, “As a school community we have been successful in establishing the norms of following the science and implementing layered mitigation strategies to preserve maximum health and safety for everyone who enters an MMSD school. Due to emerging variants, keeping in place a multi-layered mitigation strategy, developed in our collaborative effort, is what is best for our students and families.”

The [MMSD COVID-19 Safety Plan](#) was developed in collaboration with state and local health experts, and in alignment with Centers for Disease Control (CDC) and the American Academy of Pediatrics (AAP). Health experts continue to recommend masks as an effective tool for schools to keep COVID-19 metrics down; allow students to be physically together; and provide opportunities for safe, engaging, and equitable in-person learning environments for students.

“There is a real temptation to feel, because we’ve improved, the pandemic is over and everyone is safe,” said Dr. Thomas Friedrich, Professor, Pathobiological Sciences, UW-Madison. “This notion is not true. What we can’t afford is to backslide now. We need to consider all the important things we are currently able to do that we previously couldn’t, due to the success of these interventions.”

“Where the rubber hits the road is on masking,” said Dr. Gregory P. DeMuri, Division of Pediatric Infectious Diseases, UW-Madison. “We mask so we can have a safe, productive school year; keep our schools open; and have sports and co-curriculars like band and all those great things our kids are doing now that they weren’t doing a year ago.”

The district informed families it will be providing additional safety information, in the upcoming days, around its plan for a full return to athletics and co-curriculars.

---

Hi Ashley,

Have you googled this topic? There's a vast body of research that speaks to the detriments that hunger has on learning and child development. There's an equally robust body of research that speaks to the benefits of nutrition and breakfast in particular in the educational space. I'd start [here](#).

**Subject:** Nutrition Data on Student Performance

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Julia, Shawn, and Rachel

Cedric Hodo- MMSD's Executive Director for Building Services reached out to Kaylee (C&I) to see if we had any data around the impact of nutrition on instruction/learning. I wanted to reach out to you all to see if you have any specific data.

I am going to explore Alliance for a Healthier Generation, Childrens of WI, and other resources, but wanted to see what information you all had as well.

Thank you for any small or larger piece of data you can provide!

Best,  
Ashley

**Subject:** Updated Fall 2021 Guidance for Dane County K-12 Schools in response to 7/27 CDC statement  
**Date:** Wednesday, July 28, 2021 8:33:54 AM  
**Attachments:** [image005.png](#)  
[image001.png](#)  
[image002.png](#)

Good morning all,

Apologies for the whiplash! In light of yesterday's CDC masking recommendation, PHMDC has released updated Fall 2021 Guidance for Dane County K-12 Schools. The major difference in this document (as compared to the one we released earlier this week) is that **we now recommend universal masking indoors for all teachers, students, and staff at school, regardless of vaccination status**. This guidance aligns with the American Academy of Pediatrics [recommendation](#).

The PHMDC news release is below, and our updated guidance can be found [here](#).

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

## **Public Health Issues New Mask Recommendations & K-12 School Guidelines**

### **Masks strongly encouraged for everyone in indoor spaces, including vaccinated**

For Immediate Release

Public Health Madison & Dane County is issuing new recommendations regarding the use of masks, in light of [new guidance from the CDC](#).

“The Delta variant is spreading quickly in our community, causing an increase in cases in Dane County,” said Janel Heinrich, Director of Public Health Madison & Dane County. “This is why we are strongly advising that everyone ages 2 and older, regardless of vaccination status, wear a mask in indoor public spaces, and at indoor private gatherings.”

[Delta](#) is now the dominant strain of the virus in Dane County. This variant can spread to unvaccinated people easier, making it harder to avoid. The [seven-day average](#) of daily confirmed new cases is 31.4, an increase from 7.6 just one month ago.

“These numbers serve as a reminder that this pandemic is not over and that COVID-19 still exists in our communities,” said Satya Rhodes-Conway, City of Madison Mayor. “We must continue to do what we can to protect ourselves and our loved ones, by getting vaccinated and taking simple steps like wearing a mask when needed.”

While Dane County is experiencing an upward trend when it comes to cases, currently considered at ‘moderate’ community transmission level, we are not currently in the mask recommendation threshold set by the CDC, which includes ‘substantial’ and ‘high’ transmission levels.

“We are taking these steps now in an effort to stay ahead of this curve,” said Dane County Executive Joe Parisi. “Being proactive will give our county the best chance of remaining at that lower transmission level and protecting people who are not vaccinated and the most vulnerable, including immunocompromised people, people over 65, and children under 12.”

The CDC’s masking recommendations also includes schools. Today, in collaboration with The UW Pediatric Medical Advisory Group, Public Health also released [guidance](#) for Dane County K-12 schools this fall to prevent the spread of COVID-19. The two top priorities being vaccination, if eligible, and to wear a mask indoors at schools, regardless of vaccination status.

“While the most effective way to prevent transmission of COVID-19 in schools is to get vaccinated, we hope schools use this guidance to operationalize mask wearing for all teachers, students, and staff at schools, regardless of vaccination status, knowing that using these strategies together have a greater impact than any one strategy on its own,” said Heinrich.

If you are experiencing COVID symptoms, even if you are vaccinated, stay home from work, school, and other activities and [get tested](#).

If you or someone you know is looking for options to [get vaccinated](#), schedule an appointment at one of our office locations or drop by one of our community pop-up clinics.

If you’re a business owner, ‘masks required’ signs are available on our [website](#).

**Subject:** Updated Fall 2021 Guidance for Dane County K-12 Schools in response to 7/27 CDC statement

**Date:** Wednesday, July 28, 2021 8:40:34 AM

**Attachments:** [image005.png](#)  
[image001.png](#)  
[image002.png](#)

Good morning child care partners,

Apologies for the whiplash! In light of yesterday's CDC indoor masking recommendation, PHMDC has released updated Fall 2021 Guidance for Dane County K-12 Schools. The major difference in this document (as compared to the one we released earlier this week) is that **we now recommend universal masking indoors for all teachers, students, and staff at school, regardless of vaccination status**. This guidance aligns with the American Academy of Pediatrics [recommendation](#), which states that anyone over 2 years of age be masked indoors at school. The PHMDC news release is below, and our updated guidance for schools can be found [here](#).

I am working on tailored communication and updated guidance for child cares, and will send it out shortly.

In the meantime, don't hesitate to reach out with any questions.

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

### **Public Health Issues New Mask Recommendations & K-12 School Guidelines**

#### **Masks strongly encouraged for everyone in indoor spaces, including vaccinated**

For Immediate Release

Public Health Madison & Dane County is issuing new recommendations regarding the use of masks, in light of [new guidance from the CDC](#).

“The Delta variant is spreading quickly in our community, causing an increase in cases in Dane County,” said Janel Heinrich, Director of Public Health Madison & Dane County. “This is why we are strongly advising that everyone ages 2 and older, regardless of vaccination status, wear a mask in indoor public spaces, and at indoor private gatherings.”

[Delta](#) is now the dominant strain of the virus in Dane County. This variant can spread to unvaccinated people easier, making it harder to avoid. The [seven-day average](#) of daily confirmed new cases is 31.4, an increase from 7.6 just one month ago.

“These numbers serve as a reminder that this pandemic is not over and that COVID-19 still exists in our communities,” said Satya Rhodes-Conway, City of Madison Mayor. “We must continue to do what we can to protect ourselves and our loved ones, by getting vaccinated and taking simple steps like wearing a mask when needed.”

While Dane County is experiencing an upward trend when it comes to cases, currently considered at ‘moderate’ community transmission level, we are not currently in the mask recommendation threshold set by the CDC, which includes ‘substantial’ and ‘high’ transmission levels.

“We are taking these steps now in an effort to stay ahead of this curve,” said Dane County Executive Joe Parisi. “Being proactive will give our county the best chance of remaining at that lower transmission level and protecting people who are not vaccinated and the most vulnerable, including immunocompromised people, people over 65, and children under 12.”

The CDC’s masking recommendations also includes schools. Today, in collaboration with The UW Pediatric Medical Advisory Group, Public Health also released [guidance](#) for Dane County K-12 schools this fall to prevent the spread of COVID-19. The two top priorities being vaccination, if eligible, and to wear a mask indoors at schools, regardless of vaccination status.

“While the most effective way to prevent transmission of COVID-19 in schools is to get vaccinated, we hope schools use this guidance to operationalize mask wearing for all teachers, students, and staff at schools, regardless of vaccination status, knowing that using these strategies together have a greater impact than any one strategy on its own,” said Heinrich.

If you are experiencing COVID symptoms, even if you are vaccinated, stay home from work, school, and other activities and [get tested](#).

If you or someone you know is looking for options to [get vaccinated](#), schedule an appointment at one of our office locations or drop by one of our community pop-up clinics.

If you’re a business owner, ‘masks required’ signs are available on our [website](#).

**Attachments:** [image001.png](#)

---

Dane Food Access Network members and friends,

By now you may have seen that Public Health Madison and Dane County is once again recommending masks for all indoor gatherings regardless of vaccine status. Please see our press release [here](#).

This change was made due to increased COVID-19 cases in Dane County and by following the science on breakthrough infections and spread of virus by vaccinated individuals. Vaccinated individuals remain at lower risks for symptoms, hospitalization, or death from COVID-19. However, the viral load in vaccinated individuals who do test positive for COVID-19 can be enough to spread the virus to other individuals in some cases.

It is worth noting that Dane County's extraordinary vaccination campaign has helped our community see a significantly slower increase than in other places. Currently the highest cases within the United States are in communities with lower vaccination rates such as in the Southeast part of the country. To be clear, there are not currently any mass gathering limits or business capacity restrictions. Volunteers and others in social service or "essential" businesses should still abide by a masking recommendations if they are able. Masking is not currently recommended in outdoor settings. If you have any questions, please do not hesitate to reach out, otherwise I will plan to discuss this on next week's DFAN call.

Masks Strongly Recommended signage: [here](#)

Hello,

I am on summer break until late August. If you need assistance, please contact [Mary Seidl](#) (Van Hise) or [Anne Gillespie](#) (Shorewood) in the meantime. I look forward to reconnecting with you in the fall semester!

Thank you,  
Rachael

**Subject:** FW: COVID Schools Weekly Check In - New calendar invite for resuming weekly calls

---

Hi all,

Apologies for any duplication. As mentioned on the call this morning, we are moving to a weekly meeting schedule again. Thanks!

-----Original Appointment-----

Hi MMSD,

One of our site investigators noticed that your return from quarantine guidance is misaligned with that of PHMDC and DHS. [HAN 23](#) has the quarantine language that we also use – negative test on day 6 would allow for a return on day 7.

Is there any chance you would consider changing this to be more aligned?

**Subject:** Misalignment of quarantine early release guidance on MMSD website?

Hello. I was looking at my school district email and saw this great webpage by MMSD, however it has an early release from quarantine that indicates release **if testing negative 5 or 6 days after exposure**. Knowing how much arguing with parents is possible, I was wondering if they might want to align this with us by removing the 5 days.

**From:** [Nathan Beck](#)  
**To:** [Beck, Nathan](#)  
**Subject:** MOST Conference 8/23-8/25  
**Date:** Thursday, July 29, 2021 3:00:34 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi all,

In collaboration with MSCR, Goodman Community Center, YMCA, Wisconsin Youth Company, and the City of Madison, you are officially **invited to the free MOST Conference for youth serving providers August 23rd-25th**. The 23rd and 24th are fully virtual and the 25th is in-person.

**8/23 is fully virtual and themed Social & Emotional Learning and Resilience.** There is no registration required and no capacity limits. Workshops are relevant for K-12 serving staff.

We have sessions from Journey Mental Health on the Impact of Stress and Trauma on Youth, Miranda Starr on Imagining Humanity Through Inclusion and SEL Teaching, sessions from Quinn Wilder and Jennifer Smith from Wisconsin Afterschool Network, and more. Find the schedule and links [HERE](#).

**8/24 is fully virtual and themed Race, Equity, & Social Justice.** There is no registration required and no capacity limits. Workshops are relevant for K-12 serving staff.

We have sessions from members of the Youth Development Executives of King County on Shifting Norms to Unpack and Undo Institutional Racism and sessions from Let's Empower, Advocate, and Do, Inc. (LEAD) on Power of Language: Diversity, Equity, and Inclusion Crash Course. Find the schedule and links [HERE](#).

**8/25 is IN PERSON! At the Madison Youth Arts Center at 1055 E Mifflin and it is themed PLAY** Registration is required and will be limited and most workshops are geared towards elementary serving providers.

Join us for fabulous presentations and plenty of opportunities to learn how to play together again. Sessions include: Storytelling with Comics by the Bubbler, Poetry and Teamwork by the city's Poet Laureate Angela Vasquez, Play and Arts Based Social Emotional Learning by Brianna Buhr and much more. Check out full session descriptions [HERE](#).

Due to the ongoing COVID situation, **Registration is required for 8/25 and will be limited. Please register [HERE](#) as soon as you can.** And note, that due to COVID, we will be sending more instructions to those who register. Things will be a bit different this year, including asking everyone to pre-register for each session they plan to attend, enforced

room capacity limits, less common space and quicker check-ins, and no key-note/welcome where everyone would be in the same indoor space at the same time. To keep everyone safe, we'll need your help, paying attention to emails and following instructions.... And if you aren't vaccinated yet, that'd be a great place to start!

Can't attend the conference, but still want to celebrate? **Join us after our conference on 8/25 from 3:45-5:00 on the Madison Youth Arts Center 4th floor Outdoor Balcony** as we recognize this year's MOST Outstanding youth workers and provide some Hors d'oeuvres.

Let me know what questions you have,

Nathan

Hi Rachel and Windy,  
Please provide feedback on the quarantine guidelines. Please reply all as Liz and Amy are from the Communications Department. My suggested edits are below.

#### Close Contacts

- ~~Anyone~~ Fully vaccinated or fully masked **close contacts** ~~and asymptomatic~~; does not need to quarantine
- ~~Unvaccinated~~; Unmasked close contacts - Quarantine ~~can be shortened to~~ **for a minimum of 7 days post last date of exposure** ~~as long as they have had no further contact to positive cases and are tested on day 5 or 6 after the last date of exposure and test is negative.~~

#### Symptomatic Student or Staff:

- If symptomatic, (irregardless of vaccine status or masking ~~vaccinated, mask or not~~) will need to be tested for Covid- if negative for Covid and symptoms are improving ~~as long as symptoms improve and~~ and no fever with no refer reducing meds in the previous 24 hours, ~~can also adopt shortened quarantine period if evidence of a negative test.~~ **return to work/school. If positive, isolate for 10 days from symptom start date.**
- If testing is declined, they will need to quarantine for a minimum of 10 days.

Here is the [PHMDC Guidance](#) release on 7/27/2021 - see the last page

Hi MMSD,

One of our site investigators noticed that your return from quarantine guidance is misaligned with that of PHMDC and DHS. [HAN 23](#) has the quarantine language that we also use – negative test on day 6 would allow for a return on day 7.

Is there any chance you would consider changing this to be more aligned?

**Subject:** Misalignment of quarantine early release guidance on MMSD website?

Hello. I was looking at my school district email and saw this great webpage by MMSD, however it has an early release from quarantine that indicates release **if testing negative 5 or 6 days after exposure**. Knowing how much arguing with parents is possible, I was wondering if they might want to align this with us by removing the 5 days.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi Rachel and Windy,

Please provide feedback on the quarantine guidelines. Please reply all as Liz and Amy are from the Communications Department. My suggested edits are below.

#### **Definition of a Close Contact**

An individual is considered a close contact if any of the following is true:

- Were within 6 feet of a positive person for more than 15 minutes total in a day
- Had physical contact with the person
- Had direct contact with the respiratory secretions of the person (i.e., from coughing, sneezing, contact with dirty tissue, shared drinking glass, food, or personal items).
- Lives with or stayed overnight for at least one night in a household with the person.

#### **If a person becomes a Close Contact**

Please see Public Health's [Exclusion Chart](#) for necessary quarantine and isolation procedures in the event that a person becomes a Close Contact.

#### **Instructions for Close Contacts who have been previously infected or are fully vaccinated**

- Close contacts who completed a COVID vaccine series two or more weeks before the exposure or were diagnosed with COVID in the 90 days before the exposure should be tested 3-5 days after exposure, and

should wear a mask in public indoor settings for 14 days or until they receive a negative test result.

#### **Close Contact Exception**

In the K-12 indoor classroom setting, the close contact definition excludes students who were within 3 to 6 feet of an infected student where:

- Both students were engaged in consistent and correct use of well-fitting masks; and
- Other K-12 school prevention strategies (such as universal and correct mask use, physical distancing, increased ventilation) were in place in the K-12 school setting.

The exception does not apply to teachers, staff, or other adults in the indoor classroom setting.

#### **Symptomatic Student or Staff:**

- If symptomatic, (regardless of vaccination or mask status) student or staff will need to be tested for Covid.
  - If the test is negative, students and staff may return to school if symptoms are improving and they are fever-free for 24 hours with no fever reducing medication.
  - If the test is positive, the student or staff must isolate for 10 days from symptoms start date.
- If testing is declined, they will need to quarantine for a minimum of 10 days from exposure.

Here is the [PHMDC Guidance](#) release on 7/27/2021 - see the last page

- Anyone fully vaccinated or fully masked and asymptomatic, does not need to quarantine.
- If symptomatic, (vaccinated, mask or not) will need to be tested for Covid- if negative for Covid as long as symptoms improve and no fever, can also adopt shortened quarantine period if evidence of a negative test.
- Unvaccinated, unmasked close contacts - Quarantine can be shortened to 7 days as long as they have had no further contact to positive cases and are tested on day 5 or 6 after last exposure and test is negative.
- If testing is declined, they will need to quarantine for a minimum of 10 days.

**Subject:** School Call Notes 7.29.21  
**Date:** Friday, July 30, 2021 9:41:26 AM  
**Attachments:** [image002.png](#)  
[image004.png](#)

---

Good morning all,

School call notes are [here](#) and below. I want to call special attention to our [data snapshot](#) this week. It provides some really good context regarding the Delta Variant and breakthrough infections in Dane County.

## Scientific update: Why did CDC change their mask guidance?

Masking guidance: scientific rationale behind the pivot

What the July 27 CDC recommendation says:

- Updated information for fully vaccinated people given new evidence on the B.1.617.2 (Delta) variant currently circulating in the United States.
- Added a recommendation for fully vaccinated people to wear a mask in public indoor settings in areas of [substantial or high transmission](#).
- Added information that fully vaccinated people might choose to wear a mask regardless of the level of transmission, particularly if they are immunocompromised or at [increased risk for severe disease](#) from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated.
- Added a recommendation for fully vaccinated people who have a known exposure to someone with suspected or confirmed COVID-19 to be tested 3-5 days after exposure, and to wear a mask in public indoor settings for 14 days or until they receive a negative test result.
- CDC recommends universal indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status

But Why?

- The science has changed.
- Before Delta, if you were vaccinated and got COVID, you were really unlikely to spread it to others.
- Now, virus has evolved and it seems that even vaccinated people who get the Delta variant are able to spread to others.
  - o Super spreader event on July 4 in Mass. Large number of people were infected, even though they were vaccinated. Researchers looked at viral load levels, and found that the levels were commensurate with unvaccinated viral load levels, which is an indication of transmissibility.
  - o Statement from CDC: "Preliminary evidence suggests that fully vaccinated people who do become infected with the Delta variant can spread the virus to others."

There is much more information about the Delta Variant in Dane County in this week's [data snapshot](#).

## Data Update

Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US.

- 7-day average: 35.7 cases per day. Last week's briefing, it was 16.
- 2.5% positivity – percentage of COVID tests that come back positive. Last week was 1.3%
- In the past two weeks, 56% of cases occurred outside the city of Madison

#### Hospitalizations

- Hospitalizations are stable. Today there were 17 hospitalizations and 8 in the ICU with COVID. Hospitals are reporting being stressed for capacity currently--**unrelated to COVID**.

#### Trends

- Cases in children remain very low but slowly increasing: average of 1.3 cases per day in 0-4, less than one in ages 5-7, 2.6 in ages 8-11 and 12-17 age groups.

#### Comparisons

- Dane: 6.5 cases per 100,000 per day
- WI: 6.8 cases per 100,000 per day
- USA: 17.1 cases per 100,000 per day

#### Vaccination

- 70% of our county population now has at least one dose
- 81% of our *eligible* (12+ population) now has at least one dose
- 79% of adults 18+ have a completed series

### Testing Updates

- Operating at less than half of our testing capacity. Rest of the testing network (partners working with and on behalf of PHMDC in pharmacies) also have a lot of untapped capacity.
- Adding pharmacies in Monroe, Mt. Horeb, and other surrounding areas.
- If you want more testing in your district, let me know.

### Vaccination Update

- Lots of unease in our community – people feeling like even though they get vaccinated, they aren't protected.
- Want to continue messaging that vaccines continue to prevent severe illness, hospitalization, and death, and we still need to keep promoting vaccine among those who are eligible.
- No indication for booster shots.
- No clear timeline for vaccines for children under 12.

### DHS/DPI Update

#### Joint Webinar for Public Health and School Stakeholders - Aug. 5 at 2 p.m.

The Department of Public Instruction (DPI) and the Department of Health Services (DHS) COVID-19 Response Team (CRT) invite you to a joint webinar for local public health and school stakeholders on Thursday, August 5, from 2-3 p.m.

This webinar is an opportunity to hear State experts discuss updates to CDC and DHS guidance for schools.

#### Presenters:

John Johnson, Deputy State Superintendent, DPI, *Opening Remarks*

Julie Willems Van Dijk, Deputy Secretary and State Health Officer, DHS, *Opening Remarks*

Ryan Westergaard, Chief Medical Officer, Bureau of Communicable Diseases, DHS

Louise Wilson, School Nurse Consultant, DPI

**When:** Thursday, August 5, 2021, 2:00-3:00 p.m.

[Please register in advance](#) of the webinar. A Zoom link and call-in information will be provided upon

registration. The webinar will be recorded and made available on the DHS website.

## PHMDC Updates

We recommend masking up in all indoor spaces, regardless of vaccination status. Gave the rationale for that previously. Masks Recommended signage can be found [here](#).

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Sunday 8/1: MFD by Holy Redeemer Church, 9 am -1 pm
- Sunday 8/1: Cambridge Winery, CamRock/Glacial Drumlin Trail Groundbreaking, 2:30-4:30 pm
- Monday 8/2: Mercado Merimar, 11-1 pm
- Thursday 8/5: Lussier Community Center, 2-4 pm (with African American Health Network)
- Thursday 8/5: BYAYA Teen Nights at Aldo Leopold Park, 4-8 pm

You can find details and see a map of all upcoming public clinics on the [Public Health website](#). We also have [regular vaccine hours](#) at our South Madison and East Washington offices.

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

## CDC Update

- CDC recommends that all teachers, students, and staff wear masks indoors for the fall 2021 school year, regardless of vaccination status
- Masking is required on school transportation for all people, regardless of vaccination status. Federal requirement.

Please note: This recommendation hasn't yet been added to CDC's communications, but we will send updated documents when they become public.

## Emergency Management

- PPE survey for schools will start up again. Carrie Meier will send email next week.

## Question & Answer

**Question: In the Spring, the distancing guidance changed from 6 feet to 3 feet. Are you able to give any explanation or share any data that explains the reason for this change?** Several [studies](#) from the 2020-2021 school year showed low COVID-19 transmission among students in schools that had less than 6' of physical distance when the school implemented and layered other prevention strategies, such as the use of masks. CDC is trying to get students back in school full time, and this data was justification enough to determine that decreasing spacing would not lead to a spike in in-school transmission as long as other mitigation strategies were employed.

**Question: Last year, anybody who came in the close contact and was wearing a mask had to quarantine. Now, the advice this year is that if you're wearing a mask and come in to close contact with somebody who has COVID, you do not have to quarantine. Can you explain this change and give any data that supports the change? It seems like masking is being equated to vaccination in terms of being able to stop the spread of COVID.** You are referring to the CDC's close contact exclusion, which applies in schools only for students who are universally masked. In other words, if two students come into contact fully masked and one later develops COVID, the other doesn't have to quarantine from school. They would still need to quarantine from extracurricular activities, and this exclusion doesn't apply to adults. This exclusion is an effort to get students back in school full time, and is a reflection of the effectiveness of mask use in the school

setting, especially when in combination with other prevention strategies. Many studies from the 2020-2021 school year helped to inform this decision.

**Question: Will you be changing your guidelines or mandating masks given the CDC call this week?**

Yes, PHMDC updated our guidance and now recommends universal masking in schools for all teachers, staff, and students, regardless of vaccination status.

**At what point do we move out of this if 100% of our population are vaccinated? If we can transmit the virus while vaccinated but likelihood of high risk of disease is extremely low, what does that mean operationally? When do we shift away from just case numbers?** The answer to that question hinges on the decisions we make as a society about vaccination. This makes the answer to this question impossible to predict. The less people we have infected, the less chance the virus has to evade the vaccinated individuals so vaccination remains our way out of the pandemic.

**Question: What are we hearing statewide in response to the AAP and CDC recommendations to universally mask in schools?** From Louise: Milwaukee and Madison seem to be leading the way with policies related to masking. All we can do is to put out the best recommendations based on science.

**Question: Dane has extremely high levels of vaccination but are also in the yellow zone. Can you explain that?** The fact that we have such high vaccination rates and are still in moderate transmission shows how quickly the Delta variant passes among the unvaccinated. Once disease enters our community, it is very difficult to control.

**Question: Can a school nurse check on a student's COVID vaccination status in WIR?** From Louise: Yes, school nurses can see the status but need to connect with legal team for further information. Louise suggests to school nurses that they ask parents to provide proof of vaccination when determining quarantine periods. Parents can provide the immunization card, a copy of the WIR, or give you permission to look it up in the WIR. If no permission is given or no proof obtained then treat the student as unvaccinated. Louise also recommends connecting with legal departments for further instructions.

COVID-19 is not a required vaccine for school entry or attendance per current Wisconsin school immunization statutes.

School districts are reminded to follow both federal and state student records and privacy laws. See <https://dpi.wi.gov/sspw/pupil-services/school-social-work/contents/confidentiality/student-records>

Thanks, and have a great weekend.

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Child Care Updates 7.30.21  
**Date:** Friday, July 30, 2021 9:48:48 AM  
**Attachments:** [image002.png](#)  
[image004.png](#)

---

Good morning all,

Child care updates for the week are below. I want to call special attention to our [data snapshot](#) this week. It provides some really good context regarding the Delta Variant and breakthrough infections in Dane County.

I'm finalizing the Fall 2021 Guidance for Dane County Child Care document, and hope to get it out on Monday 8/2. Sorry for the delay!

## Scientific update: Why did CDC change their mask guidance?

Masking guidance: scientific rationale behind the pivot

What the July 27 CDC recommendation says:

- Updated information for fully vaccinated people given new evidence on the B.1.617.2 (Delta) variant currently circulating in the United States.
- Added a recommendation for fully vaccinated people to wear a mask in public indoor settings in areas of [substantial or high transmission](#).
- Added information that fully vaccinated people might choose to wear a mask regardless of the level of transmission, particularly if they are immunocompromised or at [increased risk for severe disease](#) from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated.
- Added a recommendation for fully vaccinated people who have a known exposure to someone with suspected or confirmed COVID-19 to be tested 3-5 days after exposure, and to wear a mask in public indoor settings for 14 days or until they receive a negative test result.
- CDC recommends universal indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status

## But Why?

- The science has changed.
- Before Delta, if you were vaccinated and got COVID, you were really unlikely to spread it to others.
- Now, virus has evolved and it seems that even vaccinated people who get the Delta variant are able to spread to others.
  - o Super spreader event on July 4 in Mass. Large number of people were infected, even though they were vaccinated. Researchers looked at viral load levels, and found that the levels were commensurate with unvaccinated viral load levels, which is an indication of transmissibility.
  - o Statement from CDC: "Preliminary evidence suggests that fully vaccinated people who do become infected with the Delta variant can spread the virus to others."

There is much more information about the Delta Variant in Dane County in this week's [data snapshot](#).

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US.
- 7-day average: 35.7 cases per day. Last week's briefing, it was 16.
- 2.5% positivity – percentage of COVID tests that come back positive. Last week was 1.3%
- In the past two weeks, 56% of cases occurred outside the city of Madison

### Hospitalizations

- Hospitalizations are stable. Today there were 17 hospitalizations and 8 in the ICU with COVID. Hospitals are reporting being stressed for capacity currently--**unrelated to COVID**.

### Trends

- Cases in children remain very low but slowly increasing: average of 1.3 cases per day in 0-4, less than one in ages 5-7, 2.6 in ages 8-11 and 12-17 age groups.

### Comparisons

- Dane: 6.5 cases per 100,000 per day
- WI: 6.8 cases per 100,000 per day
- USA: 17.1 cases per 100,000 per day

### Vaccination

- 70% of our county population now has at least one dose
- 81% of our *eligible* (12+ population) now has at least one dose
- 79% of adults 18+ have a completed series

## Testing Updates

- Operating at less than half of our testing capacity. Rest of the testing network (partners working with and on behalf of PHMDC in pharmacies) also have a lot of untapped capacity.
- Adding pharmacies in Monroe, Mt. Horeb, and other surrounding areas.
- If you want more testing in your district, let me know.

## Vaccination Update

- Lots of unease in our community – people feeling like even though they get vaccinated, they aren't protected.
- Want to continue messaging that vaccines continue to prevent severe illness, hospitalization, and death, and we still need to keep promoting vaccine among those who are eligible.
- No indication for booster shots.
- No clear timeline for vaccines for children under 12.

## DCF Update

[Updated Recommendations on Mask Wearing and COVID-19 Guidance for Child Care Providers](#)

On July 26, the [Centers for Disease Control and Prevention](#) (CDC) issued a recommendation of indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status. The American Academy of Pediatrics (AAP) also recommends [universal masking in schools](#) and [continued masking for children ages 2 and up](#).

Masking prevention strategies remain important to mitigate the spread of COVID-19 and protect the health of younger children. To that end, we want to clarify the current guidance for programs serving younger children, outline the expected timeline and next steps, and update you on our approach during this transitional period.

**Guidance for programs serving younger children:** The vaccine is not yet approved for children 11 and under, so the CDC, AAP, and state health guidance **strongly recommends children and adults (regardless of vaccination status) in schools, child care programs and summer camps continue mask wearing and social distancing indoors.**

**Regulatory approach during the transition period:** DCF will focus on providing technical assistance to programs and supporting providers during this transition. To that end, there will be no enforcement actions around mask wearing moving forward.

Additionally, DCF has updated the mask wearing recommendations the [COVID-19 Frequently Asked Questions for Child Care Providers](#) on the DCF [COVID-19 Child Care Resources](#) webpages.

For the latest COVID-19 information and resources, please visit the [Department of Health Services \(DHS\)](#) website. Thank you for your continued leadership and dedication to keeping Wisconsin children, educators, and care providers safe during this unprecedented time.

## PHMDC Updates

We recommend masking up for everyone 2+ in all indoor spaces, regardless of vaccination status. Gave the rationale for that previously. Masks Recommended signage can be found [here](#).

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Sunday 8/1: MFD by Holy Redeemer Church, 9 am -1 pm
- Sunday 8/1: Cambridge Winery, CamRock/Glacial Drumlin Trail Groundbreaking, 2:30-4:30 pm
- Monday 8/2: Mercado Merimar, 11-1 pm
- Thursday 8/5: Lussier Community Center, 2-4 pm (with African American Health Network)
- Thursday 8/5: BYAYA Teen Nights at Aldo Leopold Park, 4-8 pm

You can find details and see a map of all upcoming public clinics on the [Public Health website](#). We also have [regular vaccine hours](#) at our South Madison and East Washington offices.

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

## CDC Update

- CDC recommends that all teachers, students, and staff wear masks indoors for the fall 2021 school year, regardless of vaccination status
- Masking is required on school transportation for all people, regardless of vaccination status. Federal requirement.

Please note: This recommendation hasn't yet been added to CDC's communications, but we will send updated documents when they become public.

## Question & Answer

**Question: Will you be changing your guidelines or mandating masks given the CDC call this week?**

Yes, PHMDC updated our guidance and now recommends universal masking in schools for all teachers, staff, and students, regardless of vaccination status.

**At what point do we move out of this if 100% of our population are vaccinated? If we can transmit the virus while vaccinated but likelihood of high risk of disease is extremely low, what does that mean operationally? When do we shift away from just case numbers?** The answer to that question hinges on the decisions we make as a society about vaccination. This makes the answer to this question impossible to predict. The less people we have infected, the less chance the virus has to evade the vaccinated individuals so vaccination remains our way out of the pandemic.

**Question: Dane has extremely high levels of vaccination but are also in the yellow zone. Can you explain that?** The fact that we have such high vaccination rates and are still in moderate transmission shows how quickly the Delta variant passes among the unvaccinated. Once disease enters our community, it is very difficult to control.

Thanks, and have a great weekend.

*Wisconsin's Infrastructure Needs You!*

**DRINKING WATER & WASTEWATER**  
Category Meeting

**AUGUST 5 | 3-5 PM**

Register for this event at

[bit.ly/LWVWIDrinkingWaterWastewater](https://bit.ly/LWVWIDrinkingWaterWastewater)

LEAGUE OF WOMEN VOTERS  
OF WISCONSIN

**Learn About Drinking Water & Wastewater Infrastructure in Wisconsin**

**Drinking Water and Wastewater both received grades of C- (between mediocre: requires attention and poor: at risk).**

Municipal water utilities have water quality issues, including lead, bacteria, nitrates, arsenic and radium. Both water and wastewater utilities have aging water treatment and distribution infrastructure. Wastewater utilities face challenges of growth, more intense storm events and new wastewater discharge regulations for compounds such as per- and polyfluoroalkyl substances (PFAS).

Authors will give 20-minute presentations and then begin a live question and answer conversation with panelists and the audience on how to raise the grades for drinking water

and wastewater.

**Presenters:**

**Carl Sutter**, Professional Engineer (P.E.), Director of the American Society of Civil Engineers - WI Section (ASCE-WI) will present on drinking water and **Jennifer Hurlebaus**, P.E., Wastewater Lead Author, will present on the wastewater portion of the ASCE-WI Section 2020 Infrastructure Report Card. **Justin Bilskemper**, P.E., is the Lead Author of the Drinking Water section.

**Panelists:**

- **Karen Dettmer**, Superintendent, Milwaukee Waterworks
- **Steven B. Elmore**, Bureau Director, Wisconsin Department of Natural Resources
- **Chanz Green**, City of Ashland Utility Manager for Water and Wastewater
- **Shyquetta McElroy**, Coalition on Lead Emergency (COLE), Parent's Lead
- **Denise Schmidt**, Administrator, Division of Water Utility Regulation and Analyses, Public Service Commission (PSC) of Wisconsin

Register for this event [here](#).

LWVWI will be hosting meetings on all categories of the [ASCE Infrastructure Report Card](#). Please continue to check our Events Calendar for new category meetings as we post them. You can view this [article](#) to see the series schedule.

For more information on each category meeting, please visit our [Events Calendar](#). If you have any questions, you can contact us at [lwwwisconsin@lwwwi.org](mailto:lwwwisconsin@lwwwi.org) or 608-256-0827.

**Subject:** Requesting PPE from Emergency Management  
**Date:** Friday, July 30, 2021 1:26:31 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

Hi child care partners,

Did you know that you can request free PPE from Dane County Emergency Management?

Website to do so is here: <https://em.countyofdane.com/ppe/requestform>

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Specialist/COVID-19 School & Child Care Liaison** | [Public Health Madison & Dane County](#)

210 Martin Luther King Jr. Blvd, Room 507, Madison, WI 53703

Phone: (608) 243-0137 | Cell: (608) 213-5745 | Fax: (608) 266-4858

**Subject:** Change to process for requesting PPE through Emergency Management (sorry!)  
**Date:** Friday, July 30, 2021 3:25:15 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

Hi all,

Apologies for the multiple messages.

I spoke with Emergency Management, and there's a bit of a different process for requesting PPE than the one previously stated. They would like you to fill out a survey to request PPE, which is due August 4 and will come through on August 9. If you already filled out the information on their website, we kindly request that you fill this one out instead.

<https://www.surveymonkey.com/r/9ZL8BRP>

Please only request PPE if you are in a tight spot and are unable to purchase some on your own.

Thank you for understanding, and have a great weekend!

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Great idea! We have a conference meeting on the 10th. I am thinking most will know by the end of that week. Would the 12th or 13th work? Or are you thinking something sooner?  
On Mon, Aug 2, 2021 at 10:10 AM Richard Henert <[rhert@deforestschools.org](mailto:rhert@deforestschools.org)> wrote:

Not sure if it is worth having a meeting or at least sharing some information among the Dane County group in regards to what guidelines your schools plan to follow for Fall Sports, Crowds, Bussing, Concessions, Team Meetings/Meals, etc..

Maybe Associate Director Dow can give some feedback through both a Dane County and WIAA lens?

DeForest will be making some updates to our school recommendations at next Monday's School Board meeting likely to emphasize masking and other guidance especially for things indoors...

Thanks,

Rick Henert, CAA M. Ed.

I was thinking that we may want to meet actually across conferences instead of just as a county as there is no public health order and consistency across conferences and working on best practices may be helpful. I think we could include PHMDC if specific orders or guidance was needed to be discussed with them. Should we look to schedule something next week for Badger, Big 8, Capital, Rock Valley, others potentially?

**Subject:** What to do in the event of a positive case at child care  
**Date:** Monday, August 2, 2021 11:54:42 AM  
**Attachments:** [image002.png](#)  
[image004.png](#)

---

Good morning child care providers!

I am fielding a lot of calls from child care providers with questions about positive case follow-up, so I wanted to send some friendly reminders.

First of all, here is what to do in the event of a positive case. Please read through this thoroughly before calling me.

## **Steps your child care site in Dane County should take if someone tests positive and was at your child care site while they were likely infectious:**

- If the child or staff member has a positive COVID-19 test, report the case to PHMDC through this [survey online](#) or by calling (608) 266-4821.
  - If the individual lives outside of Dane County, you should also call the local health department in the county where they live.
- Do not allow children or staff that test positive or are close contacts to come to the child care site.
  - The positive case must remain out of the facility for at least 10 days from the onset of symptoms AND at least 1 day (24 hours) have passed since the person has not had a fever without the use of fever-reducing medications and improvement in other symptoms. People who test positive do not need a negative test before returning.
  - The child care site should identify close contacts (see definition in next section below)

- at the child care site and inform the close contacts they were exposed and should [quarantine](#). You should exclude these individuals from the center and when the Public Health case/site investigator contacts your child care site, Public Health will provide a letter to give to families and staff members. The child care site will need to provide the names and other information for close contacts to public health.
- If the person who tested positive has symptoms, they are considered infectious two days prior to symptom onset. If the person who tested positive is asymptomatic, they are considered infectious two days prior to test date.
    - Siblings or household members of close contacts can still attend the child care site.
    - Close contacts of close contacts *do not* need to quarantine since they were not exposure to someone with COVID-19.
  - The child care site should remove everyone from these areas that the person who tested positive was in and clean those according to [CDC guidelines](#).
  - It is recommended that each child care site has a room or space separate from others where children or employees (if the employee cannot leave right away) who may have COVID-19 wait to be evaluated or for pick-up. Only essential employees and children assigned to the room should enter, everyone should sign in and out so that there is a record of the persons who entered the room, and the room should be disinfected several times throughout the day. Everyone should maintain physical distancing and employees should wear appropriate PPE. Children who are ill should be walked out of the building to their parent or guardian.

This and much more information can be found in the [Prepare for When Someone is Sick with COVID-19](#) document.

Secondly, we have updated our [Exclusion Chart](#) for child care and youth programming, and it is now live on our website. This will tell you everything you need to know about quarantining close contacts, and necessary testing requirements to get out of quarantine.

As always, feel free to reach out with any questions.

Thanks!

Hi Rachel,  
Was wondering if you know anything about the stipend that we were supposed to get at the end of July?

The banner is a blue rectangle with a white border. On the left is a green banner with the MSCR logo and the text "MADISON SCHOOL & COMMUNITY RECREATION". To the right are three circular images: a group on a boat, four children in green shirts and red helmets, and a child swimming in a pool.

## Updates on Mask Guidelines for 2021 Programs

### MSCR Mask Guideline Updates - effective August 2, 2021

MSCR has updated its guidelines regarding masks at MSCR programs and facilities, following consultation with MMSD senior leadership and MMSD's external panel of health experts. These updates are consistent with Public Health Madison & Dane County PHMDC) and CDC recommendations and take into account the decreased risk in vaccinated individuals and in outdoor settings.

Due to the surge of the Delta variant, masking is required indoors for all participants and staff in MMSD and MSCR facilities and programs regardless of vaccination status, effective immediately. The mask guidelines outlined below go into effect Monday, August 2, 2021.

## Indoor Programs

- Masks are required for every individual, age 3 years and older, in indoor programs or when inside any MSCR facility.

## Outdoor Guidelines

- Masks are recommended for participants and staff who are not vaccinated at all times. Physical distancing of at least 3 feet should be maintained at all times.

All MSCR programs follow health & safety practices to ensure a safe, positive experience that follows all current PHMDC guidelines and MMSD safety mitigation strategies. You can expect to see these safety measures in place at our programs and facilities to help keep everyone in our community safe.

## PARTICIPANT EXPECTATIONS

We need help from you, our customers and participants, to keep everyone safe. We request that everyone who enters an MSCR facility follows these guidelines:

- Wear a cloth face covering or mask into the facility. See current mask guidelines for outdoor programs above.
- Enter the building just before your start time and leave promptly at the end of the program.
- Wash hands or use hand sanitizer on entry into the building.
- Give other customers and staff at least 3 feet of space in rooms and common areas.
- Only registered participants may enter the building. School-age youth must be dropped off at the entrance.
  - Exception: Pre-school children may be escorted to their program room. Accompanying adult should then wait outside.
- All youth and preschool children will be escorted to the building entrance at the end of the program by staff.
- Come dressed for your program, changing facilities are not available. Continue to bring clean shoes to fitness studios.
- Bring a water bottle to class and leave food at home or in your vehicle.
- Observe indoor traffic patterns, exits and entrances may be different.
- Stay home if you are feeling sick or have any symptoms, even minor, of COVID-19, including: fever, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting or diarrhea.

MMSD & MSCR continually monitor public health recommendations and may adapt guidelines. Current guidelines are available at [mscr.org](https://www.mscr.org). If you have any questions, please call 608-204-3000, Monday to Friday, 8 am to 5 pm.

Thank you for your cooperation. We appreciate your support.

## **Updates on Mask Guidelines for 2021 Programs**

### **MSCR Mask Guideline Updates - effective August 2, 2021**

MSCR has updated its guidelines regarding masks at MSCR programs and facilities, following consultation with MMSD senior leadership and MMSD's external panel of health experts. These updates are consistent with Public Health Madison & Dane County (PHMDC) and CDC recommendations and take into account the decreased risk in vaccinated individuals and in outdoor settings.

Due to the surge of the Delta variant, masking is required indoors for all participants and staff in MMSD and MSCR facilities and programs regardless of vaccination status, effective immediately. The mask guidelines outlined below go into effect Monday, August 2, 2021.

#### **Indoor Programs**

- Masks are required for every individual, age 3 years and older, in indoor programs or when inside any MSCR facility.

#### **Outdoor Guidelines**

- Masks are recommended for participants and staff who are not vaccinated at all times. Physical distancing of at least 3 feet should be maintained at all times.

All MSCR programs follow health & safety practices to ensure a safe, positive experience that follows all current PHMDC guidelines and MMSD safety mitigation strategies. You can expect to see these safety measures in place at our programs and facilities to help keep everyone in our community safe.

