Literacy & Justice for ALL!

*START Literacy Initiative
A project of the Goodman Community Center

Goodman Community Center

Learn To Tutor With Us!

Come Learn About *START Literacy

The ***START** program trains community members to deliver high-impact literacy tutoring through instruction in the science of reading and hands-on practice with students. We aim to place trained volunteer literacy tutors in MMSD's elementary schools to support young readers as they develop foundational skills.

Be part of the solution to Madison's youth literacy crisis!