## **PARTICIPANT EXPECTATIONS**

We need help from you, our customers and participants, to keep everyone safe. We request that everyone who enters an MSCR facility follows these guidelines:

- Wear a cloth face covering or mask into the facility. See current mask guidelines for outdoor programs above.
- Enter the building just before your start time and leave promptly at the end of the program.
- Wash hands or use hand sanitizer on entry into the building.
- Give other customers and staff at least 3 feet of space in rooms and common areas.
- Only registered participants may enter the building. School-age youth must be dropped off at the entrance.
  - Exception: Pre-school children may be escorted to their program room. Accompanying adult should then wait outside.
- All youth and preschool children will be escorted to the building entrance at the end of the program by staff.
- Come dressed for your program, changing facilities are not available. Continue to bring clean shoes to fitness studios.
- Bring a water bottle to class and leave food at home or in your vehicle.
- Observe indoor traffic patterns, exits and entrances may be different.
- Stay home if you are feeling sick or have any symptoms, even minor, of COVID-19, including: fever, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting or diarrhea.

MMSD & MSCR continually monitor public health recommendations and may adapt guidelines. Current guidelines are available at [mscr.org](https://www.msos.org/mscr). If you have any questions, please call 608-204-3000, Monday to Friday, 8 am to 5 pm.

Hello, and thank you for your message! I am out of the office and will return on Monday, August 9.

If you are a school calling with a question about a positive COVID case, please call our Acute Communicable Disease line at 608-266-4821.

If you are a child care and someone at your center has received a positive COVID test, please first report the case here: <https://survey.alchemer.com/s3/6077749/Child-Care-COVID-Reporting>. Someone will call you back as quickly as possible.

If you have COVID questions unrelated to positive cases in school or child care, please email Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Stay well,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**From:** [Goldberg, Rachel](#)  
**To:** [Dawn Sebranek](#)  
**Subject:** Automatic reply: Updated invitation: COVID Testing - MMSD / UW Researchers @ Every 2 weeks from 3:30pm to 4:30pm on Wednesday from Wed Jul 21 to Fri Dec 31 (CDT) (rgoldberg@publichealthmdc.com)  
**Date:** Wednesday, August 4, 2021 3:33:40 PM

---

Hello, and thank you for your message! I am out of the office and will return on Monday, August 9.

If you are a school calling with a question about a positive COVID case, please call our Acute Communicable Disease line at 608-266-4821.

If you are a child care and someone at your center has received a positive COVID test, please first report the case here: <https://survey.alchemer.com/s3/6077749/Child-Care-COVID-Reporting>. Someone will call you back as quickly as possible.

If you have COVID questions unrelated to positive cases in school or child care, please email Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Stay well,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Specialist** | [Public Health Madison & Dane County](#)

210 Martin Luther King Jr. Blvd, Room 507, Madison, WI 53703

Phone: (608) 243-0137 | Cell: (608) 213-5745 | Fax: (608) 266-4858

Hello, and thank you for your message! I am out of the office and will return on Monday, August 9.

If you are a school calling with a question about a positive COVID case, please call our Acute Communicable Disease line at 608-266-4821.

If you are a child care and someone at your center has received a positive COVID test, please first report the case here: <https://survey.alchemer.com/s3/6077749/Child-Care-COVID-Reporting>. Someone will call you back as quickly as possible.

If you have COVID questions unrelated to positive cases in school or child care, please email Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Stay well,

Hi Shawn,

Thank you so much for getting this organization started. I greatly appreciate all of you and your continued commitment to MMSD and School Wellness.

Based on the dates you shared above, here is the ones that work best for me. This may change as the 2021 SY starts and we get back to department team meetings, but would love to just start somewhere and adjust if needed.

Tuesday AMs: 11-12noon

Wednesday AMs: 9-10a

Wednesday PMs: 12-1p

Wednesday PMs: 1-2p

Thursday PMs: 1-2p

Thanks and once we establish the day and time of week. I can schedule the zoom meetings- I know at one point different organizations had various access to video platforms.

-Ashley

On Wed, Aug 4, 2021 at 2:02 PM Koval Shawn M <[SKoval@uwhealth.org](mailto:SKoval@uwhealth.org)> wrote:

Hi all,

I think we would all agree that setting a regular/recurring meeting for the upcoming school year would be a good idea, no?

Rachel: Ashley, Julia and I met earlier today and thought a bi-weekly meeting would be ideal - given the wellness policy is scheduled for an update this school year and many other potential projects/initiatives are on the horizon.

Since it's just us 4, I'm hoping to avoid a doodle for now. We discussed adding Windy or another one of the lead MMSD nurses once Ashley gets a chance to connect with them a bit more. So, we may have to adjust the time due to their schedules if/when they are added.

How about the following times for a recurring meeting starting the week of 8/16? Choose up to 3 that work for you, and please state if certain weeks of the month (1st, 2nd, 3rd, etc.) do or don't work well and we'll narrow things down!

Tuesday AMs: 8:30-9:30  
Tuesday AMs: 11-12noon  
Tuesday PMs: 3-4pm

Wednesday AMs: 9-10a  
Wednesday PMs: 12-1p  
Wednesday PMs: 1-2p

Thursday PMs: 1-2p  
Thursday PMs: 2-3p

I propose we start meeting the week of 8/16, but open to other thoughts.

Thanks and looking forward to the collaboration!

Shawn

LWWWI State Office Update

WE WORK  
EVERY DAY  
EVERY WEEK  
EVERY AUGUST  
FOR A HEALTHIER  
DEMOCRACY.

August is Civic Health Month

"Civic Health" is essential for a better Wisconsin. This month we celebrate Civic Health. LWVWI is a proud partner in the Civic Health of Wisconsin initiative dedicated to strengthening current civic health efforts around Wisconsin, to spur innovation and foster more connected and engaged communities. The initiative includes a steering committee and broader network of nonpartisan organizations involved in civic health efforts spanning democratic participation, volunteerism, and community connection, among other issues. We define "Civic Health" to mean individual and collective engagement for communities to define and address public problems and work toward conditions which allow all communities and Wisconsinites to truly thrive, and democracy in which all can participate. For more information see [Wisconsin's first Civic Health report](#).

Civic Health Month is a nationwide initiative, learn more about how you can get involved [here](#).

# END GERRYMANDERING

**EVERY VOTE MUST COUNT**

Where Are Wisconsin's Fair Maps?  
A League of Women Voters of Dane County  
Virtual Public Issues Forum

## September 1, 2021, 7:00 PM - 8:15 PM via Zoom

Please join the League of Women Voters of Dane County on Wednesday, September 1, 2021, to examine the path to fair voting districts for all of Wisconsin.

**Doug Poland**, of Law Forward will present a brief description of legislation for the nonpartisan redistricting process, an analysis of current legal maneuvers and projections of future legal maneuvers regarding gerrymandering, and highlight what Wisconsin citizens can do to support fair maps. Blanchardville resident **Kriss Marion**, homestead farmer, and county supervisor in southwestern Wisconsin, will bring the audience up to speed on how gerrymandering is adversely affecting farmers in rural areas, and **Matt Rothchild**, executive director of the Wisconsin Democracy Campaign, a nonprofit, nonpartisan watchdog organization that tracks and exposes money in politics in Wisconsin, will address the financial effects of gerrymandering on Wisconsin citizens as a whole. **Joy Cardin**, League member and former Wisconsin Public Radio host, will moderate this event.

The event is free and open to the public but registration is necessary. You can register [here](#).

## 2021 National Voter Registration Day

Voting is a shared American freedom, but to exercise this basic right, we must be registered to vote! That's why LWVWI is a proud partner and supporter of National Voter Registration Day (9/28). And you can be part of this amazing day too!

**Become a Partner:** We encourage local Leagues, our partner organizations, and individuals to join the celebration by becoming a partner of National Voter Registration Day again this year. National Voter Registration Day organizers have put together a collection of resources for partners to help organize events and activities leading up to National Voter Registration Day. With this year's holiday coming September 28, they want to make sure you have everything you need to make it a success! [Learn more.](#)

**Make Sure You're Registered Vote:** Just go to [myvote.wi.gov](https://myvote.wi.gov) - It's simple, it's free, and it's secure. Then ask 3 friends to check their voter registration.

**NATIONAL DISABILITY  
VOTER REGISTRATION WEEK  
SEPTEMBER 13-20, 2021**

**AN AAPD REV UP INITIATIVE**  
[www.aapd.com/ndvrw](http://www.aapd.com/ndvrw)

## **National Disability Voter Registration Week September 13-20, 2021**

LWVWI is a proud member of the [Wisconsin Disability Vote Coalition](#), a non-partisan effort to help ensure full participation in the entire electoral process of voters with disabilities.

This year we are partnering with the Wisconsin Disability Vote Coalition to celebrate National Disability Voter Registration Week to increase the political power of people with disabilities by sharing resources and getting folks registered to vote. Join us and help to continue raising the disability voice and civic participation across Wisconsin in 2021 and beyond!

### **How to Get Involved with National Disability Voter Registration Week -**

- Host a Voter Registration or Voter Education Event
- Share National Disability Voter Registration Week info on Social Media
- Write letters to the editor or Op-Eds and engage local radio or TV stations on the growing efforts by the disability community.
- Ask your Mayor, City Council, or County Board to issue a proclamation declaring September 13-17 & 20, 2021, National Disability Voter Registration Week. [Find a draft Proclamation here](#)

[Learn more.](#)

# Invest in Wisconsin's Infrastructure

Join the League's advocacy and find more information at [lwvwi.org/study-on-wisconsins-infrastructure](http://lwvwi.org/study-on-wisconsins-infrastructure)

## Only One Infrastructure Meeting Remaining - Register Now

Are you interested in learning more about the state of Wisconsin's infrastructure? The League of Women Voters of Wisconsin is hosting our last category meeting on **Hazardous Waste and Solid Waste on August 19**, from 3 to 5 p.m. You can register for the event [here](#).

A recording of our July 29 Stormwater and Dams Meeting and the August 5 Drinking Water and Wastewater Meeting have been uploaded to our [website](#) and to our [YouTube channel](#). Please view the webinars and share with your networks.

Both the League of Women Voters of Wisconsin and the ASCE - WI Section agree on the importance of a fully functioning and well-maintained Wisconsin infrastructure. Please call, write, email, text or visit our public officials and urge them to listen to these programs and invest in Wisconsin's infrastructure. With additional investment, we can raise the grades for Wisconsin's infrastructure.

**There is one more category meeting scheduled on August 19. Visit our [website](#) to register and find more information on this upcoming webinar.**

---

**Empowering Voters. Defending Democracy.**  
Contribute now to ensure the League is a strong force in Wisconsin.

Hello, and thank you for your message! I am out of the office and will return on Monday, August 9.

If you are a school calling with a question about a positive COVID case, please call our Acute Communicable Disease line at 608-266-4821.

If you are a child care and someone at your center has received a positive COVID test, please first report the case here: <https://survey.alchemer.com/s3/6077749/Child-Care-COVID-Reporting>. Someone will call you back as quickly as possible.

If you have COVID questions unrelated to positive cases in school or child care, please email Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Stay well,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Hi Rachel,  
I hope you had a great vacation!

Two quick document questions:

1. Is the "[What to do if your Employee is Sick or Was Possibly Exposed](#)" one of the documents being updated? Just curious, I am working on updating our Google Site for Health Services staff and this was a document referenced previously.

2. Is PHMDC coming out with a new version of close contact letters? If so, I will hold...if not, then Kari and I need to edit our current letter and will run it by you for approval.

Thanks,  
Dawn

Hi Bonnie,

Are we working on updating the "What to do if your Employee is Sick or Was Possibly Exposed" document?

Dawn, in response to your second question, I am working on updating the letters as we speak and hope to have them shareable sometime this week.

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

---

Good evening all,

It's a weird time to be sending school call updates, but so much happened last week while I was away that I thought it important to send retroactively.

Updates from last week are [here](#) and below.

We will host a school call on Thursday morning (I promise to show up this time!), and I'm here to answer questions in the meantime.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US, with pockets also in the southwestern US.
- 7-day average: 69.7 cases per day. Last week's briefing, it was 35.7.
- 3.8% positivity (last week was 2.5%)
- In the past two weeks, 56% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 1,406 tests per day county-wide; this week it is 1,845.

### Hospitalizations

- Hospitalizations are stable. Today there were 35 hospitalizations and 6 in the ICU with COVID. Hospitals are reporting being stressed for capacity currently--**unrelated to COVID**.
- Averaging people hospitalized with COVID: 27.4 (last week it was 22.7); for ICU: 6.4 in ICU with COVID (last week it was also 6.4)

### Trends

- Cases in children remain very low but are slowly increasing: average of 1.9 cases per day in 0-4, 1.6 cases in ages 5-7, 2.7 cases in ages 8-11, and 2.3 cases in the 12-17 age group.

### Comparisons

- Dane: 12.8 cases per 100,000 per day
- WI: 15.3 cases per 100,000 per day
- USA: 25.4 cases per 100,000 per day

## Vaccination

- 715,329 doses administered to Dane County residents
- 70.4% of our county population now has at least one dose
- 81% of our *eligible* (12+ population) now has at least one dose
- 79.1% of adults 18+ have a completed series

## Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 85% of cases in July that have been sequenced have been the Delta variant.

## DHS/DPI Update

### [DHS COVID-19 K-12 Testing Program Communications Tool Kit](#) is now published

#### School Immunization Compliance Results from the Previous School Year are Available Online

- Schools and districts should review their compliance results from the previous school year using the links below. Public school districts and private schools with less than 99.00% of students in compliance during the previous school year are required to exclude non-compliant students during this coming school year. There has been an increase in children who were reported as “behind schedule” and this indicates the need to ensure children are being immunized and will be up-to-date for the start of the school year. The good news is that the majority of children continue to be protected and are vaccinated.
  - View [public district](#) compliance results for 2020–2021

#### DPI updated its [Infection Control and Mitigation Measures for Schools](#)

#### DHS updated its [Guidelines for Prevention, Investigation, and Control of COVID-19 Outbreaks in Schools](#)

#### DHS talking points:

- The [Guidelines for the Prevention, Investigation, and Control of COVID-19 Outbreaks in K-12 Schools in Wisconsin](#) serve as a resource for local and tribal health departments as they work with school administrators to help prevent and control COVID-19 outbreaks in schools, and make decisions about implementing layered prevention strategies.
- The guidance outlined in this resource has been updated based on new K-12 prevention recommendations from CDC, following a nationwide increase of COVID-19 cases and the highly contagious Delta variant.
- DHS urges all schools and school districts to follow this guidance and recommendations to ensure the health and safety of students, teachers, and school staff, as well as the broader community.
- DHS is releasing this updated guidance and recommendations at a critical moment when Wisconsin is experiencing a steady increase of COVID-19 cases.
- This increase is driven by the highly infectious Delta variant, which is now widespread in all parts of Wisconsin, as it is across the country.
- As the spread increases, so does the risk that new, potentially more dangerous variants will develop. That is why state health officials are urging all eligible Wisconsinites to get the COVID-19 vaccine and to [follow current best health practices](#) such as wearing a mask in public indoor spaces and staying home when sick. These measures will help stop the spread of the virus across our state.
- While getting vaccinated remains the very best way to stop the spread of this deadly virus, we also need to have multiple layers of protection, particularly to protect those who are too young to get the vaccine as well as those with compromised immune systems.
- The specific layered prevention strategies a school may implement will vary based on a number of factors including local policies and regulations. The updated guidance provides school administrators and local and tribal health departments with factors to consider when deciding to implement or remove prevention strategies in schools. These factors include:
  - [Levels of community transmission](#) of COVID-19
  - [COVID-19 vaccination coverage](#)
  - Frequency and results of screening testing for students, teachers, and staff
  - COVID-19 outbreaks or increasing trends in the school or community
- [Masks](#) are [required on school buses](#) and recommended in schools for all staff, students, and visitors, regardless of vaccination status.
- Masks are recommended because they form a barrier to help prevent respiratory droplets from traveling into the air and being inhaled or deposited in the nose or mouth of other people. Respiratory droplets are released when someone coughs, sneezes, talks, or breathes, which is

- why consistently and correctly wearing a mask is important.
- The Delta variant is highly transmissible, and adding another layer of protection on top of vaccination is needed to stop the spread.
  - Open and ongoing communication with staff, students, parents, and other community members will be essential to maintaining safe and healthy school environments for the 2021-2022 school year.

### PHMDC Updates

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Friday 8/6: Utica Fest (Cambridge), 5-7 pm
- Friday 8/6: Heritage Elementary School (Waunakee), 3-6 pm
- Friday 8/6: Belleville Community Picnic, 4-7 pm
- Saturday 8/7: Utica Fest, 12-4 pm
- Saturday 8/7: PEBOGA Artist Showcase at Labor Temple on Park St, 3-7 pm
- Saturday 8/7: Belleville Community Picnic, 10-3 pm
- Sunday 8/8: Belleville Community Picnic, 10-1 pm
- Monday 8/9: Mercado Marimar, 11-1 pm
- Tuesday 8/10: Luke House, 11-1 pm
- Wednesday 8/11: WisCares Vet Clinic, 12-3 pm

You can find details and see a map of all upcoming public clinics on the [Public Health website](#). We also have [regular vaccine hours](#) at our South Madison and East Washington offices.

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

This week, we put out a blog post about the [latest guidance from public health](#) as a refresher for anyone who may have missed recent updates. Please feel free to share with constituents if it is helpful.

### UW Pediatrics Update

FOR IMMEDIATE RELEASE **CONTACT:** Emily Kumlien

August 9, 2021 (608) 516-9154

[ekumlien@uwhealth.org](mailto:ekumlien@uwhealth.org)

#### UW Health pediatrician busts myths about kids and COVID-19

**MADISON, Wis.** – Misinformation has been an issue since the beginning of the pandemic, so UW Health pediatricians are correcting some of the most common and harmful myths around kids and COVID-19 to ensure everyone – from teachers to parents to school administrators – can making informed decisions for school safety.

The data below comes from the Centers of Disease Control and American Academy of Pediatrics.

**Myth #1:** Kids don't get seriously sick from COVID-19. It is not worse than the flu.

**FALSE.** Kids can get and transmit COVID-19, including severe cases.

- Children can still get very sick and even be hospitalized. Some children are at higher risk of COVID-19 due to medical conditions.
- While children do not die from the virus at the same rate as adults, they can still die from COVID-19. In fact, children die from this virus at rates similar to other diseases for which children are vaccinated or kept out of school.
- Children can also transmit the virus to others, which is especially dangerous for families that include someone who is immunocompromised.
- As of July 2021, more than 4,000 children with COVID-19 developed multisystem inflammatory syndrome. More than 340 children have died from COVID-19 in the United States.
- Some children develop long-term symptoms and other complications due to infection. Researchers are just beginning to understand the impacts of even mild COVID-19 infections on children.

**Myth #2:** Masks don't work.

**FALSE.** Studies have shown that universal masking has been an incredibly effective tool for controlling the spread of COVID-19 in schools.

- Universal masking can allow schools to largely operate normally.
- Distancing can be reduced in the classroom or on the bus when everyone is masked.
- If children are exposed to COVID-19 in a fully masked environment, they do not need to quarantine.
- Most children can mask successfully; a few children with special needs may need accommodations if they are unable to consistently mask.

**Myth #3:** Vaccines for teens were rushed and are not safe.

**False.** Vaccines are extremely effective and have been extensively tested to show they are safe.

- As of July 2021, more than two billion people have received at least one dose of a COVID-19 vaccine and more than a billion people are fully vaccinated worldwide.
- Side effects are extremely rare.
- All vaccines that are approved for children and teens go through the same testing and review as those developed for adults.

- The FDA is continuously monitoring for unusual side effects even after vaccines are authorized. All reports are taken seriously and investigated thoroughly.
- Studies of COVID-19 vaccines in children <12 years of age are ongoing, but approval will not occur until there is sufficient data that proves they are safe and effective.

**Myth #4** Masks can be dangerous to kids (e.g., masks restrict air flow, cause CO2 poisoning). **FALSE.** Masks are made of breathable material that does not block oxygen or trap CO2.

- Mask are designed to reduce respiratory droplets that may contain COVID-19, either from the wearer or to protect the wearer from others.
- Oxygen and CO2 molecules are so small, they can flow through and around the mask.
- Children under the age of two, those with special needs, cognitive impairments or severe breathing problems should not wear a mask for their safety and caregivers should consult their pediatrician for guidance on COVID-19 prevention.

A recorded interview with Dr. Gregory DeMuri, pediatric infectious diseases specialist, UW Health, and professor of pediatrics at University of Wisconsin School of Medicine and Public Health is available or we have limited availability for zooms.

#### **CDC Update**

I've gotten a number of questions about fully vaccinated quarantine recommendations, and the close contact quarantine exception for K-12 settings, so I want to clarify. The Close Contact Quarantine Exception is only for students in the K-12 indoor classroom setting where both students correctly and consistently wore well-fitting masks the entire time. This exception does not apply for child care settings, or for adults in the classroom. It also does not apply for extracurricular activities.

## Close Contact

**Close Contact through Proximity and Duration of Exposure:** Someone who was within [6 feet of an infected person](#) (laboratory-confirmed or a [clinically compatible illness](#)) for a cumulative total of 15 minutes or more over a 24-hour period (for example, *three individual 5-minute exposures for a total of 15 minutes*). An infected person can spread SARS-CoV-2 starting from 2 days before they have any symptoms (or, for asymptomatic patients, 2 days before the positive specimen collection date), until they meet criteria for [discontinuing home isolation](#).

- **Exception:** In the K-12 indoor classroom setting, the close contact definition excludes students who were within 3 to 6 feet of an infected student (laboratory-confirmed or a clinically compatible illness) if both the infected student and the exposed student(s) correctly and consistently wore well-fitting masks the entire time.

This exception does not apply to teachers, staff, or other adults in the indoor classroom setting.

### **Public Health Recommendations:**

Except in certain circumstances, people who have been in close contact with someone who has COVID-19 should [quarantine](#). However, the following people with recent exposure may NOT need to quarantine:

- People who have been [fully vaccinated](#)
- People who were [previously diagnosed with COVID-19](#) within the last three months

### **Additional Information:**

A number of factors can influence a person's risk of exposure to COVID-19, including the [type, proximity, and duration of their exposure](#), environmental factors (such as [crowding](#) and ventilation), [vaccination status](#), [prior COVID-19 infection](#), and [mask use](#).

[Correct](#) and consistent [mask use](#) is a critical step that people can take to protect themselves and others from COVID-19. However, the [type of masks used](#) and whether they are used consistently and correctly varies throughout the general population. Except in K-12 indoor classroom settings as described above, mask use is not considered when defining a close contact during case investigation and contact tracing, regardless of whether the person diagnosed with COVID-19 or the person exposed to SARS-CoV-2 was wearing a mask. (Note: Exposure risk in the healthcare setting is determined separately and outlined in [CDC guidance](#)).

Fully vaccinated individuals who become close contacts to someone with COVID-19 should get tested 3-5 days after their exposure, even if they don't have symptoms. They should also wear a mask indoors in public for 14 days following exposure or until their test result is negative. They should isolate for 10 days if their test result is positive. This information can be found on the updated [CDC website](#) for fully vaccinated individuals.

Thanks,

**Subject:** Child Care Updates 8.5.21  
**Date:** Monday, August 9, 2021 8:07:24 PM  
**Attachments:** [image001.png](#)  
[image003.png](#)  
[image004.png](#)

---

Good evening all,

It's a weird time to be sending child care updates, but so much happened last week while I was away that I thought it important to send retroactively. I'll send updates for this week on Thursday or Friday.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US, with pockets also in the southwestern US.
- 7-day average: 69.7 cases per day. Last week's briefing, it was 35.7.
- 3.8% positivity (last week was 2.5%)
- In the past two weeks, 56% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 1,406 tests per day county-wide; this week it is 1,845.

### Hospitalizations

- Hospitalizations are stable. Today there were 35 hospitalizations and 6 in the ICU with COVID. Hospitals are reporting being stressed for capacity currently--**unrelated to COVID**.
- Averaging people hospitalized with COVID: 27.4 (last week it was 22.7); for ICU: 6.4 in ICU with COVID (last week it was also 6.4)

### Trends

- Cases in children remain very low but are slowly increasing: average of 1.9 cases per day in 0-4, 1.6 cases in ages 5-7, 2.7 cases in ages 8-11, and 2.3 cases in the 12-17 age group.

## Comparisons

- Dane: 12.8 cases per 100,000 per day
- WI: 15.3 cases per 100,000 per day
- USA: 25.4 cases per 100,000 per day

## Vaccination

- 715,329 doses administered to Dane County residents
- 70.4% of our county population now has at least one dose
- 81% of our *eligible* (12+ population) now has at least one dose
- 79.1% of adults 18+ have a completed series

## Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 85% of cases in July that have been sequenced have been the Delta variant.

## DCF Update

### Reminder: Updated Recommendations on Mask Wearing and COVID-19 Guidance for Child Care Providers

On July 26, the [Centers for Disease Control and Prevention](#) (CDC) issued a recommendation of indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status. The American Academy of Pediatrics (AAP) also recommends [universal masking in schools](#) and [continued masking for children ages 2 and up](#).

Masking prevention strategies remain important to mitigate the spread of COVID-19 and protect the health of younger children. To that end, we want to clarify the current guidance for programs serving younger children, outline the expected timeline and next steps, and update you on our approach during this transitional period.

**Guidance for programs serving younger children:** The vaccine is not yet approved for children 11 and under, so the CDC, AAP, and state health guidance **strongly recommends children and adults (regardless of vaccination status) in schools, child care programs and summer camps continue mask wearing and social distancing indoors.**

**Regulatory approach during the transition period:** DCF will focus on providing technical assistance to programs and supporting providers during this transition. To that end, there will be no enforcement actions around mask wearing moving forward.

Additionally, DCF has updated the mask wearing recommendations the [COVID-19 Frequently Asked Questions for Child Care Providers](#) on the DCF [COVID-19 Child Care Resources](#) webpages.

**For the latest COVID-19 information and resources**, please visit the [Department of Health Services \(DHS\)](#) website. Thank you for your continued leadership and dedication to keeping Wisconsin children, educators, and care providers safe during this unprecedented time.

## PHMDC Updates

We added the long awaited [Fall 2021 Guidance for Dane County Child Care Programs](#) document to our website!

Upcoming, public-facing COVID-19 mobile vaccine clinics, as organized by Public Health Madison & Dane County:

- Friday 8/6: Utica Fest (Cambridge), 5-7 pm
- Friday 8/6: Heritage Elementary School (Waunakee), 3-6 pm
- Friday 8/6: Belleville Community Picnic, 4-7 pm
- Saturday 8/7: Utica Fest, 12-4 pm

- Saturday 8/7: PEOGA Artist Showcase at Labor Temple on Park St, 3-7 pm
- Saturday 8/7: Belleville Community Picnic, 10-3 pm
- Sunday 8/8: Belleville Community Picnic, 10-1 pm
- Monday 8/9: Mercado Marimar, 11-1 pm
- Tuesday 8/10: Luke House, 11-1 pm
- Wednesday 8/11: WisCares Vet Clinic, 12-3 pm

You can find details and see a map of all upcoming public clinics on the [Public Health website](#). We also have [regular vaccine hours](#) at our South Madison and East Washington offices.

Public Health Madison & Dane County's COVID-19 Data Snapshot is released every Thursday. You can read our [weekly blog post](#) for a summary of the week's data.

For a weekly summary of talking points around COVID-19 in Dane County, please check out our [hot topics document in our Google Drive](#).

This week, we put out a blog post about the [latest guidance from public health](#) as a refresher for anyone who may have missed recent updates. Please feel free to share with constituents if it is helpful.

### **UW Pediatrics Update**

**FOR IMMEDIATE RELEASE CONTACT:** Emily Kumlien

August 9, 2021 (608) 516-9154

[ekumlien@uwhealth.org](mailto:ekumlien@uwhealth.org)

### **UW Health pediatrician busts myths about kids and COVID-19**

**MADISON, Wis.** – Misinformation has been an issue since the beginning of the pandemic, so UW Health pediatricians are correcting some of the most common and harmful myths around kids and COVID-19 to ensure everyone – from teachers to parents to school administrators – can making informed decisions for school safety.

The data below comes from the Centers of Disease Control and American Academy of Pediatrics.

**Myth #1:** Kids don't get seriously sick from COVID-19. It is not worse than the flu.

**FALSE.** Kids can get and transmit COVID-19, including severe cases.

- Children can still get very sick and even be hospitalized. Some children are at higher risk of COVID-19 due to medical conditions.
- While children do not die from the virus at the same rate as adults, they can still die from COVID-19. In fact, children die from this virus at rates similar to other diseases for which children are vaccinated or kept out of school.
- Children can also transmit the virus to others, which is especially dangerous for families that include someone who is immunocompromised.
- As of July 2021, more than 4,000 children with COVID-19 developed multisystem

inflammatory syndrome. More than 340 children have died from COVID-19 in the United States.

- Some children develop long-term symptoms and other complications due to infection. Researchers are just beginning to understand the impacts of even mild COVID-19 infections on children.

**Myth #2:** Masks don't work.

**FALSE.** Studies have shown that universal masking has been an incredibly effective tool for controlling the spread of COVID-19 in schools.

- Universal masking can allow schools to largely operate normally.
- Distancing can be reduced in the classroom or on the bus when everyone is masked.
- If children are exposed to COVID-19 in a fully masked environment, they do not need to quarantine.
- Most children can mask successfully; a few children with special needs may need accommodations if they are unable to consistently mask.

**Myth #3:** Vaccines for teens were rushed and are not safe.

**False.** Vaccines are extremely effective and have been extensively tested to show they are safe.

- As of July 2021, more than two billion people have received at least one dose of a COVID-19 vaccine and more than a billion people are fully vaccinated worldwide.
- Side effects are extremely rare.
- All vaccines that are approved for children and teens go through the same testing and review as those developed for adults.
- The FDA is continuously monitoring for unusual side effects even after vaccines are authorized. All reports are taken seriously and investigated thoroughly.
- Studies of COVID-19 vaccines in children <12 years of age are ongoing, but approval will not occur until there is sufficient data that proves they are safe and effective.

**Myth #4** Masks can be dangerous to kids (e.g., masks restrict air flow, cause CO2 poisoning).

**FALSE.** Masks are made of breathable material that does not block oxygen or trap CO2.

- Mask are designed to reduce respiratory droplets that may contain COVID-19, either

from the wearer or to protect the wearer from others.

- Oxygen and CO<sub>2</sub> molecules are so small, they can flow through and around the mask.
- Children under the age of two, those with special needs, cognitive impairments or severe breathing problems should not wear a mask for their safety and caregivers should consult their pediatrician for guidance on COVID-19 prevention.

A recorded interview with Dr. Gregory DeMuri, pediatric infectious diseases specialist, UW Health, and professor of pediatrics at University of Wisconsin School of Medicine and Public Health is available or we have limited availability for zooms.

### **CDC Update**

I've gotten a number of questions about fully vaccinated quarantine guidelines, and the close contact quarantine exception for K-12 settings, so I want to clarify these two things.

The Close Contact Quarantine Exception is only for students in the K-12 indoor classroom setting where both students correctly and consistently wore well-fitting masks the entire time. This exception does not apply for child care settings, or for adults in the classroom. It also does not apply for extracurricular activities.

## Close Contact

**Close Contact through Proximity and Duration of Exposure:** Someone who was within 6 feet of an infected person (laboratory-confirmed or a clinically compatible illness) for a cumulative total of 15 minutes or more over a 24-hour period (for example, *three individual 5-minute exposures for a total of 15 minutes*). An infected person can spread SARS-CoV-2 starting from 2 days before they have any symptoms (or, for asymptomatic patients, 2 days before the positive specimen collection date), until they meet criteria for discontinuing home isolation.

- **Exception:** In the K-12 indoor classroom setting, the close contact definition excludes students who were within 3 to 6 feet of an infected student (laboratory-confirmed or a clinically compatible illness) if both the infected student and the exposed student(s) correctly and consistently wore well-fitting masks the entire time.

This exception does not apply to teachers, staff, or other adults in the indoor classroom setting.

### **Public Health Recommendations:**

Except in certain circumstances, people who have been in close contact with someone who has COVID-19 should quarantine. However, the following people with recent exposure may NOT need to quarantine:

- People who have been fully vaccinated
- People who were previously diagnosed with COVID-19 within the last three months

### **Additional Information:**

A number of factors can influence a person's risk of exposure to COVID-19, including the type, proximity, and duration of their exposure, environmental factors (such as crowding and ventilation), vaccination status, prior COVID-19 infection, and mask use.

Correct and consistent mask use is a critical step that people can take to protect themselves and others from COVID-19. However, the type of masks used and whether they are used consistently and correctly varies throughout the general population. Except in K-12 indoor classroom settings as described above, mask use is not considered when defining a close contact during case investigation and contact tracing, regardless of whether the person diagnosed with COVID-19 or the person exposed to SARS-CoV-2 was wearing a mask. (Note: Exposure risk in the healthcare setting is determined separately and outlined in CDC guidance).

I previously stated in an update that fully vaccinated individuals who become close contacts do not need to quarantine. Sadly, this is no longer true... Below is the most recent recommendation from CDC:

- Fully vaccinated individuals and individuals who had COVID-19 in the last 90 days who become close contacts to someone with COVID-19 should get tested 3-5 days after their exposure, even if they don't have symptoms. They should also wear a mask indoors in public for 14 days following exposure or until their test result is negative. They should isolate for 10 days if their test result is positive. This information can be found on the updated CDC website for fully vaccinated individuals.

As always, apologies for the constantly shifting information and thank you for all you do!

Hello,

Thank you for your email. I am out of the office until Monday, August 23, 2021 and will not be checking my messages.

If you need assistance immediately, please contact Eileen Otis, Elementary Programs Supervisor at [eotis@madison.k12.wi.us](mailto:eotis@madison.k12.wi.us) or Leslie Smith, Recreation Specialist at [lasmith2@madison.k12.wi.us](mailto:lasmith2@madison.k12.wi.us) or call 608-204-3000 to be directed to someone who can help you.

I will respond as soon as I am able and appreciate your patience.

Thanks!

Hi Rachel,

I hope you had a great vacation!

Two quick document questions:

1. Is the "[What to do if your Employee is Sick or Was Possibly Exposed](#)" one of the documents being updated? Just curious, I am working on updating our Google Site for Health Services staff and this was a document referenced previously.
2. Is PHMDC coming out with a new version of close contact letters? If so, I will hold...if not, then Kari and I need to edit our current letter and will run it by you for approval.

Thanks,

Dawn

Hi Shawn,

Thank you so much for getting this organization started. I greatly appreciate all of you and your continued commitment to MMSD and School Wellness.

Based on the dates you shared above, here is the ones that work best for me. This may change as the 2021 SY starts and we get back to department team meetings, but would love to just start somewhere and adjust if needed.

Tuesday AMs: 11-12noon

Wednesday AMs: 9-10a

Wednesday PMs: 12-1p

Wednesday PMs: 1-2p

Thursday PMs: 1-2p

Thanks and once we establish the day and time of week. I can schedule the zoom meetings- I know at one point different organizations had various access to video platforms.

-Ashley

On Wed, Aug 4, 2021 at 2:02 PM Koval Shawn M <[SKoval@uwhealth.org](mailto:SKoval@uwhealth.org)> wrote:

Hi all,

I think we would all agree that setting a regular/recurring meeting for the upcoming school year would be a good idea, no?

Rachel: Ashley, Julia and I met earlier today and thought a bi-weekly meeting would be ideal - given the wellness policy is scheduled for an update this school year and many other potential projects/initiatives are on the horizon.

Since it's just us 4, I'm hoping to avoid a doodle for now. We discussed adding Windy or another one of the lead MMSD nurses once Ashley gets a chance to connect with them a bit more. So, we may have to adjust the time due to their schedules if/when they are added.

How about the following times for a recurring meeting starting the week of 8/16? Choose up to 3 that work for you, and please state if certain weeks of the month (1st, 2nd, 3rd, etc.) do or don't work well and we'll narrow things down!

Tuesday AMs: 8:30-9:30

Tuesday AMs: 11-12noon

Tuesday PMs: 3-4pm

Wednesday AMs: 9-10a

Wednesday PMs: 12-1p

Wednesday PMs: 1-2p

Thursday PMs: 1-2p

Thursday PMs: 2-3p

I propose we start meeting the week of 8/16, but open to other thoughts.

Thanks and looking forward to the collaboration!

Shawn

Good morning all,

Some of you have sent a video gone viral that tries to dispel the effectiveness of masking. In response, having some lit reviews on mask efficacy, in case it's useful.

<https://www.idsociety.org/covid-19-real-time-learning-network/infection-prevention/masks-and-face-coverings-for-the-public/>

<https://www.kxan.com/news/coronavirus/do-face-masks-work-here-are-49-scientific-studies-that-explain-why-they-do/>

Also, I know there's a lot of misinformation being passed around rapidly, so if you would like PHMDC to respond with a quick and targeted response to something that is being circulated in your communities, please don't hesitate to reach out.

We are working on getting a FAQ sheet together, and hope to host a Facebook Live event for parents and community members on the topic of "Back to School Safety". Details forthcoming.

Please pass along any questions you'd like answered there.

Thanks!

## **Learn About Hazardous Waste & Solid Waste Infrastructure in Wisconsin**

**Hazardous Waste and Solid Waste both received grades of B- (between good and mediocre).**

On August 19, 2021, the League of Women Voters of Wisconsin will hold a category meeting on the infrastructure of hazardous waste and solid waste in Wisconsin. The League will be joined by **Gretchen Bohnhoff**, Professional Engineer (P.E.), and **Michael Penn**, P.E., the lead authors of the hazardous waste and solid waste categories in the American Society of Civil Engineers - WI Section [2020 Infrastructure Report Card](#).

Authors will give 20-minute presentations and then begin a live question and

answer conversation with panelists and the audience on how to raise the grades for hazardous waste and solid waste in Wisconsin.

**Panelists:**

- **Melanie Johnson**, Policy Director, Environmental Management Division, Wisconsin Department of Natural Resources (WDNR)
- **Meleesa Johnson**, Director-Marathon County Solid Waste
- **Jenna Kunde**, Director, Sustainability Programs, Johnson Controls
- **Lynn Morgan**, Public Affairs Manager II, Upper Midwest Area, Waste Management
- **Brad Wolbert**, Bureau Director, WDNR

You can register for this event [here](#). After the program, a recording will be made available.

For more information on each category meeting, please visit our [Events Calendar](#). If you have any questions, you can contact us at [lwwwisconsin@lwwwi.org](mailto:lwwwisconsin@lwwwi.org) or 608-256-0827.

**Subject:** MOST Virtual Conference 8/23 and 8/24 - No registration required  
**Date:** Thursday, August 12, 2021 11:49:46 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi all,

In collaboration with MSCR, Goodman Community Center, YMCA, Wisconsin Youth Company, and the City of Madison, you are officially **invited to the free MOST Virtual Conference August 23rd and 24th.**

**8/23 is fully virtual and themed Social & Emotional Learning and Resilience.** There is no registration required and no capacity limits. Workshops are relevant for K-12 serving staff.

We have sessions from Journey Mental Health on the Impact of Stress and Trauma on Youth, Miranda Starr on Imagining Humanity Through Inclusion and SEL Teaching, sessions from Quinn Wilder and Jennifer Smith from Wisconsin Afterschool Network, and more. Find the schedule and links [HERE](#).

**8/24 is fully virtual and themed Race, Equity, & Social Justice.** There is no registration required and no capacity limits. Workshops are relevant for K-12 serving staff.

We have sessions from members of the Youth Development Executives of King County on Shifting Norms to Unpack and Undo Institutional Racism and sessions from Let's Empower, Advocate, and Do, Inc. (LEAD) on Power of Language: Diversity, Equity, and Inclusion Crash Course. Find the schedule and links [HERE](#).

Looking forward to "seeing" many of you there! Feel free to forward this e-mail to all who you think might be relevant.

-Nathan

**Subject:** MOST In-Person Conference 8/25 - Registration Required  
**Date:** Thursday, August 12, 2021 11:54:33 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi all,

In collaboration with MSCR, Goodman Community Center, YMCA, Wisconsin Youth Company, and the City of Madison, you are officially **invited to the free MOST In-Person Conference on August 25th.**

**8/25 is IN PERSON! At the Madison Youth Arts Center at 1055 E Mifflin and it is themed PLAY** Registration is required and will be limited and most workshops are geared towards Elementary serving providers.

Join us for fabulous presentations and plenty of opportunities to learn how to play together again. Sessions include: Storytelling with Comics by the Bubbler, Poetry and Teamwork by the city's Poet Laureate Angela Vasquez, Play and Arts Based Social Emotional Learning by Brianna Buhr and much more. Check out full session descriptions [HERE](#).

Due to the ongoing COVID situation, **Registration is required for 8/25 and will be limited. Please register [HERE](#) by 8/17.** And note, that due to COVID, we will be sending more instructions to those who register. Things will be a bit different this year, including asking everyone to pre-register for each session they plan to attend, enforced room capacity limits, less common space and quicker check-ins, and no key-note/welcome where everyone would be in the same indoor space at the same time. To keep everyone safe, we'll need your help, paying attention to emails and following instructions.... And if you aren't vaccinated yet, that'd be a great place to start!

Looking forward to seeing many of you. Let me know what questions you have,

Nathan

[image003.png](#)

---

Good morning,

School call notes for the week are [here](#) and below.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US, with pockets also in the southwestern US.
- In Dane County, our 7-day average this week was 91.4 cases per day. Last week's briefing, it was 69.7. Period of increase.
- A bit more context for the case count...
  - Increasing proportion of cases are among people who test positive despite vaccination (AKA breakthrough infections)
  - 40 – 45% of folks testing positive are vaccinated.
    - Illustrate this trend in our [data snapshot](#).
  - Yes, breakthroughs are increasing. Vaccination continue to prevent against severe disease and death.
- 3.8% positivity (last week was also 3.8%), percent positivity has been holding steady around 3.8% for about 10 days—this is a good indication that we're testing at the level we need to in order to find cases.
  - Number of tests is increasing, but stable percent positivity means that we are offering enough tests to be catching the cases.
- In the past two weeks, 53% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 1,845 tests per day county-wide; this week it is 2,392.

### Hospitalizations

- Hospitalizations have increased. Today there are 36 hospitalizations and 10 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county – perhaps from counties that are unvaccinated? Hard to say.
- Average of people hospitalized with COVID: 37.9 (last week it was 27.4); for ICU: 9.6 in ICU with COVID (last week it was 6.4). 1 pediatric hospitalization in Dane County hospitals today.

### Trends

- Cases in children remain very low but are slowly increasing: average of 3.6 cases per day in 0-4 (last week was 1.9), 2.3 cases in ages 5-7 (last week was 1.6), 3.6 cases in ages 8-11 (last week was 2.7), and 5.1 cases in the 12-17 age group (last week was 2.3).

### Comparisons

- Dane: 16.7 cases per 100,000 per day
- WI: 20.8 cases per 100,000 per day
- USA: 33.2 cases per 100,000 per day

### [Vaccination](#)

- 71% of our county population now has at least one dose
- 81.6% of our *eligible* (12+ population) now has at least one dose
- 79.4% of adults 18+ have a completed series
- Since mid-July the number of vaccine doses administered have been trending upward each week

### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 93% of cases in July that have been sequenced have been the Delta variant.

## Testing Update

Close to capacity with our testing at South Madison Office. On track to give 1300 tests/week. Now open 4 days a week. Have shifted our hours to accommodate high testing times, which is during lunch and not in the evenings. Schools have been linked with testing vendors. If you have signed up for DHS and haven't been sent an email, please let me know. They are quite nimble and extensive in what they offer, so make sure you ask for what you want in your individualized testing meeting with your vendor.

## Vaccination Update

Boosters are not recommended, and are actually illegal. WHO called a global moratorium on boosters since less

than 10% of people globally have received a COVID vaccine.

FDA has granted priority review for Pfizer and Moderna. Likely can expect full licensure for Pfizer around Labor Day, and for Moderna, about 6 weeks after that. This might help some folks who are hesitant to get vaccinated to go forth and get vaccinated.

We have offered over 150 mobile vaccination clinics. We are 100% booked for mobile vaccines, seeing an uptick in requests for mobile vaccine clinics as people feel concerned about Delta.

### **DHS/DPI Update**

DPI added a consent form template for testing in schools:

[https://dpi.wi.gov/sites/default/files/imce/sspw/doc/Consent\\_Form\\_Template\\_for\\_Testing\\_in\\_Schools\\_FINAL.docx](https://dpi.wi.gov/sites/default/files/imce/sspw/doc/Consent_Form_Template_for_Testing_in_Schools_FINAL.docx)

DPI added a Personal Protective Equipment (PPE) Awareness Training for Schools:

<https://media.dpi.wi.gov/sspw/av/ppe-training-for-school-staff/story.html>

**DHS COVID-19 K-12 Testing Program Communications Tool Kit is now published** (repeat information)

### **School Immunization Compliance Results from the Previous School Year are Available Online**

- Schools and districts should review their compliance results from the previous school year using the links below. Public school districts and private schools with less than 99.00% of students in compliance during the previous school year are required to exclude non-compliant students during this coming school year. There has been an increase in children who were reported as “behind schedule” and this indicates the need to ensure children are being immunized and will be up-to-date for the start of the school year. The good news is that the majority of children continue to be protected and are vaccinated.

- View [public district](#) compliance results for 2020–2021
- View [private school](#) compliance results for 2020–2021

DPI updated its [Infection Control and Mitigation Measures for Schools](#) (repeat information)

DHS updated its [Guidelines for Prevention, Investigation, and Control of COVID-19 Outbreaks in Schools](#)

(repeat information)

### **UW Pediatric Update**

Here are some recent examples of schools who attempted mask optional environments in the setting of Delta with some additional details about the outbreaks:

- In North Carolina, the statewide mask mandate ended Saturday, July 31<sup>st</sup>.
- The school district of Mooresville (~5,000 kids in a small town in rural NC) decided to go without masks starting on Monday, August 2<sup>nd</sup>.
- By Thursday August 5<sup>th</sup>, they were facing such problems related to quarantine and staffing that they announced that on Friday, August 6<sup>th</sup>, all students and staff had to mask or not be allowed on school property.
- They are one of the few districts that is within the city limits (100 districts in North Carolina overlap the 100 counties of NC, but Mooresville and 14 other towns, including Chapel Hill, have their separate city district). Anyway, Mooresville is located in Iredell county, which has 500 cases/100,000/14 days as of today, and was well over 200/100k/14d last week.

Mooresville, NC

<https://www.wcnc.com/article/news/education/mask-in-schools-debate-continues-in-north-carolina/275-2013b507-ab2a-4474-81b6-78794164e64d>

This one is Springfield

<https://www.ky3.com/2021/07/06/springfield-public-schools-brings-back-masking-requirement-students-staff-through-july-30/>

This one is a charter school in rural NC. They are up to 49 cases at one school after just 5 days without masks. This one includes a parent who got a “medical exemption” for masking because her child gets “nose bleeds” due to masking [not a rationale for medical exemption]

<https://www.wsocvtv.com/news/local/school-union-co-mandating-masks-after-8-positive-covid-cases-nearly-100-students-quarantine/GF6BY4LHJJCOXPDZ77FFLZEX2E/>

### PHMDC Updates

We are working to reconcile the DHS and DPI documents with our [School Action Plan](#). Hoping to have that out by next week, replete with contact tracing information for schools.

We also added a pediatric review to our [data snapshot](#), which you can expect every week from now on. Here is a snapshot for the week:

#### Summary Statistics for COVID-19 Among Dane County Children

Data from 7/26/21-8/8/21 unless otherwise noted

	Age 0-4	Age 5-7	Age 8-11	Age 12-17
Number of Confirmed Cases	44	27	48	57
Number of Breakthrough Cases	N/A	N/A	N/A	2
Cases Trend*				
Number of PCR Tests Performed	1,582	893	1,173	1,331
Percent Positive	2.8%	3.0%	4.1%	4.3%
Number Hospitalized for COVID-19*	1	0	0	0
Number of Deaths from COVID-19^	0	0	0	1^

\*Of people who tested positive in the past 28 days (7/12-8/8)

^Throughout the entire COVID-19 pandemic

### Question & Answer

#### Question: Are there any updated recommendations for band/orchestra/choir?

Answer: CDC has some language/recommendations related to “high exertion activities” such as band and sports, which I will send along. Essentially, it talks about specific mitigation strategies to be utilized for activities that require heavy breathing. It mentions specifically that we need to be considering the setting of the sporting event or activity, physical closeness, number of people, level of intensity, and duration of time. We encourage universal masking for these activities.

[CDC language](#) is as follows:

School-sponsored sports and extracurricular activities provide students with enrichment opportunities that can help them learn and achieve, and support their social, emotional, and mental health. People who are fully vaccinated no longer need to wear a mask or physically distance in any setting, including while participating in sports and extracurricular activities. People who are fully vaccinated can also refrain from quarantine following a known exposure if asymptomatic, facilitating continued participation in in-person learning, sports, and extracurricular activities. Due to increased exhalation that occurs during physical activity, some [sports](#) can put players, coaches, trainers, and others who are not fully vaccinated at [increased risk](#) for getting and spreading COVID-19. Close contact sports and indoor sports are particularly risky. Similar risks might exist for other extracurricular activities, such as band, choir, theater, and school clubs that meet indoors.

Prevention strategies for those who are not fully vaccinated in these activities remain important and should comply with school day policies and procedures. Students should refrain from these activities when they have symptoms consistent with COVID-19 and should be tested. Students who are not fully vaccinated and participate in indoor sports and other higher-risk activities should continue to wear masks and keep physical distance as

much as possible. Schools should consider using screening testing (Table 1) for student athletes and adults (e.g., coaches, teachers, advisors) who are not fully vaccinated who participate in and support these activities to facilitate safe participation and reduce risk of transmission – and avoid jeopardizing in-person education due to outbreaks.

Coaches and school sports administrators should also consider specific sport-related risks for people who are not fully vaccinated:

- **Setting of the sporting event or activity.** In general, the risk of COVID-19 transmission is lower when playing outdoors than in indoor settings. Consider the ability to keep physical distancing in various settings at the sporting event (i.e., fields, benches/team areas, locker rooms, spectator viewing areas, spectator facilities/restrooms, etc.).
- **Physical closeness.** Spread of COVID-19 is more likely to occur in sports that require sustained close contact (such as wrestling, hockey, football).
- **Number of people.** Risk of spread of COVID-19 increases with increasing numbers of athletes, spectators, teachers, and staff.
- **Level of intensity of activity.** The risk of COVID-19 spread increases with the intensity of the sport.
- **Duration of time.** The risk of COVID-19 spread increases the more time athletes, coaches, teachers, staff and spectators spend in close proximity or in indoor group settings. This includes time spent traveling to/from sporting events, meetings, meals, and other settings related to the event.
- **Presence of people more likely to develop severe illness.** People at increased risk of severe illness might need to take [extra precautions](#).

They also recommend screening testing based on transmission level (Dane County is currently in substantial transmission):

Table 1. Screening Testing Recommendations for K-12 Schools by Level of Community Transmission

	Low Transmission <sup>1</sup> Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
Students	Do not need to screen students.	Offer screening testing for students who are not fully vaccinated at least once per week.		
Teachers and staff	Offer screening testing for teachers and staff who are not fully vaccinated at least once per week.			
High risk sports and activities	Recommend screening testing for high-risk sports <sup>2</sup> and extracurricular activities <sup>3</sup> at least once per week for participants who are not fully vaccinated.	Recommend screening testing for high-risk sports and extracurricular activities twice per week for participants who are not fully vaccinated.	Cancel or hold high-risk sports and extracurricular activities virtually to protect in-person learning, unless all participants are fully vaccinated.	
Low- and intermediate-risk sports	Do not need to screen students participating in low- and intermediate-risk sports. <sup>3</sup>	Recommend screening testing for low- and intermediate-risk sports at least once per week for participants who are not fully vaccinated.		

<sup>1</sup> Levels of community transmission defined as total new cases per 100,000 persons in the past 7 days (low, 0-9; moderate 10-49; substantial, 50-99; high, ≥100) and percentage of positive tests in the past 7 days (low, <5%; moderate, 5-7.9%; substantial, 8-9.9%; high, ≥10%.)

<sup>2</sup> The NCAA has developed a risk stratification for sports. See [https://ncaaorg.s3.amazonaws.com/ssl/COVID/SSI\\_ResocializationDevelopingStandardsSecondEdition.pdf](https://ncaaorg.s3.amazonaws.com/ssl/COVID/SSI_ResocializationDevelopingStandardsSecondEdition.pdf). Examples of low-risk sports are diving and golf; intermediate-risk sport examples are baseball and cross country; high-risk sport examples are football and wrestling.

<sup>3</sup>High-risk extracurricular activities are those in which increased exhalation occurs, such as activities that involve singing, shouting, **band**, or exercise, especially when conducted indoors.

So while these don't provide super clear guidelines, I think they underscore the importance of masking and distancing for band and choir practice. Last year we had a lot of conversations about bell covers and masks with slits for wind instruments, neither of which ever had quite enough data to support us providing a formal recommendation. We encouraged people to take band and choir outdoors, and would continue to suggest that now in place of bell covers and slits. Choir practice definitely needs to be masked and distanced, if indoors.

**Question: What is your recommendation for masking during recess periods? I told the group that our recommendation for masking applied to being indoors and that I was unaware of masking guidance when outdoors.**

Answer: Masks are encouraged for people in crowded outdoor settings. This is going to have to be a cost-risk analysis for each district or school. We recognize the benefits of allowing children to be unmasked throughout the school day, but we also have to accept the inherent risk that comes with being unmasked. If possible, we would strongly encourage you to keep kids spaced 6' apart when masks are off, which includes outdoors.

**Question: How do we get to the point where kids don't need to mask at school?**

Answer: While we can't say for certain, a few things to consider are as follows:

- We'll need to keep an eye on CDC's transmission levels (we now have this on our People page of the [data dashboard](#)). When there is less COVID circulating in a community, risk is lower. Think of it like a weather monitor for COVID—the higher we are, the more preventative measures we need.
- Vaccination for the <12 crowd will also be an important moment, for the same reason as above—less COVID

circulating in the community when we have fewer susceptible people.

- But even with these measures, risk is unlikely to be zero. An excellent science writer we've followed throughout the pandemic just wrote a (long) and well-cited [article](#) about where we go from here, would recommend a read!

I'm also attaching a preprint article from UW researches that I referenced on the call yesterday. Conclusion: Our data substantiate the idea that vaccinated individuals who become infected with the Delta variant may have the potential to transmit SARS-CoV-2 to others. Vaccinated individuals should continue to wear face coverings in indoor and congregate settings, while also being tested for SARS-CoV-2 if they are exposed or experience COVID-like symptoms.

Have a great weekend.

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** Child care updates 8.13.21  
**Date:** Friday, August 13, 2021 8:50:07 AM  
**Attachments:** [image002.png](#)  
[image003.png](#)

---

Good morning,

Child care updates for the week are below.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally. Hot spots are the southeastern US, with pockets also in the southwestern US.
- In Dane County, our 7-day average this week was 91.4 cases per day. Last week's briefing, it was 69.7. Period of increase.
- A bit more context for the case count...
  - Increasing proportion of cases are among people who test positive despite vaccination (AKA breakthrough infections)
  - 40 – 45% of folks testing positive are vaccinated.
    - Illustrate this trend in our [data snapshot](#).
  - Yes, breakthroughs are increasing. Vaccination continue to prevent against severe disease and death.
- 3.8% positivity (last week was also 3.8%), percent positivity has been holding steady around 3.8% for about 10 days—this is a good indication that we're testing at the level we need to in order to find cases.
  - Number of tests is increasing, but stable percent positivity means that we are offering

enough tests to be catching the cases.

- In the past two weeks, 53% of cases occurred outside the city of Madison

#### Testing

- Last week we were averaging 1,845 tests per day county-wide; this week it is 2,392.

#### Hospitalizations

- Hospitalizations have increased. Today there are 36 hospitalizations and 10 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county – perhaps from counties that are unvaccinated? Hard to say.
- Average of people hospitalized with COVID: 37.9 (last week it was 27.4); for ICU: 9.6 in ICU with COVID (last week it was 6.4). 1 pediatric hospitalization in Dane County hospitals today.

#### Trends

- Cases in children remain very low but are slowly increasing: average of 3.6 cases per day in 0-4 (last week was 1.9), 2.3 cases in ages 5-7 (last week was 1.6), 3.6 cases in ages 8-11 (last week was 2.7), and 5.1 cases in the 12-17 age group (last week was 2.3).

#### Comparisons

- Dane: 16.7 cases per 100,000 per day
- WI: 20.8 cases per 100,000 per day
- USA: 33.2 cases per 100,000 per day

#### Vaccination

- 71% of our county population now has at least one dose
- 81.6% of our *eligible* (12+ population) now has at least one dose
- 79.4% of adults 18+ have a completed series
- Since mid-July the number of vaccine doses administered have been trending upward each week

#### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 93% of cases in July that have been sequenced have been the Delta variant.

### **Testing Update**

Close to capacity with our testing at South Madison Office. On track to give 1300 tests/week. Now open 4 days a week. Have shifted our hours to accommodate high testing times, which is during lunch and not in the evenings.

Schools have been linked with testing vendors. If you have signed up for DHS and haven't been sent an email, please let me know. They are quite nimble and extensive in what they offer, so make sure you ask for what you want in your individualized testing meeting with your vendor.

### **Vaccination Update**

Boosters are not recommended, and are actually illegal. WHO called a global moratorium on boosters since less than 10% of people globally have received a COVID vaccine.

FDA has granted priority review for Pfizer and Moderna. Likely can expect full licensure for Pfizer around Labor Day, and for Moderna, about 6 weeks after that. This might help some folks who are hesitant to get vaccinated to go forth and get vaccinated.

We have offered over 150 mobile vaccination clinics. We are 100% booked for mobile vaccines, seeing an uptick in requests for mobile vaccine clinics as people feel concerned about Delta.

### **PHMDC Updates**

Published our [Fall 2021 Operating Guidance for Child Care](#)

Published [Child care & schools with a person with COVID-19: Who can attend?](#) document – Spanish version available as well.

We also added a pediatric review to our [data snapshot](#), which you can expect every week from now on. Here is a snapshot for the week:

**Summary Statistics for COVID-19 Among Dane County Children**  
*Data from 7/26/21-8/8/21 unless otherwise noted*

	Age 0-4	Age 5-7	Age 8-11	Age 12-17
Number of Confirmed Cases	44	27	48	57
Number of Breakthrough Cases	N/A	N/A	N/A	2
Cases Trend*				
Number of PCR Tests Performed	1,582	893	1,173	1,331
Percent Positive	2.8%	3.0%	4.1%	4.3%
Number Hospitalized for COVID-19*	1	0	0	0
Number of Deaths from COVID-19^	0	0	0	1^

\*Of people who tested positive in the past 28 days (7/12-8/8)  
 ^Throughout the entire COVID-19 pandemic

**Question & Answer**

**Question: What is your recommendation for masking during outside periods? I told the group that our recommendation for masking applied to being indoors and that I was unaware of masking guidance when outdoors.**

Answer: Masks are encouraged for people in crowded outdoor settings. This is going to have to be a cost-risk analysis for each child care center. We recognize the benefits of allowing children and staff to be unmasked throughout the day, but we also have to accept the inherent risk that comes with being unmasked. If possible, we would strongly encourage you to keep kids age 2+ spaced 6’ apart when masks are off, which includes outdoors.

**Question: How do we get to the point where kids don’t need to mask at school?**

Answer: While we can’t say for certain, a few things to consider are as follows:

- We’ll need to keep an eye on CDC’s transmission levels (we now have this on our People page of the [data dashboard](#)). When there is less COVID circulating in a community, risk is lower. Think of it like a weather monitor for COVID—the higher we are, the more preventative measures we need.
- Vaccination for the <12 crowd will also be an important moment, for the same reason as above—less COVID circulating in the community when we have fewer susceptible people.
- But even with these measures, risk is unlikely to be zero. An excellent science writer we’ve followed throughout the pandemic just wrote a (long) and well-cited [article](#) about where we go from here, would recommend a read!

Hello,

Thank you for your email. I am out of the office until Monday, August 23, 2021 and will not be checking my messages.

If you need assistance immediately, please contact Eileen Otis, Elementary Programs Supervisor at [eotis@madison.k12.wi.us](mailto:eotis@madison.k12.wi.us) or Leslie Smith, Recreation Specialist at [lasmith2@madison.k12.wi.us](mailto:lasmith2@madison.k12.wi.us) or call 608-204-3000 to be directed to someone who can help you.

I will respond as soon as I am able and appreciate your patience.

Thanks!

Thank you for these questions, Angela.

I haven't gotten the green light to send out my communication. It may end up being early next week. I will still get you my talking points ahead of time.

Thank you!

Bree

Questions for August SA Provider Call

MMSD

1. Does MMSD have a plan to pivot to all distance education for 12 and under should Covid/detal variant rates become too high?

If yes, when would that information be shared with providers?

2. If MMSD did go to all distance learning, would they again expect providers to provide full day childcare?

If yes, what would be the notice and what resources would be provided?

3. How is MMSD handling lunch and other times when cohorts might mix together?

4. What classroom materials will be allowed in MMSD space this year? Wondering if rooms are still going to be pretty "sparse" and if that will also impact our after school set up expectations.

5. Last school year and this summer, MMSD had signs on the playgrounds stating that the playground was closed to the public during school and childcare hours. We know that playgrounds are typically very busy after the school day ends. Is there a possibility that these signs could continue to be posted and/or be re-posted to notify families that the playground is closed during after school childcare hours?

PUBLIC HEALTH

1. Has Public Health/ MMSD set a threshold of number of cases where considerations to go virtual would be considered?
2. Is Public Health considering any mandates looking into the start of the school year?
3. Can you share a guesstimate on a vaccination timeline for children under 12?
4. What is the latest on possible boosters for vaccinated adults? Will those again be prioritized first to essential workers?
5. Do we need to reconsider the kind of masks we are wearing in programs, specifically when thinking about the delta variant and its increased transmission rates?

**Subject:** ECE Director's Q & A session 8/17 -- 1 pm  
**Date:** Monday, August 16, 2021 8:40:27 AM  
**Attachments:** [image001.png](#)  
[image002.png](#)

---

Good morning all,

Sorry for the late notice, but I want to invite you all to an ECE Director's Call tomorrow morning.

We'll be answering a bunch of COVID questions, and will have some time for "on the fly" Q & A if you have any of your own.

Hope to see you tomorrow! Webex meeting invite below.

## CIGDEM UNAL is inviting you to a scheduled Webex meeting.

Tuesday, August 17, 2021

1:00 PM | (UTC-05:00) Central Time (US & Canada) | 1 hr

[Join meeting](#)

**More ways to join:**

**Join from the meeting link**

[https://uwmadison.webex.com/uwmadison/j.php?  
MTID=m515eed6e3808847d053f6a64d052cea4](https://uwmadison.webex.com/uwmadison/j.php?MTID=m515eed6e3808847d053f6a64d052cea4)

**Join by meeting number**

Meeting number (access code): 120 281 0791

Meeting password: UzgD4z3JMg6 (89434935 from phones)

**Tap to join from a mobile device (attendees only)**

[+1-415-655-0001](tel:+1-415-655-0001), [1202810791#89434935#](tel:+1-415-655-0001) US Toll

[+1-312-535-8110](tel:+1-312-535-8110), [1202810791#89434935#](tel:+1-312-535-8110) United States Toll (Chicago)

Some mobile devices may ask attendees to enter a numeric password.

**Join by phone**

+1-415-655-0001 US Toll

+1-312-535-8110 United States Toll (Chicago)

[Global call-in numbers](#)

**Join from a video system or application**

Dial [1202810791@uwmadison.webex.com](https://uwmadison.webex.com)

You can also dial 173.243.2.68 and enter your meeting number.

Hello,

Thank you for your email. I am out of the office until Monday, August 23, 2021 and will not be checking my messages.

If you need assistance immediately, please contact Eileen Otis, Elementary Programs Supervisor at [eotis@madison.k12.wi.us](mailto:eotis@madison.k12.wi.us) or Leslie Smith, Recreation Specialist at [lasmith2@madison.k12.wi.us](mailto:lasmith2@madison.k12.wi.us) or call 608-204-3000 to be directed to someone who can help you.

I will respond as soon as I am able and appreciate your patience.

Thanks!

--

**Subject:** FW: News Release: Face Covering Emergency Order  
**Date:** Tuesday, August 17, 2021 10:50:52 AM  
**Attachments:** [image003.png](#)  
[image004.png](#)  
[image006.png](#)

Good morning all,

PHMDC just released a new Order, which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County. This Order is effective August 19, 12:01 am and will last 28 days. Please find additional information below, and read the full Order [here](#). I will be providing additional information for schools on the Thursday morning call, and in the follow-up notes later this week.

Happy to field any questions.

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Specialist/COVID-19 School & Child Care Liaison** | [Public Health Madison & Dane County](#)

## **New Public Health Order Issued for Dane County Requiring Face Coverings Indoors**

For Immediate Release

Effective on Thursday, August 19, 2021 at 12:01am, Public Health Madison & Dane County is issuing [Face Covering Emergency Order](#), which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County.

"We still believe vaccines are our best tool to protect our community," said Janel Heinrich, Director of Public Health Madison & Dane County. "But as cases continue to increase, requiring face coverings is an easy added layer of protection to further help keep people safe, including our youngest children not yet eligible to be vaccinated."

On July 27, Public Health issued [a mask advisory](#), strongly encouraging everyone, regardless of vaccination status, wear a mask indoors in response to [updated CDC guidance](#) regarding use of masks. On July 19, our 7-day average number of cases was 19, and on August 12, the 7-day average increased by 382% to 91.6.

"Public Health has updated policies and recommendations throughout the pandemic based on current local conditions and the latest scientific data," said City of Madison Mayor, Satya Rhodes-Conway. "As virus spread is fueled by the prevalence of the delta variant, it is clear that we need to use all of our tools to keep our community safe; and that means getting vaccinated and wearing masks."

The delta variant is a naturally occurring mutation of the SARS CoV-2 virus, the virus that causes COVID-19. Data show that the delta variant is more contagious and spreads more easily than the original COVID-19 virus, including among people that are vaccinated. Public Health also strongly recommends wearing a face covering at private gatherings or crowded outdoor settings.

"With our kids heading back to school and hospitals in other parts of the country overwhelmed with COVID-19 cases, moving from a mask recommendation to a requirement is a common sense step to prevent disease spread and protect the kids in our community who can't get vaccinated yet," said Dane County Executive Joe Parisi.

Public Health asks that businesses post signs reminding customers and staff of the face covering requirement. The order will be in effect until September 16, 2021 at 12:01 a.m. View [Face Covering Emergency Order](#) for additional information.

As more contagious variants continue circulating in Dane County, [getting your vaccine](#) is more important now than ever. The vaccines provide good protection against severe outcomes and the sooner people get vaccinated against COVID-19, the less opportunity we give the virus to continue mutating.

"Vaccination continues to be our best path out of the pandemic," said Jerry Halverson, MD, Chair of the Board of Health. "As variants create new challenges for our county moving forward, now is the time we must bring it home and get vaccinated."

For more information about the COVID-19 in Dane County and the latest public health order, visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

**Subject:** FW: News Release: Face Covering Emergency Order

**Date:** Tuesday, August 17, 2021 10:54:17 AM

**Attachments:** [image003.png](#)

[image004.png](#)

[image006.png](#)

Good morning all,

PHMDC just released a new Order, which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County. This Order is effective August 19,

12:01 am and will last 28 days. Please find additional information below, and read the full Order [here](#). Happy to field any questions.

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Specialist/COVID-19 School & Child Care Liaison** | [Public Health Madison & Dane County](#)

### **New Public Health Order Issued for Dane County Requiring Face Coverings Indoors**

For Immediate Release

Effective on Thursday, August 19, 2021 at 12:01am, Public Health Madison & Dane County is issuing [Face Covering Emergency Order](#), which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County.

"We still believe vaccines are our best tool to protect our community," said Janel Heinrich, Director of Public Health Madison & Dane County. "But as cases continue to increase, requiring face coverings is an easy added layer of protection to further help keep people safe, including our youngest children not yet eligible to be vaccinated."

On July 27, Public Health issued [a mask advisory](#), strongly encouraging everyone, regardless of vaccination status, wear a mask indoors in response to [updated CDC guidance](#) regarding use of masks. On July 19, our 7-day average number of cases was 19, and on August 12, the 7-day average increased by 382% to 91.6.

"Public Health has updated policies and recommendations throughout the pandemic based on current local conditions and the latest scientific data," said City of Madison Mayor, Satya Rhodes-Conway. "As virus spread is fueled by the prevalence of the delta variant, it is clear that we need to use all of our tools to keep our community safe; and that means getting vaccinated and wearing masks."

The delta variant is a naturally occurring mutation of the SARS CoV-2 virus, the virus that causes COVID-19. Data show that the delta variant is more contagious and spreads more easily than the original COVID-19 virus, including among people that are vaccinated. Public Health also strongly recommends wearing a face covering at private gatherings or crowded outdoor settings.

"With our kids heading back to school and hospitals in other parts of the country overwhelmed with COVID-19 cases, moving from a mask recommendation to a requirement is a common sense step to prevent disease spread and protect the kids in our community who can't get vaccinated yet," said Dane County Executive Joe Parisi.

Public Health asks that businesses post signs reminding customers and staff of the face covering requirement. The order will be in effect until September 16, 2021 at 12:01 a.m. View [Face Covering Emergency Order](#) for additional information.

As more contagious variants continue circulating in Dane County, [getting your vaccine](#) is more important now than ever. The vaccines provide good protection against severe outcomes and the sooner people get vaccinated against COVID-19, the less opportunity we give the virus to continue mutating.

“Vaccination continues to be our best path out of the pandemic,” said Jerry Halverson, MD, Chair of the Board of Health. “As variants create new challenges for our county moving forward, now is the time we must bring it home and get vaccinated.”

For more information about the COVID-19 in Dane County and the latest public health order, visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

Hello,

Thank you for your email. I am out of the office until Monday, August 23, 2021 and will not be checking my messages.

If you need assistance immediately, please contact Eileen Otis, Elementary Programs Supervisor at [eotis@madison.k12.wi.us](mailto:eotis@madison.k12.wi.us) or Leslie Smith, Recreation Specialist at [lasmith2@madison.k12.wi.us](mailto:lasmith2@madison.k12.wi.us) or call 608-204-3000 to be directed to someone who can help you.

I will respond as soon as I am able and appreciate your patience.

Thanks!

Hi MOST Outstanding Youth Worker winners and Executive Directors and Public Health recognized!

We are so excited to be able to recognize you all at the post MOST conference reception on 8/25 from 3:45-5:00. At that reception we will be recognizing the eleven MOST Outstanding Youth Workers, and two of our fabulous Public Health professionals who helped us navigate this last 18 months. Here are more details, including logistics for day-of.

1. First, **[HERE](#) is a press release that you and your organization could use to share the news of the MOST Outstanding Youth Workers.** Feel free to edit this however you like. There looks to be a few articles that will come out, likely after the reception so we can include a picture.

2. COVID. Again, we're monitoring things and **want everyone to be prepared for last minute shifts/changes, including the possibility of cancelation.** The event is from 3:45-5:00 on the 4th floor of the MYArts building (1055 E Mifflin). It is an indoor/outdoor space. Has a very large and open lobby area, a small patio, and a large patio. **Masks are required for everyone at all times indoors**, they are optional, but encouraged, outdoors. There will be food (only eating outdoors unless you have a very fancy mask!) catered by Goodman Community Center. The ceremony and all formal parts of the reception will take place outdoors. We are also trying to keep the formal parts as short as reasonable due to COVID. Many folks from the conference will also join the reception, but we have reduced the capacity of our conference so we hope things stay reasonable. In the event of inclement weather the current plan would be to transition the reception to an invite only (you all and your guests) indoor ceremony with food "to-go" (Darn COVID).

3. Day-of Logistics

- Winners, please **arrive between 3:40 and 3:50.** I will meet you downstairs in the entrance area (outdoors if weather is good), walk through any logistics and get you to the 4th floor.
- At 4:00 or so the Mayor and Superintendent will be arriving.
- From 3:50-4:10- hang-out, mingle, meet each other and other folks, get introduced to the Mayor/superintendent when they arrive. By 4:10, make sure you are outside on the large patio.

- at 4:10 the ceremony will start. Alejandra and Mayder (our hosts for the night!) will welcome everyone and introduce the Mayor/superintendent. Mayor and Superintendent will both say a few words (5 minutes max combined). Then Alejandra and Mayder will call each of the MOST Outstanding Youth Workers up and you'll get a plaque handed to you by either the Mayor or superintendent.
- Then Angela and a few providers will recognize our Public Health folks with some pretty cool original awards.
- Hedi Rudd will be taking pictures all along, but we'll make sure to get some good group shots of everyone once everyone is called up.
- 4:30- ceremony over, back to hanging out/mingling, doing what you want/need.
- 5:00 - reception over

Let me know what questions you have! And keep an eye out for more communication from me in the event of more COVID related changes. My cell phone in case anything comes up day-of is 608-395-7662.

Nathan

At that reception we will be recognizing the eleven MOST Outstanding Youth Workers, and two of our fabulous Public Health professionals who helped us navigate this last 18 months. Here are more details, including logistics for day-of.

1. First, **[HERE](#) is a press release that you and your organization could use to share the news of the MOST Outstanding Youth Workers.** Feel free to edit this however you like. There looks to be a few articles that will come out, likely after the reception so we can include a picture.

2. COVID. Again, we're monitoring things and **want everyone to be prepared for last minute shifts/changes, including the possibility of cancelation.** The event is from 3:45-5:00 on the 4th floor of the MYArts building (1055 E Mifflin). It is an indoor/outdoor space. Has a very large and open lobby area, a small patio, and a large patio. **Masks are required for everyone at all times indoors**, they are optional, but encouraged, outdoors. There will be food (only eating outdoors unless you have a very fancy mask!) catered by Goodman Community Center. The ceremony and all formal parts of the reception will take place outdoors. We are also trying to keep the formal parts as short as reasonable due to COVID. Many folks from the conference will also join the reception, but we have reduced the capacity of our conference so we hope things stay reasonable. In the event of inclement weather the current plan would be to transition the reception to an invite only (you all and your guests) indoor ceremony with food "to-go" (Darn COVID).

3. Day-of Logistics

- Winners, please **arrive between 3:40 and 3:50.** I will meet you downstairs in the entrance area (outdoors if weather is good), walk through any logistics and get you to the 4th floor.
- At 4:00 or so the Mayor and Superintendent will be arriving.
- From 3:50-4:10- hang-out, mingle, meet each other and other folks, get introduced to the Mayor/superintendent when they arrive. By 4:10, make sure you are outside on the large patio.

- at 4:10 the ceremony will start. Alejandra and Mayder (our hosts for the night!) will welcome everyone and introduce the Mayor/superintendent. Mayor and Superintendent will both say a few words (5 minutes max combined). Then Alejandra and Mayder will call each of the MOST Outstanding Youth Workers up and you'll get a plaque handed to you by either the Mayor or superintendent.
- Then Angela and a few providers will recognize our Public Health folks with some pretty cool original awards.
- Hedi Rudd will be taking pictures all along, but we'll make sure to get some good group shots of everyone once everyone is called up.
- 4:30- ceremony over, back to hanging out/mingling, doing what you want/need.
- 5:00 - reception over

Let me know what questions you have! And keep an eye out for more communication from me in the event of more COVID related changes. My cell phone in case anything comes up day-of is 608-395-7662.

Hi all,

Thanks for your thoughts, and thanks for starting the email, Nick. I have already elevated this to our legal department, and they are working with our data team and epis to better understand the Delta variant in the context of band. If you are able to hold off until the end of the day, I hope to have more clarity on if we will include the band exception from Order 16 in Order 17.

I wholeheartedly agree with Nick. We need to put a letter together (or send 16 separate emails to get more attention) to ask that a clarification be given. I can reach out to the WSMA executive director if you think that would be helpful. We have already started summer marching band camp so this wording would change our plans.

On Tue, Aug 17, 2021 at 12:39 PM Nicholas Reichhoff <[nfreich@sunprairieschools.org](mailto:nfreich@sunprairieschools.org)> wrote:

Hi Dane Co Colleagues - I'm copying you all into a conversation that Rachel and I have

been having regarding the new [Order #17](#) which requires masks. This order does not include the exemption for wind instruments that was previously in [Order #16](#). See below.

- ix. When actively playing a wind instrument that has a fabric bell cover, or similar cover, that acts as a face covering over the instrument, as long as individuals are spaced at least six (6) feet apart at all times.

I checked with Rachel, and she confirmed that **this means that wind instruments are prohibited from being played indoors again**. I've expressed to Rachel that this will be devastating to our band programs. In SP, we start school in four business days, so I'm especially concerned about the impact this will have. I'm wondering if other districts feel the same way and would advocate for the return of that exemption to ensure our band programs can operate indoors this year.

We can obviously talk more on Friday, but I wanted to get this on everyone's radar.

Thanks,  
Nick

Good morning all,

PHMDC just released a new Order, which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County. This Order is effective August 19, 12:01 am and will last 28 days. Please find additional information below, and read the full Order [here](#).

I will be providing additional information for schools on the Thursday morning call, and in the follow-up notes later this week.

Happy to field any questions.

### **New Public Health Order Issued for Dane County Requiring Face Coverings Indoors**

For Immediate Release

Effective on Thursday, August 19, 2021 at 12:01am, Public Health Madison & Dane County is issuing [Face Covering Emergency Order](#), which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County.

"We still believe vaccines are our best tool to protect our community," said Janel Heinrich, Director of Public Health Madison & Dane County. "But as cases continue to increase, requiring face coverings is an easy added layer of protection to further help keep people safe, including our youngest children not yet eligible to be vaccinated."

On July 27, Public Health issued [a mask advisory](#), strongly encouraging everyone, regardless of vaccination status, wear a mask indoors in response to [updated CDC guidance](#) regarding use of masks. On July 19, our 7-day average number of cases was 19, and on August 12, the 7-day average increased by 382% to 91.6.

"Public Health has updated policies and recommendations throughout the pandemic based on current local conditions and the latest scientific data," said City of Madison Mayor, Satya Rhodes-Conway. "As virus spread is fueled by the prevalence of the delta variant, it is clear that we need to use all of our tools to keep our community safe; and that means getting vaccinated and wearing masks."

The delta variant is a naturally occurring mutation of the SARS CoV-2 virus, the virus that causes COVID-19. Data show that the delta variant is more contagious and spreads more easily than the original COVID-19 virus, including among people that are vaccinated. Public Health also strongly recommends wearing a face covering at private gatherings or crowded outdoor settings.

“With our kids heading back to school and hospitals in other parts of the country overwhelmed with COVID-19 cases, moving from a mask recommendation to a requirement is a common sense step to prevent disease spread and protect the kids in our community who can’t get vaccinated yet,” said Dane County Executive Joe Parisi. Public Health asks that businesses post signs reminding customers and staff of the face covering requirement. The order will be in effect until September 16, 2021 at 12:01 a.m. View [Face Covering Emergency Order](#) for additional information.

As more contagious variants continue circulating in Dane County, [getting your vaccine](#) is more important now than ever. The vaccines provide good protection against severe outcomes and the sooner people get vaccinated against COVID-19, the less opportunity we give the virus to continue mutating.

“Vaccination continues to be our best path out of the pandemic,” said Jerry Halverson, MD, Chair of the Board of Health. “As variants create new challenges for our county moving forward, now is the time we must bring it home and get vaccinated.”

For more information about the COVID-19 in Dane County and the latest public health order, visit [publichealthmdc.com/coronavirus](http://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

**Subject:** Updated disease mitigation documents for schools  
**Date:** Thursday, August 19, 2021 1:47:12 PM  
**Attachments:** [School WEDSS entry guidelines working.docx](#)  
[image001.png](#)  
[image002.png](#)

---

Hello all!

I am excited to present to you a number of updated documents for the fall semester. As you know all too well, recommendations are constantly changing, so we have made sure to sync everything with the most up-to-date information from CDC regarding quarantining and vaccinations.

- [School Action Plan](#) (to be used by the school staff person doing the contact tracing)
- Close contact and Not Close Contact Letters are [here](#). I am working on getting them translated into Spanish, and will include the Spanish versions in that folder once complete.
- [Exclusion Chart](#) and [Spanish Exclusion Chart](#)
- WEDSS instructions are attached

Happy to answer any questions.

Thanks!

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

Subject: MMSD updates  
Date: Thursday, August 19, 2021 3:13:57 PM

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear partners,

I hope you are doing well. We are excited to be gearing up for the 2021-2022 school year.

I want to keep you informed of key decisions and updates to what I shared last month (see [this link](#) for additional information). The three key updates are:

1. We are providing you with a timeline so that you may plan for your programming. If community conditions permit:
  - a. ZZ number staff, hybrid staff, and those directly supporting the health and safety of students will be allowed in MMSD buildings immediately. (Contact me if you are uncertain where your group will be.)
  - b. Community volunteers will be allowed outside MMSD buildings immediately.
  - c. Partner staff will be allowed in MMSD buildings after October 1.
  - d. Community volunteers will be allowed in MMSD buildings after October 31 (end of Quarter One).
2. I or your MMSD partnership manager will be in touch with you in the coming weeks to ask who from your staff would be accessing any MMSD buildings. We are compiling a roster for contact tracing, and health and safety purposes.
3. It was announced Thursday, August 12, that additional grades will start on September 2. Please see [here](#) for the full announcement.

Please note that afterschool childcare providers have a different set of considerations, which are outlined in your facility rental agreements. Afterschool provider partners will all have immediate access to MMSD buildings.

As a reminder, everyone must follow the health and safety mitigation strategies outlined in the [MMSD COVID-19 Safety Plan](#). This staggered approach allows for us to reopen slowly, phasing in key community supports to ensure we uphold the safety and security of our students, families, partner colleagues, and larger community.

Of course, if you determine that remaining virtual is best for your program staff and volunteers (even if MMSD decides that external individuals are allowed in buildings), that is more than fine. We will continue to work with you to facilitate this potential arrangement. As our safety and security policies, processes, and procedures are reviewed and updated, I will continue to keep you posted. As a reminder, all partner staff and community volunteers serving students must have a current and valid background check. I hope this helps with your planning.

Again, [this link](#) has excerpts of key information and language regarding the above. When they are official, I will send you the entire document(s) and links. There is also information about MSCR programs, as well as some other news and updates, including links to a number of MMSD positions that are currently available.

Thank you for all you continue to do for our students and community.

All the best,

Bree

PS - we still need bus drivers. Please see the formal communication below - please share!

----- Forwarded message -----

From: MMSD Superintendent Carlton D. Jenkins, Ph.D. <[mmsdnews@madison.k12.wi.us](mailto:mmsdnews@madison.k12.wi.us)>  
Date: Mon, Jul 26, 2021 at 2:13 PM  
Subject: Do you know someone who would like to drive for us this fall?  
To: <[bmacphee@madison.k12.wi.us](mailto:bmacphee@madison.k12.wi.us)>

Madison, our scholars are ready to come back to school in person, full time, and they need bus drivers.

When schools abruptly closed in March of 2020, we asked the community to come together to help keep our students engaged, connected, nourished, and loved. We needed all hands on deck then, and you rose to the occasion.

I'm here, once again, asking for your help. Like so many industries across the nation, the transportation sector is experiencing unprecedented staff shortages.

To get our students to school on time this fall, we need to find and train 30 new drivers – and we need to do it now.

Learn  
More +  
Apply

I've partnered with Badger Bus to create a video which offers a window into what driving an MMSD school bus is like and why our drivers say they plan to continue transporting our scholars for as long as they can.

**Flexible schedules + sign-on bonuses up to \$5,000**

Badger Bus offers flexible hours, with routes in the mornings and afternoons, and many supplemental routes throughout the day if you're looking for more hours.

Right now, newly hired drivers will receive the following sign-on bonuses:

- \$5,000 for school bus and coach drivers
- \$2,500 for van drivers

When you drive a Badger bus for MMSD, you're not just driving a school bus -- you're driving Madison's future.

You're driving our future citizens, leaders, business owners, educators, community organizers, parents, and innovators.

Madison, let's get our scholars back to school.

If you know someone who may be interested in driving, they can learn more and apply at [mmsd.org/drive](https://mmsd.org/drive).

Sincerely,

Carlton D. Jenkins Ph.D.  
Superintendent

[Learn More + Apply](#)

I've partnered with Badger Bus to create a video which offers a window into what driving an MMSD school bus is like and why our drivers say they plan to continue transporting our scholars for as long as they can.

**Flexible schedules + sign-on bonuses up to \$5,000**

Badger Bus offers flexible hours, with routes in the mornings and afternoons, and many supplemental routes throughout the day if you're looking for more hours.

Right now, newly hired drivers will receive the following sign-on bonuses:

- \$5,000 for school bus and coach drivers
- \$2,500 for van drivers

When you drive a Badger bus for MMSD, you're not just driving a school bus -- you're driving Madison's future.

You're driving our future citizens, leaders, business owners, educators, community organizers, parents, and innovators.

Madison, let's get our scholars back to school.

If you know someone who may be interested in driving, they can learn more and apply at [mmsd.org/drive](https://mmsd.org/drive).

Sincerely,

Carlton D. Jenkins Ph.D.  
Superintendent

**Subject:** reception next Wednesday and PH question  
**Date:** Friday, August 20, 2021 9:35:53 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi you two,

So excited to celebrate next Wednesday (8/25) with you... and a bit nervous given the rise of Delta. A couple thoughts/questions.

The reception is coming at the end of a conference. I am feeling okay about the conference given our much reduced capacity and spreading out between 3 floors and 6 rooms where we'll easily be able to distance. The gathering at the conference will no doubt be less risky than the work that these folks do every day providing child-care/youth services. For the reception, I'm hoping that the 4th floor will be large enough for people to spread out. It has two outdoor spaces, one large, one small, and large open lobby areas where people should have enough space to spread out, but it's hard to imagine what 100 people looks like anymore, so not totally sure.

I was wondering about something. If we were able to get a lot of the BinaxNow tests would it be worthwhile to test (with consent/volunteers) some folks day-of that will be in more high touch capacities (presenters who will see three groups each, me who will be running around all day, etc.). I'm also wondering then about having enough tests for several attendees to volunteer to take them. I'm wondering if that might make the rapid tests more visible and normal? I'm also nervous about false positives, especially if we are giving a couple dozen tests. Thoughts?

Nathan

Thanks Shawn! I will actually be out next Wednesday and my COVID replacement won't start until the following week, so PHMDC will have to sit this one out.

Also, I'm not totally sure how this transition is going to go. I know who will be taking over the schools role (announcement coming soon!), but I don't know who is slotted to get hired for my regular job. Since this is more of a longstanding partnership meeting, it's unclear that anyone will be able to attend until they fill my current position. Does that make sense?

Hi all,

Looking forward to connecting next week as we kick off our regular meetings!

Ashley - anyone at MMSD I should invite? Windy, others? Or should we just aim to add them the next time?

Rachel - congrats again on the promotion!! Any idea who your replacement is yet? Might we invite them?

Thanks and happy Friday,

Shawn

**Subject:** Re: Setting Recurring Meeting?

Sounds good!

Just sent calendar invite for bi-weekly huddles starting on Wednesday, 8/25 from 12-1pm. We can adjust time from there based on standing meetings and others' availability, as we may add Windy or other MMSD players to the squad once Ashley gets a better sense of roles of the new personnel.

Looking forward to having a regular touchpoint with you all this school year! Especially given the ramp-up to the wellness policy reauthorization.

Onward,

Shawn

Hi Shawn,

Thank you so much for getting this organization started. I greatly appreciate all of you and your continued commitment to MMSD and School Wellness.

Based on the dates you shared above, here is the ones that work best for me. This may change as the 2021 SY starts and we get back to department team meetings, but would love to just start somewhere and adjust if needed.

Tuesday AMs: 11-12noon

Wednesday AMs: 9-10a

Wednesday PMs: 12-1p

Wednesday PMs: 1-2p

Thursday PMs: 1-2p

Thanks and once we establish the day and time of week. I can schedule the zoom meetings- I know at one point different organizations had various access to video platforms.

-Ashley

On Wed, Aug 4, 2021 at 2:02 PM Koval Shawn M <[SKoval@uwhealth.org](mailto:SKoval@uwhealth.org)> wrote:

Hi all,

I think we would all agree that setting a regular/recurring meeting for the upcoming school year would be a good idea, no?

Rachel: Ashley, Julia and I met earlier today and thought a bi-weekly meeting would be ideal

- given the wellness policy is scheduled for an update this school year and many other potential projects/initiatives are on the horizon.

Since it's just us 4, I'm hoping to avoid a doodle for now. We discussed adding Windy or another one of the lead MMSD nurses once Ashley gets a chance to connect with them a bit more. So, we may have to adjust the time due to their schedules if/when they are added.

How about the following times for a recurring meeting starting the week of 8/16? Choose up to 3 that work for you, and please state if certain weeks of the month (1st, 2nd, 3rd, etc.) do or don't work well and we'll narrow things down!

Tuesday AMs: 8:30-9:30

Tuesday AMs: 11-12noon

Tuesday PMs: 3-4pm

Wednesday AMs: 9-10a

Wednesday PMs: 12-1p

Wednesday PMs: 1-2p

Thursday PMs: 1-2p

Thursday PMs: 2-3p

I propose we start meeting the week of 8/16, but open to other thoughts.

Thanks and looking forward to the collaboration!

Shawn

**Subject:** School Call Notes 8.19.21  
**Date:** Friday, August 20, 2021 11:18:02 AM  
**Attachments:** [image002.png](#)  
[image004.png](#)

---

Good morning,  
School call notes for the week are [here](#) and below.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally.
- 7-day average: 91.9 cases per day. Last week's briefing, it was 91.4.
- 3.9% positivity (last week was 3.8%), percent positivity has been holding steady around 3.8% for about the last 2 weeks—this is a good indication that we're testing at the level we need to in order to find cases
- In the past two weeks, 52% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 2,392 tests per day county-wide; this week it is 2,348.

### Hospitalizations

- Hospitalizations have increased. Today there are 56 hospitalizations and 18 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county.
- Averaging people hospitalized with COVID: 49.9 (last week it was 37.9); for ICU: 14.3 in ICU with COVID (last week it was 9.6)

### Trends

- Cases in children remain very low but are slowly increasing: average of 4.9 cases per day in 0-4 (last week was 3.6), 3 cases in ages 5-7 (last week was 2.3), 4.7 cases in ages 8-11 (last week was 3.6), and 5.7 cases in the 12-17 age group (last week was 5.1).
- We have added a section to page 3 of the snapshot highlighting trends among children in Dane County. While we are seeing increases in the child age groups, as in all age groups, we are not yet detecting increases in severe outcomes.

### Comparisons

- Dane: 16.8 cases per 100,000 per day
- WI: 23.4 cases per 100,000 per day
- USA: 38.7 cases per 100,000 per day

### [Vaccination](#)

- 724,073 doses administered to Dane County residents
- 71.4% of our county population now has at least one dose
- 82.1% of our eligible (12+ population) now has at least one dose

79.7% of adults 18+ have a completed series

- Since mid-July the number of vaccine doses administered have been trending upward each week. We had an average of 543 doses administered per day, which is up 13% from 480 doses per day three weeks ago.

Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 93% of cases in July that have been sequenced have been the Delta variant.

### **DHS/DPI Update**

The Wisconsin Department of Health Services has recently received clarification about authorized users accessing immunization records to make public health decisions.

Authorized users of the Wisconsin Immunization Registry sign a WIR Organization Security and Confidentiality Agreement.

That agreement outlines the authorized uses of WIR data, which include but are not limited to:

- To permit schools to determine the individual immunization status of their students
- For DHS approved public health purposes

Therefore, authorized users such as local health officers and schools may use the COVID vaccine information for purposes such as setting policy about masks, cohorting in schools, and other public health purposes.

#### *CLOSE CONTACT UPDATE*

Close Contact Exception in K-12 Schools (clarification): CDC says masked students in a classroom 3-6 feet apart are not close contacts and do not have to quarantine. If not masked or closer than 3' apart, they would be considered close contacts should quarantine and not attend school. We had previously also excluded these students from extracurricular activities. From now on, we are adopting the CDC guidelines.

This close contact exception does not apply to adults in the classroom.

### **CDC Update**

CDC announces small group of severely immunocompromised people eligible for additional dose of vaccine. Read PHMDC [blog post](#) about this.

### **PHMDC Updates**

#### *ORDER UPDATE*

Effective on Thursday, August 19, 2021 at 12:01am, Public Health Madison & Dane County is issuing a [Face Covering Emergency Order PDF](#), which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County.

[News Release](#) regarding [Order 17](#).

### **Question & Answer**

#### **Question: What will school nurses need to do for contact tracing?**

The process will remain largely the same. The major change is the close contact exception for K-12 students. If two students are masked and at least 3' apart, then a student who becomes a close contact would not need to be notified or quarantine. I am going to send the updated School Action Plan (live on our website) in the follow-up notes, which has tons of information about what to do in the event of a positive case.

#### **Question: Can we request negative test result proof? Is rapid test sufficient?**

For asymptomatic contacts: Quarantine for 7 days; get tested on day 6 or 7 and quarantine until result

For symptomatic: Symptoms have improved and fever-free for at least 24 hours AND it must be at least 10 days since symptom onset. – no need for a test – because that test will come back positive no matter what.

Here is guidance on which tests mean what:

Antigen +, no symptoms: requires PCR follow up, antigen test must be reported (WEDSS or State Lab)

Antigen +, with symptoms – Must be entered in WEDSS or State Lab system– PCR is advised for follow up, but not absolutely necessary

Antigen – with no symptoms: doesn't require a follow up or a report, but it can be reported in WEDSS if a nurse wanted to do that

Antigen – with symptoms: requires PCR follow up, ideally still reported in WEDSS, but probably not absolutely necessary if a PCR is done promptly.

Full guidance here:

School contact tracing overview

When

Tue Aug 24, 2021 9am – 9:40am Central Time - Chicago

Where

<https://cityofmadison.zoom.us/j/94030136035?pwd=cHlZUW9zT25SekdmVmppOUpkOGRqZz09> (map <[Calendar](https://urldefense.proofpoint.com/v2/url?u=https-3A__www.google.com_url-3Fq-3Dhttps-253A-252F-252Fcityofmadison.zoom.us-252Fj-252F94030136035-253Fpwd-253DcHlZUW9zT25SekdmVmppOUpkOGRqZz09-26sa-3DD-26ust-3D1629909976841000-26usg-3DAOvVaw0CGO86ku8xJy0G-2D2qRR1DN&d=DwMFaQ&c=byefhD2ZumMFFQYPZBagUCDuBiM9Q9twmxaBM0hCgII&r=dYgpaRK2h-uEQrlXVo5f7HU2xrQ3nylWC2_vRjrnN0E&m=z3bs-t714khEX8jkePdyqKsrpY3QKs0kMjtrOEXKSFI&s=nqKYGr1gUTqHelblGC4hqLoccUN90tO_0FEZvAm8iA&e=></a>)</p></div><div data-bbox=)

Goldberg, Rachel

Who

(Guest list is too large to display)

Please join Public Health Madison & Dane County for an overview of disease mitigation strategies for the fall semester. This is intended for people who will be doing contact tracing in your schools.

We will cover details of the following documents, and will also be available for Q&A.

School Action Plan: [https://publichealthmdc.com/documents/school\\_action\\_plan.pdf](https://publichealthmdc.com/documents/school_action_plan.pdf) <[Close contact and Not Close Contact Letters :](https://urldefense.proofpoint.com/v2/url?u=https-3A__www.google.com_url-3Fq-3Dhttps-253A-252F-252Fpublichealthmdc.com-252Fdocuments-252Fschool-5Faction-5Fplan.pdf-26sa-3DD-26ust-3D1629909976839000-26usg-3DAOvVaw3J9YfUn6zYc-5FGVWAceexnn&d=DwMFaQ&c=byefhD2ZumMFFQYPZBagUCDuBiM9Q9twmxaBM0hCgII&r=dYgpaRK2h-uEQrlXVo5f7HU2xrQ3nylWC2_vRjrnN0E&m=z3bs-t714khEX8jkePdyqKsrpY3QKs0kMjtrOEXKSFI&s=yS6LEzBjHV1671YFYC1RckQKjrQ7Seiac04Pk0YXoxA&e=></a>></p></div><div data-bbox=)

**Subject:** Child Care Notes 8.19.21  
**Date:** Friday, August 20, 2021 11:50:01 AM  
**Attachments:** [image003.png](#)  
[image004.png](#)  
[image005.png](#)  
[image006.png](#)

Good morning,  
Child care updates from the week are below.

## Data Update

### Cases

- Cases trending upward locally, statewide, and nationally.
- 7-day average: 91.9 cases per day. Last week's briefing, it was 91.4.
- 3.9% positivity (last week was 3.8%), percent positivity has been holding steady around 3.8% for about the last 2 weeks—this is a good indication that we're testing at the level we need to in order to find cases
- In the past two weeks, 52% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 2,392 tests per day county-wide; this week it is 2,348.

### Hospitalizations

- Hospitalizations have increased. Today there are 56 hospitalizations and 18 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county.
- Averaging people hospitalized with COVID: 49.9 (last week it was 37.9); for ICU: 14.3 in ICU

with COVID (last week it was 9.6)

#### Trends

- Cases in children remain very low but are slowly increasing: average of 4.9 cases per day in 0-4 (last week was 3.6), 3 cases in ages 5-7 (last week was 2.3), 4.7 cases in ages 8-11 (last week was 3.6), and 5.7 cases in the 12-17 age group (last week was 5.1).
- We have added a section to page 3 of the snapshot highlighting trends among children in Dane County. While we are seeing increases in the child age groups, as in all age groups, we are not yet detecting increases in severe outcomes.

#### Comparisons

- Dane: 16.8 cases per 100,000 per day
- WI: 23.4 cases per 100,000 per day
- USA: 38.7 cases per 100,000 per day

#### Vaccination

- 724,073 doses administered to Dane County residents
- 71.4% of our county population now has at least one dose
- 82.1% of our eligible (12+ population) now has at least one dose
- 79.7% of adults 18+ have a completed series
- Since mid-July the number of vaccine doses administered have been trending upward each week. We had an average of 543 doses administered per day, which is up 13% from 480 doses per day three weeks ago.

#### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. 93% of cases in July that have been sequenced have been the Delta variant.

#### **CDC Update**

CDC announces small group of severely immunocompromised people eligible for additional dose of vaccine. Read PHMDC [blog post](#) about this.

#### **PHMDC Updates**

##### *ORDER UPDATE*

Effective on Thursday, August 19, 2021 at 12:01am, Public Health Madison & Dane County is issuing a [Face Covering Emergency Order PDF](#), which requires that everyone age 2 and older wear a face covering or mask when in in any enclosed building where other people, except for members of the person's own household or living unit, could be present. This requirement applies to all of Dane County.

[News Release](#) regarding [Order 17](#).

#### **Question & Answer**

##### **Question: Can we request negative test result proof? Is rapid test sufficient?**

For asymptomatic contacts: Quarantine for 7 days; get tested on day 6 or 7 and quarantine until result

For symptomatic: Symptoms have improved and fever-free for at least 24 hours AND it must be at least 10 days since symptom onset. – no need for a test – because that test will come back positive no matter what.

Here is guidance on which tests mean what:

Antigen +, no symptoms: requires PCR follow up, antigen test must be reported (WEDSS or State Lab)

Antigen +, with symptoms – Must be entered in WEDSS or State Lab system– PCR is advised for follow up, but not absolutely necessary

Antigen – with no symptoms: doesn't require a follow up or a report, but it can be reported in WEDSS if a nurse wanted to do that

Antigen – with symptoms: requires PCR follow up, ideally still reported in WEDSS, but probably not absolutely necessary if a PCR is done promptly.

Full guidance here:

Hello,

Thank you for your email. I am out of the office until Monday, August 23, 2021 and will not be checking my messages.

If you need assistance immediately, please contact Eileen Otis, Elementary Programs Supervisor at [eotis@madison.k12.wi.us](mailto:eotis@madison.k12.wi.us) or Leslie Smith, Recreation Specialist at [lasmith2@madison.k12.wi.us](mailto:lasmith2@madison.k12.wi.us) or call 608-204-3000 to be directed to someone who can help you.

I will respond as soon as I am able and appreciate your patience.

Thanks!

Hi Nathan,

Thanks for these questions!

In my opinion, these rapid BinaxNOW tests are not a great idea for a couple reasons.

- 1) These tests are most reliable when a symptomatic person gets a positive test in the first couple days of infection. They require a high level of viral load to detect COVID. Therefore, when someone is newly sick is basically the only time I recommend using BinaxNOW. I wouldn't encourage these tests for asymptomatic people (due to all the reasons you mentioned).
- 2) If someone gets a negative result, it might grant them a sense of false security. Because of the high rate of false negatives and false positives, I just don't quite trust these results. They also provide a result for a point-in-time, and (although unlikely) someone might develop symptoms and become infectious at the event. If they think they are COVID negative, they may act accordingly and with more risk than they otherwise would.

Ultimately your best tools are for everyone to be vaccinated, masked, outdoors, and spaced. I would focus your efforts on those components before I would turn to testing.

**Subject:** reception next Wednesday and PH question

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi you two,

So excited to celebrate next Wednesday (8/25) with you... and a bit nervous given the rise of Delta. A couple thoughts/questions.

The reception is coming at the end of a conference. I am feeling okay about the conference given our much reduced capacity and spreading out between 3 floors and 6 rooms where we'll easily be able to distance. The gathering at the conference will no doubt be less risky than the

work that these folks do every day providing child-care/youth services. For the reception, I'm hoping that the 4th floor will be large enough for people to spread out. It has two outdoor spaces, one large, one small, and large open lobby areas where people should have enough space to spread out, but it's hard to imagine what 100 people looks like anymore, so not totally sure.

I was wondering about something. If we were able to get a lot of the BinaxNow tests would it be worthwhile to test (with consent/volunteers) some folks day-of that will be in more high touch capacities (presenters who will see three groups each, me who will be running around all day, etc.). I'm also wondering then about having enough tests for several attendees to volunteer to take them. I'm wondering if that might make the rapid tests more visible and normal? I'm also nervous about false positives, especially if we are giving a couple dozen tests. Thoughts?

Nathan

LWWWI State Office Update

League in the Spotlight: LWW Sheboygan County

## Wins Award for Voter Service PSA

[LWV SHEBOYGAN COUNTY](#) was recognized this month with a Best of the Midwest Media Fest award of merit for a public service announcement (PSA) they created in January of 2020 in partnership with their local WSCS Sheboygan Community Station. To watch their 30-second PSA promoting the importance of voting and voter registration, Are You Ready to Vote? [click here](#).

Communications Director and Voter Registration & Access Committee Co-Chair Kristin Casey-Booth said, "When our League was re-established in 2017, we estimated that there were 26,000 eligible but UNregistered voters in Sheboygan County. As of November 2020, that number was down to 17,000. We like to think we played a part in that."

Seven programs produced through Sheboygan's community station were recognized with entries received from media centers in five states. Longtime league member, Deb Sabol-Williams, played an integral part in the writing and filming of all six PSAs produced by the League. It reminds us what an excellent, broad-based venue community media provides for League messaging. Congratulations LWV Sheboygan County!

# END GERRYMANDERING

## EVERY VOTE MUST COUNT

## Wisconsin Legislature Announces New Fair Maps Portal

Speaker Vos announced via Twitter a newly created Legislative Portal that will accept public input on suggested communities of interest from around the state.

The [Portal](#) will be open for map submissions from September 1 to October 15<sup>th</sup>.

If you submitted a map to the People's Map Commission, please make sure to send it to the Legislature for their consideration. Between now and September 1<sup>st</sup>, you can use the portal to access how-to information from various free map drawing software including DistrictR, Dave's Redistricting and District Builder.

After September 1<sup>st</sup>, you will be able to [submit your maps](#).

### FAIR MAPS LOBBY DAY – September 27, 2021

LWVWI and The Fair Maps Coalition will sponsor a lobby day to ask our elected officials to enact AB 395/SB 389 assuring that all future District maps will be drawn without the use of any voting information.

Appointments will be made with legislators and constituents participating in-person will go together to visit their legislators. This event will be a hybrid of virtual and in-person at the Capitol lobbying. We are hoping to contact all 132 Assembly Reps and Senators in an effort to get this important legislation passed. (Note: On September 13th organizers will decide whether the event will be entirely virtual.)

Lobbying training sessions will be held for this event. The [registration form](#) is available for you to RSVP. More information on training and how-to lobby will be coming soon!

### Where Are Wisconsin's Fair Maps? A League of Women Voters of Dane County Virtual Public Issues Forum

**September 1, 2021, 7:00 PM - 8:15 PM via Zoom**

Please join the League of Women Voters of Dane County on Wednesday, September 1, 2021, to examine the path to fair voting districts for all of Wisconsin.

**Doug Poland**, of Law Forward will present a brief description of legislation for the

nonpartisan redistricting process, an analysis of current legal maneuvers and projections of future legal maneuvers regarding gerrymandering, and highlight what Wisconsin citizens can do to support fair maps. Blanchardville resident **Kriss Marion**, homestead farmer, and county supervisor in southwestern Wisconsin, will bring the audience up to speed on how gerrymandering is adversely affecting farmers in rural areas, and **Matt Rothchild**, executive director of the Wisconsin Democracy Campaign, a nonprofit, nonpartisan watchdog organization that tracks and exposes money in politics in Wisconsin, will address the financial effects of gerrymandering on Wisconsin citizens as a whole. **Joy Cardin**, League member and former Wisconsin Public Radio host, will moderate this event.

The event is free and open to the public but registration is necessary. You can register [here](#).

## LWVWI Defends Voting Rights in Court

The League of Women Voters of Wisconsin along with our partners at Wisconsin Faith Voices for Justice and Disability Rights Wisconsin have filed a motion to intervene in *Teigen v. WEC*, a case challenging the use of drop boxes and other absentee-ballot return methods. Our organizations have a long history of promoting voter awareness, education, and participation, and we invest significant time and resources in educating the public about elections and how and when to cast a ballot. This case threatens to burden, if not deny, access to safe and convenient absentee voting for all voters, especially for

disabled or otherwise disadvantaged Wisconsin citizens. This case threatens to roll back existing voting options, at a time when Wisconsin should be expanding accessible voting. We are being represented by Law Forward.

---

# Invest in Wisconsin's Infrastructure

Join the League's advocacy and find more information at [lwvwi.org/study-on-wisconsins-infrastructure](http://lwvwi.org/study-on-wisconsins-infrastructure)

## Summer Infrastructure Presentation Series Concludes. Advocacy for Infrastructure Spending to Begin!

Are you interested in learning more about the state of Wisconsin's infrastructure? The League of Women Voters of Wisconsin hosted seven webinars this summer, to examine the state of our infrastructure as rated in the American Society of Civil Engineers - Wisconsin Section's [Report Card](#).

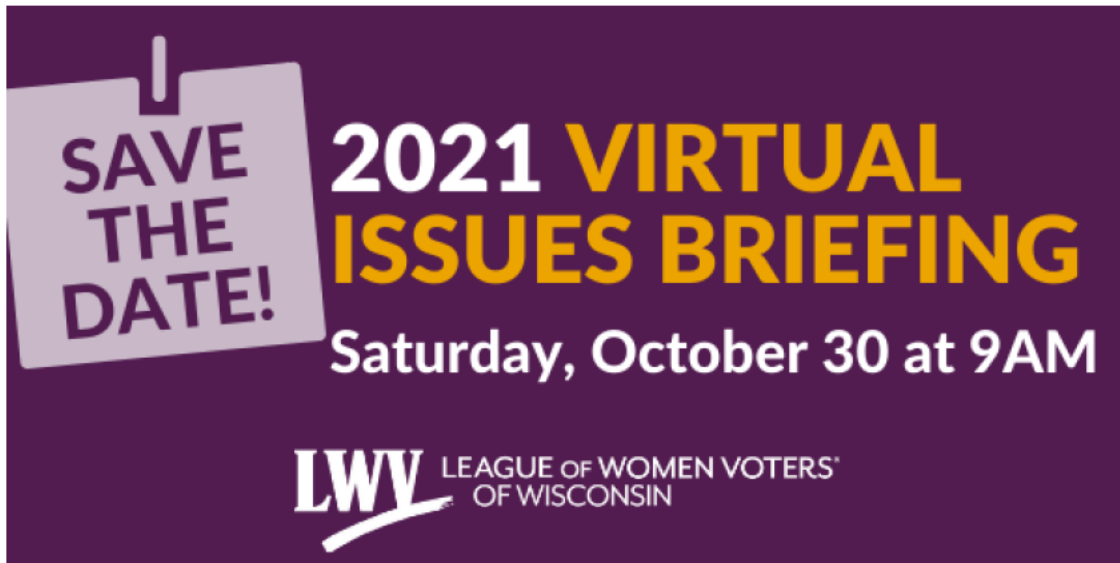

All of the recordings have been uploaded to our [website](#) and to our [YouTube channel](#). Please view the webinars and share them with your networks and legislators.

Both the League of Women Voters of Wisconsin and the ASCE - WI Section agree on the importance of a fully functioning and well-maintained Wisconsin infrastructure. Please call, write, email, text or visit our public officials and urge them to listen to these programs and invest in Wisconsin's infrastructure. With additional investment, we can raise the grades for Wisconsin's infrastructure.

Visit our [website](#) to learn more about how to improve the infrastructure in Wisconsin.

## 2021 LWVWI Issues Briefing

Out of great concern over the rapid rise in Delta variant case numbers, the LWVWI's 2021 Issues Briefing will be held virtually on Saturday morning, October 30th, 9AM-noon.

League members and friends are invited to attend online, engage in Q&A with keynote speakers and participate in a choice of several breakout rooms on topics such as voter rights, election security and much more. Zoom registration for Issues Briefing will soon be available.

The highly transmissible Delta variant poses a great threat to all our communities. In the weeks ahead, please be safe in all you do and where you go and encourage others to get vaccinated and wear a mask indoors.

**Organizational & Leadership  
Development**  
Division of Extension

## Civic Leadership for Vibrant Communities

Wisconsin communities struggle with issues ranging from affordable housing and broadband connectivity to public health crises and the impact of catastrophic storm events.

Addressing these and other complex issues requires effective leadership at the neighborhood, organizational, and community levels.

Leaders are more successful at addressing community issues and make better decisions when they foster civil conversations and welcome diverse perspectives. That's particularly important now, when communities, non-profits, and businesses are making decisions in a historically unique time of transition.

University of Wisconsin-Madison Division of Extension through the [Green County Leaders](#) program is partnering with [Braver Angels](#) to deliver an 8-part virtual program called **Civil Leadership for Vibrant Communities**.

**The program is open to all residents of Wisconsin** and seeks to provide local leaders with the skills needed to bridge divides and build stronger, more respectful, and valued communities so they can foster civil conversation, welcome more diverse perspectives, and make better decisions at the community level.

[Learn more and register here.](#)

## 2021 National Voter Registration Day

Voting is a shared American freedom, but to exercise this basic right, we must be registered to vote! That's why LWVWI is a proud partner and supporter of National Voter Registration Day (9/28). And you can be part of this amazing day too!

**Become a Partner:** We encourage local Leagues, our partner organizations, and individuals to join the celebration by becoming a partner of National Voter Registration Day again this year. National Voter Registration Day organizers have put together a collection of resources for partners to help organize events and activities leading up to National Voter Registration Day. With this year's holiday coming September 28, they want to make sure you have everything you need to make it a success! [Learn more.](#)

**Make Sure You're Registered Vote:** Just go to [myvote.wi.gov](http://myvote.wi.gov) - It's simple, it's free, and it's secure. Then ask 3 friends to check their voter registration.

---

Good afternoon,

Thanks to those of you who were able to join for our contact tracing overview this morning.

Apologies for the abrupt ending!

I am attaching here the PowerPoint slides and Q & A for your reference.

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Greetings; Your message is important to me. At this time I am out of my virtual office. I will be back on Wednesday, August 25, 2021. If you need immediate assistance please e-mail Claudia M. Verhagen at [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) Otherwise, I will answer your message upon return.

Thanks,

Claribelle

Saludos: Su mensaje es importante para mí. En estos momentos estoy fuera de mi oficina virtual. Regresaré el miércoles, 25 de agosto de 2021. Si necesita ayuda inmediata por favor comuníquese con Claudia M. Verhagen en [cmverhagen@madison.k12.wi.us](mailto:cmverhagen@madison.k12.wi.us) De otro modo contestaré su mensaje tan pronto regrese.

Gracias,

Claribelle

Hi Youth worker and Public Health Awardees,

We are so excited to celebrate you tomorrow! One more check-in e-mail. You should all know when to arrive (3:40-3:50) and where (1055 E Mifflin), but want to reinforce some things related to safety. Please make sure your guests know the same.

The reception will have food, but masks are required at all points indoors, so grab some food, go outside eat it, go inside to cool off, and repeat. We're opening a couple more rooms on the 4th floor to give even more space for folks to spread out given the heat. Again, this reception is at the end of our conference and the conference attendees (many of your colleagues) have been invited, there should be plenty of space to spread out, but please do your best to distance and mask. Hallways and stairways in particular could get a bit crowded, particularly at transition times. At all points, I want you all to do what you feel good and safe with. There is nothing you need to do for us ie. if the Mayor has a suspicious cough and you don't want to accept a plaque from her, trust your judgement, and don't!

If it rains, we will have some significant adjusting to do, so bear with us. We're not quite sure what we'll do with all of our food if it rains, but we may try to send it all home with you!

My cell is 608-395-7662. The best way to get a hold of me tomorrow will be via text.

Please do let me know if you have any questions, ideas, thoughts, concerns, and I am so looking forward to celebrating the incredibly important work you all do tomorrow!

Nathan

---

Good afternoon all,

I will be out of the office the rest of the week, so will miss the meeting on Friday. If you have COVID questions this week, please send them to [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Starting on 8/30, my colleague Nick Heckman (cced here) will be taking over the school liaison role. I'll be helping with this transition for the month of September.

Thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Subject:** School Health Bi-Weekly Huddle: MMSD + PHMDC + HKC  
**Date:** Wednesday, August 25, 2021 11:11:41 AM

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I know this is sort of last minute, but since we have welcome back PD all afternoon, starting at 1, I was wondering if we could just do a quick check in ~15-20 minutes instead of the whole hour. The next meeting an hour works for me. Today is just the 1st day of Role-Alike PD for K-12 Health and PE teachers that I am leading various sessions.

### **School Health Bi-Weekly Huddle: MMSD + PHMDC + HKC**

**When** Wed Aug 25, 2021 12pm – 1pm Central Time - Chicago

**Where** <https://uwhealth.webex.com/uwhealth/j.php?MTID=m7c0403602cd3a8a2c417b26e11b29848> ([map](#))

**Date:** Wednesday, August 25, 2021 3:39:28 PM

---

Hello, and thank you for your message! I am out of the office and will return on Monday, August 30.

If you are a school calling with a question about a positive COVID case, please call our Acute Communicable Disease line at 608-266-4821.

If you are a child care and someone at your center has received a positive COVID test, please first report the case here: <https://survey.alchemer.com/s3/6077749/Child-Care-COVID-Reporting>. Someone will call you back as quickly as possible.

If you have COVID questions unrelated to positive cases in school or child care, please email Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com).

Stay well,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Dear Partner,

As you may have heard or seen in the [news](#), MMSD has been working diligently to problem-solve around a nationwide bus driver shortage for several weeks. This crisis is an issue impacting schools in Wisconsin and across the country. School districts have been forced to cancel bus routes, shift schedules, and in some states, close in-person learning altogether. Although we are excited to be able to continue learning in-person five days per week, the driver shortage has put us in an unfortunate situation where an adjustment to [school start times](#) for many of our schools is necessary.

In the interim, with the expectation that we may not have enough drivers to support our transportation needs fully, we are making modifications to the start and end times of our schools. I am writing to share the modifications with you as they will impact your programming. Families will be hearing about these changes today as well. We have posted the revised start and end times for all schools on our [website](#).

We also recognize families most impacted by this change may have childcare concerns as a result of this shift, and we are prioritizing support for these families. Childcare providers and neighborhood center colleagues in particular - if you think that your staff would be interested in supporting morning care, please reach out to your [school principal](#). If you have any questions, please use the [Let's Talk](#) feature on the MMSD website.

Finally, please help us spread the word about our need for bus drivers. The information is below.

### **Bus Driver Recruitment**

Please help us spread the word that drivers are needed. Badger Bus offers flexible hours, with routes in the mornings and afternoons, and many supplemental routes throughout the day if you're looking for more hours.

Right now, newly hired drivers will receive the following sign-on bonuses:

- \$5,000 for school bus and coach drivers
- \$2,500 for van drivers

Learn more and apply at [mmsd.org/drive](https://mmsd.org/drive).

Please also feel free to reach out to me with any questions you may have. Again, I cannot thank you enough for your flexibility and understanding throughout this past year and a half, and moving forward.

Thank you again for your support of our students and community.

Best,

Bree

**Subject:** School Call Notes 8.24.21  
**Date:** Thursday, August 26, 2021 9:53:37 AM  
**Attachments:** [image005.png](#)  
[image006.png](#)

---

Good morning,

School call notes from this week are [here](#) and below.

## Data Update

### Cases

- Cases are stable locally, but continue to trend upward statewide and nationally.
- 7-day average: 87 cases per day. Last week's briefing, it was 91.9.
- 3.8% positivity (last week was also 3.8%), percent positivity has been holding steady around 3.8% for about the last 3 weeks—this is a good indication that we're testing at the level we need to in order to find cases
- In the past two weeks, 53% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 2,348 tests per day county-wide; this week it is 2,261.

### Hospitalizations

- Hospitalizations have increased. Today there are 84 hospitalizations and 27 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county.
- Averaging people hospitalized with COVID: 72.4 (last week it was 49.9); for ICU: 22.7 in ICU with COVID (last week it was 14.3)
- There are currently 3 pediatric hospitalizations.

### Trends

- Cases in children remain mostly stable. In the age group of 8-11, this week's average was 6.9 cases and last week it was 4.7. All other age groups either stayed the same or slightly decreased.
- There were 30 cases linked to clusters at seven childcare facilities involving 24 children and six staff. The ages among children ranged from 0-9; two-thirds (67%) were age 5 or older. 4 of the 6 staff were fully vaccinated.
  - Since children under the age of 12 are not yet eligible to be vaccinated, it's essential to continue precautions in these settings such as wearing masks, distancing, using well-ventilated spaces, and those who are eligible getting vaccinated.

### Comparisons

- Dane: 15.9 cases per 100,000 per day
- WI: 26 cases per 100,000 per day

- USA: 42.5 cases per 100,000 per day

### Vaccination

- 72% of our county population now has at least one dose
- 83% of our eligible (12+ population) now has at least one dose
- 80% of adults 18+ have a completed series
- Since mid-July the number of vaccine doses administered have been trending upward each week. We had an average of 568 doses administered per day during this week, which is up 18% from our low of 480 doses per day four weeks ago.

### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. Of 101 Dane County residents who tested positive for COVID since July 1 whose test specimens were sequenced, 95 (94%) were Delta.

### Testing Update

- We are monitoring testing demand county-wide, and could increase our appointment testing at the South Madison Office to 5 days a week if demand required.
- The Warner Park testing facility, which is open 10 – 3 Monday – Saturday is now working with Exact Sciences, so their turnaround resulting time is much faster.

### Vaccination Update

- There is a difference between third doses and booster shots. Third doses are currently available for anyone who qualifies under the immunocompromised list put forth by the FDA.
- Boosters, on the other hand, are not currently recommended by the CDC or the FDA. There has been some confusing messaging about this from the White House. The immunization committee is meeting next week to discuss boosters, and we are expecting to hear a formal announcement by the beginning of September.

### DHS/DPI Update

#### Gov. Evers Launches \$100 COVID-19 Vaccine Reward Program

- Today, Governor Tony Evers and the Wisconsin Department of Health Services (DHS) announced Wisconsin residents who get their first dose of any COVID-19 vaccine from a vaccine provider located in Wisconsin beginning August 20 through September 6 can receive a \$100 Visa Gift Card. Wisconsin residents ages 12 and over are eligible for the reward and can request the reward by going to the Reward Sign-up page. Proof of insurance, citizenship, or ID is not required to be eligible for or to receive the \$100.
- In order to receive the reward, Wisconsinites ages 12 and older will need to have received their first COVID-19 vaccine within the period of August 20 through September 6 and submit the request for the \$100 Visa Gift Card on the DHS Reward Sign-up page. Information submitted in the form will be used to verify you received your shot. Visa cards may take up to six weeks to be mailed to participants. For more information on the incentive program, visit the DHS \$100 reward page or call 844-684-1064 (language assistance is available).
- We are asking partners to help get the message out about this time-limited reward program. To help support these efforts, we encourage partners to widely share, use, or adapt the available social media graphics, and fliers, within their networks.
- To find a COVID-19 vaccine location in your community, visit Vaccines.gov or call 211 or 877-947-2211.
- Thank you for your continued work to get Wisconsin vaccinated.
- Communication Resources
- The press release will be available on Governor Evers' Press Release webpage.
- Talking points, sample social media messages, and a printable flyer are available on PCA Portal COVID-19 Resources under the Local and Tribal Health Department Resources topic.

### Federal Updates

- FDA fully approved Pfizer vaccine for adults 16+. Approval of the vaccine for 12 – 15 year olds will still be under EUA, as will the booster shots for the immunocompromised.

- PHMDC posted a [blog post](#) about this.

### PHMDC Updates

- This is my last week in this role.... I'll be moving to our Community Health Division to supervise our [WIC Program](#). It has been a pleasure working with you, and THANK YOU for everything you do every day!
- Nick Heckman will be taking over the school and child care liaison duties, starting Monday 8/30. His contact information is as follows:
  - Email: [nheckman@publichealthmdc.com](mailto:nheckman@publichealthmdc.com)
  - Cell: 608-620-5332

Enjoy your weekend!

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Supervisor** | [Public Health Madison & Dane County](#)

2705 E Washington Ave, Madison, WI 53704

Phone: (608) 243-0137 | Cell: (608) 213-5745 | Fax: (608) 266-4858

**Subject:** Child Care Updates 8.26.21  
**Date:** Thursday, August 26, 2021 10:02:02 AM  
**Attachments:** [image005.png](#)  
[image006.png](#)

---

Good morning,  
Child care updates for the week are below.

## Data Update

### Cases

- Cases are stable locally, but continue to trend upward statewide and nationally.
- 7-day average: 87 cases per day. Last week's briefing, it was 91.9.
- 3.8% positivity (last week was also 3.8%), percent positivity has been holding steady around 3.8% for about the last 3 weeks—this is a good indication that we're testing at the level we need to in order to find cases
- In the past two weeks, 53% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 2,348 tests per day county-wide; this week it is 2,261.

### Hospitalizations

- Hospitalizations have increased. Today there are 84 hospitalizations and 27 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county.
- Averaging people hospitalized with COVID: 72.4 (last week it was 49.9); for ICU: 22.7 in ICU with COVID (last week it was 14.3)

There are currently 3 pediatric hospitalizations.

### Trends

- Cases in children remain mostly stable. In the age group of 8-11, this week's average was 6.9 cases and last week it was 4.7. All other age groups either stayed the same or slightly decreased.
- There were 30 cases linked to clusters at seven childcare facilities involving 24 children and six staff. The ages among children ranged from 0-9; two-thirds (67%) were age 5 or older. 4 of the 6 staff were fully vaccinated.
  - Since children under the age of 12 are not yet eligible to be vaccinated, it's essential to continue precautions in these settings such as wearing masks, distancing, using well-ventilated spaces, and those who are eligible getting vaccinated.

### Comparisons

- Dane: 15.9 cases per 100,000 per day
- WI: 26 cases per 100,000 per day
- USA: 42.5 cases per 100,000 per day

### Vaccination

- 72% of our county population now has at least one dose
- 83% of our eligible (12+ population) now has at least one dose
- 80% of adults 18+ have a completed series
- Since mid-July the number of vaccine doses administered have been trending upward each week. We had an average of 568 doses administered per day during this week, which is up 18% from our low of 480 doses per day four weeks ago.

### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. Of 101 Dane County residents who tested positive for COVID since July 1 whose test specimens were sequenced, 95 (94%) were Delta.

### **Testing Update**

- We are monitoring testing demand county-wide, and could increase our appointment testing at the South Madison Office to 5 days a week if demand required.
- The Warner Park testing facility, which is open 10 – 3 Monday – Saturday is now working with Exact Sciences, so their turnaround resulting time is much faster.

### **Vaccination Update**

- There is a difference between third doses and booster shots. Third doses are currently available for anyone who qualifies under the immunocompromised list put forth by the FDA.
- Boosters, on the other hand, are not currently recommended by the CDC or the FDA. There has been some confusing messaging about this from the White House. The immunization committee is meeting next week to discuss boosters, and we are expecting to hear a formal announcement by the beginning of September.

### **DCF Update**

- The CFOC [Crosswalk](#) is designed to provide additional information to help caregivers/teachers and child care health consultants provide safe and healthy early care and education environments during the COVID-19 pandemic.

- COVID-19 [symptom screening](#) has limitations and will identify only that a person might be sick, not that the person necessarily has COVID-19. This means early care and education programs still need to implement other mitigation strategies to reduce the spread of the virus that causes COVID-19
- If you have any questions, please contact your [licensing specialist](#) or [certification worker](#).

### Federal Updates

- FDA fully approved Pfizer vaccine for adults 16+. Approval of the vaccine for 12 – 15 year olds will still be under EUA, as will the booster shots for the immunocompromised.
- PHMDC posted a [blog post](#) about this.

### PHMDC Updates

- This is my last week in this role... I'll be moving to our Community Health Division to supervise our [WIC Program](#). It has been a pleasure working with you, and THANK YOU for everything you do every day!
- Nick Heckman will be taking over the child care liaison duties, starting Monday 8/30. His contact information is as follows:
  - Email: [nheckman@publichealthmdc.com](mailto:nheckman@publichealthmdc.com)
  - Cell: 608-620-5332

Enjoy your weekend!

Hi Rebecca,

I was wondering if you still wanted to meet to regroup about the possibility of SRH for students.

Take care,  
Stephanie

On Sat, Jul 17, 2021 at 9:38 AM Stephanie Gramann <[sgramann@madison.k12.wi.us](mailto:sgramann@madison.k12.wi.us)> wrote:

Hi Rebecca,

I hope you are having a good summer. I would love to regroup with you regarding sexual health services at West. Our new Assistant Director of Health Services has been hired and starts on Monday. Obviously she is going to have a lot of matters that are going to take priority in the near future, but I know that Sally still was a proponent of this when she left, so hopefully this was passed on to her successor. Would you like to meet soon to touch bases and share with each other what has happened in our organizations since we last spoke and hopefully plan for the future?

Thank you,  
Stephanie

Hi Stephanie,

Well a lot of things have happened in the last year, and I'm wondering how you would feel about regrouping to discuss the possibility of beginning to offer SRH adolescent health services at West. I know that Sally has retired- has a new Director been chosen? Would you be open to scheduling a phone call or zoom to open back up the door to exploring this project? Let me know your thoughts. Thanks!

Becca

Hi Rebecca,

I was just thinking about you this morning and how I hadn't heard back from you and was getting worried. Are you able to meet early next week? The kids come back on Thursday and I think things will be pretty crazy after that for a couple of weeks. I would like to try to join your meeting on 9/9!

Take care,  
Stephanie

Hi Rebecca,

I was wondering if you still wanted to meet to regroup about the possibility of SRH for students.

Take care,

Stephanie

Hi Rebecca,

I hope you are having a good summer. I would love to regroup with you regarding sexual health services at West. Our new Assistant Director of Health Services has been hired and starts on Monday. Obviously she is going to have a lot of matters that are going to take priority in the near future, but I know that Sally still was a proponent of this when she left, so hopefully this was passed on to her successor. Would you like to meet soon to touch bases and share with each other what has happened in our organizations since we last spoke and hopefully plan for the future?

Thank you,

Stephanie

Hi Stephanie,

Well a lot of things have happened in the last year, and I'm wondering how you would feel about regrouping to discuss the possibility of beginning to offer SRH adolescent health services at West. I know that Sally has retired- has a new Director been chosen? Would you be open to scheduling a phone call or zoom to open back up the door to exploring this project? Let me know your thoughts. Thanks!

Becca

Hi Rebecca,

I was just thinking about you this morning and how I hadn't heard back from you and was getting worried. Are you able to meet early next week? The kids come back on Thursday and I think things will be pretty crazy after that for a couple of weeks. I would like to try to join your meeting on 9/9!

Take care,  
Stephanie

Hi Rebecca,

I was wondering if you still wanted to meet to regroup about the possibility of SRH for students.

Take care,

Stephanie

Hi Rebecca,

I hope you are having a good summer. I would love to regroup with you regarding sexual health services at West. Our new Assistant Director of Health Services has been hired and starts on Monday. Obviously she is going to have a lot of matters that are going to take priority in the near future, but I know that Sally still was a proponent of this when she left, so hopefully this was passed on to her successor.

Would you like to meet soon to touch bases and share with each other what has happened in our organizations since we last spoke and hopefully plan for the future?

Thank you,

Stephanie

Hi Stephanie,

Well a lot of things have happened in the last year, and I'm wondering how you would feel about regrouping to discuss the possibility of beginning to offer SRH adolescent health services at West. I know that Sally has retired- has a new Director been chosen? Would you be open to scheduling a phone call or zoom to open back up the door to exploring this project? Let me know your thoughts.

Thanks!

Becca

Hi Rebecca,

I was just thinking about you this morning and how I hadn't heard back from you and was getting worried. Are you able to meet early next week? The kids come back on Thursday and I think things will be pretty crazy after that for a couple of weeks. I would like to try to join your meeting on 9/9!

Take care,

Stephanie

Hi Rebecca,

I was wondering if you still wanted to meet to regroup about the possibility of SRH for students.

Take care,

Stephanie

<[sgramann@madison.k12.wi.us](mailto:sgramann@madison.k12.wi.us)> wrote:

Hi Rebecca,

I hope you are having a good summer. I would love to regroup with you regarding sexual health services at West. Our new Assistant Director of Health Services has been hired and starts on Monday. Obviously she is going to have a lot of matters that are going to take priority in the near future, but I know that Sally still was a proponent of this when she left, so hopefully this was passed on to her successor. Would you like to meet soon to touch bases and share with each other what has happened in our organizations since we last spoke and hopefully plan for the future?

Thank you,

Stephanie

<[RLyons@publichealthmdc.com](mailto:RLyons@publichealthmdc.com)> wrote:

Hi Stephanie,

Well a lot of things have happened in the last year, and I'm wondering how you would feel about regrouping to discuss the possibility of beginning to offer SRH adolescent health services at West. I know that Sally has retired- has a new Director been chosen? Would you be open to scheduling a phone call or zoom to open back up the door to exploring this project? Let me know your thoughts.

Thanks!

Becca

VIEW PROGRAM GUIDE AND REGISTER AT [MSCR.ORG](#)

Join us for a variety of fall classes for all ages! Exercise your mind and your body. Classes are available indoor, outdoor and virtual! [Learn more about Health & Safety Policies.](#)

## Arts & Enrichment

### Youth Arts & Enrichment

#### [Indoor Pre-Ballet - Age 4](#)

Affordable way to expose your child to dance.

Sunday, Sept 12 - Nov 21, 5:05-5:45pm at MSCR East [#31018](#)

Saturday, Sept 11 - Nov 20, 10:05-10:45am at MSCR East

[#31019](#)

#### [Indoor Poms - Grades 4-8](#)

Poms is a style of dance that combines sharp, precise arm motions with jazz technique, focusing on jumps, kicks, turns and leaps.

Tuesday, Sept 14 - Nov 23, 6:50-7:50pm at MSCR East [#31030](#)

Thursday, Sept 16 - Nov 18, 6-7pm at MSCR Odana [#31031](#)

#### [Indoor Jazz - Grades 2-5](#)

Features a variety of jazz techniques including turns, jumps and combinations.

Sunday, Sept 12 - Nov 21, 2-3pm at MSCR East [#31013](#)

#### [Awesome Art - Age 4-5](#)

Enjoy a new read-aloud each week, sing songs, and create artwork to accompany the book.

Sunday, Sept 11 - Oct 9, 10:15-11:15am at MSCR East [#31124](#)

#### [Young Illustrators - Part 1 Grades 7-9](#)

Enjoy a new read-aloud each week, sing songs and create artwork to accompany the book.

Tuesday, Sept 14 - Oct 12, 7:30-8:45pm at MSCR East [#31200](#)

---

## Adult Arts & Enrichment

### [Surviving Your Home Office](#)

Dramatically improve the way you feel at the end of the day by making simple changes. Make your at home office setup work for you!

Tuesday, Sept 21 - Oct 5, 6:30-8pm Virtual [#31068](#)

### [Contemporary Poetry & Spoken Word](#)

Discover how to use creative writing to name what you are feeling. Build a knowledge of contemporary poetry, a portfolio of original poetry and writing, experience reading and performing original work.

Thursday, Oct 7 - Dec 2, 6-8pm at MSCR East [#31276](#)

### [Outdoor Knitted Shawl](#)

Join fellow knitters and learn how to make a shawl just in time for the fall season. This perfect wardrobe accessory expands basic knitting skills. Make a fashion statement and wrap up in something you created!

Wednesday, Sept 29 - Oct 13, 10am-12pm at MSCR Hoyt [#31086](#)

## Fitness

---

## Adult Fitness

### [Virtual Total Body Fitness](#)

This is a total body, heart pumping, aerobic and strength conditioning workout. Combines full-body strength training with cardio bursts designed to tone your body and improve your endurance.

Tuesday, Sept 14 - Nov 23, 6:30-7:15pm [#30515](#)

### [Commit to Get Fit](#)

Receive personalized attention from a nationally certified personal trainer in a small group format designed to help you realize your fitness potential. Class incorporates exercise and nutrition education, followed by a workout that focuses. Saturday, Sept 18 - Oct 30, 9-10am at MSCR East [#30481](#)

### [Small Group Training](#)

Take your fitness goals to the next level with a small group. Work with certified personal trainers to improve motivation, accountability, results and overall strength. All fitness levels are welcome.

Monday, Sept 13 - Oct 25, 5-6pm at MSCR Odana [#31286](#)

---

## Youth Fitness

### [Indoor Capoeira - Ages 9-13](#)

Capoeira is an Afro-Brazilian Martial Art that combines self-defense, dance and acrobatic movements to the pulsating rhythm of traditional music.

Tuesday, Sept 14 - Oct 26, 6-6:45pm at Warner Park CRC [#30472](#)

### [Indoor Fitness, Fun & Friends - Ages 7-11](#)

Support each other and have fun as they explore fitness in a welcoming and encouraging atmosphere through games and play.

Wednesday, Sept 14 - Oct 6, 4:15-5pm at MSCR East [#31241](#)

### [Indoor WERQ - Ages 8-13](#)

WERQ is the fiercely fun dance fitness class based on pop, rock and hip hop music.

Monday, Sept 13 - Oct 25, 5-5:45pm at MSCR East [#31236](#)

---

## Sports Leagues

### Youth Flag Football Leagues

MSCR's Flag Football League teaches the fundamentals in a safe, fun and welcoming environment. Begins September 13.

[Register Now](#)

### Adult Basketball Leagues

Get your team together for this energetic league. Play begins October 5.

[Register Now](#)

## View & Register for all Fall Programs!

---

Hi Dawn etc.,

I have moved on from the schools role so will not be in attendance at these meetings. I have, however, forwarded them on to my replacement, Nick Heckman. If you feel strongly about his attendance, I'd encourage you to invite him more personally. His email is [nheckman@publichealthmdc.com](mailto:nheckman@publichealthmdc.com).

Best of wishes to you as you embark upon the new school year! Thanks for all you do!

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Public Health Supervisor** | [Public Health Madison & Dane County](#)

2705 E Washington Ave, Madison, WI 53704

Phone: (608) 243-0137 | Cell: (608) 213-5745 | Fax: (608) 266-4858

**Subject:** Dane County Emergency Management call for PPE request  
**Date:** Wednesday, September 1, 2021 3:33:59 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

---

Good afternoon all,

Dane County Emergency Management is offering one more opportunity to request PPE for those who are struggling to get their own. Due to limited supply, they are asking you only request supplies if there is an unmet need. Submissions are due by **12pm Thursday, 9/2**. The distribution will take place next Monday 9/6 from 2-4pm at 1874 S Stoughton Rd. A reminder email will be sent out on Friday.

<https://www.surveymonkey.com/r/WDVNDHR>

Please note this is the last PPE distribution they plan on doing. PPE supplies are no longer coming in from the state's distributions, so their stock is limited. Going forward, if there are any unmet needs, supplies can be requested from the DCEM website [here](#). Requests are not guaranteed to be fulfilled, but PPE will be supplied as able.

If you have any questions about PPE, please feel free to reach out to Courtney at [Wassertheurer.courtney@countyofdane.com](mailto:Wassertheurer.courtney@countyofdane.com).

Many thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

**Subject:** Dane County Emergency Management call for PPE request -- child care  
**Date:** Wednesday, September 1, 2021 3:35:41 PM  
**Attachments:** [image001.png](#)  
[image002.png](#)

Good afternoon child care providers,  
Dane County Emergency Management is offering one more opportunity to request PPE for those who are struggling to get their own. Due to limited supply, they are asking you only request supplies if there is an unmet need. Submissions are due by **12pm Thursday, 9/2**. The distribution will take place next Monday 9/6 from 2-4pm at 1874 S Stoughton Rd. A reminder email will be sent out on Friday.

<https://www.surveymonkey.com/r/WDVNDHR>

Please note this is the last PPE distribution they plan on doing. PPE supplies are no longer coming in from the state's distributions, so their stock is limited. Going forward, if there are any unmet needs, supplies can be requested from the DCEM website [here](#). Requests are not guaranteed to be fulfilled, but PPE will be supplied as able.

If you have any questions about PPE, please feel free to reach out to Courtney at [Wassertheurer.courtney@countyofdane.com](mailto:Wassertheurer.courtney@countyofdane.com).

Many thanks,

**RACHEL GOLDBERG, MPH** (pronouns: she/her/hers)

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear colleagues,

I hope this email finds you well. I would like to share some personal/professional news with all of you.

I have accepted a position with the organization EducationSuperHighway. My last day with MMSD will be Tuesday, September 21.

As some of you know, I have been working on issues of internet access for our students. This experience solidified for me that I wanted to concentrate my professional efforts in this area. In my new role, I will be liaising with school districts, internet service providers, and community organizers to ensure universal access to broadband internet in students' homes. While this move is bittersweet, I am so very happy that I am accepting a position that will allow me to continue to work with MMSD on an ongoing basis, as we strive to achieve digital equity and access for our students, families, and the larger community.

Thank you for all of your support of MMSD and our students, especially this past year.

Janet Dyer has offered to serve as your point of contact in the interim, with Nathan supporting where possible. As you know you are in excellent hands. I will be sharing this information more widely in the next day or so, but please feel free to tell your teams.

Please do not hesitate to contact me with any questions. I am still hoping to join the September call if I can.

Thank you for all that you do for our students, and community.

All the best,

Bree

Hi Rachel,

Thank you for connecting us with Nick. He attended our meeting this afternoon with the UW physicians and researchers. I know he does not have the capacity to attend regularly but it was still good for everyone to meet today.

I also want to say THANK YOU for all your work supporting schools during the pandemic, you will be missed!

Wishing you all the best in your new role!

Dawn

Hi Dawn etc.,

I have moved on from the schools role so will not be in attendance at these meetings. I have, however, forwarded them on to my replacement, Nick Heckman. If you feel strongly about his attendance, I'd encourage you to invite him more personally. His email is [nheckman@publichealthmdc.com](mailto:nheckman@publichealthmdc.com).

Best of wishes to you as you embark upon the new school year! Thanks for all you do!

**Subject:** School Call Notes 9/2/2021  
**Date:** Thursday, September 2, 2021 3:26:03 PM  
**Attachments:** [Contact line list.xlsx](#)  
[image002.png](#)

---

Hello school partners,  
The running meeting minutes (including data updates) can be found [here](#).  
Agency updates also listed below.

## PHMDC

Contact tracing in schools updates:

- Site investigators would like to receive reports from schools directly via email, so when you have a case at school, please notify your site investigator. If you don't know who your site investigator is, you can email me.
- We have an updated contact line list to make it easier for your school contact tracers. If capacity is an issue, you can provide the line list of close contacts with only the first/last name, and DOB. Thank you for your patience on this. [See attached spreadsheet.](#)

New [blog post](#) this week all about breakthrough infections and the impact of the delta variant.

We are working on a document to clarify school testing outcomes, and the implications that various test results have for your students and staff. We've previously asked DHS for this guidance and they have not yet provided it. Will share it as soon as it's ready.

## DHS/DPI

- Schools are receiving solicitations from vendors regarding COVID testing. **Some of these solicitations are spam.** The most current spam one is from **USA Medical LLC**. Please ignore such solicitations and work with the vendor assigned to you by DHS.
  - If you have questions please contact DHS testing at:  
[DHSK12COVIDTESTING@dhs.wisconsin.gov](mailto:DHSK12COVIDTESTING@dhs.wisconsin.gov)

## DCEM

One more mask distribution for schools and child care. Email was sent yesterday. Pick up will be Tuesday, September 7. Supply is extremely limited.

## Federal Updates

School-based data paper came out of the CDC this week, and the national media has picked it up as well.

- [MMWR Early Release](#): This paper highlights the way that the Delta variant spread in a classroom among unvaccinated children. 26 cases occurred following exposure of an unvaccinated infected teacher who removed her mask temporarily to read to the class. The attack rate was 50%, and risk was correlated with seating proximity to the teacher. **Reinforces the importance of masking, distancing, and vaccinating when eligible.**

**NICHOLAS HECKMAN** (he/him/his)

**Policy Analyst** | [Public Health Madison & Dane County](#)

210 Martin Luther King Jr. Blvd, Room 507, Madison, WI 53703

Phone: (608) 243-0445 | Fax: (608) 266-4858

*Healthy People. Healthy Places.*

This email, including any attachments, may contain confidential or protected health information which is only for the intended recipient. If you received this email in error, please delete and notify the sender immediately. Emails sent or received by our agency are subject to open records requests and could be released to the public, unless there is an exception allowed by law.

**Subject:** Child Care Updates 9/2/2021  
**Date:** Thursday, September 2, 2021 3:26:30 PM  
**Attachments:** [image003.png](#)

---

Childcare updates for the week are below.

## Data:

### Cases

- Cases are increasing locally, and continue to trend upward statewide and nationally.
- 7-day average: 110.7 cases per day. Last week's briefing, it was 94.
- 3.9% positivity (last week was 3.8%), percent positivity has been holding steady around 3.8% for about the last month—this is a good indication that we're testing at the level we need to in order to find cases
- In the past two weeks, 55% of cases occurred outside the city of Madison

### Testing

- Last week we were averaging 2,261 tests per day county-wide; this week it is 2,863.

### Hospitalizations

- Hospitalizations have increased. Today there are 79 hospitalizations and 26 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers

from out of county.

- Averaging people hospitalized with COVID: 78.6 (last week it was 72.4); for ICU: 26.6 in ICU with COVID (last week it was 22.7)
- There are currently 3 pediatric hospitalizations.

### Trends

- Cases in children remain very low but are slowly increasing in some age groups: average of 4.3 cases per day in 0-4 (last week was 4.1), 3.7 cases in ages 5-7 (last week was 3.9), 10.6 cases in ages 8-11 (last week was 6.9), and 7 cases in the 12-17 age group (last week was 3).
- Over the past four weeks, cases have been stable among children ages 0-4 and 12-17 and have increased among ages 5-11. At this time we have not seen an increase in severe cases in children. Ages 5-7 have a percent positivity of 5.8% and ages 8-11 have a percent positivity of 8.6%, indicating that more testing may be needed among these groups.
- In the past four weeks (7/26-8/22), cases have been stable among fully vaccinated people but have significantly increased by 24% among people who are not fully vaccinated.

### Comparisons

- Dane: 20.2 cases per 100,000 per day
- WI: 33 cases per 100,000 per day
- USA: 45 cases per 100,000 per day

### Vaccination

- 734,593 doses administered to Dane County residents
- 72.3% of our county population now has at least one dose
- 83.1% of our eligible (12+ population) now has at least one dose
- 80.7% of adults 18+ have a completed series
- We had an average of 569 doses administered per day, which is up 19% from our low of 480 doses per day five weeks ago

### **Variants**

· Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. Of 120 Dane County residents who tested positive for COVID since July 1 whose test specimens were sequenced, 114 (95%) were Delta.

### **Vaccine Clinic Updates**

For the month of September we will be doing a recurring mobile clinic at the same site each day of the week. Mondays- Mercado Marimar, Tuesdays- Northside town center and Warner Park,

Wednesday- Allied, Thursday- The Beacon and Riendahl Park, Fridays- Black Earth. We will also be doing an additional mobile clinic each day of the week as the need arises. All of this info will be on the vaccine map on our website.

Our PHMDC COVID vax clinics will be open Mondays at SMO and Tuesdays at EWO.

We are currently in the planning phases of how we will provide booster doses when those become available. Also beginning planning for 12 and under as well.

## PHMDC Updates

New [blog post](#) this week all about breakthrough infections and the impact of the delta variant.

A promotional banner for MSCR Fall Programs. On the left is the MSCR logo on a red ribbon. The text "Fun for All Ages!" is in white. Below it, "MSCR FALL PROGRAMS" is in large yellow letters, followed by "VIEW PROGRAM GUIDE AND REGISTER AT MSCR.ORG" in smaller blue letters. On the right, there are three circular images: a girl painting, a person doing a handstand, and a basketball game. A yellow leaf is on the bottom left and a red leaf is on the bottom right.

## MSCR Mask Guideline Updates - effective September 2, 2021

As a department of the Madison Metropolitan School District, MSCR has updated our mask guidance regarding outdoor masking following the change in MMSD policy. Effective immediately the following changes to the mask guidelines will be in place for outdoor programs:

- Youth Programs: masks are required for every individual, age 2 years through 8th grade, and MSCR staff.
- Family Programs: masks are required for every individual, age 2 years and older, including adult participants and MSCR staff
- Adult Programs: masks are recommended for adult participants and staff.

To see full health and safety policies, please visit <https://www.mscr.org/registration/health-safety>

Guidelines and policies are subject to change, in accordance with changing guidance and requirements from MMSD or public health authorities. Current guidelines are available at [msqr.org](https://www.msqr.org) and are shared with participants prior to the start of the program.

Thank you for your cooperation. We appreciate your support.

## **Actualizaciones de las pautas de máscaras con MSCR - Vigente es 2 de septiembre de 2021**

Como departamento del Distrito Escolar Metropolitano de Madison, MSCR ha actualizado nuestras pautas de máscaras con respecto a su uso al aire libre siguiendo el cambio en las pólizas de MMSD. Con vigencia inmediata, se implementarán los siguientes cambios en las pautas de máscara para los programas en exteriores:

- Programas juveniles: se requieren máscaras para todas las personas, desde los 2 años hasta el octavo grado, al igual que el personal de MSCR.
- Programas familiares: se requieren máscaras para todas las personas, de 2 años en adelante, incluidos los adultos participantes y el personal de MSCR
- Programas para adultos: se recomiendan máscaras para los participantes adultos y el personal.
- Los participantes deben mantener 6 pies de distancia física en la mayor medida posible.

Para ver las pólizas completas de salud y seguridad, visite

<https://www.msqr.org/registration/health-safety>

Las pautas y pólizas están sujetas a cambios, de acuerdo con los requisitos cambiantes de MMSD o las autoridades de salud pública. Las pautas actuales están disponibles en [msqr.org](https://www.msqr.org) y se comparten con los participantes antes del inicio del programa.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Partners,

Hope you are doing well. I know I am excited for the start of the school year.

I have a couple of updates for you, one being personal in nature.

The biggest update from the MMSD side is that for the first quarter of the school year, MMSD is expanding its mask requirement in elementary (grades 4K - 5) and middle school (grades 6-8) communities to now include masking outdoors as well as indoors and on buses. The mask requirement includes staff, families, and visitors in elementary and middle school buildings, as well as after school childcare and activities at K-8 schools. Our schools will be working with families who need accommodations, to ensure all students' needs are met. The full letter that went to MMSD families earlier this week is inserted below.

As to my personal news, I am writing to let you know that I have accepted a position with the organization EducationSuperHighway. My last day with MMSD will be Tuesday, September 21.

As some of you may know, I have been working on issues of internet access for our students. This experience solidified for me that I wanted to concentrate my professional efforts in this area. In my new role, I will be liaising with school districts, internet service providers, and community organizers to ensure universal access to broadband internet in students' homes. While this move is bittersweet, I am so very happy that I am accepting a position that will allow me to continue to work with MMSD on an ongoing basis, as we strive to achieve digital equity and access for our students, families, and the larger community.

It has been an absolute pleasure working with you to support MMSD and our students.

Until September 21 please do not hesitate to contact me with any questions. After that date, please contact your partnership managers with any specific programmatic questions you may have, and email general partnerships-related questions to [partnerships@madison.k12.wi.us](mailto:partnerships@madison.k12.wi.us).

Thank you for all that you do for our students, and community. Enjoy the long weekend.

All the best,

Bree

Dear MMSD Families,

I am writing to inform you of an important update on our masking mitigation strategy for all MMSD elementary and middle schools, beginning Thursday, September 2. For the first quarter of the school year, MMSD is expanding its mask requirement in elementary (grades 4K - 5) and middle school (grades 6-8) communities to now include masking outdoors as well as indoors and on buses. The mask requirement includes staff, families, and visitors in elementary and middle school buildings, as well as after school childcare and activities at K-8 schools. Our schools will be working with families who need accommodations, to ensure all students' needs are met.

This decision comes after recent collaborative discussions on local COVID conditions, and to stay ahead of evolving risks associated with the Delta variant on unvaccinated children. Throughout the pandemic, the district has worked closely with our panel of local health advisors, whose expertise informs our practices, along with guidance from local, state, and national public health organizations. Through following the science and the guidance, MMSD continues to successfully stay ahead of the safety mitigation curve as the pandemic evolves.

Locally, positive Delta variant cases have spiked at an alarming pace, with positive Dane County cases growing exponentially from 10 new cases a day in July, to 93 a day in August. This local data is consistent with what is being experienced nationally, as school districts across the country have been forced to send large numbers of unvaccinated students home to quarantine only days after the start of their school year.

In Dane County, medical advisors working on the front lines of the pandemic described local Delta variant cases as very concerning due to its high transmissibility rate, level of severe disease, and incidence of breakthrough infections of those who are vaccinated. Therefore, our advisors unanimously recommended outdoor masking for elementary and middle school students, to ensure our goal of keeping students learning safely in-person and inside school buildings. We feel this extra layer of safety mitigation for students who are under 12 years old, and not eligible to be vaccinated, is best for our younger scholars.

Although we are asking elementary and middle schools to adhere to outdoor masking for the first quarter of the school year, we will continue monitoring local conditions. As our metrics change, our safety mitigation strategies will be adjusted accordingly.

We realize the timing of this announcement is not ideal. As our health advisors reminded us, the Delta variant of COVID-19 has its own schedule. We will continue supporting our families in any way we can, including providing you with the latest information as soon as reasonably possible. We are working to keep the health and safety of our students, staff, families, and community at the center of our policies and practices.

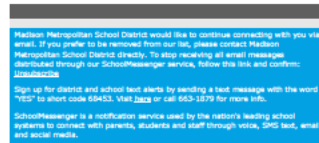

More information on MMSD's COVID-19 safety plan can be found on our [website](#). Thank you for your continued collaboration and support.

Sincerely,

Carlton D. Jenkins, Ph.D.

Superintendent

Madison Metropolitan School District

In my new role, I will be liaising with school districts, internet service providers, and community organizers to ensure universal access to broadband internet in students' homes. While this move is bittersweet, I am so very happy that I am accepting a position that will allow me to continue to work with MMSD on an ongoing basis, as we strive to achieve digital equity and access for our students, families, and the larger community.

It has been an absolute pleasure working with you to support MMSD and our students.

Until September 21 please do not hesitate to contact me with any questions. After that date, please contact your partnership managers with any specific programmatic questions you may have, and email general partnerships-related questions to [partnerships@madison.k12.wi.us](mailto:partnerships@madison.k12.wi.us).

Thank you for all that you do for our students, and community. Enjoy the long weekend.

All the best,

Bree

Dear MMSD Families,

I am writing to inform you of an important update on our masking mitigation strategy for all MMSD elementary and middle schools, beginning Thursday, September 2. For the first quarter of the school year, MMSD is expanding its mask requirement in elementary (grades 4K - 5) and middle school (grades 6-8) communities to now include masking outdoors as well as indoors and on buses. The mask requirement includes staff, families, and visitors in elementary and middle school buildings, as well as after school childcare and activities at K-8 schools. Our schools will be working with families who need accommodations, to ensure all students' needs are met.

This decision comes after recent collaborative discussions on local COVID conditions, and to stay ahead of evolving risks associated with the Delta variant on unvaccinated children. Throughout the pandemic, the district has worked closely with our panel of local health advisors, whose expertise informs our practices, along with guidance from local, state, and national public health organizations. Through following the science and the guidance, MMSD continues to successfully stay ahead of the safety mitigation curve as the pandemic evolves.

Locally, positive Delta variant cases have spiked at an alarming pace, with positive Dane County cases growing exponentially from 10 new cases a day in July, to 93 a day in August. This local data is consistent with what is being experienced nationally, as school districts across the country have been forced to send large numbers of unvaccinated students home to quarantine only days after the start of their school year.

In Dane County, medical advisors working on the front lines of the pandemic described local Delta variant cases as very concerning due to its high transmissibility rate, level of severe disease, and incidence of breakthrough infections of those who are vaccinated. Therefore, our advisors unanimously recommended outdoor masking for elementary and middle school students, to ensure our goal of keeping students learning safely in-person and inside school buildings. We feel this extra layer of safety mitigation for students who are under 12 years old, and not eligible to be vaccinated, is best for our younger scholars.

Although we are asking elementary and middle schools to adhere to outdoor masking for the first quarter of the school year, we will continue monitoring local conditions. As our metrics change, our safety mitigation strategies will be adjusted accordingly.

We realize the timing of this announcement is not ideal. As our health advisors reminded us, the Delta variant of COVID-19 has its own schedule. We will continue supporting our families in any way we can, including providing you with the latest information as soon as reasonably possible. We are working to keep the health and safety of our students, staff, families, and community at the center of our policies and practices.

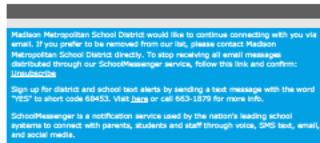

More information on MMSD's COVID-19 safety plan can be found on our [website](#). Thank you for your continued collaboration and support.

Sincerely,

Carlton D. Jenkins, Ph.D.

Superintendent

LWWWI State Office Update

## League in the Spotlight: LWWV Appleton Receives Unsung Heroes Award

[LWW APPLETON](#) was recognized by [Celebrate Diversity Fox Cities](#) (CDFC) with an Unsung Heroes Award for creating a series of [instructional videos](#) on how to register,

request an absentee ballot, and vote that were targeted to minority communities and translated into different languages.

In keeping with their mission to provide education, honest dialogue, and advocacy, celebrating the broad spectrum of diversity in the Fox Valley, the CDFC offers community conversations led by trained volunteer facilitators. As a former board member of Celebrate Diversity Fox Cities, new LWVWI board member Karen Nelson brings her expertise in this area to the League's work.

[Imagine Fox Cities](#) is yet another community-wide initiative created to be intentional about shaping the future of the Fox Cities when it comes to well-being. They provide [free conversation guides](#) on race, racism and anti-racism that can be used by any interested group. The guides can be used by any of our local Leagues to initiate discussions on diversity, equity and inclusion.

---

# END GERRYMANDERING

**EVERY VOTE MUST COUNT**

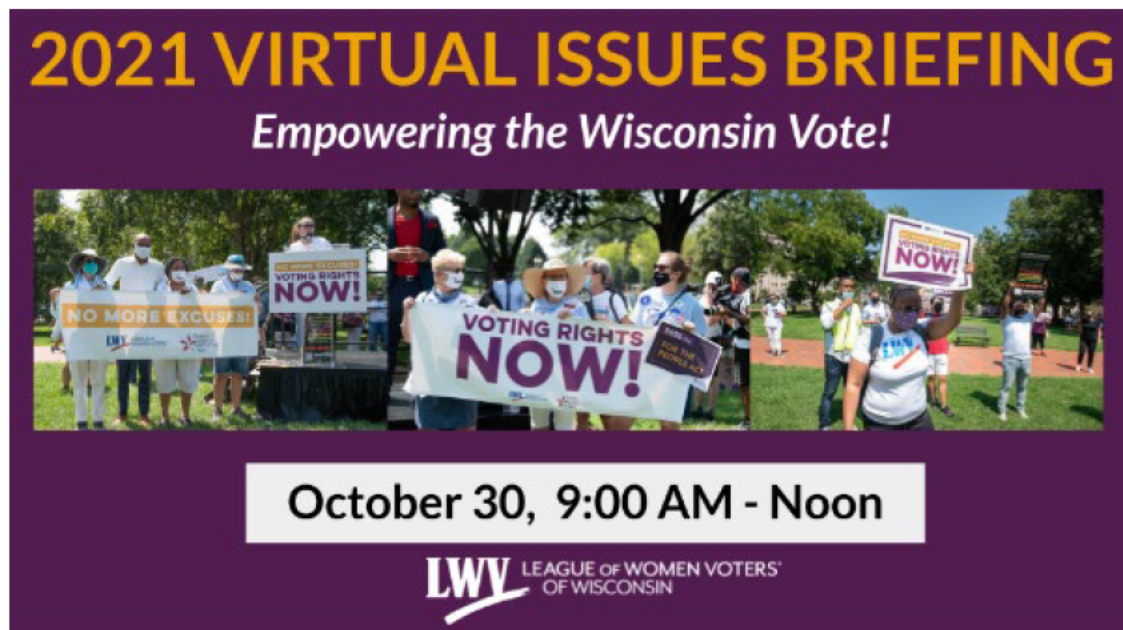

## Draw Your District Portal Open

[Draw Your District](https://drawyourdistrict.legis.wisconsin.gov/) (<https://drawyourdistrict.legis.wisconsin.gov/>), the Legislature's redistricting feedback website or Portal is accepting maps from around the state. If you

submitted a community of interest map to the People's Maps Commission portal, now is the time to submit it to the Legislature for their consideration as they begin the process of drawing District maps for the next decade.

The [Draw Your District](#) portal will be open until October 15th, 2021. The portal has information on how to draw and submit a map.

A purple banner with yellow and white text. At the top, it reads "2021 VIRTUAL ISSUES BRIEFING" in large yellow letters, followed by "Empowering the Wisconsin Vote!" in white. Below this is a photograph of a group of people at an outdoor rally, holding signs that say "NO MORE EXCUSES!", "VOTING RIGHTS NOW!", and "LET'S GET TO WORK!". At the bottom of the banner, a white box contains the text "October 30, 9:00 AM - Noon". Below the box is the LWV League of Women Voters of Wisconsin logo.

**2021 VIRTUAL ISSUES BRIEFING**  
*Empowering the Wisconsin Vote!*

**October 30, 9:00 AM - Noon**

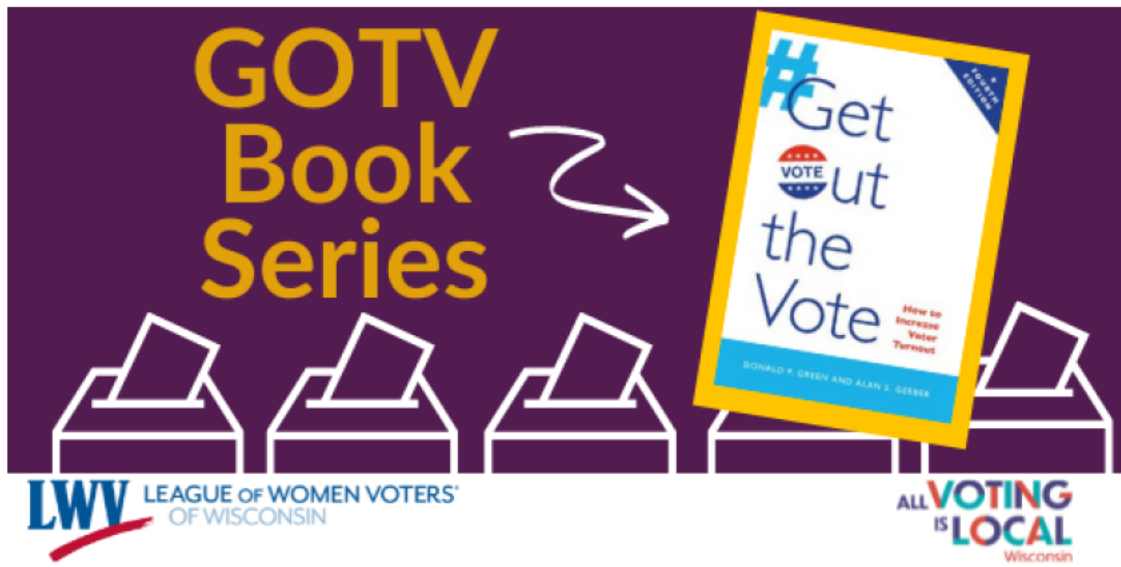

**LWV** LEAGUE OF WOMEN VOTERS OF WISCONSIN

## 2021 LWVWI Issues Briefing

We're excited to announce that LWVWI's 2021 Virtual Issues Briefing will highlight policies and resources that empower the Wisconsin vote! Please join us online on **Saturday morning, October 30th, 9AM-noon** to engage with keynote speakers and participate in a choice of breakout rooms. Among confirmed presentations are Megan Brown of LWVUS, who is eager to answer your questions about the VOTE411 platform, LWVWI Voter Education Manager Eileen Newcomer on voter services materials available to local Leagues, and Kelly Beadle of [CIRCLE at Tufts University](#), reporting on the rise in youth political activism and need for K-12 civic education and Jon Sherman, Litigation Director and Senior Counsel at the Fair Elections Center, to discuss legal strategies to combat voter suppression tactics.

Much more is being planned and zoom registration for Issues Briefing will soon be available.

## GOTV Book Discussion Series

Join LWVWI and All Voting Is Local Wisconsin for a six part deep dive into best practices to get out the vote (GOTV) in Wisconsin. Attendees will meet weekly to discuss Get Out the Vote by Donald P. Green and Alan S. Gerber. In Get Out the Vote, Green and Gerber used a data driven approach to the challenge of voter mobilization to shed light on the cost-effectiveness and efficiency of various campaign tactics, including door-to-door canvassing, e-mail, direct mail, and telephone calls. Get Out the Vote has become the reference text for those who manage campaigns and study voter mobilization.

When: Tuesdays at 6:30pm 10/19/21 - 11/23/21

Come ready to learn from each other's experiences and develop your own expertise at GOTV tactics and effectiveness as we prepare for another record breaking election season in 2022.

This opportunity is open to League members and non-members. Books can be provided to participants who register. [Register here.](#)

---

## UN Briefing Book on Sustainable Development

If you're a local League event planner, the United Nations [2021-22 Briefing Book on Human Rights](#) is a great resource for program planning. The briefing book was prepared by the Human Rights Special Interest Group and describes the UN's 17 Sustainable Development Goals for the world's future. Many of the goals are compatible with League positions, including environmental reform, health care reform and social justice. The presentation of each goal contains suggested ways to educate others about the goal with links to related programming offered by local Leagues throughout the country.

We hope you consider scheduling a program based on any of the 17 sustainability objectives to enhance your community's awareness of United Nations Day (October 24), the UN Climate Summit (November 1 -21) or Human Rights Day (December 10).

## National Voter Registration Day Workshop

Thousands of nonprofits around the country and hundreds of volunteers will join together on National Voter Registration Day (Sept. 28) with the goal of registering as many voters as possible. In collaboration with the Wisconsin Voting Rights Coalition (WVRC), we're working with our partners here in Wisconsin and making sure groups have the resources they need to help their communities register to vote and ensure everyone has access to the ballot box.

This interactive workshop will help prepare volunteers and participating organizations to run a successful nonpartisan, voter registration event in their community by learning from experienced organizers about best practices when assisting with voter registration and specifics concerning Wisconsin voting laws.

Bring your questions and be ready to learn about engaging your community in using their power of the vote.

Register for this event [here](#)

**How to Become a National Voter Registration Day Partner:** We encourage local Leagues, our partner organizations, and individuals to join the celebration by becoming a partner of National Voter Registration Day again this year. National Voter Registration Day organizers have put together a collection of resources for partners to help organize events and activities leading up to National Voter Registration Day. [Learn more.](#)

**Make Sure You're Registered Vote:** Just go to [myvote.wi.gov](http://myvote.wi.gov) - It's simple, it's free, and it's secure. Then ask 3 friends to check their voter registration.

## Save the Dates for These Other Upcoming Events

**September 13th-17th**, [National Disability Voter Registration Week](#)

**September 27th**, the League of Women Voters of Wisconsin and the [Wisconsin Fair Maps Coalition](#) will be hosting a virtual Legislative Lobby Day to talk to legislators and encourage them to support AB 395 / SB 389 — the fair maps bills introduced by Sen. Smith and Rep. Andraca.

This event will be all virtual, and FMC will host training sessions to make sure everyone feels comfortable, no matter their experience.

If you'd like to participate, [you can RSVP here](#) or email Carlene Bechen at [carlene@fairmapswi.com](mailto:carlene@fairmapswi.com).

**September 29th**, Save the date for a LWVUS Twitter Town Hall

**September 30th**, Save the date for a LWVUS Districting Facebook Live Event featuring Dr. Deborah Turner, President, LWVUS Board of Directors

**October 4th-8th**, [National Voter Education Week](#)

# Invest in Wisconsin's Infrastructure

Join the League's advocacy and find more information at [lwvwi.org/study-on-wisconsins-infrastructure](http://lwvwi.org/study-on-wisconsins-infrastructure)

## Infrastructure Series Recap

The League of Women Voters of Wisconsin produced seven infrastructure presentations and all of the recordings have been uploaded to our [website](#) and to our [YouTube channel](#). Please view the videos and share them with your networks and legislators. The devastation left behind by the Western fires and Hurricane Ida point to the importance of

state of the art infrastructure.

Both the League of Women Voters of Wisconsin and the ASCE - WI Section agree that now is the time to call, write, email, text or visit our public officials and urge them to listen to these programs and invest in Wisconsin's infrastructure. Only with additional investment, we can raise the grades for Wisconsin's infrastructure.

Visit our [website](#) to learn more about how to improve the infrastructure in Wisconsin.

## Should You Drink That? The Unfolding Story of PFAS in our Lives

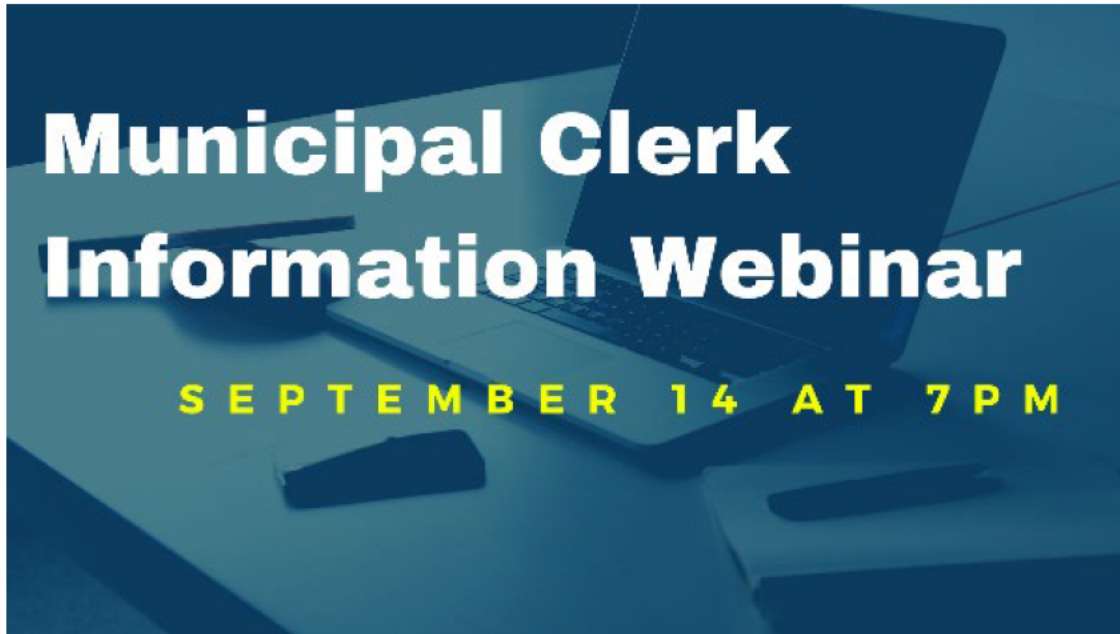

Since the 1940s, manufacturers have relied upon a class of man-made toxic chemicals that is resistant to heat, water, stains, grease, oil and friction. PFAS, or Per- and Polyfluoroalkyl Substances, have provided consumers with popular products such as nonstick cookware, stain-resistant furniture, and water-repellent clothing. Teflon, Scotchgard, Stainmaster, and Gore-Tex are just a few examples of brand names containing PFAS. The manufacture and use of PFAS in consumer products and firefighting foam are so widespread that 99% of Americans have PFAS in their blood today.

On October 4, LWV UMRR will host a panel discussion on PFAS. Join us as our presenters help us understand how PFAS have become a big part of our lives – present in food packaging, household products and drinking water – and what we know about how they affect our health. As awareness of PFAS contamination grows, communities are struggling to cope with tainted drinking water while engaging in advocacy to increase

public awareness and bring about constructive change. Learn what the federal government and states are doing to establish safe standards for drinking water and ban the use of PFAS in manufacturing. Most importantly, learn what you can do to help protect yourself, your family and your community.

Register by October 1: <https://tinyurl.com/PFAS-OurLives>

## Municipal Clerk Informational Webinar

Municipal clerks play one of the most important roles in our democracy. In Wisconsin these 1850+ individuals have enormous power to make sure elections are carried out in a way that makes voting accessible for all eligible Wisconsin voters.

There are typically hundreds of openings for these jobs every year across the state. Jobs can be volunteer, part time or full time. We believe our democracy will work better if more Wisconsinites who care about elections are prepared and applying for these jobs.

If you have a passion for your community and for election work, take the next step and [learn more about the job](#). Hear from actual clerks what their jobs are like, both the joys and frustrations. Find out how you can find and apply for these positions.

Join us on September 14th from 7 pm to 8:30 pm to learn more. [Register here](#) and we'll share a link to the live webinar.

Democracy is not a spectator sport! Find out how you can play a vital role in Wisconsin's elections!

The LWVWI Will Be Closed on Monday Sept 6,  
2021 in Observance of Labor Day

**Subject:** School WEDSS Entry Guidelines - document update  
**Date:** Tuesday, September 7, 2021 4:49:04 PM  
**Attachments:** [School WEDSS entry guidelines.pdf](#)  
[image003.png](#)  
[image003.png](#)

---

PHMDC has updated the School WEDSS Entry Guidelines document with the below information.

---

## Who Should be Reported

### Report

- Individuals with positive COVID-19 tests, including lab-based and at-home tests.
- Results for individuals tested through the Wisconsin K-12 School Testing Program should be reported as instructed by DHS.

### Do not report

- Individuals with symptoms but no or pending test results.
- Individuals who are in quarantine due to an exposure outside of school. Individuals exposed at school should be reported as indicated in the PHMDC Action Plan for a Confirmed or Suspected COVID-19 Case in a Dane County School and not individually in WEDSS.

### Supplemental Tab

- If known, enter a symptom onset date or indicate if the client was asymptomatic
- Notes/Remarks
  - Enter who at the school/district the PHMDC case investigator should contact about the person who tested positive and their contacts
  - Enter information about the test (lab or home, PCR or antigen, date)

Hello all,

I have attached some notes from our recent CSIT activation meeting. These notes are to make sure all members of this group have some information in order to collaborate to prevent further violence.

**This information should not be shared outside of the group.**

MPD is continuing to investigate the homicide.

Focused Interruption was at the hospital and is continuing their outreach to people that may require more support.

As a group we can reach out to friends and others who may know the victim in order to prevent retaliation and further violence.

Hello all,

Thank you all that could attend today. We have a regularly scheduled weekly meeting tomorrow, but seeing as how we met today and updated the team, I don't think we need to meet tomorrow also. I am going to cancel tomorrow's meeting unless folks think we need to come back together again. Let me know if you have any concerns about cancelling.

Best,

Hi Marci,

I saw this story about the public schools in Madison.

[https://madison.com/wsj/news/local/education/local\\_schools/with-45-covid-cases-and-nurse-staffing-concerns-madison-schools-seek-outside-testing-help/article\\_fcb4a5d2-7bb9-5291-82df-545d847d0420.html](https://madison.com/wsj/news/local/education/local_schools/with-45-covid-cases-and-nurse-staffing-concerns-madison-schools-seek-outside-testing-help/article_fcb4a5d2-7bb9-5291-82df-545d847d0420.html) I know you work for the city, but I wanted to reach out and offer

help if the city has a need that corresponds with this schools outbreak in the community or among city employees.

Please let us know if we can be helpful.

Best,

Meredith

Hi Marci,

I wanted to loop back with you. Ben McEvoy has left Vault, but Mark and I are happy to help with anything you might need. Please let us know if we can help the City of Madison with COVID-19 testing.

Best,

Meredith

P.S. As you probably know, we operate the State of WI mail order program. If you haven't taken one of our tests, I'd suggest ordering one and giving it a try. Saliva collection is quick and easy. <https://www.dhs.wisconsin.gov/covid-19/collection.htm>

Hi Marci,

I've been asked by Ben McEvoy to answer a few of your questions. I'm happy to help!

For the BD Veritor rapid antigen tests, the tests sell in boxes of 30 cartridges. The COVID only cartridge is \$26.50 per cartridge or \$795 per box. The COVID/RSV/FLU multiplex is 28.50 per cartridge or \$855 per box. (Please note that the multiplex is only for use with symptomatic individuals) Each cartridge comes with the swab and necessary reagent to process the sample.

The BD Veritor analyzer is \$300 each. Each analyzer reads about 10,000 cartridges before it needs to be replaced. I attached BD's back to school playbook because it gives some easy explanations and images.

Please let me know if you need a quote for a specific volume of testing or any other information from us.

Thanks!

Meredith

Hello,

I am the new School Social Worker at Lincoln Elementary School (Megan Jackson retired at the end of last year). Can you please add me to the email list for the southside NRT? Hopefully I will be able to make it next week.

Thanks greatly!  
Andrea

I'm not sure if Megan shared this info with you. She would always make it to the meetings (I still have not made it to one yet, but i'm going to try again this month). You can email them to get on the list.

Hello All -

Our next South Madison NRT Meeting is Tuesday, September 14 at 9:00 am. This meeting will focus on the geography and structure of the NRT moving forward.

- How can we best address specific issues in specific areas?
- What areas/neighborhoods are not being focused on?
- Is the existing NRT footprint too large?

See you next Tuesday!

Tom Otto & Terri Strong

Hi there,

We're thinking about doing a zoom meeting with the MMSD school nurses for Middle and High Schools at some point in the next few month or two to discuss ways to increase access for students and getting out the word about our services. I do have a list of the nurses, but I don't know who is the new director of nursing. What is her name/email address?

**Subject:** School Call Notes 9/9/2021  
**Date:** Thursday, September 9, 2021 2:58:39 PM  
**Attachments:** [image003.png](#)

---

Hello school partners,

The running meeting minutes (including data updates) can be found [here](#).

Agency updates also listed below.

#### **Key documents:**

- **Positive cases & contacts:** [Action Plan for a Covid-19 Case in a Dane County School](#)
- **Length of isolation or quarantine (the Exclusion Chart):** [When a Student or Faculty/Staff Member Can Return to School](#)

#### **Agency Updates**

##### **PHMDC:**

1. [Emergency Order #18](#) (Face Covering Emergency Order #2) was released this morning. This order extends the indoor face covering requirements until October 8 at 12:01 am. Please note the following exception is now included for indoor band and music classes:
  - a. 1.b.ix.) *When actively playing a wind instrument that has a fabric bell cover, or similar cover, that acts as a face covering over the instrument, as long as individuals are spaced at least six (6) feet apart at all times.*
2. Booster shots: FDA and ACIP are meeting next Friday to discuss. PHMDC is anticipating a role in booster shots, and is currently doing scenario planning to map out what this may look like.
3. Districts are welcome to use PHMDC's [contact tracing position description](#) as a template for your own positions. Once again, please note that this work does NOT need to be completed by nurses alone.

##### **Reminders:**

1. Regardless of masking, one of the best mitigation strategies is to play music and sports outside whenever possible.
2. With uncertainty about future caseloads this fall, at this time schools should be deeply considering what resources are necessary to fully support contact tracing efforts. Testing, isolation/quarantine, and contact tracing are all part of layered prevention strategies to slow the spread of COVID and keep classrooms open.

##### **DHS/DPI**

1. Screening Testing Recommendations for K-12 Schools by Level of Community Transmission: chart can be found [here](#)
2. Joint Webinar for Public Health and School Stakeholders – September 16 at 4 p.m. Please [register in advance](#) of the webinar. A Zoom link and call-in information will be provided upon registration. The webinar will be recorded and made available on the DHS website.

**NICHOLAS HECKMAN** (he/him/his)

**Policy Analyst** | [Public Health Madison & Dane County](#)

210 Martin Luther King Jr. Blvd, Room 507, Madison, WI 53703

Phone: (608) 243-0445 | Fax: (608) 266-4858

*Healthy People. Healthy Places.*

## Data

### Cases

- Cases are stable locally and nationally, but continue to trend upward statewide.
- 7-day average: 103.9 cases per day. Last week's briefing, it was 110.7.
- 3.4% positivity (last week was 3.9%)
- In the past two weeks, 55% of cases occurred outside the city of Madison

### Comparisons

- Dane: 19 cases per 100,000 per day
- WI: 35.1 cases per 100,000 per day
- USA: 38.3 cases per 100,000 per day

### Testing

- Last week we were averaging 2,261 tests per day county-wide; this week it is 3,091.

### Hospitalizations

- Hospitalizations remain stable. Today there are 88 hospitalizations and 28 in the ICU with COVID. We are unable to discern if the increase in hospitalizations is due to transfers from out of county.
- Averaging people hospitalized with COVID: 75.6 (last week it was 78.6); for ICU: 27 in ICU with COVID (last week it was 26.6)
- There are currently 4 pediatric hospitalizations.

## Trends

Cases in children remain very low but are slowly increasing in some age groups: average of 6 cases per day in 0-4 (last week was 4.3), 6.3 cases in ages 5-7 (last week was 3.7), 6.1 cases in ages 8-11 (last week was 10.6), and 6.1 cases in the 12-17 age group (last week was 7).

- Over the past four weeks, cases have been stable among children ages 0-7 and 12-17 and have increased among ages 8-11. Ages 8-11 have a percent positivity of 9.6%, indicating that more testing may be needed among this age group.

#### Vaccination

- 738,872 doses administered to Dane County residents
- 72.8% of our county population now has at least one dose
- 83.7% of our eligible (12+ population) now has at least one dose
- 81.1% of adults 18+ have a completed series
- We had an average of 641 doses administered per day, which is up 34% from our low of 480 doses per day five weeks ago
- Over the past four weeks, cases have been stable among fully vaccinated people but have increased by 25% among people who are not fully vaccinated. **27% of the unvaccinated cases were kids under the age of 12 who can't yet be vaccinated**

#### Variants

- Delta variant prevalence has changed the COVID landscape and is a main reason CDC reinstated masking recommendations. Of 71 Dane County residents who tested positive for COVID in August whose test specimens were sequenced, 100% were Delta.

#### **PHMDC Updates**

1. \$100 vaccine awards have been extended through September.
2. Third shots & Boosters: FDA and ACIP are meeting next Friday to discuss. PHMDC is anticipating a role in booster shot rollout, and is currently doing scenario planning to map out what this may look like.

Hi Nick,

Can you please let me know if there is a set number of students in one classroom that are positive that we would want to consider closing the classroom down.

I have cc'd the Medical Director for our District here, as we have been talking and wondering what Dane County Public Health guidance is giving for this.

Thank you-  
Windy

Hello school partners,

The running meeting minutes (including data updates) can be found [here](#).

Agency updates also listed below.

**Key documents:**

• **Positive cases & contacts:** [Action Plan for a Covid-19 Case in a Dane County School](#)

• **Length of isolation or quarantine (the Exclusion Chart):** [When a Student or Faculty/Staff Member Can Return to School](#)

**Agency Updates**

**PHMDC:**

1. [Emergency Order #18](#) (Face Covering Emergency Order #2) was released this morning. This order extends the indoor face covering requirements until October 8 at 12:01 am. Please note the following exception is now included for indoor band and music classes:

*a. 1.b.ix.) When actively playing a wind instrument that has a fabric bell cover, or similar cover, that acts as a face covering over the instrument, as long as individuals are spaced at least six (6) feet apart at all times.*

2. Booster shots: FDA and ACIP are meeting next Friday to discuss. PHMDC is anticipating a role in booster shots, and is currently doing scenario planning to map out what this may look like.

3. Districts are welcome to use PHMDC's [contact tracing position description](#) as a template for your own positions. Once again, please note that this work does NOT need to be

completed by nurses alone.

**Reminders:**

1. Regardless of masking, one of the best mitigation strategies is to play music and sports outside whenever possible.
2. With uncertainty about future caseloads this fall, at this time schools should be deeply considering what resources are necessary to fully support contact tracing efforts. Testing, isolation/quarantine, and contact tracing are all part of layered prevention strategies to slow the spread of COVID and keep classrooms open.

**DHS/DPI**

1. Screening Testing Recommendations for K-12 Schools by Level of Community Transmission: chart can be found [here](#)
2. Joint Webinar for Public Health and School Stakeholders – September 16 at 4 p.m. Please [register in advance](#) of the webinar. A Zoom link and call-in information will be provided upon registration. The webinar will be recorded and made available on the DHS website.

---

Hi Windy,

Per our [Schools Action Plan](#), I can share the following:

On a case-by-case basis, Public Health will review outbreak data and several factors (including but not limited to number of positive cases, extent of exposure, and contact tracing capacity) and will make a recommendation about closure at a school or district level.

According to WI statute 252.02, the Wisconsin Department of Health Services has authority to close schools. If it is necessary, we will consult with the Wisconsin Department of Health Services about possible mandated school closures.

Schools and district administrators may also choose to close their schools and districts based on impediments to school functioning, such as high absenteeism and staff shortages.

So, unfortunately there isn't a threshold level where PHMDC would step in nor is there a formula for when we'd recommend schools close a classroom or building. We will continue to watch the data for outbreaks based on school-reported cases and respond if necessary. Otherwise we look to the schools themselves to have the best sense of when things are going poorly in a specific space in order to make the determination to close and regroup. Greg brought this up on today's superintendent call, and the consensus was that if there is unique spread in a single classroom it would merit investigating what mitigation strategies are not working in that room compared to others. If you ever desire that we take specific look at a building and/or forward concerns on to DHS I can definitely elevate that for you.

I hope this is helpful!

NH

Hi Nick,  
Am I understanding this correctly? We should be entering all of our positive cases in WEDSS? If so, is there an employee at Public Health who can assist us with this? Kari and I are working 16 hours a day, 7 days a week. With the size of our district and the numbers in the community right now we do not have the capacity to do this.

PHMDC has updated the School WEDSS Entry Guidelines document with the below information.

---

## Who Should be Reported

### Report

- Individuals with positive COVID-19 tests, including lab-based and at-home tests.
- Results for individuals tested through the Wisconsin K-12 School Testing Program should be reported as instructed by DHS.

### Do not report

- Individuals with symptoms but no or pending test results.
- Individuals who are in quarantine due to an exposure outside of school. Individuals exposed at school should be reported as indicated in the PHMDC Action Plan for a Confirmed or Suspected COVID-19 Case in a Dane County School and not individually in WEDSS.

### Supplemental Tab

- If known, enter a symptom onset date or indicate if the client was asymptomatic
- Notes/Remarks
  - o Enter who at the school/district the PHMDC case investigator should contact about the person who tested positive and their contacts
  - o Enter information about the test (lab or home, PCR or antigen, date)

Kari and I are working 16 hours a day, 7 days a week. With the size of our district and the numbers in the community right now we do not have the capacity to do this.

PHMDC has updated the School WEDSS Entry Guidelines document with the below information.

---

## Who Should be Reported

### Report

- Individuals with positive COVID-19 tests, including lab-based and at-home tests.
- Results for individuals tested through the Wisconsin K-12 School Testing Program should be reported as instructed by DHS.

## Do not report

- Individuals with symptoms but no or pending test results.
- Individuals who are in quarantine due to an exposure outside of school.  
Individuals exposed at school should be reported as indicated in the PHMDC Action Plan for a Confirmed or Suspected COVID-19 Case in a Dane County School and not individually in WEDSS.

## Supplemental Tab

- If known, enter a symptom onset date or indicate if the client was asymptomatic
- Notes/Remarks
  - o Enter who at the school/district the PHMDC case investigator should contact about the person who tested positive and their contacts
  - o Enter information about the test (lab or home, PCR or antigen, date)

Hello all,  
As you may have heard, Kingsley Gobourne joined our Senior Leadership Team a few months ago. He is serving as our Chief Equity and Engagement Officer.  
I would like to include Kingsley in our regular Dane County Health Council Meetings, given his extensive experience and many great relationships in our community. Sara Camacho will continue as our main staff person; I would like to have Kingsley participating in our main meetings as he will be very involved in our work in support of the DCHC.

Please let me know if you have any concerns with having Kingsley join us.

Best,

Mark

Hi Windy,

I'm a Public Health Nurse on the Sexual Reproductive Health Team at PHMDC and I'm wondering if you/ your nurses in the High schools/middle schools would be interested in attending a zoom meeting to discuss how to better serve students. Last year, I spoke with both Sally and Stephanie at West to develop some programming to better meet the students' needs for sexual health services. I know you're probably underwater with COVID, but if there is some time in the next couple of months were we could meet with your nurses to discuss what they're seeing in the schools and see how we can better serve your students, it may be really beneficial for everyone. We're seeing an increase in syphilis and continue to see rates rise in Chlamydia and Gonorrhea because of poor access during the pandemic, so anyway that we can help stem the tide would be really great. Maybe just meeting with the high school nurses at first? Let me know your thoughts. Thank you!

Hello school partners,

The running minutes and data update can be found [here](#). Key agency updates also listed below.

**Key links & documents:**

- **Dane County data:** [PHMDC Dashboard](#)
- **Positive cases & contacts:** [Action Plan for a Covid-19 Case in a Dane County School](#)
- **Length of isolation or quarantine (the Exclusion Chart):** [When a Student or Faculty/Staff Member Can Return to School](#)
- **Testing flow chart (draft)** – Attached.

**Agency updates**

**PHMDC:**

Please see the testing flow chart (attached) to understand how different tests can support decisions around isolation, quarantine, case reporting, and return to school. Note that there are differences for different types of tests based on test type, whether the test is conducted at home or in a clinical setting, and the presence of symptoms.

**DHS/DPI:**

Joint Webinar for Public Health and School Stakeholders – **Today** at 4 p.m. Please [register in advance](#) of the webinar. A Zoom link and call-in information will be provided upon registration. The webinar will be recorded and made available on the DHS website.

LWVWI State Office Update

# END GERRYMANDERING

EVERY VOTE MUST COUNT

## Take Action in Support of Fair Maps

The Legislature is accepting District maps from the public on their new [“Draw Your District” Portal](#). Submitting a District map now through October 15th informs the Legislature of communities that should not be split up as they consider the District and Senate boundaries to be used for the next 10 years in Wisconsin. The [portal](#) offers three map drawing software options with tutorials on how to successfully submit maps.

**Now is also the time to contact your legislators to ask that they pass legislation to end gerrymandering** in Wisconsin by preventing partisan data from influencing maps. Simply provide your address [here](#) to send an email to your Assemblyperson and Senator asking them to hold a public hearing and to consider the independently and transparently drawn maps of the People’s Maps Commission.

# 2021 VIRTUAL ISSUES BRIEFING

*Empowering the Wisconsin Vote!*

October 30, 9:00 AM - Noon

## Keynote Address on Election Systems Innovations

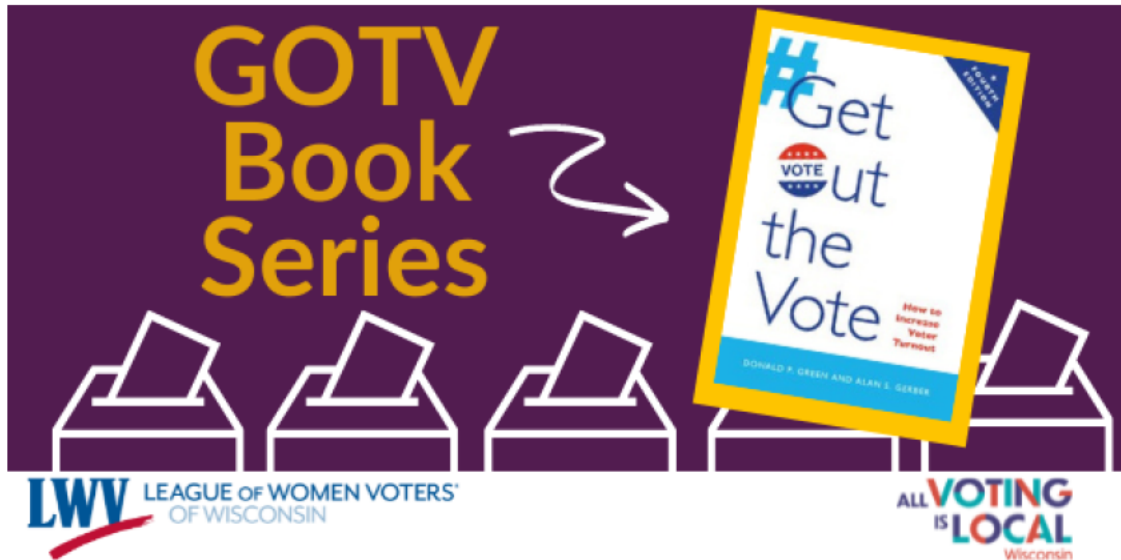

We're excited to announce that Sara Eskrich, Executive Director of Democracy Found, will deliver a keynote address on Final-Five Voting at the LWVWI's 2021 Virtual Issues Briefing. [Democracy Found](#) is a nonpartisan coalition of leaders committed to reinvigorating our democracy through an open, top-five primary and instant runoff general election (Final-Five Voting).

Please join us online on **Saturday morning, October 30th, 9AM-noon** to hear Sara's address and participate in a choice of breakout rooms including sessions on Legal Strategy Regarding Voter Suppression Laws, The Youth Vote, National Popular Vote, Messaging the Truth About Election Processes, LWVWI voter service plans for empowering voters in 2022, VOTE411, and a continuing conversation on diversity, equity and inclusion work at the local League level. Zoom registration for Issues Briefing will soon be available.

**SARA ESKRICH** is the Executive Director of Democracy Found. She previously served on the Madison Common Council and currently serves as a Madison Metropolitan Sewerage District Commissioner. Her career includes roles in the public and private sectors. Sara is a graduate of UW-Madison and holds a Masters of Public Affairs from the Robert M. La Follette School and Masters of Public Health from the School of Medicine and Public Health.

## GOTV Book Discussion Series

**\*Just a few slots left\*** Join LWVWI and All Voting Is Local Wisconsin for a six part deep dive into best practices to get out the vote (GOTV) in Wisconsin. Attendees will meet weekly to discuss *Get Out the Vote* by Donald P. Green and Alan S. Gerber. In *Get Out the Vote*, Green and Gerber used a data driven approach to the challenge of voter mobilization to shed light on the cost-effectiveness and efficiency of various campaign tactics, including door-to-door canvassing, e-mail, direct mail, and telephone calls. *Get Out the Vote* has become the reference text for those who manage campaigns and study voter mobilization.

When: Tuesdays at 6:30pm 10/19/21 - 11/23/21

Come ready to learn from each other's experiences and develop your own expertise at GOTV tactics and effectiveness as we prepare for another record breaking election season in 2022.

This opportunity is open to League members and non-members. Books can be provided to participants who register. [Register here.](#)

---

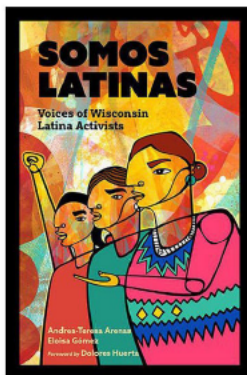

*The slogan “Su Voto Es Su Voz” (Your Voice is Your Vote) was coined in the 1970s by a well-known San Antonio Latino activist, William C. Velásquez, founder of the Southwest Voter Registration Education Project.*

## Celebrate National Hispanic Heritage Month!

**Sept 15 - Oct 15**

Hispanic Heritage Month gives public recognition and praise to the achievements, contributions, influence, and diversity of Hispanic and Latino Americans. To read the 2021 Presidential Proclamation, [click here](#). The mid-September start to Hispanic Heritage Month corresponds with Independence Day celebrations by several Latin American countries. In 1989, the once week-long celebration was extended to one month. LWVWI encourages League members and friends of the League to attend Hispanic heritage celebrations scheduled in Wisconsin communities September 15 through October 15.

To mark this celebration, we also invite you to read [Somos Latinas: Voices of Wisconsin Latina Activists](#), co-authored by Andrea-Teresa Arena and Eloisa Gómez. Their book documents the legacies of 25 Latina activists in Wisconsin. Andrea-Teresa is Director of the Somos Latinas Digital History Project at UW-Madison. Eloisa is a member of LWV Milwaukee County, co-chair of the LWVWI Community Alliances Committee, and chair of LWV Milwaukee County’s Comité por el voto

latino/Latinx Voter Outreach Committee, which promotes voter registration and education to Latino and other voters on Milwaukee’s South side through League volunteers and community partners.

## National Voter Registration Day is Approaching!

We've joined with thousands of League members and community volunteers across the country to celebrate National Voter Registration Day this year. We're excited to be part of the movement to register as many eligible voters as possible.

Your vote is your voice, and registering to vote is the first step to participating in our electoral process. If you have moved, changed your name, or have not voted in a while, you might need to re-register. Now is the time to get registered or verify that your registration is current. If you need to, you may also register to vote at the polls on Election Day.

**Join the celebration** by taking a couple minutes to make sure you're registered to vote at your current address at, [myvote.wi.gov](https://myvote.wi.gov).

**Need help?** Contact the Wisconsin Voter Helpline for assistance at 608-285-2141.

**How to Become a National Voter Registration Day Partner:** We encourage local Leagues, our partner organizations, and individuals to join the celebration by becoming a partner of National Voter Registration Day again this year. National Voter Registration Day organizers have put together a collection of resources for partners to help organize events and activities leading up to National Voter Registration Day. [Learn more.](#)

---

## Save the Dates for These Other Upcoming Events

**September 27th**, the League of Women Voters of Wisconsin and the [Wisconsin Fair Maps Coalition](#) will be hosting a virtual Legislative Lobby Day to talk to legislators and encourage them to support AB 395 / SB 389 — the fair maps bills introduced by Sen. Smith and Rep. Andraca.

This event will be all virtual, and FMC will host training sessions to make sure everyone feels comfortable, no matter their experience lobbying.

If you'd like to participate, [you can RSVP here](#) or email Carlene Bechen at [carlene@fairmapswi.com](mailto:carlene@fairmapswi.com).

**September 29th**, Save the date for a LWVUS Twitter Town Hall

**September 30th**, Save the date for a LWVUS Districting Facebook Live Event featuring Dr. Deborah Turner, President, LWVUS Board of Directors

**October 4th-8th**, [National Voter Education Week](#)

---

# Let's talk about the National Popular Vote

## Learn About the National Popular Vote at Issues Briefing, October 30!

The 2024 Presidential Election will come sooner than we think. The National Popular Vote Interstate Compact would guarantee that the winner of the nationwide presidential popular vote would be elected President! By joining the compact, Wisconsin would require its 10 presidential electors to join other states in requiring electors to vote for the winner of the **national** popular vote (as opposed to the winner in the state).

### **Why would do we want to join the National Popular Vote Interstate Compact?**

- Every vote would count!
  - 5 of our presidents lost the popular vote but still became president
  - Campaigns would be run on POLICY rather than a diabolical contortion of electoral votes.
  - Presidential campaigns will be run on national issues that affect the entire country, not just a few battleground states.
-

## ANNIVERSARY CELEBRATION & COMMUNITY CHANGE-MAKER AWARDS

### Congratulations Community Shares of Wisconsin!

[Community Shares of Wisconsin](#) (CSW) will celebrate 50 years of supporting and strengthening the local social and environmental justice movement in Wisconsin on **Thursday, September 23, 5PM (CST)**! The virtual event features keynote speaker Vu Le, creator of [nonprofitaf.com](#) and co-founder of Community Centric Fundraising, and celebrates the winners of the 2021 Community Change-Maker Awards.

To register for this event and learn more about this year's Community Change-Maker Award honorees and individuals and organizations that have had a lasting impact on CSW, [click here](#).

LWVWI is a proud member of Community Shares of Wisconsin. Its member nonprofits are on the front lines in Dane County and throughout Wisconsin to protect our rights and build a safe and sustainable future for all of us.

**Empowering Voters. Defending Democracy.**

**Subject:** Putting out some fliers?  
**Date:** Thursday, September 23, 2021 8:31:57 AM

---

Hi Stephanie,

We're recruiting adolescents for listening sessions to see how we can improve/ tailor our services to better meet their needs. It's basically a zoom meeting and they would receive a 35 dollar gift card to attend. I'm wondering if you would be willing to post some fliers/ give them out for us? Let me know! Thanks!

Hi Rebecca,

I can definitely help recruit with flyers. Also we have a club here that focuses on sexual health and I'm sure I can get some members to join the focus group.

**Subject:** Child care updates 9/23/2021  
**Date:** Thursday, September 23, 2021 3:09:53 PM  
**Attachments:** [image001.png](#)

---

Hello child care partners,

Thank you for your continued hard work in the face of unprecedented challenges.

There have been a number of questions recently about what to do when a child tests positive or someone is identified as a close contact. I wanted to remind everyone about some of the documents and resources that PHMDC has prepared to help support your work.

- [Prepare for When Someone is Sick with COVID-19](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to child care](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

**Date:** Thursday, September 23, 2021 3:17:18 PM  
**Attachments:** [image003.png](#)

---

Hello school partners,  
The running minutes and data update can be found [here](#). Key agency updates also listed below.

**Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

**Agency updates**

**PHMDC**

1. Contact Tracing Reminders:

When reporting a case, please include the school the person attends/works at. We often receive information from schools before we've even had a chance to process the lab and assign it to a case investigator. When we receive a name without the school, we don't know which school to link it to.

When reporting contacts, please include the name of the case they are linked to and the school where the exposure happened. We can't determine whether transmission happens if we don't have this information.

2. PHMDC will be hosting a second version of the contact tracing training that was conducted before the school year began. **Training will be during the school call on 9/30 at 9:00AM.** It would be valuable for any new contact tracers who were not in attendance for the previous training to attend.

**School Testing - PHMDC's Ken Van Horn**

- School testing programs have been gaining speed and are serving an important role to divert traffic from other public testing as well as healthcare testing. By and large, these programs are using
- Additional public sites are being added. PHMDC's south Madison clinic will be adding Wednesdays.

- Exact Sciences is processing tests for most vendors in the area. They are reaching capacity and results are therefore taking longer to process. Majority of results are being received in 48 hours but in some cases 72 hours is occurring. We are aware of issues with some tests being “lost” and will check with Exact on what is happening. Please be aware of these delays.
- Please work with your district IT to make sure your school testing program is clearly highlighted on your schools’ websites.

**Date:** Thursday, September 23, 2021 3:22:52 PM  
**Attachments:** [image003.png](#)

---

Hey Dustin,

Hope you're well.

The Dane Food Access Network is a group of emergency food, senior nutrition, shelter, and community service providers in the hunger prevention space. Steve used to be able to join about 75% of the DFAN calls (2<sup>nd</sup> and 4<sup>th</sup> Thursdays at 2:00PM), and I think many of the emergency food providers found his insights very valuable while he was also able to directly reach people who are involved in school pantries and other aspects of student meals outside of the classroom.

I don't know what your or Nichele's capacity is these days, but I would love to extend an invitation to one or both of you to join our DFAN call on 10/14 and deliver a short update on how meal service has been going this summer. I think the types of information you typically share on the Food Council updates is helpful as would be any information you have about the challenges with feeding families of students who are in quarantine.

After next week, if either of you would like to join on a recurring or as-available basis, we'd love to have you! If not, I understand how valuable time is these days. If the 14<sup>th</sup> doesn't work and you'd like to aim for the 28<sup>th</sup>, we can do that as well.

Thanks for your consideration!

**NICHOLAS HECKMAN** (he/him/his)

## Happy National Voter Registration Day!

Happy National Voter Registration Day! Voting is People Power! Make sure you are ready to exercise your power by registering to vote or updating your voter registration today.

Now is the time for all Wisconsin voters to ensure that they're registered to vote at their current address by checking their registration status at [myvote.wi.gov](https://myvote.wi.gov), since the Wisconsin

Elections Commission recently deactivated more than 200k registrations of voters who haven't voted in 4 years or who may have moved.

This is especially important if you're a first time voter, moved recently, haven't voted in a while, or if you haven't voted since your voting rights have been restored since completing a felony sentence.

**Join the celebration:**

**1. Make sure you're registered to vote at your current address.** Register online at [myvote.wi.gov](https://myvote.wi.gov). Or find a registration [event near you](#). **Need help?** Contact the Wisconsin Voter Helpline for assistance at 608-285-2141.

**2. Encourage your friends and family to check their registration too.** We've made it easy for you to share information with your network by using our [National Voter Registration Day Action](#) on our OutreachCircle. Just follow the link, quickly [create an account](#) if you haven't already and use our templates to securely text or email a reminder to your network.

**Subject:** MMSD Board of Education Unanimously Approves Vaccination Plan  
**Date:** Tuesday, September 28, 2021 2:06:47 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear MMSD Partners,

During yesterday's regular Board of Education meeting, the Board unanimously approved the staff vaccination plan. As we continue Leaning Forward Together, we are actively demonstrating our commitment to equity, health, and safety.

**Based on the Board's approval, all staff, including MSCR, formal partners, and community volunteers, are required to be fully vaccinated by November 1, 2021.** To be fully vaccinated, one must have had two doses of Moderna or Pfizer vaccine or one dose of the Johnson and Johnson vaccine.

MMSD staff is continuing to work out details of verifying the vaccination status of formal partner staff and community volunteers. Additional updates will be provided as soon as they are determined over the next several days.

#### **Vaccine Clinic - Oct. 1 and 22**

In collaboration with SSM Health, MMSD will host a vaccine clinic for MMSD employees, partners, and volunteers at the Holtzman Building (333 Holtzman Road), offering the FDA-approved Pfizer vaccine. [Sign up using this link](#). These events are tentatively scheduled *Friday October 1, 2021* (7 a.m. - 5 p.m.) for the first dose, and *Friday, October 22, 2021* (7 a.m. - 5 p.m.) for the second dose.

We know vaccination is one of the most effective mitigation strategies against COVID-19. By requiring COVID-19 vaccines for our staff, partners, and volunteers, MMSD will continue to promote equity as well as contribute to overall public health, limit transmission, and keep our community safe.

Hello Madison Community Wellness Stakeholders,

I hope you are doing well. The last year and a half has brought on new challenges in our schools and communities with COVID-19 and continued struggles to overcome racial inequity in our country. Amidst these two ongoing pandemics, we are now circling back to MMSD's School Wellness programming that aims to ensure that our schools are places where *all* students and staff are *and* feel healthy, safe, supported, engaged, and challenged.

A part of School Wellness programming is working with the MMSD District Wellness Advisory Council (DWAC), which includes various stakeholders from our schools and the greater Madison community, to provide feedback and input on the implementation and ongoing programming supporting the [MMSD Wellness Policy](#) which is up for renewal during the first half of 2022. Although connected, the district Wellness Policy is different and distinct from COVID-specific health and safety policies put in place for this school year.

After not convening since early 2020 due to COVID, we are bringing the DWAC back together again on Tuesday, October 19th from 5:30-7:00pm via Zoom. **In order to gauge continued interest and ability to join, we ask that you complete our four-question [google form](#) by Friday, October 1st** so that we can see who can and cannot attend and continue our planning.

Thanks for your time and continued efforts to create healthy schools and communities.

Best,  
Ashley

George

I cannot commit to joining the meeting tonight. We are counting inventory for the month end today and it will depend on what time we finish whether or not I can make it. As the day progresses, I will try to let you know one way or another. I have my update attached.  
Dustin

George

I cannot commit to joining the meeting tonight. We are counting inventory for the month end today and it will depend on what time we finish whether or not I can make it. As the day progresses, I will try to let you know one way or another. I have my update attached.  
Dustin

[View this email in your browser](#)

A promotional graphic for the "A Traveling Feast Lunch Tour". The background is split into yellow and orange sections. On the left, there is a circular logo with a stylized sun and the letters "MSCR". To the right of the logo, the title "A Traveling Feast Lunch Tour" is written in a large, black, cursive font. Below the title, the text "Fee includes motorcoach transportation, tours and lunch." is written in a bold, black, sans-serif font. At the bottom left, there are black silhouettes of a fork, a spoon, and a knife. On the right side, the date "Date: Saturday, October 16, 2021", the time "Time: 8:30am-5:30pm", and the fee "Fee: \$100 MMSD Residents" are listed in a bold, orange, sans-serif font.

**MSCR Traveling Feast Lunch Tour**  
**Saturday, October 16, 2021, 8:30 am - 5:30 pm**

**Yearning to travel again and taste foods  
from other countries?**

Tour Milwaukee's German, Polish, Italian and Irish neighborhoods and discover their specialty foods. Enjoy the sights and shop at Old World 3rd Street, on Brady Street and at Milwaukee Public Market. Minimal walking; participants must be able to enter/exit the bus multiple times during the day. Fee includes motorcoach transportation, tours and lunch. Bus departs from Lafollette High School.

Registration deadline 10/1/2021.

**From:** [Ashley E Riley](#)  
**To:** [Goldberg, Rachel](#)  
**Subject:** Seeking Interest for the MMSD District Wellness Advisory Council  
**Date:** Wednesday, September 29, 2021 7:37:03 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Rachel,

I hope you are doing well. I am working with Healthy Kids Collaborative to re-launch since COVID, the MMSD District Wellness Advisory Council (DWAC) and as we were planning today, your name came up as someone we should invite to the council. Although you are in a different role, we still wanted to reach out to you. We are planning on the Wellness Policy revisions going to the Board in January of 2022. We will meet 2-3 times this school year with the first meeting happening on Tuesday, October 19th from 5:30-7:00pm. Below is more information about the DWAC. Please complete the google form if you are interested in being involved (obviously on a much different level than in past years with your former role and pre-COVID).

#### **More Information:**

The last year and a half has brought on new challenges in our schools and communities with COVID-19 and continued struggles to overcome racial inequity in our country. Amidst these two ongoing pandemics, we are now circling back to MMSD's School Wellness programming that aims to ensure that our schools are places where *all* students and staff are *and* feel healthy, safe, supported, engaged, and challenged.

A part of School Wellness programming is working with the MMSD District Wellness Advisory Council (DWAC), which includes various stakeholders from our schools and the greater Madison community, to provide feedback and input on the implementation and ongoing programming supporting the [MMSD Wellness Policy](#) which is up for renewal during the first half of 2022. Although connected, the district Wellness Policy is different and distinct from COVID-specific health and safety policies put in place for this school year.

After not convening since early 2020 due to COVID, we are bringing the DWAC back together again on Tuesday, October 19th from 5:30-7:00pm via Zoom. **In order to gauge continued interest and ability to join, we ask that you complete our four-question google form by Wednesday, October 6th** so that we can see who can and cannot attend and continue our planning.

Thanks for your time and continued efforts to create healthy schools and

communities.

Best,  
Ashley

**Attachments:** [image003.png](#)

---

Dane Food Access Network members and friends,

Thanks for your continued work to serve our community with healthy, affordable, and nutritious food.

Recently, Wisconsin DHS has released more information on additional/third vaccine doses for certain groups in Wisconsin. There are a number of groups who qualify based on age or underlying medical conditions, but also certain groups that qualify based on working in occupations with increased risk. Notably for this network, this list includes food and agriculture workers as well as grocery store workers. Individuals would need to be at least six months from their last dose. At the moment this only works for individuals who initially received the Pfizer vaccine.

Many people in these sectors were first vaccinated in March, April, and May and could soon qualify for another dose. More information on receiving a third Pfizer vaccine can be found [here](#).

Please share this information with your staff, partners, clients, or vendors who you think may qualify.

**Subject:** PHMDC Schools Update 9/30/2021  
**Date:** Thursday, September 30, 2021 2:05:49 PM  
**Attachments:** [image002.png](#)

---

The running minutes can be found [here](#). Key agency updates also listed below.

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

### **Agency Updates**

#### **PHMDC**

1. **Home tests.** In general home tests are not ideal for confirming COVID-19 or ending quarantine early. See our [testing flow chart](#) for more insight. We have modified close contact letters to include the recommendation that families do NOT use at-home tests to confirm COVID-19 status after an exposure. PCR is recommended whenever possible. Close Contact letters can be found [here](#).
  - a. If you hear of someone who has a positive home-test, either their own or a household member, they can report those results to PHMDC [here](#). Schools and child care should continue to report cases as they have been, they should **not** report via this link.
2. **Close Contact reminders:** Please recall that the 3-foot exception is only in place for indoor classroom settings or a structured outdoor setting where mask use can be observed (i.e., holding class outdoors with educator supervision). If someone tests positive for COVID-19, contact tracing begins two days PRIOR to the onset of symptoms for that individual.
3. **Masking:** New CDC research adds valuable insight into the positive effect of masking on reducing COVID-19 cases in schools. Schools without masking policies had 3.5 times more outbreaks than those with masking policies. More [here](#).
4. **Additional vaccine doses:** DHS shared this week that additional vaccine doses may soon be available for individuals who have been fully vaccinated for six or more months if they are 65+ years of age, have certain underlying medical conditions, or have certain roles with increased risk for exposure to COVID-19. This last group includes education staff (teachers, support staff, and childcare workers). Currently this only applies for those who were vaccinated with the Pfizer vaccine. More information [here](#).

Thanks for reaching out. Both Nichele and I will be able to attend, but we have limited time. After the initial greetings and opening remarks, would we be able to give our update? We would have to leave shortly after our update. Does this work for you?

Dustin

Hey Dustin,

Hope you're well.

The Dane Food Access Network is a group of emergency food, senior nutrition, shelter, and community service providers in the hunger prevention space. Steve used to be able to join about 75% of the DFAN calls (2<sup>nd</sup> and 4<sup>th</sup> Thursdays at 2:00PM), and I think many of the emergency food providers found his insights very valuable while he was also able to directly reach people who are involved in school pantries and other aspects of student meals outside of the classroom.

I don't know what your or Nichele's capacity is these days, but I would love to extend an invitation to one or both of you to join our DFAN call on 10/14 and deliver a short update on how meal service has been going this summer. I think the types of information you typically share on the Food Council updates is helpful as would be any information you have about the challenges with feeding families of students who are in quarantine.

After next week, if either of you would like to join on a recurring or as-available basis, we'd love to have you! If not, I understand how valuable time is these days. If the 14<sup>th</sup> doesn't work and you'd like to aim for the 28<sup>th</sup>, we can do that as well.

Thanks for your consideration!

LWVWI State Office Update

# END GERRYMANDERING

EVERY VOTE MUST COUNT

## Fair Maps Updates

### SHOW THE LEGISLATURE YOUR IDEAL DISTRICT MAP

The Legislature is accepting District maps from the public on their new [“Draw Your District” Portal](#). Submitting a District map now through October 15th informs the Legislature of communities that should not be split up such as towns, villages, and school districts. The Legislature is considering public input now as they contemplate the District and Senate boundaries to be used for the next 10 years in Wisconsin. The [portal](#) offers three map drawing software options with tutorials on how to successfully submit maps. Additional training from the Fair Maps Coalition is available [here](#).

### END GERRYMANDERING IN WISCONSIN

Now is the time to contact your legislators to ask that they pass legislation (AB395/SB389) to end gerrymandering in Wisconsin by preventing partisan data from influencing maps. To send an email, simply provide your address [here](#). An email to your Assemblyperson and Senator will be generated asking them to hold a public hearing on the bills and to consider the independently and transparently drawn maps of the People’s Maps Commission. To date, over 4,044 emails have been sent and more are needed to ensure our Legislature

hears our voice demanding fair, transparently drawn District maps.

### LOBBY DAY DEBRIEF

Thank you to the over 200 advocates who met on Monday, September 27th with their legislators and aides to ask for fair maps. These advocates, on behalf of the 80% of Wisconsin voters that support fair maps, asked our elected officials to pass AB395 and SB389 and to consider the People's Maps Commission's maps released on Thursday. They additionally asked that the Legislature reject the Joint Resolutions seeking to use the existing gerrymandered maps as the starting point in drawing the maps for the next 10 years. Though these non-binding resolutions passed, we must keep the pressure on to ensure that fair, transparently drawn maps are moved to the Governor for approval.

**2021 VIRTUAL ISSUES BRIEFING**

# Latino Wisconsin

---

## *The Film*

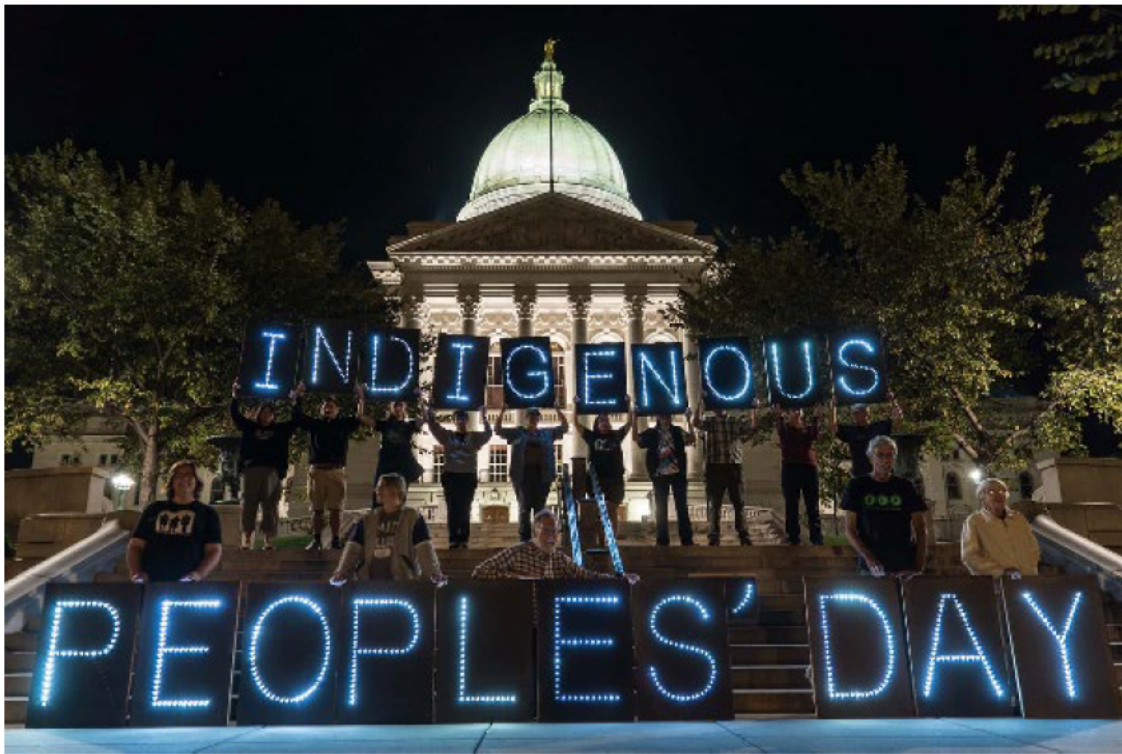

Celebrate National Hispanic Heritage Month!

Sept 15 - Oct 15

Latino Heritage Month continues through October 15th with public recognition and praise given to the achievements, contributions, influence, and diversity of Hispanic and Latino Americans. LWVWI encourages League members and friends of the League to attend Hispanic heritage celebrations scheduled in Wisconsin communities.

To mark this celebration, we invite you to view the 2020 documentary film, [Latino Wisconsin](#), produced by [Georgia and Ralph Pabst](#). This is a compelling, hour-long look at the aspirations, struggles, and journeys of Wisconsin's Latino community. It plays in five chapters covering the impact of Latinos in rural and urban communities, in the classroom, in the arts, and through activism and leadership.

---

## Indigenous Peoples' Day is October 11th

In 2019, Governor Tony Evers declared the second Monday in October to be Indigenous Peoples' Day in Wisconsin. To read his Executive Order (#50), [click here](#). The LWVWI supports all efforts to recognize and appreciate the state's twelve tribes: Bad River Band of Lake Superior Chippewa, Ho-Chunk Nation, Lac Courte Oreilles Band of Lake Superior Chippewa, Lac du Flambeau Band of Lake Superior Chippewa, Menominee Tribe of Wisconsin, Oneida Nation, Forest County Potawatomi, Red Cliff Band of Lake Superior Chippewa, St. Croix Chippewa, Sokaogon Chippewa (Mole Lake), Stockbridge-Munsee, and Brothertown Indian Nation.

LWVWI encourages all Wisconsinites to be in solidarity with Indigenous people by recognizing and celebrating the history and culture of Wisconsin Native Nations. Here are two opportunities to learn more:

[Official Websites of Wisconsin's Tribal Nations and Communities](#) (Wis Dept of Public Instruction) The websites provide information about each nation or community, including news, resources, and contacts.

[Tribal Histories Video Series](#) (PBS Wisconsin) Features tribal storytellers sharing the culture and oral traditions that have shaped their communities across generations.

*Wisconsin's Infrastructure Needs Your Help!*

**SECURE OUR FUTURE -  
Invest in Infrastructure Now!**

*Featuring Dorothy Skye, President of the League of Women Voters of Wisconsin*

**OCT 7 | 7:30-8:30 PM**

Register for this event online at [bit.ly/LWVInfrastructure](https://bit.ly/LWVInfrastructure)

**Join the League of Women Voters of Wisconsin  
for a compelling presentation on the vital need  
for investment in infrastructure!**

Trillions of dollars of proposed spending are contained in two infrastructure bills now before Congress. Infrastructure is not an optional luxury expenditure. The nation must bring our infrastructure assets up to good working order. You can [register](#) now to attend this thought-provoking presentation!

This presentation will feature Dorothy Skye, President of the League of Women Voters of Wisconsin, and University of Wisconsin-Milwaukee Emeritus Professor William L. Holahan, an Economics Department Chair and frequent contributor to League events on public policy.

Register for this event by clicking [HERE: bit.ly/LWVInfrastructure](https://bit.ly/LWVInfrastructure).

## Another Successful National Voter Registration Day

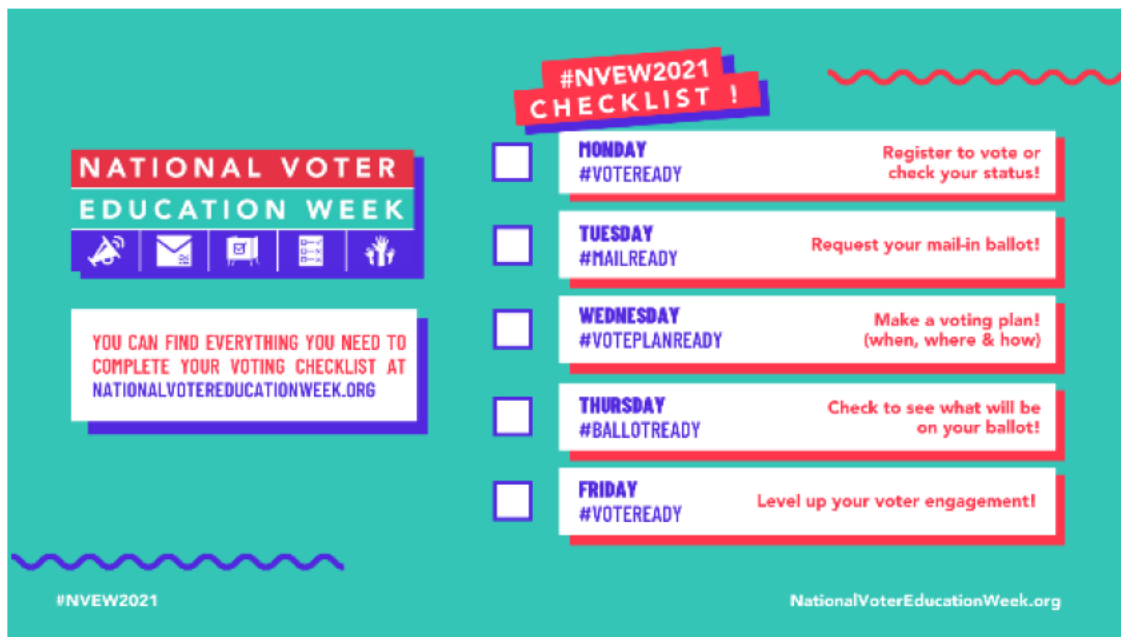

Last week as part of National Voter Registration Day, we partnered with over 70 organizations and volunteers with the goal of registering as many voters as possible through in person voter registration events and digital voter outreach activities.

**Together we connected over 45,000 people with information on how to register to vote, the importance of verifying that you're registered to vote at your *current address*, and ways to get involved in the movement to empower voters through voter outreach!**

Thank you to all of the League members and community partners that helped in this effort!

And if you haven't already - now's the time to make sure you're registered at your current address before the 2022 Elections. Check yours at [myvote.wi.gov](https://myvote.wi.gov) and encourage your friends and family to do the same.

---

## National Voter Education Week

We know that the work of empowering voters doesn't stop. That's why we joined National Voter Education Week as a Partner! We're so excited, and we want you to join us!

National Voter Education Week is a nonpartisan digital voter education initiative that will take place this year the week of October 4-8. Each day celebrates voting by highlighting a different theme:

### October 4-8: National Voter Education Week

- Monday: #VoteReady
- Tuesday: #MailReady
- Wednesday: #VotePlanReady
- Thursday: #BallotReady
- Friday: #VoteReady

National Voter Education Week is a celebration of voting that brings joy to the democratic process while helping communities make their voices heard by equipping them with the tools, information, and confidence they need to cast their ballots.

Please join us in celebrating this week by talking to your friends and family about why voting is important to you. Join the effort to make sure we're all #VoteReady [Learn more.](#)

---

Hello MMSD,

I wanted to reach out and let you know that we have a new online referral form for Nurse-Family Partnership (NFP) and Prenatal Care Coordination (PNCC) that is HIPAA compliant. We are really excited for this switch since it will make it a lot easier to refer pregnant students.

We will still accept faxes if that is easiest for staff but would prefer everyone to use our new online referral form in the near future if possible. Our online referral forms in English and Spanish are available at the bottom of our [pregnancy page](#). We now have a self-referral form in addition to the one for agencies/providers.

I also attached our updated one-pager overview on how to refer to our perinatal programs, eligibility and talking points and our current staff contact list.

Please pass this along and let me know if any questions come up!

Thank you,

Kristine

**Subject:** PHMDC Childcare Updates 10/7/2021  
**Date:** Thursday, October 7, 2021 3:34:21 PM  
**Attachments:** [image003.png](#)

---

Hello childcare partners,

Sharing some new information about booster shots as well as reminders about where to find key documents.

### **Booster Pfizer Vaccinations to begin at Alliant Energy Center next week**

Child care providers who were originally vaccinated with the Pfizer vaccine would be among those eligible for booster “third” shots six months after their original vaccination was completed.

Beginning on Tuesday, October 12, 2021, Public Health Madison & Dane County will open a new, temporary vaccination clinic at the Arena building at the Alliant Energy Center. The site will provide first and second vaccine doses for anyone 12 and older as well as [booster doses](#) for those who are eligible, including teachers and childcare providers.

Updates regarding boosters for Moderna and Johnson & Johnson are likely to come in the coming weeks.

More information [here](#).

### **Key Links and Documents from Public Health**

The following documents will help answer your questions about what to do regarding COVID-19 in your program:

- [Prepare for When Someone is Sick with COVID-19](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to child care](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community. Daily updates are in the dashboard. Scroll down for the more detailed “data snapshots” which are released every Thursday afternoon.

**Subject:** PHMDC School Updates 10/7/2021  
**Date:** Thursday, October 7, 2021 3:34:38 PM  
**Attachments:** [image003.png](#)

---

The running minutes can be found [here](#). Agency updates also listed below.

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

### **Agency Updates**

#### **PHMDC**

1. **Vaccine Site at Alliant Energy Center** - Beginning on Tuesday, October 12, 2021, Public Health Madison & Dane County will open a new, temporary vaccination clinic at the Arena building at the Alliant Energy Center. The site will provide first and second vaccine doses for anyone 12 and older as well as [booster doses](#) for those who are eligible, which includes teachers and childcare providers. Boosters are currently only available for people who originally received the Pfizer vaccine.
2. **Test sites** - A question was raised today about PHMDC test site locations. Currently we are primarily operating testing from our south Madison test site at 2230 S. Park Street. Other testing options can be seen here: <https://www.publichealthmdc.com/coronavirus/testing>

---

Hello all,

Wanted to share this with the group (link below). This awesome project includes our very own Heather! Thank you Nancy for finding and sharing this with me. We all know how much Heather does for youth and patients in her daily work, but I am glad that this acknowledges her impact on Madison/Dane County her indigenous community. Well deserved H!

Nick

Just a reminder that if you can push our (Food & Nutrition) portion of the meeting earlier, that would be great as we cannot stay on the meeting the entire time.

**Subject:** PHMDC Schools Updates 10/14/2021  
**Date:** Thursday, October 14, 2021 4:35:15 PM  
**Attachments:** [image003.png](#)

---

The running minutes can be found [here](#). Agency updates also listed below.

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

### **Agency Updates**

#### **PHMDC**

**Vaccine Site at Alliant Energy Center – NOW OPEN:** Booster shots for teachers, childcare workers, and other eligible groups are now available at Alliant Energy Center and other locations in the community. Currently available for fully-vaccinated Pfizer recipients only, but Moderna and Johnson&Johnson options will most likely be added soon. More information:

<https://publichealthmdc.com/coronavirus/covid-19-vaccine#boosters>

**Hi Everyone,**

**Next week's meeting of the ECHW will be a bit different, we have been invited to join the local Homeless Educators Network meeting (aka: HEN) at the same time-- Thursday, October 21st at 9am--to hear about Housing Navigation and Housing Supports.**

**We will NOT meet via our usual Zoom link, but rather we will meet with the HEN meeting via this link:**

Topic: Fall HEN Meeting Time: Oct 21, 2021 09:00 AM Central Time (US and Canada)  
Join Zoom Meeting <https://us02web.zoom.us/j/88030484165?pwd=VkRoL0x0U0ZlSG1aTUplUdHZpTTB0QT09> Meeting ID: 880 3048 4165 Passcode: 3FBpMz8y One tap mobile [+13017158592](tel:+13017158592).,[88030484165#](tel:+13126266799) US (Washington DC) [+13126266799](tel:+13126266799).,[88030484165#](tel:+13462487799) US (Chicago) Dial by your location +1 301 715 8592 US (Washington DC) +1 312 626 6799 US (Chicago) +1 346 248 7799 US (Houston) +1 669 900 6833 US (San Jose) +1 929 205 6099 US (New York) +1 253 215 8782 US (Tacoma) Meeting ID: 880 3048 4165 Find your local number: <https://us02web.zoom.us/j/88030484165>

**We also invite you to join the Doubled Up Workgroup meeting on October 26th at 3pm to discuss planning for the public screening of the Diane Nilan short film on local families experiencing homelessness. This is an opportunity to help coordinate the public awareness campaign and volunteer your time to make this important event happen. We hope to see you there!**

LWWWI State Office Update

## LEAGUE IN THE SPOTLIGHT

### **LWV Beloit Builds Momentum for Climate Change**

In winter 2020, the Sustainability Committee of [LWV BELOIT](#) held a three-part lecture series on climate change in partnership with Beloit's Welty

Environmental Education Center and the Beloit Public Library. While the purpose of the series was educational outreach, it led to a follow-up project with social science researchers at the University of Wisconsin-Madison. According to committee chair Elizabeth Brewer, “Our intention was to inform the public about climate change. But the end of the series corresponded with the passage of a carbon neutrality proclamation by the Beloit City Council. Dominique Brossard, the last speaker in the series, had generously volunteered to work with Beloit should an opportunity arise. Dominique is chair of life sciences communication at UW. How the public communicates about controversial scientific issues is one of her areas of specialization.” Beloit city councilor Brittany Keyes helped facilitate the connections.

The two-year project will support research with stakeholders in Beloit to help move from proclamation to action. With its greenhouse gas emissions 18 percent above the national average, the city of Beloit presents unique challenges for addressing climate change. The extent of community awareness and concern is also unknown. The project will therefore gather information on stakeholder views, spread awareness, and generate ideas for ways forward. “We’re excited about the convergence of events that led to the development of the project idea, and the potential the project has to build momentum for climate action. We’re also pleased that the citizens of this diverse city will be front and center in the research,” remarks Susan Adams, Beloit LWV president.

# Save the Date

# November 2, 2021

## The Importance of Fair Courts

The League of Women Voters of Wisconsin is sponsoring a statewide forum to

highlight the importance of Fair Courts in Wisconsin. As the District Maps move closer to being drawn in the Courts, it is important to understand the role courts have played in redistricting in the past, what voters should expect from the courts and what the League has been doing in and out of the courts to ensure Fair Maps.

Join us on November 2, 2021 from 7:00 to 8:00 PM CT for an informative webinar featuring Doug Poland, Stafford Rosenbaum; Doug Keith, Brennan Center, and Debra Cronmiller, League of Women Voters of Wisconsin. Register [here](#).

# END GERRYMANDERING

**EVERY VOTE MUST COUNT**

## Fair Maps Updates

### **TELL THE LEGISLATURE HOW YOU FEEL ABOUT THEIR PROPOSED DISTRICT MAPS**

The Legislature is will soon release their maps for public comment. Start preparing your comments now so you are ready to participate in this important public hearing. Though the time and date of the hearing is not yet announced, watch for an email from us with that information and then make your voice

heard!

### **END GERRYMANDERING IN WISCONSIN**

Now is the time to contact your Wisconsin legislators to ask that they pass legislation (AB395/SB389) to end gerrymandering in Wisconsin by preventing partisan data from influencing maps. To send an email to your Assemblyperson and Senator, simply provide your address [here](#). You can customize the message if you wish. The more messages our elected officials on both sides of the aisle receive, the more they will know that over 70% of Wisconsinites want fair, transparently drawn District maps for the next 10 years.

### **PASS THE JOHN LEWIS VOTING RIGHTS ADVANCEMENT ACT AND THE FREEDOM TO VOTE ACT NOW**

The League's **Women Power Democracy** is a four-pronged program that fights attacks on voting, increases the number of voters, pushes back against mis- and disinformation, and shines a light on gerrymandering and redistricting that undercuts the power of all communities. Integral to this initiative is the passage of the John Lewis Voting Rights Advancement Act and the Freedom to Vote Act which will ensure voting rights into the future. Contact your Senators now to ask them to vote yes on the passage of these important bills. [Support the John Lewis Voting Rights Advancement Act](#) and [Tell the US Senate to Support the Freedom to Vote Act](#)

## **2021 VIRTUAL ISSUES BRIEFING**

*Empowering the Wisconsin Vote!*

**October 30, 9:00 AM - Noon**

**LWV** LEAGUE OF WOMEN VOTERS  
OF WISCONSIN

## Issues Briefing Registration Now Open!

League members and friends are invited to attend LWVWI's 2021 Virtual Issues Briefing on **Saturday morning, October 30th, 9AM-noon!** We welcome you to engage in Q&A with our keynote speaker Sara Eskrich, Executive Director of Democracy Found, participate in a choice of breakout sessions and find inspiration in a motivational Call to Action that will close the program. Join us to learn ways you can help empower the Wisconsin Vote!

To view the Issues Briefing Program Agenda, [click here](#). TO REGISTER and for more information on Issues Briefing sessions and speakers, please visit the [LWVWI Events Calendar](#).

**The registration deadline for this event is Friday, October 29, 4PM.**

### Litigation Updates

Courtesy of Mel Barnes, Staff Counsel, Law Forward

#### **Absentee Voting**

**Waukesha County Circuit Court** This week, a county circuit court in Waukesha granted LWVWI's motion to intervene in the Drop Box case (Teigen v. WEC). That means we're full steam ahead, fighting to ensure access to the ballot in future elections.

#### **Redistricting**

**State Supreme Court** Recently the Wisconsin Supreme Court agreed to take up a conservative-backed lawsuit, *Johnson v. WEC*, asking it to get involved in the 2021 redistricting process and redraw Wisconsin's legislative and congressional maps should the governor and legislature reach an impasse. The Wisconsin Supreme Court will hear the case under its original jurisdiction, meaning the dispute will not start at a trial court and be reviewed by appellate courts—the state's highest court will rule on the case directly. While courts have drawn Wisconsin's maps in many past decades, federal courts—where judges are appointed for life and not elected—have always drawn the maps. This is the first time the State Supreme Court has indicated it will draw the new maps instead. The Court has not established procedures or deadlines for the redistricting litigation. Last week, interested parties filed briefs at the Court's request explaining when new maps need to be in place. On 10/13, the groups filed another round of briefs responding to the dates suggested by others. The Court will then issue an order directing how the case will be heard and what procedures the Court will use for taking evidence and deciding disagreements. The Court has requested further briefing on what factors it should consider and what procedures the Court should use for taking evidence and deciding disagreements.

**Federal Court** The federal court has indicated it will hold a trial in late January or early February to address redistricting, but has temporarily put steps leading up to that trial on hold until early November. The federal case includes two now-consolidated challenges seeking new maps: one filed by Democratic voters (the Hunter Plaintiffs) and one litigation filed by Law Forward, on behalf of Black Leaders Organizing for Communities (BLOC), Voces de la Frontera, the League of Women Voters of Wisconsin and individual voters. The BLOC/LWVWI case raises an additional issue of federal law: compliance with section 2 of the Voting Rights Act (VRA). Even if other redistricting matters are handled by the state court, this challenge will likely need to be heard by the federal court following any state rulings. The Legislature still has an opportunity to do its job and draw new maps that reflect the population shifts captured in the 2020 Census and send the Governor fair maps for his signature. But all signs point to another attempt to gerrymander by legislative leadership, and the court must be prepared to step in.

**U.S. Supreme Court** While all this has been happening, the State Legislature has asked the U.S. Supreme Court to take an extraordinary step: to intervene at this early stage and block the federal court's work until the state court weighs in. Law Forward and other lawyers for the redistricting plaintiffs will be responding to this request by the State Legislature later this month, explaining why the federal litigation must proceed in Wisconsin. Expect more updates soon!

## You're Already a Leader, Run for Office

You're already a leader. Have you considered running for office? By running for office, you can speak out and make a difference on issues you are passionate about and are important to your community. There are many ways to be a leader, and you bring your own unique perspective to the campaign. With many offices up for election this spring, there are many opportunities to serve your community.

We'd bet you're more capable to run for office than you think you are. While experience and skills in subjects related to the activities of a board or committee can be important, it is not always necessary to be an expert in order to be a good contributor.

All too often these important elected offices are unopposed or left vacant so an unelected appointee fills the office. Voters deserve better, they deserve a choice of who will represent them. That can only happen if local residents step up to take on a leadership role in their communities.

For the Spring 2022 Election Cycle, candidates have from December 1, 2021 through January 4, 2022 to file nomination papers, declarations of candidacy and campaign registration statements with the filing officer. Make your plans now and take your leadership to the next level and learn more about running for office [here](#).

Hi all,

Unfortunately, due to a snafu with the FARES workgroup agenda last Friday, the City Clerk's office has requested that we not meet today in accordance with open meetings law. I apologize for the late notice.

Our next meeting is on November 1. I will send out a more structured version of our recommendation memo, and solicit some early input opportunities over the next two weeks.

Let me know if you have any questions!

Nick

Tiffany and Alia-

Thank you for reaching out and raising these important and critical concerns. I, we, at PHMDC share your perspective and are in support of the health council rapidly having a conversation, meeting, and/or developing a written response to Epic based on our shared priorities of addressing systemic racism to improve health outcomes.

We are at the ready to assist moving a response forward as quickly as possible.

Regards,

Janel

**Subject:** Recent news and Epic Partnership

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear DCHC Colleagues,

We hope this email finds you well. As you know, it is the mission of the BMCHA to monitor systems and hold them accountable to the health and wellbeing of Black birthing people,

mothers and Babies. The values and belief systems [demonstrated by our partner Epic](#), in response to the racial inequities exposed in 2020 indicates a clear lack of knowledge and awareness of the root causes of what we are trying to accomplish as a council (i.e., rooting out systemic racism and its impacts on the very lives and deaths of Black birthing people, mothers and babies). There is **no** organization or individual that can do this work in their "free time." This is not extracurricular or "passion" work. This must be and is the work of all our organizations if we are ever to turn the tide on racial inequities.

Alia and I, as members of the Health Council, and co-chairs of the Black Maternal and Child Health Alliance (BMCHA) of Dane County want to ensure we act swiftly in communicating the severity of their actions and our concern that they have completely jeopardized the success of this project we have committed the past 3 years to in resources, community trust-building, and advocacy efforts. Instead of partnering with us to be part of the solution, Epic is now contributing to the problem.

Together, members of the DCHC and BMCHA should immediately request a meeting with Epic's CEO and founder, Judy Faulkner to understand how Epic will devote tangible resources to addressing the organizational practices exemplified in the leaked audio and the erosion of our trust and that of the community. This conversation is of utmost importance as our project is about to launch. It is critical that we can, in good faith, communicate the commitment of all our partners in this project as we ask Black birthing people and our families to trust us despite past and ongoing abuses that they experience in medical systems and social services organizations.

We look forward to hearing from you all very soon.

Sincerely,

Dr. Tiffany Green & Alia Stevenson

Co-Chairs, Black Maternal & Child Health Alliance

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi Nick,  
How often does the WEDSS PHAVR report update? Staff are looking up test results frequently. I know the State Lab of Hygiene indicated that they send data to Public Health every 30 minutes. Is that upload immediate? Therefore, test look-ups through WEDSS PHAVR report would update every 30 minutes?

Dawn

**Subject:** PHMDC Schools Update 10/22/2021  
**Date:** Friday, October 22, 2021 10:38:02 AM  
**Attachments:** [image003.png](#)

---

The running minutes can be found [here](#). Agency updates also listed below.

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

### **Updates**

#### **Testing:**

Now a for-profit testing option available. [Centerforcovidcontrol.org/onsite-testing](https://centerforcovidcontrol.org/onsite-testing). Please note they have a location on South Park Street, not to be confused with the FREE testing site operated by PHMDC on South Park Street.

#### **Vaccines:**

- [Boosters](#): FDA committee has voted to recommend Moderna booster for some populations as Pfizer (half dose); J&J booster eligibility two months after first dose. ACIP will meet Wed/Thurs this week to discuss as well as mixing and matching doses.
- [Pediatric doses](#): ACIP meeting Nov 2-3 to discuss pediatric doses. These will be a smaller dose than the current adult vaccines.

PHMDC will hold a Vaccine Town Hall on November 4.

Hi WEDSS team,

Could you please help us with the question below? How often do the WEDSS PHAVR reports for schools update?

Thank you!  
Hester

**Subject:** WEDSS PHAVR Report Update

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi Nick,

How often does the WEDSS PHAVR report update? Staff are looking up test results frequently. I know the State Lab of Hygiene indicated that they send data to Public Health every 30 minutes. Is that upload immediate? Therefore, test look-ups through WEDSS PHAVR report would update every 30 minutes?

Dawn

LWVWI Upcoming Issues Briefing

## ISSUES BRIEFING UPDATE

**Call to Action Address by Dr. Deborah Turner!**

**We're thrilled to announce that Dr. Deborah Turner, president of LWVUS, will deliver a Call To Action at the close of our Issues Briefing on**

**Saturday, Oct. 30, 9 a.m. to noon, calling on us to empower the Wisconsin vote! You won't want to miss Dr. Turner's message as well as the rest of our inspiring lineup of speakers in this statewide event.**

**Sara Eskrich, Executive Director of Democracy Found, will deliver a keynote address on Final-Five Voting followed by breakout sessions on relevant topics including Legal Strategy Regarding Voter Suppression Laws, The Youth Vote, National Popular Vote, Messaging the Truth About Election Processes, LWVWI voter service plans for empowering voters in 2022, VOTE411, and a continuing conversation on diversity, equity and inclusion work at the local League level. When you register, you will be asked to pre-select one breakout room for the first session. During the meeting, you will again be asked to select a breakout room for our second session of discussion. We encourage local Leagues to send at least one of their members to each of the breakout sessions so your League will be fully informed on each topic.**

**To view the Issues Briefing Program Agenda, [click here](#). TO REGISTER and for more information on Issues Briefing sessions and speakers, please visit the [LWVWI Events Calendar](#).**

**Deborah Turner MD, JD, is the current president of the League of Women Voters of the United States (LWVUS). She previously served as an LWVUS board member, president of the LWV Des Moines Metropolitan League, and as a member, vice president and co-president of LWV Iowa. Dr. Turner received her BS from Iowa State University and her MD from the University of Iowa.**

Join League Members at Maps Public Hearing

**NOW IS THE TIME**

Public Hearing on Legislature's District Maps

Where: State Capitol

When: Hearing starts at 9 a.m. Thursday, Oct. 28 and pre-hearing press conference at 8:30 a.m.

**MAKE YOUR VOICE HEARD**

**LWV** LEAGUE OF WOMEN VOTERS OF WISCONSIN

The graphic features a purple background with a faint image of the Wisconsin State Capitol dome. Two yellow bell icons with sound waves are positioned on either side of the central text. The text is in white and yellow, with the main headline "NOW IS THE TIME" in large, bold, yellow letters. Below it, the event details are in white. A yellow button with the text "MAKE YOUR VOICE HEARD" is centered at the bottom. The LWV logo is in the bottom right corner.

### FAIR MAPS PUBLIC HEARING UPDATE

Join us at the Wisconsin State Capitol at 9 a.m. Thursday, Oct. 28 to make your voice heard and defend democracy. This past week, the Legislature released its proposals for congressional, senate and assembly district

maps--all of which are heavily gerrymandered. Even though [72% of Wisconsin voters](#) want a nonpartisan body to draw maps, politicians continue to make these unrepresentative maps. It's time to let your elected representative know you demand better.

Follow the [League on Facebook](#) to watch our Livestream of the hearing and join in on the action from home.

## FAIR MAPS COALITION EVENTS

Let us know that you plan to attend and testify at the Legislative hearing on Thursday, Oct. 28: [fairmapswi.com/testify](https://fairmapswi.com/testify)

Register for testimony training, Monday, Oct. 25 at 7:00 p.m. : [https://bit.ly/FMC\\_TestimonyTraining](https://bit.ly/FMC_TestimonyTraining)

Finally, the Fair Maps Coalition is hosting a Redistricting Briefing on Facebook Live Monday afternoon at 5:00 p.m. Tune in on the Wisconsin Fair Maps Coalition Facebook page: <https://fb.me/e/17Jo2Q7xw>

Nov. 2, 2021  
Upcoming Fair Courts Webinar

MARK YOUR CALENDAR

## IMPORTANCE OF **FAIR COURTS** WEBINAR

**When:** 7 to 8 p.m. on Tuesday, Nov. 2

**What:** Virtual forum on the Courts' role in redistricting and what voters should expect from this process

**Who:** Featuring Doug Poland from Stafford Rosenbaum LLC, Doug Keith from the Brennan Center for Justice and Debra Cronmiller from LWV of WI

### FAIR COURTS FORUM

Join LWV of WI in this statewide forum to better understand the role Courts play in the redistricting process, what voters should expect from the Courts and the League's role in the Courts to ensure Fair Maps.

Doug Poland from Stafford Rosenbaum LLC, Doug Keith from the Brennan Center for Justice and Debra Cronmiller from LWV of WI will lead this hour-long informative webinar.

**[REGISTER HERE](#)**

[Doug Poland](#) is a partner at Stafford Rosenbaum's Madison office. Doug's practice focuses on appellate law and complex litigation, with emphasis on business, contract, and real estate disputes; election and voting rights law; environmental toxic torts; products liability; and consumer fraud lawsuits.

[Douglas Keith](#) is counsel in the Brennan Center's Democracy Program, where he works primarily to promote fair, diverse, and impartial courts.

Debra Cronmiller is Executive Director of the League of Women Voters of Wisconsin.

---

Hi All,

I agree with Tiffany's addition and am in supportive of including this in the original message as Lisa suggested.

I support the next steps outlined in Robin's email.

Best,

Janel

Hi All,

Checking in on the process...are you looking for us to weigh support of this email to be sent...I'm supportive but validating the next steps here for the DCHC leaders?

Thanks,

Sue

**WARNING!** This email originated from outside of the organization. Do not click links or open attachments unless you *know* the content is safe. Never provide your userID and password!

Robin, Dr Green and All:

I think it is best to leave the email as it is and, with a minor tweak, to add Dr. Green's statement in, in the suggested space below. Every point made in the original email draft is critical to say, as is the added statement from Dr. Green. **Here goes my suggestion (see edits/insert in green):**

*The Dane County Health Council and Black Maternal Child Health Alliance have significant concerns about the recent articles regarding Epic's commitment to social justice, diversity, equity, and inclusion.*

*As you know, the Health Council is currently partnering with our community to help end the inequities in Black birth outcomes and the birth outcomes of other high-risk communities. We know that the root causes of these inequities are:*

- *Racism, discrimination, and institutional bias*
- *Bias and cultural disconnect in health-care delivery experiences*
- *Economic insecurity*
- *Housing insecurity and high cost of living*
- *Poor access to health-supporting assets*
- *Inadequate social supports*
- *Gaps in health literacy, education, and support*
- *Disconnected and hard-to-navigate community resources*
- *Systemic barriers to individual and family advancement*
- *Chronic stress*

*We also know that, enmeshed in the institutional and healthcare-driven root causes of inequities, are the issues of bias in clinical algorithms and electronic medical records. These factors fundamentally shape how health disparities are measured and evaluated. Diversity in teams plays an important role in innovative solutions to these difficult problems. Thus, it is critical for us to ensure that Epic also values diversity as a key mechanism for overcoming these challenges.*

*The systems we all live in and are part of must play a significant role in ending the inequities we see through intentional work and resources to dismantle racism within our organizations as well as within our community. Part of our efforts to end the inequities in birth outcomes include a partnership with Epic to transform its systems within healthcare. This project is about to launch in the coming months. Community trust in your organization as a partner in this work must exist to move this work forward.*

*We are requesting a meeting with Judy Faulkner as soon as possible to discuss Epic's values and commitment to this work and our community.*

*Black Maternal and Child Health Alliance*

*Dane County Health Council - Access Community Health Centers, Group Health Cooperative of South-Central Wisconsin, Madison Metropolitan School District, Public Health Madison Dane County, SSM St. Mary's, United Way of Dane County, UnityPoint Health – Meriter, UW Health Foundation for Black Women's Wellness and EQT by Design (collaborating partners)*

On Tue, Oct 26, 2021 at 12:54 PM Lankton Robin L <[RLankton@uwhealth.org](mailto:RLankton@uwhealth.org)> wrote:

Dear Health Council – The Staff Team is recommending that UW Health (as the facilitator of the Health Council this month) send the email below to Judy Faulkner's assistant and cc Seth Howard

(VP, Research and Development – Accountable Exec for Connect Rx) and Ladd Wiley (VP, Gov't Affairs) at Epic.

Please let us know by noon on Wed, 10/27 if you have revisions including if you think the Executives and BCMH Alliance Co-Chairs should be listed by name. We have a Connect Rx meeting with Epic Senior Leadership on Wednesday afternoon and would prefer that Jonathan sends the email on behalf of the Health Council prior to that meeting if possible.

*The Dane County Health Council and Black Maternal Child Health Alliance have significant concerns about the recent articles regarding Epic's commitment to social justice, diversity, equity, and inclusion.*

*As you know, the Health Council is currently working as partners with our community to help end the inequities in Black and other high-risk community birth outcomes. We know that the root causes of these inequities are:*

- *Systemic barriers to individual and family advancement*
- *Chronic stress*

*The systems we all live in and are part of must play a significant role in ending the inequities we see through intentional work and resources to dismantle racism within our organizations as well as within our community. Part of our efforts to end the inequities in birth outcomes include a partnership with Epic to transform its systems within healthcare. This project is about to launch in the coming months. Community trust in your organization as a partner in this work must exist to move this work forward.*

*We are requesting a meeting with Judy Faulkner as soon as possible to discuss Epic's values and commitment to this work and our community.*

*Black Maternal and Child Health Alliance*

*Dane County Health Council - Access Community Health Centers, Group Health Cooperative of South-Central Wisconsin, Madison Metropolitan School District, Public Health Madison Dane County, SSM St. Mary's, United Way of Dane County, UnityPoint Health – Meriter, UW Health Foundation for Black Women's Wellness and EQT by Design (collaborating partners)*

Thank you,

Robin Lankton, MPH CHES

**Subject:** Re: Recent news and Epic Partnership

**Good evening everyone:**

As consultants--and as shared with the staff team, this is beyond concerning and raises many questions about Epic's core values and commitment to health equity/racial equity--and whether they deeply understand the purpose and crux of the work they are presently partnering with us to do.

We are partnering with them on a critical, **highly visible** health/birth equity effort that has everything to do with consciously and intentionally naming and undoing racism and historic and present racial inequities--and around one of the most at-risk and marginalized populations in our community--and in the state that leads the nation in racial inequality and health disparities. This is the core reason for initiating this project, and the clear message and framing from beginning to now in pitching and positioning ConnectRX to be launched.

The questions they must answer:

- Is Epic in alignment with this work from this foundational framework?
- Does Epic truly understand why the DCHC & partners are doing this work and creating this solution?
- What is Epic's real stake in and commitment to this work as a **strategic imperative**?

We must seriously consider what risk and damage Epic could pose to this work and this project--**and** to how our community may interpret and respond to what appears to be a clear misalignment in values and commitment. Not only has our collective investment of time, energy and resources been substantial, but our reputational capital and the community trust we have garnered and brought to the table in this project is threatened by Epic's seeming disconnect from the very issues we are working to mitigate.

What I strongly recommend you consider:

1. ASAP - Collectively brainstorm approach and agenda for mtg with Judy/EPIC
2. Request a meeting with Judy/EPIC asap to allow time for scheduling

3. Send the following team to meet with Judy/EPIC: 2-3 DCHC Execs, BMCHA Co-Chairs, Lisa & Annette, Robin, Tammy, Gabe

This may appear to be a large cohort, but this cohort demonstrates: 1) the gravity of the issue, 2) DCHC's commitment to equity/inclusion internally and among its partners; 3) the cross-sector audiences engaged in building this work and representation of the community most impacted (Black women) who have placed trust and time in supporting and building this effort; 4) the team that shaped and pitched this project from beginning to now whose insights are invaluable to this discussion.

**I look forward to your thoughts.**

**Lisa**

Hi All,

I would agree we should have a discussion with Epic leadership on the topic below. Appreciate the awareness to the situation and the criticality of alignment and actions. I think a subset of our staff team is meeting next week to discuss an approach and then potentially we can pull the

DCHC leadership together to discuss next steps.

Thank you,

Sue

Dear Tiffany and Alia,

Thank you for raising these concerns. I too feel we need Epic leadership to set the record straight and explain how their partnership with the DCHC and our community is consistent with their organizational values. Anything less has the potential to undermine our work and, most importantly, delay the successful elimination of the significant disparities in birth outcomes in our community.

**Subject:** Recent news and Epic Partnership

Dear DCHC Colleagues,

We hope this email finds you well. As you know, it is the mission of the BMCHA to monitor systems and hold them accountable to the health and wellbeing of Black birthing people, mothers and Babies. The values and belief systems [demonstrated by our partner Epic](#), in response to the racial inequities exposed in 2020 indicates a clear lack of knowledge and awareness of the root causes of what we are trying to accomplish as a council (i.e., rooting out systemic racism and its impacts on the very lives and deaths of Black birthing people, mothers and babies). There is **no** organization or individual that can do this work in their "free time." This is not extracurricular or "passion" work. This must be and is the work of all our organizations if we are ever to turn the tide on racial inequities.

Alia and I, as members of the Health Council, and co-chairs of the Black Maternal and Child Health Alliance (BMCHA) of Dane County want to ensure we act swiftly in communicating the severity of their actions and our concern that they have completely

jeopardized the success of this project we have committed the past 3 years to in resources, community trust-building, and advocacy efforts. Instead of partnering with us to be part of the solution, Epic is now contributing to the problem.

Together, members of the DCHC and BMCHA should immediately request a meeting with Epic's CEO and founder, Judy Faulkner to understand how Epic will devote tangible resources to addressing the organizational practices exemplified in the leaked audio and the erosion of our trust and that of the community. This conversation is of utmost importance as our project is about to launch. It is critical that we can, in good faith, communicate the commitment of all our partners in this project as we ask Black birthing people and our families to trust us despite past and ongoing abuses that they experience in medical systems and social services organizations.

We look forward to hearing from you all very soon.

Sincerely,

Dr. Tiffany Green & Alia Stevenson

Co-Chairs, Black Maternal & Child Health Alliance

Hi Stephanie and Ian,

My name is Becca and I'm a public health nurse on the SRH team (Sexual Reproductive Health Team) at PHMDC. Stephanie and I have spoken at length about creating a partnership for students at West to better be able to access SRH services. I know that Stephanie is swamped with COVID, so thought I would reach out to both of you to discuss how we could move forward with this project.

First off, If you're interested, I think it might be useful to schedule a zoom meeting with just our program to discuss possible options. We have a couple of different ideas for how we may be able to enhance student access, from providing direct services and/or referral for/linkage to care, to outreach and education on sexual health for students.

I know that this is a busy time, so let me know when you can. I look forward to hearing from you.

Thank you!

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi all,

Happy Lights on Afterschool Day. A national day meant to celebrate the critical work that you all do, and remind policy-makers, funders, and advocates of the work we need to do to ensure the lights stay on for afterschool organizations in our community. Locally, Mayor Satya Rhodes-Conway proclaimed today Lights on Afterschool day (proclamation attached) and shared [this video](#) (feel free to share it yourself) talking about how she sees the work you all do as essential. Thank you all for the critical work you do supporting young people and working families in our community.

There's much more work to do to ensure every young person who needs it has access to afterschool, but as always, glad to be in it with folks like you.

You can learn more about Lights on Afterschool here  
<http://www.afterschoolalliance.org/loa.cfm>

**Subject:** PHMDC School Updates 10/29/2021  
**Date:** Friday, October 29, 2021 1:14:54 PM  
**Attachments:** [image002.png](#)

---

The running notes can be found [here](#). Agency updates also listed below.

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

### **Updates**

- CDC guidance has changed regarding the timeline for testing of **vaccinated** individuals. It is now recommended for them to test 5-7 days after an exposure or being identified as a close contact. This does not alter quarantine for these folks as vaccinated individuals are not required to quarantine.
- PHMDC has published a new Blog post on COVID Prevention in Schools. This may provide additional support for community members who are curious about the science behind multilayered mitigation strategies and masking. <https://publichealthmdc.com/blog/data-roundup-covid-prevention-in-schools>.

### **Vaccines:**

- [Pediatric doses](#): ACIP meeting Nov 2-3 to discuss pediatric doses. These will be a smaller dose than the current adult vaccines.
- PHMDC Vaccine Town Hall will be held November 4. More info and registration: [https://cityofmadison.zoom.us/webinar/register/WN\\_ky-ka3CPQp6quvN8dUwkcw](https://cityofmadison.zoom.us/webinar/register/WN_ky-ka3CPQp6quvN8dUwkcw)

**FAIR MAPS FIGHT**

### **Fair Maps Hearing + LAB Report + Poll Workers Needed!**

On Thursday, the Legislature held a public hearing on the new redistricting bill, technically known as SB 621, which creates new congressional, assembly and senate maps. These maps are gerrymandered, and there is no question about it. So, League members, folks from partner organizations like the Wisconsin Conservation Voters and the Fair Maps Coalition as well as concerned citizens gathered at the Capitol yesterday to tell lawmakers **enough is enough**. Nearly **150 people registered to give testimony** and for **SIX HOURS** concerned voters told the committee about how these hyper-partisan, gerrymandered maps will take away their voice.

[WisconsinEye video of the hearing](#)

["Opponents say Wisconsin GOP maps continue gerrymander" via AP](#)

**What's next:** Republican legislative leaders are likely to pass these maps. Gov. Tony Evers has said he will veto them, leaving the maps in the hands of the courts.

If you shared testimony at the public hearing yesterday or took photos, please

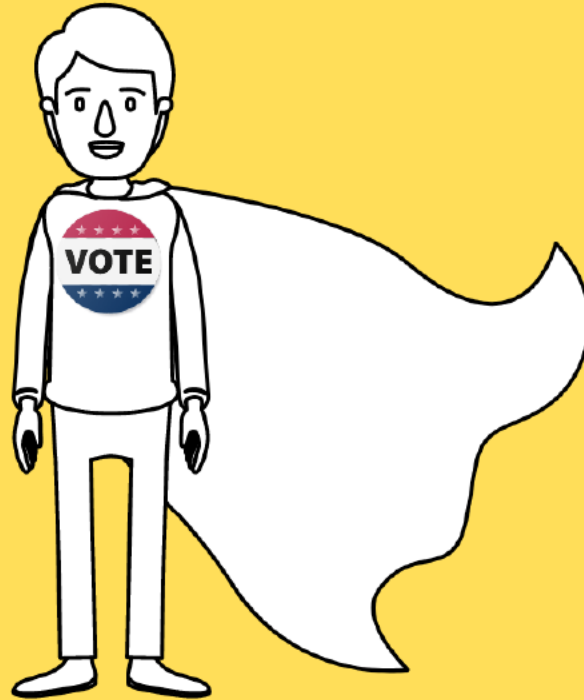

send them my way: [mcarmichael@lwvwi.org](mailto:mcarmichael@lwvwi.org).

## **LEGISLATIVE AUDIT BUREAU REPORT ON WISCONSIN ELECTIONS**

Last week the Legislative Audit Bureau released its long-anticipated report from its audit of the November 2020 Election. The report reaffirms that the 2020 election was free, fair, safe and accurate. However, we know that election processes can always be improved, and in the report, the Legislative Audit Bureau makes 30 recommendations to the Wisconsin Elections Commission and 18 issues for the Wisconsin Legislature to consider. LWVWI was one of three voter advocacy organizations interviewed during the Legislative Audit Bureau's audit, and we are currently in the process of analyzing the recommendations. We are prepared to work with the Wisconsin Elections Commission and the legislature to ensure the information in this report is used to move the conversation forward rather than backward.

# POLL WORKERS ARE HEROES

**REGISTER TO BE A HERO AT [bit.ly/pollworker22](https://bit.ly/pollworker22)**

## **BECOME A POLL WORKER. MAKE AN IMPACT.**

Wisconsin is in need of people like you to serve as paid poll workers for the 2022 elections.

If you're looking for a way to make an impact in 2022, [becoming a poll worker](#) is one of the most vital roles you can play. Being a poll worker means helping people vote safely and ensuring as many people as possible can cast their ballot. This is a great opportunity for high school and college students to get involved with the democratic process. Together, we will help the voices of our community be heard!

### *What will I do?*

Poll workers check-in voters, help people register to vote, check photo IDs, and process absentee ballots. Your local clerk will provide you with training prior to

Election Day for the job you will be doing.

*How do I sign up?*

To sign up, anyone interested should visit the [MyVote Wisconsin website](#). Just type in your information to let your local clerk know that you are interested in becoming a poll worker.

You can help make our elections safer for all and ensure that everyone has fair access to the ballot. To become a poll worker [click here](#).

*Want to help spread the word? Our [toolkit](#) makes it easier than ever.*

**Subject:** MMSD Testing Data Request  
**Date:** Sunday, October 31, 2021 9:55:07 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi Nick,

Thank you for bringing up the question about testing data during the meeting on Wednesday. Here is the data that we would like to receive regarding COVID Clinic testing.

- Number of rapid antigen tests completed
- Number of positive rapid antigen test results
- Number of PCR specimens collected
- Number of positive PCR results
- A correlation between the rapid antigen tests and subsequent PCR. We went through a period of 2 weeks with a number of positive rapid antigens followed by a negative PCR - both swabs occurring on the same date one swab right after the other.

It would be great to have this broken down by week and testing site.

I was able to maintain this data last school year and over the summer with our rapid antigens and PCR specimen collection. The PCR test results required individual look up, then matching to the rapid antigen results. This was a manual process and weekly weekend work. With the testing volume and the addition of COVID Clinic, I've lost control of being able to maintain the data plus I am unable to match PCR's to rapid antigens when I don't have access to the specimen numbers.

Thank you in advance for any assistance that you and Ken can provide.

Dawn

**Subject:** PHMDC Face Covering Emergency Order #4 (Important update)  
**Date:** Monday, November 1, 2021 1:02:32 PM  
**Attachments:** [image003.png](#)  
[image004.png](#)

---

Dane County Superintendents call partners,

As you may have now seen, Face Covering Emergency Order #4 has now been released (press release below). **At this time**, given the trajectory of transmission, hospital capacity, and anticipated near availability of vaccinations for 5-11 year-olds, it is not expected for there to be another masking order released after November 29. I wanted to draw your attention to this, as I know this is something you will need to collaborate with your school boards to develop strategies for the remainder of 2021 and possibly longer.

Despite removal of the county-wide mask requirement, **PHMDC continues to believe that masking is a valuable mitigation strategy and strongly recommends masks continue to be worn in school settings.** See here for more information about efficacy of masking and other mitigation in Dane County: <https://www.publichealthmdc.com/blog/data-roundup-covid-prevention-in-schools>

Continued masking at this time can have real benefits to your school in terms of keeping children in the classroom and reducing quarantine numbers. The CDC's [Close Contact Exception](#) for K-12 classroom environments has not changed, so students would still have to be masked in order to benefit from the 3 foot definition rather than the standard 6 foot definition of close contact after an exposure. Removing masks or making them optional could lead to an uptick in the number of students who are determined to be close contacts of a single positive individual as more students would fall within 6 feet rather than the current 3-foot range allowed through the CDC's Exception. This is particularly important while younger students are continuing to get vaccinated.

In the longer-term, getting as many students vaccinated will be the key to limiting quarantine numbers, as vaccinated students age 5+ would not need to quarantine if exposed to COVID-19 (but should still test after 5-7 days).

Please let me know if you have any questions!

NH

## Face Covering Emergency Order Extension

For Immediate Release

Effective at 12:01am on November 5, 2021, [Face Covering Emergency Order #4](#) will take effect. The Order requires face coverings among people ages two and older when in any enclosed space open to the public where other people, except for members of the person's own household or living unit are present. Following 22 days, this order will expire and at this point in time, Public Health Madison & Dane County does not plan to replace it with any other mask requirements.

"This decision comes as a result of decreasing case rates, increasing vaccination rates and the expansion of eligibility for booster doses which will only help strengthen our collective immunity," said Janel Heinrich, Director of Public Health Madison & Dane County. "It is no coincidence that transmission is dropping; it reflects the result of intentional, effective public health interventions and another incredible effort by the people of Dane County."

The Food and Drug Administration (FDA) and the Centers for Disease Control (CDC) are currently in the process of approving Pfizer's COVID-19 vaccine for children 5-11 years old. Public Health strongly recommends that schools continue to require masks among students, teachers, and staff based on [evidence](#) that masking is an effective tool in school settings. One [study](#) showed that schools without mask requirements were 3.5 times more likely to have COVID outbreaks than schools with mask requirements.

"Our main goal with masking guidelines continues to be protecting those most vulnerable to the virus, including unvaccinated children," said Dane County Executive Joe Parisi. "We know wearing masks helps keep kids from getting sick in school settings and keeps kids in school. As soon as the Wisconsin Department of Health Services authorizes us to do so, we have the capacity to vaccinate many people quickly and are [prepared](#) to get our kids vaccinated as soon as possible."

Dane County has the highest vaccination rate in the state, with over 85% of eligible residents having at least one dose of COVID-19 vaccine protection. Vaccines are still highly effective in preventing severe outcomes from COVID-19.

"With the expansion of eligibility for vaccines, the protection in our County is only going to continue to grow," said Satya Rhodes-Conway, City of Madison Mayor. "Get your booster dose if you can, get your children vaccinated if you can, and we can continue moving this city and this county forward."

Face coverings remain an [effective tool](#) to help prevent the spread of COVID-19, especially for those who are not yet vaccinated. The [case rate](#) in Dane County jumped when the Delta variant became dominant, but is now on a downward trend. On October 4, an average of 147 people were testing positive per day. On October 28, an average of 88 people were testing positive per day.

"We are the only community in the state to add the extra layer of protection of masks during this crucial time in the pandemic, and we are seeing fewer people getting sick from COVID-19," said Jerry Halverson, MD, Chair of the Board of Health. "We believe the steps we have taken as a community

worked; by getting vaccinated, wearing a mask indoors, and taking as many steps as possible to protect ourselves and each other, we have made a real impact.”

The order will be in effect until Saturday, November 27, 2021 at 12:01 a.m. View [Face Covering Emergency Order #4](#) for additional information.

For more information about the COVID-19 in Dane County visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

**Subject:** PHMDC Face Covering Emergency Order #4 (Important update)

Dane County Superintendents call partners,

As you may have now seen, Face Covering Emergency Order #4 has now been released (press release below). **At this time**, given the trajectory of transmission, hospital capacity, and anticipated near availability of vaccinations for 5-11 year-olds, it is not expected for there to be another masking order released after November 29. I wanted to draw your attention to this, as I know this is something you will need to collaborate with your school boards to develop strategies for the remainder of 2021 and possibly longer.

Despite removal of the county-wide mask requirement, **PHMDC continues to believe that masking is a valuable mitigation strategy and strongly recommends masks continue to be worn in school settings.**

See here for more information about efficacy of masking and other mitigation in Dane County: <https://www.publichealthmdc.com/blog/data-roundup-covid-prevention-in-schools>

Continued masking at this time can have real benefits to your school in terms of keeping children in the classroom and reducing quarantine numbers. The CDC's [Close Contact Exception](#) for K-12 classroom environments has not changed, so students would still have to be masked in order to benefit from the 3 foot definition rather than the standard 6 foot definition of close contact after an exposure. Removing masks or making them optional could lead to an uptick in the number of students who are determined to be close contacts of a single positive individual as more students would fall within 6 feet rather than the current 3-foot range allowed through the CDC's Exception. This is particularly important while younger students are continuing to get vaccinated.

In the longer-term, getting as many students vaccinated will be the key to limiting quarantine numbers, as vaccinated students age 5+ would not need to quarantine if exposed to COVID-19 (but should still test after 5-7 days).

Please let me know if you have any questions!

NH

### Face Covering Emergency Order Extension

For Immediate Release

Effective at 12:01am on November 5, 2021, [Face Covering Emergency Order #4](#) will take effect. The Order requires face coverings among people ages two and older when in any enclosed space open to the public where other people, except for members of the person's own household or living unit are present. Following 22 days, this order will expire and at this point in time, Public Health Madison & Dane County does not plan to replace it with any other mask requirements.

"This decision comes as a result of decreasing case rates, increasing vaccination rates and the expansion of eligibility for booster doses which will only help strengthen our collective immunity," said Janel Heinrich, Director of Public Health Madison & Dane County. "It is no coincidence that transmission is dropping; it reflects the result of intentional, effective public health interventions and another incredible effort by the people of Dane County."

The Food and Drug Administration (FDA) and the Centers for Disease Control (CDC) are currently in the process of approving Pfizer's COVID-19 vaccine for children 5-11 years old. Public Health strongly recommends that schools continue to require masks among students, teachers, and staff based on [evidence](#) that masking is an effective tool in school settings. One [study](#) showed that schools without mask requirements were 3.5 times more likely to have COVID outbreaks than schools with mask requirements.

"Our main goal with masking guidelines continues to be protecting those most vulnerable to the virus, including unvaccinated children," said Dane County Executive Joe Parisi. "We know wearing masks helps keep kids from getting sick in school settings and keeps kids in school. As soon as the Wisconsin

Department of Health Services authorizes us to do so, we have the capacity to vaccinate many people quickly and are [prepared](#) to get our kids vaccinated as soon as possible.”

Dane County has the highest vaccination rate in the state, with over 85% of eligible residents having at least one dose of COVID-19 vaccine protection. Vaccines are still highly effective in preventing severe outcomes from COVID-19.

“With the expansion of eligibility for vaccines, the protection in our County is only going to continue to grow,” said Satya Rhodes-Conway, City of Madison Mayor. “Get your booster dose if you can, get your children vaccinated if you can, and we can continue moving this city and this county forward.”

Face coverings remain an [effective tool](#) to help prevent the spread of COVID-19, especially for those who are not yet vaccinated. The [case rate](#) in Dane County jumped when the Delta variant became dominant, but is now on a downward trend. On October 4, an average of 147 people were testing positive per day. On October 28, an average of 88 people were testing positive per day.

“We are the only community in the state to add the extra layer of protection of masks during this crucial time in the pandemic, and we are seeing fewer people getting sick from COVID-19,” said Jerry Halverson, MD, Chair of the Board of Health. “We believe the steps we have taken as a community worked; by getting vaccinated, wearing a mask indoors, and taking as many steps as possible to protect ourselves and each other, we have made a real impact.”

The order will be in effect until Saturday, November 27, 2021 at 12:01 a.m. View [Face Covering Emergency Order #4](#) for additional information.

For more information about the COVID-19 in Dane County visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

**Subject:** PHMDC Emergency Order #4 (Important update)  
**Date:** Monday, November 1, 2021 4:14:12 PM  
**Attachments:** [image003.png](#)  
[image004.png](#)

---

Hello childcare partners,

As you may have now seen, PHMDC today released Face Covering Emergency Order #4 (press release below). **At this time**, given the trajectory of transmission, hospital capacity, and anticipated near availability of vaccinations for 5-11 year-olds, it is not expected for there to be another masking order released after November 27. I wanted to draw your attention to this, as I know this is something you will need to consider over the next 4 weeks.

Despite removal of the county-wide mask requirement, **PHMDC continues to believe that masking is a valuable mitigation strategy and strongly recommends masks continue to be worn in childcare and school settings.** This is especially true for childcare settings that may work with children under age 5 who will not yet be eligible to be vaccinated. As you all know, COVID-19 exposures can create lots of close contacts and quarantines for your programs, and continuing to wear masks indoors at this time will limit the number of positive cases that turn up from those exposures. Supporting staff and child vaccinations for those eligible will also greatly limit the number of people who would have to quarantine after an exposure.

See here for more information about efficacy of masking and other mitigation in Dane County:

<https://www.publichealthmdc.com/blog/data-roundup-covid-prevention-in-schools>

While there may not be county-wide mandates for mask-wearing, private businesses and other organizations can institute their own masking policies for children and staff. Please consult your administrative team, HR support, or legal counsel to make sure your policies comply with any other legal requirements for your organization.

As always, thank you for your important work!

**NICHOLAS HECKMAN** (he/him/his)

### Face Covering Emergency Order Extension

For Immediate Release

Effective at 12:01am on November 5, 2021, [Face Covering Emergency Order #4](#) will take effect. The Order requires face coverings among people ages two and older when in any enclosed space open to the public where other people, except for members of the person's own household or living unit are present. Following 22 days, this order will expire and at this point in time, Public Health Madison & Dane County does not plan to replace it with any other mask requirements.

"This decision comes as a result of decreasing case rates, increasing vaccination rates and the expansion of eligibility for booster doses which will only help strengthen our collective immunity," said Janel Heinrich, Director of Public Health Madison & Dane County. "It is no coincidence that transmission is dropping; it reflects the result of intentional, effective public health interventions and another incredible effort by the people of Dane County."

The Food and Drug Administration (FDA) and the Centers for Disease Control (CDC) are currently in the process of approving Pfizer's COVID-19 vaccine for children 5-11 years old. Public Health strongly recommends that schools continue to require masks among students, teachers, and staff based on [evidence](#) that masking is an effective tool in school settings. One [study](#) showed that schools without mask requirements were 3.5 times more likely to have COVID outbreaks than schools with mask requirements.

"Our main goal with masking guidelines continues to be protecting those most vulnerable to the virus, including unvaccinated children," said Dane County Executive Joe Parisi. "We know wearing masks helps keep kids from getting sick in school settings and keeps kids in school. As soon as the Wisconsin Department of Health Services authorizes us to do so, we have the capacity to vaccinate many people quickly and are [prepared](#) to get our kids vaccinated as soon as possible."

Dane County has the highest vaccination rate in the state, with over 85% of eligible residents having at least one dose of COVID-19 vaccine protection. Vaccines are still highly effective in preventing severe outcomes from COVID-19.

"With the expansion of eligibility for vaccines, the protection in our County is only going to continue to grow," said Satya Rhodes-Conway, City of Madison Mayor. "Get your booster dose if you can, get your children vaccinated if you can, and we can continue moving this city and this county forward."

Face coverings remain an [effective tool](#) to help prevent the spread of COVID-19, especially for those who are not yet vaccinated. The [case rate](#) in Dane County jumped when the Delta variant became dominant, but is now on a downward trend. On October 4, an average of 147 people were testing positive per day. On October 28, an average of 88 people were testing positive per day.

“We are the only community in the state to add the extra layer of protection of masks during this crucial time in the pandemic, and we are seeing fewer people getting sick from COVID-19,” said Jerry Halverson, MD, Chair of the Board of Health. “We believe the steps we have taken as a community worked; by getting vaccinated, wearing a mask indoors, and taking as many steps as possible to protect ourselves and each other, we have made a real impact.”

The order will be in effect until Saturday, November 27, 2021 at 12:01 a.m. View [Face Covering Emergency Order #4](#) for additional information.

For more information about the COVID-19 in Dane County visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus). You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

Hi all,  
Thanks for staying with me on this [year's gratitude journey](#), looking forward to the gratitude and giving that accompanies this time of year for so many and am wrapping up my monthly campaigns for the invisible jobs we don't take time to appreciate enough. Very apropos that this month I finish off the year with [public health workers](#) as they hopefully can return to the relative obscurity they prefer in non-pandemic times in the near future (all relative I suppose).

Public health workers have become not invisible these last two years and unfortunately have become targets for individuals' stress and frustration as we work through the pandemic. We should appreciate what public health does for us always, not just in a hopefully once-in-a-lifetime pandemic, though very grateful they were there as that safety net. Public health workers make sure our communities are safe, thriving, and all have the resources and access to stay healthy as we go through our daily lives.

Public Health Thank you day is November 21, 2021 and there are many ways that we can [show our appreciation](#) (updated graphics and data should be coming to the toolkit soon) for all of the people that help keep our communities safe.

I hope some of you found ways to be grateful and enjoyed my suggestions, anecdotes, or just pictures of my kids that can't help but force a smile. Looking forward to figuring out my next step on the gratitude celebrations and sharing with you later this month.

I appreciate all of you and don't forget to air hug a public health worker next time you see them.

With gratitude and appreciation,

Jeremy

**Subject:** PHMDC School Updates 11/5/2021  
**Date:** Friday, November 5, 2021 1:30:26 PM  
**Attachments:** [image002.png](#)

---

The running notes can be found [here](#). Updates/announcements also listed below.

### **School Updates**

- Vaccines now available for 5-11 year-olds. Appointments will begin in Dane County next week. Appointment scheduling should be online soon for PHMDC's Alliant Energy Center site. Continue to check: <https://www.publichealthmdc.com/coronavirus/covid-19-vaccine>. Also appointments for educational staff can be made for booster shots at this time.
- Emergency Order #4 has been released. It is expected this will be the final face covering this fall, to be ended on November 27.
- Healthy Kids Collaborative has begun Safe, Strong, and Healthy Schools Season 3. Listen to episodes here: <https://www.healthykidsdane.org/safeschools>

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

**From:** [Ashley E Riley](#)  
**Subject:** MMSD DWAC: 10/19 Meeting Follow Up & Next Steps  
**Date:** Tuesday, November 9, 2021 8:01:07 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear MMSD District Wellness Advisory Council (DWAC) member,

We appreciate everyone who was able to join the meeting on October 19th and are excited to hear from more people in future meetings. If you were unable to join the meeting, we invite you to watch the [Zoom recording of the meeting](#); enter password: #DWAC1019 to view. Please complete the [10/19 Meeting Exit Slip](#) if you attended the meeting live via Zoom or watched the recording afterward by Friday, November 12th. We want to make sure that we know your continued interest in engaging with this work and also provide a space for you to recommend additional people to join this work. To view a detailed overview of the input shared from members during the 10/19 breakout room groups, [click here](#).

Since we met in October, we have finalized the [MMSD School Wellness Policy Input Survey](#) to gather input from Madison stakeholders- students, families, community partners, and MMSD staff. The data from this survey and targeted listening sessions will be used to inform the revision of the MMSD Wellness Policy and procedures. The survey is available in English, Spanish, and Hmong.

#### **To-Do/Next Steps:**

1. Please take the [MMSD School Wellness Policy Input Survey](#) **as well as share the survey link** with MMSD families, students, staff, and community partners that you might know or work with in your role. Here is a [sample](#) communication piece you might want to share out.
2. If you indicated you were interested in working with the **Wellness Policy Subcommittee** on the [exit slip](#), watch for another email soon with meeting details, dates, times, etc.
3. If you indicated you were interested in hosting or leading a **Listening Session** on the [exit slip](#), watch for another email soon to talk next steps on setting this up.
4. Next **DWAC** large group meeting will be in January 2022.

Please reach out with any questions.

Best,  
Ashley

Hi Nick! I hope you are well. It has been a long time since we have connected - Covid really threw a wrench into our Pathways projects. I am sure you have been busy since Covid started, food equity is more important than ever!

I'm hoping we can reconnect as East's 9th grade Pathways team is planning on having kids do their food equity project this year (since we are finally back in person!) We are also offering kids the option of doing research on healthcare access as well.

We are looking for participants to be on our expert panel and project feedback panel - all virtual! [Here is more information](#). Do you think you and some of your colleagues at PHMDC could join us again? You have always been such a great source of support and information!

If you like, we can set up a Zoom to talk about it. Let me know what your availability might be. Thanks Nick!

Hi Annie!

Glad to hear Pathways and the food security project are still happening. I'd be happy to participate on the panel, but unfortunately can't commit too much else given how many other irons are in the fire due to our COVID-19 response.

Rachel Goldberg, who used to be involved with this program, is now the WIC Director at PHMDC and her expertise may also be helpful for this program. I can also put the word out to the food banks and pantries to see if any of those folks want to participate.

Beyond that if you're looking for others from PHMDC I would suggest reaching out to my supervisor Sandy Bogar, as she is probably a good person to know going forward and can likely connect you to others in the department who have focuses aligned with this or time to spare.

Hey all,

I know you all have a lot on your plate these days. I just wanted to reach out outside of CSIT and see if there is anything that I and PHMDC can support you all on. Whether that's supporting your prevention efforts or engaging in some policy change, let me know and I am willing to help. Hope you all are doing well.

Best,

---

Hello MMSD!

We are excited to host a couple events next week to highlight our free Nurse-Family Partnership (NFP) program for Dane County! NFP nurses provide free support to first time pregnant individuals throughout pregnancy until their child reaches two years old. The events will mainly highlight our NFP program, but we will also discuss our other free perinatal program, Prenatal Care Coordination (PNCC), which has broader eligibility requirements and it does not need to be someone's first pregnancy to enroll. More information about both programs and our online referral forms are available on our website [here](#). Attached is a Perinatal Overview of our programs, how to refer, eligibility and talking points. Information about the two events are below and attached. We hope that you are able to attend and spread the word to other colleagues and our community!

**For community partners, we are hosting a virtual event on November 17<sup>th</sup> from 12pm-1pm** which will provide a deep dive on the NFP program. We will share information on what NFP provides, local data, NFP grads will share about their experiences in the program and there will be time for questions. The meeting link for the event is: <https://bit.ly/3w1uzKf>.

**For pregnant individuals or moms-to-be that live in Dane County and might be eligible for NFP or PNCC, we are hosting a virtual event on November 18<sup>th</sup> from 6pm-7pm.** The first 25 moms-to-be that sign up and attend the virtual event, will receive a \$25 Visa gift card. They will learn more about our perinatal programs and will be able to connect with other moms-to-be!

Please don't hesitate to reach out if you have questions about our programs or the upcoming events!

Thank you,  
Kristine

## SUPPORTING PREGNANCY, BIRTH & BEYOND

Know someone who's pregnant with their first baby? Nurse-Family Partnership registered nurses provide FREE support to families throughout pregnancy until their child reaches age two.

November 13, 2021  
LWVWI State Office Update

This past Wednesday, the Outagamie Fair Maps team hosted a "Postcards from the People" event at Appleton North. Debra Cronmiller, the executive director of LWVWI, spoke at this awesome event.

## **Maps Updates + LAB Testimony + Poll Workers Needed + More**

The League of Women Voters of Wisconsin has long advocated for good government practices. We support free, accessible and secure elections. We seek a government that is transparent. We seek civil discourse that encourages compromise and compassion.

However, for the last 10 years, we have not been getting good government because of the gerrymandered maps in Wisconsin. This week, our Legislature--on party-line votes--adopted maps that are just as gerrymandered as the maps we currently have. These new maps are based on the old ones, with the goal of making the least change possible. We assume the Governor will not pass these maps into law, and the Courts will ultimately decide what maps are enacted. We will be watching the Courts to ensure they do their job --uphold the statutes and Constitution of this state. For more information about the role of the courts watch [The Importance of Impartial Justice](#). Look for upcoming

Forums sponsored by LWVWI and see the LWVWI website for information on Fair Courts.

[Press Release discussing the Legislature's vote](#)

[LWV APPLETON](#) and [LWV WINNEBAGO COUNTY](#) recently worked together with regional Starbucks coffeehouses, creating a new alliance and creative method to encourage voters to register on National Voter Registration Day. LWV Appleton Director Voter Education & Turnout Jacqueline Klimaszewski, said, “We had been at some events—outdoors and following CDC guidelines—but we wanted to find ways to connect with more people.”

A new LWV Appleton member on their Voter Services Team, Lisa Nitecki, connected the two Leagues with a Starbucks regional manager, who worked with them on ways to get voting registration reminders out to their customers. Each Starbucks received table tents, wallet cards and 500 stickers to add to the cardboard sleeves for their to-go cups (pictured above). Appleton League members Laurie Cesar, Sandi Rohde and Joyann Eggert along with Winnebago League member Posy Thurow, delivered the packets. The joint project involved 9 Starbucks in Outagamie and Winnebago Counties.

The Leagues plan to do this again before the 2022 spring elections and are thinking of ways to expand their collaboration to other cafes and perhaps hair salons, laundromats, barbers, and civic organizations too. They hope other local Leagues might consider doing something similar with local businesses in their communities. Contact Jacqueline Klimaszewski, [jjklim@new.rr.com](mailto:jjklim@new.rr.com), if you would like to learn more about this successful initiative.

Wisconsin is in need of people like you to serve as paid poll workers for the 2022 elections.

If you're looking for a way to make an impact in 2022, [becoming a poll worker](#) is one of the most vital roles you can play. Being a poll worker means helping people vote safely and ensuring as many people as possible can cast their ballot. This is a great opportunity for high school and college students to get involved with the democratic process. Together, we will help the voices of our community be heard!

*What will I do?*

Poll workers check-in voters, help people register to vote, check photo IDs, and process absentee ballots. Your local clerk will provide you with training prior to Election Day for the job you will be doing.

*How do I sign up?*

To sign up, anyone interested should visit the [MyVote Wisconsin website](#). Just type in your information to let your local clerk know that you are interested in becoming a poll worker.

You can help make our elections safer for all and ensure that everyone has fair access to the ballot. To become a poll worker [click here](#).

Want to help spread the word? Our [toolkit](#) makes it easier than ever.

---

You're already a leader. Have you considered running for office? By running for office, you can speak out and make a difference on issues you are passionate about and are important to your community. There are many ways to be a leader, and you bring your own unique perspective to the campaign. With many offices up for election this spring, there are many opportunities to serve your community.

We'd bet you're more capable to run for office than you think you are. While experience and skills in subjects related to the activities of a board or committee can be important, it is not always necessary to be an expert in order to be a good contributor.

All too often these important elected offices are unopposed or left vacant so an unelected appointee fills the office. *Voters deserve better, they deserve a choice of who will represent them. That can only happen if local residents step up to take on a leadership role in their communities.*

For the Spring 2022 Election Cycle, candidates have from December 1, 2021 through January 4, 2022 to file nomination papers, declarations of candidacy and campaign registration statements with the filing officer. Make your plans now and take your leadership to the next level and learn more about running for office [here](#).

# 2021 ISSUES BRIEFING RECORDINGS

**Thank You for Joining Us at Issues Briefing!**

If you missed any part of the event, recordings of all presentations are now available. To view the recordings, [click here](#).

LWVWI extends its appreciation to the many superb speakers who shared their expertise with us: Attys Jon Sherman of [Fair Elections Center](#) and Mel Barnes of [Law Forward](#) on legal strategies to combat voter suppression laws; Kelly Beadle from [CIRCLE](#) on trends on youth voting and political engagement; Joe Newman from [ReThink Media](#) on effective messaging around our freedom to vote; Eileen Reavey and Barbara Paterick reporting on the [National Popular Vote](#) focus on legislation to reform the Electoral College at the state level; Eileen Newcomer [LWVWI voter services resources](#); Megan Brown of LWVUS on upgrades to the [VOTE411](#) voter guide platform; and, representatives of the LWVWI Community Alliances Committee sharing their local DEI success stories and challenges. And, a special thank you to Sara Eskrich of [Democracy Found](#) for her keynote address on rank choice voting and, LWVWI President Dr. Deborah Turner, for her motivational call to fight back against election and voting disinformation. It is our sincere hope that every message shared during Issues Briefing served to motivate those in attendance to empower Wisconsin voters!

# Municipal Clerk Information Webinar

**DECEMBER 9TH**

Municipal clerks play one of the most important roles in our democracy. In Wisconsin, these 1850+ individuals have enormous power to make sure elections are carried out in a way that makes voting accessible for all eligible Wisconsin voters.

There are typically hundreds of openings for these jobs every year across the state. Jobs can be volunteer, part-time or full-time. We believe our democracy will work better if more Wisconsinites who care about elections are prepared and applying for these jobs.

If you have a passion for your community and for election work, take the next step and [learn more about the job](#). Our partners at the Wisconsin Voting Rights Coalition will be holding a webinar on December 9th from 7 to 8:30 p.m. where you can hear from actual clerks about what their jobs are like--both the joys and frustrations. [Register here](#) for the webinar.

Democracy is not a spectator sport! Find out how you can play a vital role in Wisconsin's elections!

Thanks, Randy. I think some support at East would be beneficial from a community support standpoint. I wonder if you can make some time to stop over and check in like old times? Let me know if a day this week works at lunch time. I will make sure Pedro is also aware.

Hey all,

I know you all have a lot on your plate these days. I just wanted to reach out outside of CSIT and see if there is anything that I and PHMDC can support you all on. Whether that's supporting your prevention efforts or engaging in some policy change, let me know and I am willing to help. Hope you all are doing well.

Best,

Hi Becca,

I wanted to follow up and see if there is any time that works for you to meet. I am available from 8:15-10 each day to talk. Empower Hour meets during lunch on Thursdays from 12-12:45. The students in Empower Hour are interested in being involved.

Thanks,

Ian

Hi Stephanie and Ian,

My name is Becca and I'm a public health nurse on the SRH team (Sexual Reproductive Health Team) at PHMDC. Stephanie and I have spoken at length about creating a partnership for students at West to better be able to access SRH services. I know that Stephanie is swamped with COVID, so thought I would reach out to both of you to discuss how we could move forward with this project.

First off, If you're interested, I think it might be useful to schedule a zoom meeting with just our program to discuss possible options. We have a couple of different ideas for how we may be able to enhance student access, from providing direct services and/or referral for/linkage to care, to outreach and education on sexual health for students.

I know that this is a busy time, so let me know when you can. I look forward to hearing from you. Thank you!

Hi all,

After looking at schedules and the work left to be completed, we're hoping to move the FARES presentation to staff about the SEED/PIE Recommendations Memo from 11/29 to 12/6 at 3:00PM. FARES Workgroup would meet as scheduled on 11/29 to go over final draft (so the meeting will remain on schedules) and on 12/6 the workgroup would present their recommendations to staff. George, Jess, and Theola, please let me know if that time (12/6 at 3:00PM) does not work for you.

Hi Becca,

I wanted to follow up and see if there is any time that works for you to meet. I am available from 8:15-10 each day to talk. Empower Hour meets during lunch on Thursdays from 12-12:45. The students in Empower Hour are interested in being involved.

Thanks,

Ian

On Wed, Oct 27, 2021 at 9:35 AM Lyons, Rebecca S <[RLyons@publichealthmdc.com](mailto:RLyons@publichealthmdc.com)> wrote:

Hi Stephanie and Ian,

My name is Becca and I'm a public health nurse on the SRH team (Sexual Reproductive Health Team) at PHMDC. Stephanie and I have spoken at length about creating a partnership for students at West to better be able to access SRH services. I know that Stephanie is swamped with COVID, so thought I would reach out to both of you to discuss how we could move forward with this project.

First off, If you're interested, I think it might be useful to schedule a zoom meeting with just our program to discuss possible options. We have a couple of different ideas for how we may be able to enhance student access, from providing direct services and/or referral for/linkage to care, to outreach and education on sexual health for students.

I know that this is a busy time, so let me know when you can. I look forward to hearing from you. Thank you!

**Subject:** PHMDC School Updates 11/12/2021  
**Date:** Tuesday, November 16, 2021 2:26:49 PM  
**Attachments:** [image001.png](#)

---

Hi folks,

Apologies for not getting these meeting notes out last week; it seems they got stuck in my outbox. Meeting notes can be found [here](#). Updates/announcements and key links are listed below:

### **School Updates**

1. **Vaccination appointments for 5-11 year-olds at Alliant Energy Center are now live.** Families can make an appointment for children or adult boosters here:  
<https://www.publichealthmdc.com/coronavirus/covid-19-vaccine>

2. **REMINDERS.** Several items worth being aware given recent changes.

- **All individuals with a positive test for COVID-19 should follow a [symptom-based strategy](#) to end isolation.** There is no test-based strategy to end isolation. The CDC has removed the option for people with COVID-19 to test out of isolation from their website and PHMDC will no longer approve this for positive cases.

- **Families can self-report positive at-home test results.** As discussed here:  
<https://www.publichealthmdc.com/coronavirus/what-to-do-if-you-are-sick-or-possibly-exposed#positive>

  - Direct link to report form: <http://survey.alchemer.com/s3/6512395/At-Home-COVID-Test-Self-Report>

- **Vaccinated people who do not need to quarantine after an exposure DO need to monitor symptoms, test after 5-7 days AND mask for 14 days.** After Face Covering Emergency Order #4 expires later this month, regardless of what your district chooses to do with masking going forward, vaccinated close contacts should mask after an exposure if they remain in school. This guidance, from CDC and Wisconsin DHS, has always been the case this semester, however it was irrelevant when all students were masked.

3. **Some symptoms post-vaccination may mirror symptoms for COVID-19; others likely will not.** Systemic signs and symptoms, such as fever, fatigue, headache, chills, muscle aches and

pain, and joint pain, can occur following COVID-19 vaccination. Preliminary data from mRNA COVID-19 vaccine trials indicate that most systemic post-vaccination signs and symptoms:

- Are mild to moderate in severity.
- Occur within the first three days of vaccination (the day of vaccination and the following two days, with most occurring the day after vaccination).
- Resolve within 1-2 days of onset.
- Are more common and severe following the second dose, and among younger persons compared to those who are older (>55 years).

Cough, shortness of breath, runny nose, sore throat, or loss of taste or smell are not consistent with post-vaccination symptoms, and instead may be symptoms of SARS-CoV-2 or another infection.

Hello team,

On 11/17/21 at 12:31 AM, 3500 block of Home Ave. Police were called to the scene for a M/B (24 yo) suffering from gunshot wounds. He was later pronounced deceased from those wounds. The suspect was described as a male with an unknown race and associated with a white SUV.

We are meeting tomorrow and will make this a priority as it seems the victim did have major connections to others in the community. Any other info, feel free to share here,

Best,

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Becca,

Hope you are well. I'm not sure if Ian ever got back to you about meeting with Empower Hour, but they are definitely interested in doing so. I was wondering if you wanted to try to arrange a meeting after winter break. I was also wondering if you have a pamphlet/brochure that details the services provided at your clinic that you could send my way. Lastly, I know I have mentioned this before, but do you think it would be possible for me to shadow someone at the sexual health clinic perhaps during winter break??

Have a nice weekend,  
Stephanie

On Wed, Oct 27, 2021 at 9:35 AM Lyons, Rebecca S <[RLyons@publichealthmdc.com](mailto:RLyons@publichealthmdc.com)> wrote:

Hi Stephanie and Ian,

My name is Becca and I'm a public health nurse on the SRH team (Sexual Reproductive Health Team) at PHMDC. Stephanie and I have spoken at length about creating a partnership for students at West to better be able to access SRH services. I know that Stephanie is swamped with COVID, so thought I would reach out to both of you to discuss how we could move forward with this project.

First off, If you're interested, I think it might be useful to schedule a zoom meeting with just our program to discuss possible options. We have a couple of different ideas for how we may be able to enhance student access, from providing direct services and/or referral for/linkage to care, to outreach and education on sexual health for students.

I know that this is a busy time, so let me know when you can. I look forward to hearing from you. Thank you!

**Subject:** PHMDC School Updates 11/19/2021  
**Date:** Friday, November 19, 2021 3:37:26 PM  
**Attachments:** [image001.png](#)

---

Meeting notes can be found [here](#). Updates/announcements and key links are listed below:

### **PHMDC Updates**

- 1. Vaccination appointments for 5-11 year-olds at Alliant Energy Center remain live.** Families can make an appointment for children or adult boosters here: <https://www.publichealthmdc.com/coronavirus/covid-19-vaccine>
- 2. New test site opening in Madison.** Summit Labs is opening near E. Washington this is the first site in the area that will bill insurance, but no costs to uninsured. Also offering paid PCR for travel.
- 3. Rapid tests remain in short supply nationwide.** Suppliers are unclear when more will become available. Certainly reach out to your testing partners or other sources if you want more information.
- 4. Top 5 Answers to Your Questions About the COVID Vaccine for 5-11 Year Olds.** New PHMDC blog [here](#).

### **Key links & documents:**

- [Action Plan for a COVID-19 Case in a Dane County School](#) - How to contact trace, report positive cases, and identify close contacts in child care settings
- [When a student/staff can return to school](#) (the **Exclusion Chart**) – Use to determine the length and rules for isolation or quarantine of a positive case or close contact
- [Testing Flowcharts](#): To help understand what tests can be used in which circumstances
- [PHMDC Data Dashboard & Data Snapshots](#): for local trends and data about COVID-19 in our community

Hello Dane County Superintendents Call partners,

Please see the below press release about an extension of the Face Covering Emergency Order through January 3, 2022. Please note one new addition: **in enclosed spaces where all individuals are vaccinated, masks are not required.**

Thank you for your patience and understanding with the ongoing attempts (and struggles) with predicting the future of the pandemic.

NH

### Dane County Continues Face Covering Order Until January 3, 2022

Order adds exception for fully-vaccinated groups of people

For Immediate Release

Public Health Madison & Dane County is issuing [Face Covering Emergency Order #5](#), effective at 12:01am on November 27, 2021. The Order requires face coverings among people ages two and older when in most enclosed spaces open to the public where other people are present. The order will expire on January 3, 2022.

“We had hoped to not issue any more face covering orders but in the last three weeks, our [rate of disease](#) in the community has nearly doubled, the rate among children is at an all-time high and in other parts of the state, cases are even higher,” said Janel Heinrich, Director of Public Health Madison & Dane County. “With the holiday travel season upon us, this Order provides more time for those who are [newly eligible](#) to get their first and second doses and for more adults to get booster doses.”

Dane County has had consistently lower levels of disease than almost all other Wisconsin counties due to high vaccination rates and masking policies, but is still classified as [high transmission](#) as defined by the Centers for Disease Control & Prevention. On November 19, the 7-day average of people testing positive in Dane County was 163 (rate of 29.8 per 100,000), in Wisconsin, that number was 3,068 (rate of 52.5 per 100,000).

“The landscape of COVID continues to evolve, and we are at a point in this pandemic where it’s likely that COVID will keep spreading in our communities for years, like the flu does; cases may go up and down, but will never completely go away,” said Satya Rhodes-Conway, City of Madison Mayor.

“Vaccines are the best tool we have to prevent COVID illness and severe outcomes, but masks, physical distancing, and other tools provide an added layer of protection.”

All adults who received Pfizer or Moderna COVID-19 vaccine are now eligible to receive their [booster dose](#) at least 6 months after they received their second dose. People who got the Johnson & Johnson COVID-19 vaccine are also eligible for a booster dose of any of the available COVID-19 vaccines. On November 22, 28% of all Dane County adults who received their initial series had received their booster.

“The best path forward throughout this pandemic has always been and continues to be vaccination, with boosters now approved for all adults increasing the existing immunity,” said Dane County Executive Joe Parisi. “Because we know how effective the vaccine is at preventing severe illness and death, this Order takes that into account, by providing an exception for vaccinated individuals.”

The Order mirrors previous face covering orders; however, it now allows people to remove their masks if all individuals in an enclosed space are fully vaccinated. People are considered fully vaccinated two weeks after their second dose of Pfizer-BioNTech’s or Moderna’s COVID-19 vaccine or two weeks after their first dose of Johnson & Johnson’s COVID-19 vaccine.

“Keeping a mask order as an added layer of protection is a smart decision for our county,” said Jerry Halverson, MD, Chair of the Board of Health. “Families may soon venture outside of Dane County for the holidays and will likely encounter areas with lower vaccination rates, so keeping masks on for a little bit longer provides a circle of protection for those who are still in the process of becoming fully vaccinated.”

The Order will be in effect until January 3, 2021 at 12:01 a.m. View [Face Covering Emergency Order #5](#) for additional information.

For more information about the COVID-19 in Dane County visit [publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus).

You can also follow @publichealthmdc on [Facebook](#), [Twitter](#), and [Instagram](#).

***Janel Heinrich is available for interviews via Zoom between 2:30p-3:30p on Tuesday, November 23, 2021.***

---

Hi all,

Unfortunately I will no longer be able to join the call this afternoon. I trust that folks have now had a chance to see the extension of the Face Covering Emergency Order through January 3, 2022. Given previous messaging, I imagine this came as a surprise to many, so on behalf of PHMDC I offer gratitude for everyone's patience and appreciation for everyone who had to make adjustments in short order.

I'll be on a couple more meetings before the end of the day but if there's any questions for me before this meeting at 4, I can try to type up a short reply. Otherwise I look forward to catching up with this group next time!

FYI, I will be out of the office from Monday-Wednesday of next week. If you need anything from PHMDC, you can reach out to Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com). Sarah will likely forward you to the appropriate person.

Have a wonderful Thanksgiving,

Nick

Hi Nick — if my understanding is correct, we cancelled today's meeting and moved it to next week.

Dawn, do I have that right?

Shelby

On Nov 24, 2021, at 2:39 PM, Heckman, Nicholas

<[NHeckman@publichealthmdc.com](mailto:NHeckman@publichealthmdc.com)> wrote:

Hi all,

Unfortunately I will no longer be able to join the call this afternoon. I trust that folks have now had a chance to see the extension of the Face Covering Emergency Order through January 3, 2022. Given previous messaging, I imagine this came as a surprise to many, so on behalf of PHMDC I offer gratitude for everyone's patience and appreciation for everyone who had to make adjustments in short order.

I'll be on a couple more meetings before the end of the day but if there's any questions

for me before this meeting at 4, I can try to type up a short reply. Otherwise I look forward to catching up with this group next time!

FYI, I will be out of the office from Monday-Wednesday of next week. If you need anything from PHMDC, you can reach out to Sarah Mattes at [smattes@publichealthmdc.com](mailto:smattes@publichealthmdc.com). Sarah will likely forward you to the appropriate person.

Have a wonderful Thanksgiving,  
Nick

**When:** Wednesday, November 24, 2021 4:00 PM-5:00 PM America/Chicago.

**Where:** <https://madison-k12-wi-us.zoom.us/j/96875675929>

This is probably a meeting that you don't have capacity for, but it's a good one to attend for a touchpoint re: school testing. It is with the MMSD Health Services Team, and the UW Pathology researchers. Let me know if you think you can join on a somewhat regular basis, and I'll communicate our plans to the team. No pressure.

---

Hey FARES and Friends,

**Reminder:** The FARES meeting on 11/29 will be the last opportunity to review the SEED and PIE grant recommendations before they are shared with staff on 12/6.

I will not be available on Monday, so Teal/Jamie will be sending a Zoom link to the group.

Attached is a cleaned version of the recommendations memo for you to review on Monday!

Happy Thanksgiving everyone!

Nick

## **Hello to my friends, colleagues, neighbors, and community, all whom I am grateful to and for...**

Each year around this time I am inspired to send out a note to all of those that have made my life enjoyable, challenging, and possible over the past year. Thank you for being one of those people and I am so appreciative that list continues to grow. I have tried each year to find a new way to share my passion and appreciation for this group of people and spread gratitude. This is the 10th year I have sent a message of thanks and gratitude to my circle. I spent time today finding my first 9 years of these emails and reading through them to see why, how, and when this practice came to be so important to me. This year I want all of us to be grateful for who we are and what we do, appreciate ourselves, we are always enough.

### **“When you undervalue what you do, the world will undervalue who you are.” - Oprah**

I started sharing my gratitude when I was fortunate enough to move into a broader leadership position as an athletic director after previously coaching and teaching - people called me Coach and Schlitz as unofficial “titles”. The first 3 emails were thanks to those that I worked with and hopefully provided leadership for their support. The first significant change to this messaging came in my 4th year and following adding the title of Dad to my toolbox. These next four years I shared messages of how to be intentional with gratitude, be intentional, be mindful, take time to record, reflect and encourage others to understand the power of gratitude. I had “challenges” to those I emailed in thanks to join me in this gratitude journey. The next significant shift I saw was when I was able to as a leader for our athletic directors association bring this message to an even wider audience and share my passion and bring with that an accountability to my gratitude. I [daily logged](#) intentional acts of gratitude and last year I shared ways to thank the often thankless jobs.

This year I think all of us can benefit from appreciating ourselves and let’s make a commitment to have [Self gratitude as a habit](#). Thanks to my wife for sharing her Untamed with me where I was reminded to look inward.

### **“I have met myself and I am going to care for her fiercely.” - Glennon Doyle**

What I learned by seeing the progression of this was that gratitude is what keeps me going when times are tough, gives me energy, and is what replaced traditional competition for me as that irrational quest to be the best at everything I do, I changed from focusing on a

dichotomous event result to a wholistic winning where the small setbacks didn't consume me and the little victories didn't fulfill me. I think this made me a happier person - will save that up to those of you that have known me the longest.

I am hopeful that all of you know how much I value the part you play in me getting to know myself. I am beyond grateful for what you do to support me by being a great educator, friend, neighbor, colleague, support system, and being you and in turn support my passions of education based athletics, community, and family.

Thank you for being you, join me in finding ways to celebrate that this year.

To all of you that read this far know how much I appreciate you and the people that didn't...I appreciate you as well. I am so grateful to have this community, opportunity, and accountability. You all make me a happier and better person and I cannot thank you enough. Be well, stay well, spread gratitude, smile, be kind. I look forward to being able to share my gratitude for you, share what I am grateful for in myself, and hear what you are grateful for in yourself when we cross paths this year.

I encourage you to try and answer these questions from [Self gratitude](#) podcast:

What's your favorite thing about yourself? And why and how that links to gratitude. And why and how that's such a hard question to answer.

*My favorite thing about myself is my ability to bring people together in community, laughter, and activities. I can show people how much I value and appreciate them and share that experience with others while doing things I love. It's taken 10 annual emails for me to start to understand the power of thankfulness, gratitude and how it shapes the way we see and travel through the world. I am fortunate and grateful and want to extend that humanity to all I can connect with.*

Finally this year there will be no log or record keeping but stealing from a great friend of mine who introduced me to Mel Robbins and the [High Five Habit](#), let's all be a little silly this year and remember to high five ourselves daily.

In gratitude,

Jeremy
